CHANGES IN ZONING AND LAND USE FOR BOSTON AREA PROPOSED BY CITY PLANNING BOARD—EXPENDITURE OF BILLION DOLLARS IN NEW BUILDING CONSTRUCTION ANTICIPATED TO COVER PERIOD OF 20 YEARS—REPORT SUBMITTED TO MAYOR HYNES.

The City Planning Board has submitted to Mayor Hynes the following report on *Zoning Policies for Boston*:

This report is a result of work done during the past year in preparation for the drawing up of a new zoning code and map for the city. The report includes an outline of the aims and objectives of rezoning Boston, and summarizes the major findings and policy proposals to date.

The Board has also prepared separately a detailed analysis for major studies pertaining to specific changes in zoning and land use in the Boston area. The sections are a *Technical Supplement* and copies of each may be consulted at the Planning Board office.

The report indicates that over the next twenty years as much as a billion

CITY AUDITOR CHARLES J. FOX RETIRES FROM OFFICE WITH MAYOR HYNES AND HOST OF FRIENDS REGRETTING—MAYOR MOST RELUCTANTLY SIGNS PAPERS AND EULOGIZES OFFICIAL FOR HIS 32 YEARS OF SERVICE—REGRETS LOSING MAN OF SUCH EXPERIENCE—MAY RETURN TO SERVICE TO AID IN REORGANIZATION PLANS.

Mayor Hynes issued the following statement:

I have most reluctantly approved the retirement papers of Charles J. Fox as City Auditor.

Mr. Fox has been a city official for the past 32 years, first as Budget Commissioner and later as City Auditor. In both of these capacities he has demonstrated time and again his profound knowledge of municipal government in all its many phases. It was my happy experience to have worked with Mr. Fox for a 3-year

MAYOR CALLS FOR SPECIAL MEETING OF CITY COUNCIL IN EFFORT TO MAKE EFFECTIVE REORGANIZATION PLANS.

The following communication has gone forward from the office of the Mayor:

To the Members of the City Council.

GENTLEMEN:

You are hereby requested to assemble in the City Council Chamber on Thursday, December 31, 1953, at 11 o'clock A.M., for the purpose of taking action in whole or in part on the ordinance now pending before your Honorable Body for "Reorganizing Certain Boards and Departments of the City."

If your Body is not prepared to give approval to the entire ordinance as submitted on November 30, 1953, I suggest and recommend that at least that part of the ordinance establishing an Administrative Services Department be adopted. The adoption of this part of the ordinance will enable one of the important features of this plan to go into effect, and will provide this department with the necessary authority to begin its work at the start of the municipal year.

Respectfully,

JOHN B. HYNES, Mayor.

CHANGES IN ZONING AND LAND USE PROPOSED BY CITY PLANNING BOARD.

(Continued from page 1.)

dollars of new building construction or alterations within the city may be at stake. This billion-dollar sum is the rough total of a series of estimates for four kinds of potential construction during the twenty years ahead: construction on vacant land, \$270,000,000; construction in redevelopment areas, \$120,000,000; replacement in other areas, \$440,000,000; alterations and conversions, \$200,000,000.

REVISED ZONING AMONG VITAL NEEDS.

The report points out that a revised zoning code alone will not attract investment capital, but that other improvements are also vital, such as improvements in public service facilities, traffic improvements, and neighborhood conservation. The zoning code is, however, expected to influence the volume of this construction. If the code is modernized, it might be credited with an increase in valuation averaging a quarter of a million dollars each year. But even if there were to be no increase directly attributable to zoning, the

Board considers that the guidance of planned zoning to about a billion dollars' worth of new buildings is itself of inestimable value to the community.

The Planning Board stresses in the report that the present zoning code, adopted in 1924, is outmoded in both its regulations and map. Although the original zoning has been amended from time to time, each change has been piecemeal, leaving the code as a whole overwhelmingly out of date. During its thirty-year life, changes of all sorts have occurred.

Many parts of the city have completely altered in their character. New methods of building design and construction, and new practices in building economics have made obsolete the 1924 standards of height, density, spacing, and other features. Changes in the average size of family and other social changes have outdated large residential areas.

The auto and the truck have wrought their revolutions in the way people live and do business, and in the face of the city, as a result. The Board believes that the city is confronted with a need for even more sweeping changes in the future, to fit Boston for living and doing business in the second half of the twentieth century.

The report describes a number of basic studies completed during the past year, or still in process. The 1935 city-wide survey of land use needed to be brought up to date, and this work is well advanced. New land-use maps, showing 1953 conditions, have been completed for Charlestown, South Boston, Brighton, Embankment Road-Park Drive area, Dorchester, and the Central Area. Taken together with the 1935 set, these maps enable direct comparisons to be made of the changes that have taken place during the intervening era. Overlays show specifically the growth or decline of industrial and commercial establishments as well as changes in automotive and transportation facilities, filled land, and other alterations of a significant nature. They also indicate areas where the present zoning districts are inconsistent with existing uses.

MAJOR OBJECTIVES.

The report sets forth four major objectives of rezoning: 1. The new code should promote investment in desirable types of buildings and land use by removing any inhibitions to such development in the present law.

2. It should give protection to good development by including requirements which will insure adequate standards of light, air, building spacing, and density, by carefully locating the districts and their boundaries on the map.

3. It should bring about corrections of past low-standard buildings over a period of time, by reducing nuisances, by the gradual elimination of nonconforming uses and, perhaps, by requiring the provision of new facilities such as off-street truck-loading docks for downtown buildings that lack them.

4. The new code should be so drawn that it can be adapted from time to time to fit changed conditions, but including flexible provisions for appeals, for variances, for special exceptions, and for amendments.

The report makes a number of specific recommendations for modernizing the present code in line with the stated objectives. Of major importance is the proposal that building bulk be expressed

in terms of "floor area ratio" (the ratio of the total gross floor area of a building to the net area of its lot), and that maximum floor-area ratios be set for the various zones and uses. Included in the report is a table giving the ratios tentatively proposed. The report points out that such a control over bulk should be supplemented by other regulations dealing with the setback of a building from the street and from side and rear lot lines.

The report also recommends that the new zoning code require off-street loading facilities for all new business and industrial buildings and off-street parking facilities for all new apartments and, except for offices and stores in the downtown area, for all new nonresidential buildings. Parking requirements would vary depending on proximity to the Central Area and public transportation.

In regard to zoning administration, the report urges closer liaison between all the agencies and officials involved in the zoning process: the Planning Board, the Building Commissioner and Zoning Administrator, the Board of Appeal, and the Board of Zoning Adjustment. It points out that a great gain in efficiency would result if applications for permits were handled by a central agency that would clear the application with appropriate departments of both city and state.

It suggests that, in line with the best modern practice, the Board of Appeal be given the authority to grant special exceptions, now in the hands of various municipal departments. At present map changes are made by a local body (Board of Zoning Adjustment) but text changes require an act of the State Legislature. The report proposes that to extend local autonomy perhaps the text also could be changed by the Board of Zoning Adjustment with confirmation by the City Council.

Recommendations made in the report for floor-area ratios and parking and loading requirements were based on the findings of several studies described in detail in the *Technical Supplement*. In one of these studies, an inventory was made of nonresidential floor space in the core of the Central Area. There was overwhelming evidence that past building here, as in the balance of the city, has been at markedly lower floor-area ratios than the zoning permits, and that the most recent construction is even lower than that of the past.

The new zoning code and map are scheduled for completion by the end of 1951.

STREET REPAIRS, ALBERTA STREET, WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for a public improvement consisting of the making of a specific repair in Alberta street, West Roxbury district, from Elgin street approximately 175 feet north-easterly, bounded and described as follows:

A specific repair in the highway named Alberta street is hereby ordered from Elgin street approximately 175 feet north-easterly, consisting of the reduction in width of sidewalk on the southeasterly side from 3.50 feet to 2.50 feet, and the construction of a sidewalk on the north-westerly side of a width of 2.50 feet.

CITY AUDITOR FOX RETIRES.

(Continued from page 1.)

period when Mr. Fox was Budget Commissioner. I know him intimately, and realize the great value he was to the city government perhaps more than anybody else. On several occasions he has declined offers which would have compensated him far better than the compensation he received from the city government.

Even though Mr. Fox is retiring as City Auditor, I am heartened by the fact that he is willing to return to the city government for a period in order to get into operation the proposed reorganization of city departments. It is my intention, when positive action is taken by the City Council, to appoint Mr. Fox as the director of the new department of Administrative Services of the city. I know of no better qualified person to take over this position.

SIDEWALK REPAIRS TO WALDEMAR AVENUE, EAST BOSTON.

The Mayor has approved the order of the Board of Street Commissioner for a public improvement consisting of the making of specific repairs, reducing existing sidewalk widths, and the revision in grade of Waldemar avenue, East Boston district, from McClellan Highway to approximately 1,450 feet east of Crestway road, bounded and described as follows:

Specific repairs are hereby ordered in the highway named Waldemar avenue, consisting of the reduction in sidewalk widths from 8 to 7 feet, from William F. McClellan Highway to 1,440 feet easterly of Crestway road.

The grade of Waldemar avenue, from Crestway road for a distance of 1,440 feet easterly is hereby revised.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the making of specific repairs in Waldemar avenue, East Boston district, consisting of the reduction in sidewalk widths from 8 to 7 feet, from McClellan Highway to 1,440 feet easterly of Crestway road, and change in grade from Crestway road for 1,440 feet easterly, and awards no damages therefor.

NEW ENGLAND BUSINESS ACTIVITY.

Business activity in New England will continue at a very high level during 1953 according to a recent report of the Federal Reserve Bank of Boston.

BOSTON HEALTH UNITS.

Boston's tenth health unit located in the Mattapan section of the city was dedicated in September, 1950.

The health unit is the neighborhood center through which the services of the Health Department are brought to the people of Boston on a district basis. Each unit is supervised by a medical inspector of the Health Department. Nurses, sanitary and food inspectors, health educators, and other personnel of the Health Department work out into the district from their headquarters at the health unit. Dental clinics, tuberculosis clinics, X-ray facilities and well-child conferences are among the services offered at all the health units. In addition to the Health Department personnel, offices of other health and welfare agencies are also located in the building.

PAY RATE FOR OPERATORS OF HEAVY DUTY EQUIPMENT IN WINTER SEASON.

The Mayor has approved the following request of the Park Commissioners:

PARK DEPARTMENT.

BOSTON, December 4, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

With reference to our letter of November 17, 1953, concerning the establishment of a rate of \$1.85 an hour to be paid to those employees who operate the heavy duty equipment in this department assigned to sanding, snow plowing, and snow removal work during the winter season, the following amendment is recommended:

Employees whose names appear in the above-referenced letter, are to be paid at a rate of \$1.95 an hour when operating Walter snow fighters, four-wheel drive trucks, bulldozer, 12-ton sanders, and 12-ton crane. The \$1.85 an hour rate will be paid to employees when operating the so-called Baughman plow and sanding units.

Respectfully yours,

FRANK R. KELLEY, *Chairman*.

REPAIRS IN SOUTH STREET, WEST ROXBURY.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That this Board, having passed the order of notice relating to the public improvement, hereinafter described, and having caused a copy of said order to be published September 18, 19, 21, 22, 1953, in the *Boston Globe* and *Boston American*, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public convenience and necessity require, does hereby order that specific repairs be made in South street, West Roxbury district, at the intersection of Robert street, consisting of the construction of a traffic signal island, as shown on a plan marked "City of Boston, South Street, West Roxbury, November 5, 1953, James W. Haley, Chief Engineer, Street Laying-Out Department," and on file in the office of this department.

DAMAGES AWARDED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That this Board determines that the undermentioned persons sustain damages in their estates by the making of the public improvement consisting of the widening, relocation, revision of grade and construction of Hemlock road, West Roxbury district, as a highway, at the intersections of Billings street, under the order of the Board of December 18, 1953, in the amounts hereinafter respectively set against them, and awards said amounts therefor.

Frederick K. and Agnes Brewster, 36 square feet, \$1.

William M. Chute, Ira M. Chute, Lizzie M. Cleveland, and Annie Stanhope, 36 square feet, \$1.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, firms, and contractors for furnishing labor, supplies, etc. Communications from heads of the departments interested were as follows:

INSTITUTIONS DEPARTMENT.

Boston, December 24, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

On or about October 20, 1953, Mr. Ralph Plunkett, plant superintendent, noticed several cracks in the top section of the power house chimney and called the Daniel Marr Company to make an inspection of the chimney. They reported that there were five cracks about 5 feet long and opened about 1 inch at the top. This constitutes a very dangerous condition due to the buildings and persons in that area.

At that time, an emergency service order was made out to the Daniel Marr Company in the sum of \$890, to point and bind the upper part of the chimney.

After the storm of November 6 and 7, 1953, Mr. Plunkett noticed that some of these cracks had opened to about 3 inches in width. This condition was extremely dangerous, so I had the Marr Company erect a stage approximately 100 feet high, remove the damaged section of the chimney, and put on a temporary cap to carry us through the winter, as it would be expensive and hazardous to attempt to rebuild the chimney at this time of the year.

I respectfully request that a contract be awarded to Daniel Marr Company in the amount of \$2,693, without advertising, as the work was of an emergency nature. It would have been dangerous to the lives of patients and employees of Long Island Hospital to have waited to advertise this work. It also was impossible to pre-estimate the amount of work to be done.

Respectfully submitted,

JOHN R. MCGILLIVRAY,
Commissioner.

MAYOR'S OFFICE.

Boston, November 13, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your authorization to dispense with a public invitation for proposals in the *City Record* and to enter into a contract, in the sum of \$2,918.40, with George A. Tirone, doing business as George A. Tirone Studio, creators and designers of art displays, located at 850 Washington street, Boston, Mass., providing for (a) the repairing and refurbishing of numerous festive and religious figures to be included in the 1953 Christmas Festival display by the City of Boston Festival Committee and (b) the transportation of the figures from the warehouse to the contractor's establishment for these reconditioning processes and their delivery to and installation in the Boston Common and the Boston Public Garden.

The customary public advertising procedure would not, in my opinion, be of advantage to the city in the present instance. This firm has had considerable experience in this kind of work and is a specialist in its chosen field. Furthermore, its price for the proposed work is fair and reasonable and, in addition, this contractor performed work of this nature

for the city last year and did so in a highly satisfactory manner.

Respectfully yours,

PAUL H. HINES, *Festival Director.*

Boston, November 13, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your authorization to dispense with advertising in the *City Record* and to award a \$6,950 contract to C. Hassler Capron, doing business as Capron Lighting Company, 177 Austin street, Newtonville, Mass., to provide the extensive lighting of the 1953 Christmas Festival display to be established on Boston Common and the Boston Public Garden.

The proposed contract will include the furnishing of all the necessary skilled labor, apparatus, and materials to completely and artistically illuminate the Christmas display. The lighting system to be set up will literally embrace thousands of lights, electric outlets, and fixtures; hundreds of yards of green laurel; extensive wiring; and numerous floodlights.

This firm has been engaged in service of this nature for a quarter of a century and has a wide reputation for skill in the field of creative lighting display work. This contractor annually installs the Christmas lighting for the Chestnut Hill Shopping Center. Also, the Christmas lighting effects set up in Lexington and Wellesley this season were installed by the Capron Lighting Company. In addition, the contractor carries public liability and property damage insurances.

In view of the foregoing and because of the very special nature of the work involved, it is not considered that public advertising would be of advantage to the city.

Respectfully yours,

PAUL H. HINES, *Festival Director.*

PARK DEPARTMENT.

Boston, December 7, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

The Board of Park Commissioners respectfully requests your permission to renew the agreement with the American Coin Lock Company, of Pawtucket, Rhode Island, for the operation of convenience stations on Boston Common for another one-year period, beginning November 1, 1953, and ending October 31, 1954, at the same rate of payment and under the same conditions as in the previous agreement which ended October 31.

The city has been paying to the American Coin Lock Company for this service the sum of \$2,500 a year, and in addition to this sum the company retains the proceeds of the coin locks.

The company furnishes and pays four attendants to maintain the four convenience stations on the Common, two at Park street, one at West street, and one at Flagstaff Hill, and furnishes all supplies and equipment for cleaning and servicing the stations. The company has furnished these services for years in a most satisfactory manner.

If the Park Department were to operate these stations, the salaries alone of four attendants would be in excess of \$11,000 annually, and the department would have the additional expense of furnishing all supplies and cleaning materials.

The Board of Park Commissioners believes that nothing would be gained by

publicly advertising for bids and that the best interests of the city will be served by renewing the agreement for one year, beginning November 1, 1953, at the rate of \$2,500 for the year, to be charged to Park Department Budget Item 299. Your approval is requested to enter into an agreement as described herein, without publicly advertising for bids.

Respectfully yours,

FRANK R. KELLEY, *Chairman.*

Boston, December 7, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

This department has an agreement with the Albany Equipment Company, 70 Bristol street, Boston, for the furnishing of steam for the heating and operation of the laundry and bathhouse at Dover street, Boston, which expires on December 15, 1953. This agreement was for a one-year period, starting December 15, 1952, charged to the 1953 budget.

For a number of years the Fire Department furnished the steam required for the operation of the Dover Street Laundry and Bathhouse. The Fire Department property was purchased by the Albany Equipment Company, and since that time they have been furnishing the personnel, the fuel, and necessary supplies for the furnishing of the above-mentioned service to our laundry and bathhouse.

The Albany Equipment Company is arranging to transfer the power plant, which furnished the steam for our Dover Street property, to the Bay Realty Company, Inc., of 70 Bristol street, Boston. Robert G. Mearn, who is owner of the Albany Equipment Company is also the president and treasurer of the Bay Realty Company, Inc.

Under our present agreement, which will expire on December 15, we have been paying \$2,800 monthly for the furnishing of steam 24 hours a day, seven days a week, with all personnel and supplies that are required.

A letter has been sent to me by Robert G. Mearn in which he lists his entire costs for furnishing of steam during the year 1953. He has listed a breakdown of the salaries paid to the various employees on a weekly basis, plus the cost of oil used for furnishing the steam on a month-to-month basis, workmen's compensation, public liability, repairs and maintenance of boilers, reserve for depreciation, and an overhead cost of 10 per cent covering supervision and maintenance of the power building, taxes, light, etc. These come to a total expense of \$42,661.42.

There is no question that the expense involved in furnishing the steam is a just one because our experience has been that it has cost the city at least this amount of money to operate the facilities at Dover street.

This department is now in the process of drawing plans and having a survey made towards the construction, in the very near future, of our own bath, laundry, and steam plant on property adjacent to the Dover Street Laundry and Bathhouse.

It is possible that we may construct and complete this building in 1954, and, if we do so, then we will be able to terminate the contract for which we are now asking your permission before the termination date of the contract. In the meantime, we require that this service be furnished us, or otherwise we would be required to close down the laundry and bathhouse.

Accordingly, I respectfully request permission to award a contract, without publicly advertising for bids, to the Bay Realty Company, Inc., 70 Bristol street, Boston, for furnishing steam to the Dover Street Laundry and Bathhouse—the contract to be for a period of one year, commencing December 15, 1953, and expiring on December 15, 1954, first payment to be made on and after January 15, 1954, and to be charged to the 1954 budget; the total contract to be for a sum of \$42,600, payable monthly at the rate of \$3,500, and charged to Budget Item 224, "Contractual Services, Light, Heat and Power (Steam)."

Respectfully yours,

FRANK R. KELLEY,
Chairman.

PENAL INSTITUTIONS DEPARTMENT.

Boston, December 23, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Chapter 69, Acts of 1941, provides "that all persons committed for any crime, unless the Court otherwise orders, have or cause to be taken his name, age, height, weight, photograph and general description and copies of his fingerprints in accordance with the fingerprint system of identification of criminals. All such photographs and identifying matter shall be committed forthwith to the Commissioner of Public Safety." The above law took effect on June 8, 1941, and, since that date, it is compulsory that all inmates be photographed upon commitment.

In accordance with the above law, I therefore respectfully request permission to award a contract, without public advertising, to pay Fay Foto Service, Inc., for the performance of taking photographs of all persons committed to the House of Correction, Deer Island, in the sum of \$1.75 for each set of the pictures of each person photographed. The contract shall be for a period beginning with the first day of January, 1954, and ending on the thirty-first day of December, 1954. Estimated cost will exceed \$1,000.

This type of work is necessarily of a very confidential nature. The Fay Foto Service, Inc., has done this work for a number of years in a highly satisfactory manner. Because this company has guarded carefully these confidences and because the confidential matter is best intrusted to one company, I feel that the city's interests will be best served by engaging their services.

Yours very truly,

EDWARD L. FRIEL,
Penal Institutions Commissioner.

PRINTING DEPARTMENT.

Boston, December 18, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your Honor's permission is respectfully requested to permit the Printing Department to award a contract without advertising to Moore Business Forms, Inc., 285 Columbus avenue, Boston, Mass., for furnishing 611,500 continuous carbon interleaved tax bills and 44,500 continuous carbon interleaved tax lists for the 1954 tax requirements for the Collecting and Assessing Departments. Total cost of these forms will be approximately \$18,080.96.

These forms are to be lithographed and are designed for use with automatic

pinfeed devices and form-detaching and decollating machinery now in use at the Assessing Department. This equipment was purchased from Moore Business Forms, Inc.

The above-named company has furnished the city with tax bill forms and tax bill lists since the tabulating machines were installed at the Assessing Department, and its products have always been highly satisfactory.

In view of the satisfactory performance continually rendered on the part of this contractor during so many years and because of the special type of device purchased by the Assessing Department applicable for use on these forms, in my opinion nothing is to be gained by publicly advertising, and therefore I respectfully request your permission for the awarding of a contract, without advertising, to Moore Business Forms, Inc., for furnishing these tax bills and tax lists to the city at an estimated cost of \$18,080.96.

Respectfully submitted,

JOHN J. TWOMEY,
Superintendent.

SUPPLY DEPARTMENT.

Boston, December 11, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 2, 1953, your Honor approved an award on medical and surgical supplies, with permission to reject the bids received on two microscopes, inasmuch as those received were not acceptable, and to purchase them at a later date.

Inasmuch as there is insufficient time remaining to publicly advertise for bids, make awards, and issue orders so that the microscopes will be delivered in 1953, informal quotations were solicited from the manufacturer and several other companies on the exact type of microscope required. All bids received were identical, namely, \$577 each, net, or a total of \$1,154, net.

In view of the above-mentioned facts and the immediate need for this equipment at the Boston City Hospital, it is requested that permission be granted me to dispense with public advertisement and award a contract, without public advertisement, to T. J. Noonan Company, one of four tie bidders.

Total amount of contract will be \$1,154, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, December 11, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 2, 1953, your Honor authorized the awarding of contracts to several vendors for furnishing medical and surgical supply room equipment to the Boston City Hospital. Included in said letter was the following: "The total of S. M. Levin Company, Inc., includes a trade-in of \$150 allowance on Item 32."

Your permission is requested to amend said letter by deleting "S. M. Levin Company, Inc.," in the above-mentioned statement and substituting "E. F. Mahady Company" in its place.

It is requested that all other provisions of the aforesaid letter not inconsistent herewith shall remain in full force and effect.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 11, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In accordance with the provisions of the letter approved by your Honor on January 20, 1953, authority is requested at this time to award a contract, without public advertisement, to the following company for furnishing perishable foods, etc., to the various city departments from December 15, 1953, to March 31, 1954, inclusive:

Bornstein and Pearl Provision Company, Inc., 196 Quincy street, Roxbury, Mass.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 14, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Boston City Hospital for surgical equipment in the form of trays.

Inasmuch as Randall Faichney Corporation, the manufacturer of the trays, will not sell these items through dealers at the present time, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Randall Faichney Corporation for 150 surgical trays at \$9.50 each.

Approximate total amount of contract will be \$1,425.00, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 15, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Public Welfare Department has submitted a requisition for one Uarco variable length burster and trimmer.

Uarco, Inc., the manufacturer of the equipment requested, has submitted an informal quotation. Inasmuch as this company is the manufacturer and the only source of supply, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Uarco, Inc. It is my opinion that in this way the best interests of the city will be served.

Approximate total amount of contract will be \$1,355.00, net, delivered.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 16, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Traffic Commission for immediate delivery of one Ford F350 truck chassis and a requisition from the Overseers of Public Welfare for immediate delivery of one Fordor sedan.

Inasmuch as there is insufficient time to publicly advertise for prices and subsequently to make awards and issue orders before the deadline date of December 17, 1953, as set by the Auditor for 1953 transactions, informal quotations were solicited from several dealers.

Authority is requested to dispense with publicly advertising for prices and award

a contract, without public advertisement, to the lowest bidder, namely, Bowers Motor Sales, Inc.

Total amount of contract will be \$3,120.50, net. This amount includes a trade-in allowance of \$607 on used Public Welfare automobile as is.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 17, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 17, 1953, your Honor granted me authority to make awards on kitchen equipment for the various city departments as a result of publicly opened bids of December 8, 1953. Permission was also granted me to reject the bids received on Item 1 owing to the fact that it may be purchased direct from the manufacturer at a lower price.

Authority is therefore requested at this time to award a contract, without public advertisement, to U. S. Slicing Machine Company, Inc., the manufacturer of Item 1, at a total price of \$1,060, net, ten days. This price includes a trade-in allowance of \$200 on old equipment.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

MUNICIPAL COURT, ROXBURY DISTRICT.

BOSTON, December 17, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On January 7, 1953, you approved a request that I made to you that I be allowed to award a contract, without publicly advertising for bids, to Patrick F. Fitzgerald of Boston, providing for the transportation of prisoners from this court to various institutions during the calendar year 1953. This contract was later entered into and in the contract it was stated that the sum payable during 1953 could not exceed \$4,800.

Due to an unexpected increase in the number of prisoners to be transported, it seems now that the total cost during 1953 will come close to \$6,600. I therefore request your Honor's permission to allow me to amend the contract, so that the sum not to be exceeded during 1953 will be \$6,600, instead of the previous figure of \$4,800.

Very truly yours,

THOMAS J. SPRING,
Justice.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Brookly Construction Corporation has been directed to perform the following extra work under the contract dated October 14, 1953, for excavation and backfill in Mt. Vernon street, Ward 13, from William T. Morrissey Boulevard 3,250 feet easterly:

Remove approximately 68 linear feet of existing edgestone and stack on premises nearby at \$1 per linear foot. Estimated cost of extra work, \$68.

Diddario & Piatelli have been directed to perform the following extra work under the contract dated May 29, 1953, for sewerage works in Section 17, Stony Brook, Hyde Park, Mass:

Furnish labor and tools to clean the Grew Avenue Brook Conduit, between the New York, New Haven & Hartford Railroad and Canterbury street, as directed, on a force account basis. Rates to be paid, including all insurance charges and the use of tools—foreman, \$2.40 an hour; laborer, \$2.25 an hour, plus 15 per cent profit on the labor cost. Estimated cost of extra work, \$2,500.

C. J. Maney Company, Inc., have been directed to perform the following extra work under the contract dated October 8, 1953, for macadam pavement in Newmarket square.

In Newmarket square, between Theodore Glynn Way and 825 feet east, furnish and lay four bumper islands for electric light pole protection, including edgestone, corners, bumper posts, and artificial stone sidewalk, for the lump sum of \$150 per island. Estimated cost of extra work, \$600.

John McCourt Company has been directed to perform the following extra work under the contract dated July 13, 1953, for bituminous concrete pavement in Annunciation road, sheet asphalt pavement in Ruggles street and Whittier street, and artificial stone sidewalks in Cabot street and Tremont street:

In Louis Prang street, at number 68, construct concrete step because of change in grade back of sidewalk. Estimated cost of extra work, \$15.

Carriere Construction Company has been directed to perform the following extra work under the contract for bituminous concrete pavement in Poplar street and Summit street, dated July 28, 1953:

In Poplar street, deliver 70.90 linear feet of large radius of new circular edgestone to City Yard at cost of edgestone (\$2.95 per linear foot).

Deliver 7.1 linear feet of short radius new circular edgestone to City Yard at cost of edgestone (\$3.37 per linear foot). Hauling of edgestone will be paid for under item 5c of the contract. Estimated cost of extra work, \$233.08.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with Massachusetts Motion Picture Service, Inc., for repairs and flameproofing of stage and window drapes, curtains and other fabrics, and repairs to operating mechanisms in various schools from December 31, 1953, to March 31, 1954. Contract approved December 1, 1953. This extension is requested because delay in awarding contract left insufficient time to complete work.

Approval has been given for the extension of the time of completion of the contract with P. J. Cantwell & Son for building new ells, etc., at the Patrick F. Lyndon School, from December 31, 1953, to May 15, 1954. Contract approved December 10, 1953. This extension is requested because of cold weather.

Approval has been given for the extension of the time of completion of the contract with John R. Lentine, approved December 10, 1953, for electrical work at the Grover Cleveland and James P. Timilty Schools, from December 31, 1953, to March 31, 1954. This extension is

requested because of a delay in obtaining necessary fixtures to complete work.

Approval has been given for the extension of the time of completion of the contract with Massachusetts Heating Corporation for furnishing and installing new oil-burning equipment at the South Boston High School, from October 31, 1953, to January 31, 1954. Contract approved June 23, 1953. This extension was requested because, although burners are in operation and supplying heat, there is some material which suppliers have not as yet been able to deliver, thus the delay in completion of contract.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with Charles Callahan Company, 69 Zeigler street, Roxbury, Mass., approved by the Mayor March 24, 1953, for rebuilding the upstream sidewalk of the Milton Bridge, over the Neponset River, to December 14, 1953. This extension was requested because the contractor was delayed by the New England Telephone & Telegraph Company, whose conduits had to be relocated and supported.

ADDITION TO CONTRACT.

FIRE DEPARTMENT.

Approval has been given of the following addition to the contract of John J. Botti, dated November 4, 1953, for the construction of manholes and installation of conduit underground in Ashmont and Newhall streets, Dorchester:

Addition No. 1.

Furnish labor and material to excavate and install 150 feet of 3-inch wrought iron conduit beyond the termination of the present installed conduit toward Neponset avenue, to replace defective conduit. Also, backfill and replace permanent pavement, \$1,125; original contract, \$6,550; addition No. 1, \$1,125; total contract with addition, \$7,675.

As part of the contract, the contractor is required to pick up the existing conduit, which is now installed from a manhole, in Neponset avenue to a pole opposite No. 586 Ashmont street, and connect this existing conduit into manhole "A" as shown on plans which are part of the contract.

The Fire Alarm Division of this department attempted to remove the cables from this duct in order that the work of extending the conduit could be performed.

It was found, however, that the cables could not be removed. Upon excavation, it was found that approximately 150 feet of this duct, which was installed many years ago, had deteriorated and rotted away. In order to complete the work necessary to connect the underground conduit with the duct feeding in from Neponset avenue, it will be necessary to install 150 feet of new duct.

The additional work was not contemplated in the original contract inasmuch as the condition of the duct could not be determined until excavation had been made for the purpose of connecting the old installation with the underground installation performed under the contract.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A catch basin in Centre street (westerly side), between May street and Hillcroft

road, in the West Roxbury district, at an estimated cost of \$500.

Two catch basins and connections in Arvale road and Harvard avenue, in the Dorchester district, at an estimated cost of \$1,000.

A surface drain of 40 linear feet of 12-inch pipe and one catch basin in Vallaro road, in the Hyde Park district, at an estimated cost of \$1,000.

Three catch basins and connections in Reynolds road (formerly Nelson street), in the Hyde Park district, at an estimated cost of \$1,500.

Four catch basins and connections in Manilla avenue, in the Hyde Park district, at an estimated cost of \$2,000.

A surface drain of 470 linear feet of 12-inch pipe and six catch basins in Chesterfield street (formerly Vaughan street), in the Hyde Park district, at an estimated cost of \$7,000.

A 10-inch pipe sanitary sewer and 12-inch pipe surface drain in Ayles road, between Westminster street and Safford street, in the Hyde Park district, at an estimated cost of \$6,200.

A 10-inch pipe sanitary sewer and 10-inch pipe surface drain in Westminster street, between Ayles road and 90 feet northeasterly, in the Hyde Park district, at an estimated cost of \$1,100.

CONTRACTS AMENDED.

INSTITUTIONS DEPARTMENT.

C-W Boiler Manufacturing & Repair Company, Inc., has been allowed to amend the contract dated August 20, 1953, and approved by the Mayor September 8, 1953, for repairs to boiler, Long Island Hospital, as follows:

By substituting as the date of completion of the work "January 15, 1954" in place of November 7, 1953. This extension is necessary due to additional work being ordered by boiler inspectors of Employers Group before they will approve having the boilers put in operation. All provisions of the aforesaid contract, except as specifically modified by this agreement, shall continue in full force and effect.

CHANGES IN CONTRACT.

DEPARTMENT OF SCHOOL BUILDINGS.

William R. Wheeler, Jr., has been ordered to make the following change in the contract for the Trade High School for Girls:

Strike out existing Item 8 and substitute the following:

Item 8.

(a.) Furnish and install combination switch, receptacle, and pilot light in laundry; extend A. C. circuit from cabinet in electric room. Furnish chrome finish plate.

(b.) Check remote control switch in assembly hall and make necessary repairs.

(c.) Furnish and install receptacle on wall in Room 406. Extend circuit in wiremold from A.C. panel in Room 408.

(d.) Remove existing Edison main switch for D.C. service and furnish and install new 3-pole, 600-ampere, 250-volt main switch. Reconnect main conductors to switch and distribution cabinet.

(e.) Remove existing pull box on "B" board and furnish and install one (1) 200-ampere, 250-volt, 3-pole disconnect switch on board. Reconnect main conductors to switch.

Contract price not to exceed \$2,500.

REVISION OF GRADE IN CRESTWAY ROAD.

The Mayor has approved the order of the Board of Street Commissioners for a public improvement, consisting of the revision in grade of Crestway road, East Boston district, at the intersection of Waldemar avenue, bounded and described as follows:

The grade of the highway named Crestway road is hereby ordered revised at the intersection of Waldemar avenue.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the revision in grade of Crestway road, East Boston district, at the intersection of Waldemar avenue, under the order of the Board of December 18, 1953, and awards no damages therefor.

WIDENING, ETC., OF HEMLOCK ROAD, WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for a public improvement consisting of the widening, relocation, revision of grade, and construction of Hemlock road, West Roxbury district, as a highway, at the intersection of Billings street, bounded and described as follows:

The highway named Hemlock road is hereby widened and relocated at the intersection of Billings street, grade revised, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described lands, exclusive of trees, structures, and shrubs standing upon or affixed thereto:

A parcel of land, supposed to belong to Frederick K. and Agnes Brewster, bounded:

Northeasterly by Billings street, 13 feet; southeasterly by Hemlock road, 13 feet; and westerly by the westerly line of Hemlock road as widened and relocated under this order, 20.41 feet on a curve of 13 feet radius; containing 36 square feet, more or less.

A parcel of land, supposed to belong to William M. Chute, Ira M. Chute, Lizzie M. Cleveland, and Annie Stanhope, bounded:

Southwesterly by Billings street, 13 feet; northerly by the northerly line of Hemlock road as widened and relocated under this order, 20.41 feet on a curve of 13 feet radius; and southeasterly by Hemlock road, 13 feet; containing 36 square feet, more or less.

A parcel of land, supposed to belong to Helen C. Novick, bounded:

Northwesterly by Hemlock road, 13 feet; northeasterly by Billings street, 13 feet; and southerly by the southerly line of Hemlock road as widened and relocated under this order, 20.41 feet on a curve of 13 feet radius; containing 36 square feet, more or less.

A parcel of land, supposed to belong to Robert J. Flynn, bounded:

Southwesterly by Billings street, 13 feet; northwesterly by Hemlock road, 13 feet; and easterly by the easterly line of Hemlock road as widened and relocated under this order, 20.41 feet on a curve of 13 feet radius; containing 36 square feet, more or less.

Trees, shrubs, or structures standing upon or affixed to the aforescribed land shall be removed therefrom within thirty days following a notice of the city's intention to enter upon said lands for the purpose of constructing said improvement.

Said Hemlock road as hereby widened and relocated is bounded:

Northwesterly side, over and including part of Billings street:

Northwesterly by the southeasterly line of Billings street as established under this order, 40 feet; northerly by the northerly line of Hemlock road as hereby widened and relocated, 20.41 feet on a curve of 13 feet radius; southeasterly by the northwesterly line of Hemlock road as it existed prior to this order, 66 feet; and westerly by the westerly line of Hemlock road as hereby widened and relocated, 20.41 feet on a curve of 13 feet radius.

Southeasterly side, over and including part of Billings street:

Southeasterly by the northwesterly line of Billings street as established under this order, 40 feet; southerly by the southerly line of Hemlock road as hereby widened and relocated, 20.41 feet on a curve of 13 feet radius; northwesterly by the southeasterly line of Hemlock road as it existed prior to this order, 66 feet; and easterly by the easterly line of Hemlock road as hereby widened and relocated, 20.41 feet on a curve of 13 feet radius.

FIRE DEPARTMENT ORDERS.

General Order No. 58.

I. MICHAEL JOY.

It is with deep regret that the Fire Commissioner announces the death, on December 4, 1953, of Foreman Painter Michael Joy of the Maintenance Division. Foreman Joy was appointed to the department December 4, 1925.

The funeral was held from his late residence, 19 Vincent street, Dorchester, at 8 A.M., Monday, December 7, 1953, followed by a Solemn High Mass of Requiem in St. Ambrose Church, Dorchester, at 9 A.M. A detail of members from the Maintenance Division was assigned as a funeral escort, and other members were excused from duty in order to attend the services.

II. HOSEMAN FREDERICK II. McDERMOTT.

It is with deep regret that the Fire Commissioner announces the death, on December 12, 1953, of Hoseman Frederick II. McDermott of Engine Company 54. Hoseman McDermott was appointed to the department June 7, 1918.

The funeral was held from the E. L. Kelleher Funeral Home, 67 Broadway, Somerville, on December 15, 1953, followed by a Solemn High Mass of Requiem in St. Benedict's Church, Somerville, at 9 A.M.

The Chief of Department assigned a detail to act as funeral escort, and the members of Engine Company 54 and Ladder Company 33 were excused from duty in order to attend the services.

III. ENGINEER WILLIAM E. DOWER.

It is with deep regret that the Fire Commissioner announces the death, on December 14, 1953, of Engineer William E. Dower of the High Pressure Service. Engineer Dower was appointed to the department April 5, 1916.

The funeral was held from the P. E. Murray Funeral Home, 2000 Centre street, West Roxbury, at 9.15 A.M., Thursday, December 17, 1953, followed by a Solemn High Mass of Requiem at St. Theresa's Church at 10 A.M.

The Chief of Department assigned a detail to act as funeral escort. Members of the High Pressure Service, with the exception of those required to cover the stations, were excused from duty in order to attend the services.

IV. LADDERMAN CHARLES VOGEL.

It is with deep regret that the Fire Commissioner announces the death, on December 11, 1953, of Ladderman Charles Vogel of Ladder Company 33. Ladderman Vogel was appointed to the department June 7, 1918.

The funeral was held from the John C. Mulry Funeral Home, 223 Neponset avenue, Dorchester, at 8 A.M., Thursday, December 17, 1953, followed by a Solemn High Mass of Requiem in St. Peter's Church, Dorchester, at 9 A.M.

The Chief of Department assigned a detail to act as funeral escort, and the members of Engine Company 54 and Ladder Company 33 were excused from duty in order to attend the services.

V. RETIREMENT.

The following retirement, in accordance with section 13, chapter 521 of the Acts of 1922, is hereby announced to become effective at 8 A.M., Friday, January 1, 1954:

Hoseman George F. Heuser, Engine Company 55.

Hoseman Heuser was appointed to the department October 21, 1942, and he leaves the department with the best wishes of his associates.

VI. RESIGNATION.

The following resignation, which became effective at 8 A.M., Wednesday, December 16, 1953, is hereby announced:

Hoseman William M. Mahoney, Engine Company 10.

VII. FIRE ALARM BOX INSTALLED.

The following fire alarm box which was established in General Order No. 52, dated November 10, 1953, has been installed and connected into Circuit No. 79:

12-3429, St. Joseph's Manor, 321 Centre street.

Company commanders will add Box 12-3429 to Circuit Card No. 79.

VIII. CHANGE IN DESIGNATION OF FIRE ALARM BOX.

Due to the change in the name of Summit street to Highfield road, the designation of fire alarm box 2656 will be changed to read as follows:

2656, Metropolitan avenue and Highfield road.

Company commanders will correct the designation on assignment card for Box 2656 to read as given above.

IX. A. D. T. ASSIGNMENT.

Company commanders shall add the following signal number to running cards of the American District Telegraph Company in this department:

Signal 257, Edward Levenson, Incorporated, 84 Union street. (Sprinkler.)

Apparatus to respond: Engine 8, Ladder 1, District Chief 4. Nearest box is 1322.

X. G. A. C. ASSIGNMENT.

Company commanders shall add the following signal number to running cards of the General Alarm Corporation in this department:

Signal 454, Supreme Markets, Inc., 926 Cummins Highway. (One wet sprinkler system, first floor.)

Apparatus to respond: Engine 19, Ladder 6, District Chief 15. Nearest box is 3565.

XI. DISCONTINUANCE OF G.A.C. SIGNAL.

Notice has been received from the General Alarm Corporation that the following signal has been discontinued:

Signal 126, The Atlantic Stores, Inc., 29 Stillings street.

XII. HIGH COMMENDATION.

At 3.16 P.M., October 16, 1953, the department responded to Box 7545 (2 alarms) for a fire aboard the U.S.S. "Leyte," which was docked at the South Boston Navy Yard Annex.

Upon arrival of apparatus at the scene, Captain Fred T. Willett, Hoseman

Francis J. Hurley, and Hoseman William H. Hurley of Engine Company 2 received information that members of the crew of the "Leyte" were trapped below. They donned all-service masks and descended to the deck below the hangar deck for the purpose of rescuing members of the crew. They passed through a door in a bulkhead but found the heat unbearable and had to return to the hangar deck where they procured a 1½-inch line and stretched it down a gangway in order to extinguish the fire or dissipate the extreme heat. About this time, Hoseman Francis J. Hurley had difficulty in breathing and went toward the gangway where he collapsed and was carried up to the hangar deck from whence he was removed to the hospital. Meanwhile, the all-service mask worn by Capt. Willett apparently became fouled or clogged, and he lost consciousness. Hoseman William H. Hurley of Engine Company 2, who had gone to the hangar deck to procure Chemox masks, again descended to the deck below accompanied by Lieut. Robert J. Crawford of Engine Company 39. They found the unconscious form of Capt. Willett and carried him up to the hangar deck, whence he was removed to the hospital.

Later, at another incident at the fire, Hoseman Lawrence T. White of Engine Company 26, wearing a Chemox mask, descended with other members of the department to the second deck below the hangar deck for the purpose of recovering the bodies of victims of the fire. They came across the body of a crew member in a small room off a passageway, and Hoseman White entered the room to assist placing the body in a stretcher. Because of the confined area in which he had to work and the exertion required, he became exhausted and was assisted up the gangway by other members of the department and was removed to the hospital.

The Fire Commissioner is pleased to highly commend Capt. Fred T. Willett, Lieut. Robert J. Crawford, Hoseman Francis J. Hurley, Hoseman William H. Hurley, and Hoseman Lawrence T. White for their devotion to duty and the extreme risk to which they exposed themselves, without thought of their own safety, in attempting to save lives and recover the bodies of victims of the explosion and fire.

The cases of the foregoing-named are referred to the Board of Merit for further consideration.

By order of Fire Commissioner JOHN F. COTTER.

JOHN V. STAPLETON,
Chief of Department.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of September 19, 1952, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Gould street, be, and the same hereby is, amended, by adding to said order the amount \$250 as an award to Maurice T. Harrington; that the amount \$250 be, and the same hereby is, awarded to Maurice T. Harrington for the damages so sustained.

POLICE DEPARTMENT ORDERS.

General Order No. 1,846.

Patrolmen Thomas V. Ranucci and Camille J. Boudreau of Division 3 are commended and each is granted two days' additional vacation for meritorious service performed on November 24, 1953.

While these officers were cruising their sector they stopped to question two men who were carrying bundles. The men immediately dropped the bundles and took flight, whereupon the officers gave chase, apprehended them, and placed them under arrest. One of these men had served two terms in State Prison and had been encouraging his partner, a youth of fifteen years, to break into homes in the neighborhood. Investigation revealed that both of them were responsible for breaking into fourteen dwelling houses over a period of two months.

The Commissioner is pleased to recognize the prompt and efficient action of these officers in capturing these criminals.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That the Traffic Rules and Regulations of the City of Boston are amended as follows, effective January 11, 1954:

Article IV, Section 3, Part 2 (Prohibition of Parking), is amended by striking out the following:

Both sides, from City square to Bunker Hill street, 24 hours.

Harrison Avenue, Boston Proper.

South side, from Dover street to East Brookline street, 8 A.M. to 10 A.M.

Orchardfield Street, Dorchester.

South side, from Freeport street to Dorchester avenue, 24 hours.

Portland Street, Boston Proper.

Both sides, from Merrimac street to Causeway street, 7 A.M. to 6 P.M.

Randall Street, Roxbury.

Southwest side, from Harrison avenue to Fellows street, 24 hours.

Article IV, Section 3, Part 2 (Prohibition of Parking), is amended by adding the following:

Annabel Street, Dorchester.

North side, from Sumner street to Columbia road, 24 hours.

PROCEEDINGS OF CITY COUNCIL.

Monday, December 21, 1953.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President AHEARN in the chair. Absent, Councillor Ward. The Reverend William J. McConnell of St. Vincent de Paul Church, South Boston, was escorted to the rostrum.

INVOCATION BY REV. WILLIAM J. McCONNELL.

O God, grant, we beseech Thee, that we who are soon to celebrate the birthday of Thy Divine Son, may always both obey His teachings and imitate His life in our every word and word. Amen. I will sing of mercy and justice. To Thee I will sing, O Lord. I will proceed in the unspotted way. When will Thou come unto me?

I will walk in the innocence of my heart within my house. I will set no unjust thing before my eyes.

I hate the worker of iniquities; he shall not cleave to me. The perverse heart shall be far away from me. I will ignore that which is evil.

He who slanders his neighbor secretly, him I will destroy.

The man with proud look and scornful heart, him will I not endure.

My eyes rest on the faithful of the land that they may dwell with me.

He who walks in the unspotted way, he will minister to me.

He who commits fraud shall not dwell in my house.

He who speaks lies shall not remain before my eyes.

Daily will I destroy all the sins of the land, exterminating all evildoers from the City of the Lord.

The meeting was opened with the salute to the Flag.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the appointment of Arthur C. Stanton, 28 Quint avenue, Allston, as constable with authority to serve civil process upon filing of bond, for term ending April 30, 1954.

Referred to the Committee on Confirmations.

HOUSING FOR AGING PERSONS.

The following was received:

City of Boston,
Office of the Mayor, December 17, 1953.
To the City Council.
Gentlemen:

I transmit herewith communication from the Housing Authority relative to an order of November 23 concerning housing for aging couples. You will note that provision has already been made for such housing and that consideration is being given to the possibility of giving separate housing for such persons.

Respectfully,
J. B. HYNES, Mayor.

Boston Housing Authority,
December 8, 1953.

Hon. John B. Hynes,
Mayor of Boston.

My dear Mr. Mayor:
In reply to your communication of November 23, 1953, the following information is submitted to you on the subject matter.

The problem of housing for the aging has been a consideration of this Authority for many years prior to the enactment of specific state legislation on this subject this year.

When the present building and planned program of the Authority is completed, it will have distributed through its various developments approximately 3,200 one-bedroom apartments which can be made available to aging couples.

In the federally aided developments the Authority has always welcomed such families and presently has 453 of them as tenants who are recipients of public assistance. In the two federally aided developments now building at Columbia Point and Bromley park this Authority is building 318 one-bedroom apartments.

In the development at Bromley park special features have been incorporated in the design for aging persons. Such design includes special bathing facilities equipped with protective handrails, and some electric cooking ranges are to be installed, as they are considered better adapted to this type occupancy.

Nonveteran aging persons cannot now be accepted in the state-aided developments under chapter 200, inasmuch as this is an exclusively veterans' program. This Authority has been in conference with the State Housing Board on this matter, and legislation will be introduced to make such housing available both to aging couples and individuals if veterans are not applicants for the small apartments. Since most young veterans are now in the growing family class, it is felt that there will be opportunity to serve the aging in this program.

The Authority is in receipt of the questionnaire from the State Housing Board mentioned in the order.

The information needed is now being assembled from various sources, and the results of that collection of material will be sent to the State Housing Board.

This Authority has already conferred with the Department of Public Welfare to receive its viewpoint on this problem. Further meetings will be held with other interested agencies.

Be assured that this Authority will keep abreast of this situation.

Very truly yours,
OWEN A. GALLAGHER, Chairman.

PAYMENT OF SALARIES OF HOSPITAL EMPLOYEES.

The following was received:

City of Boston,
Office of the Mayor, December 16, 1953.
To the City Council.
Gentlemen:

I transmit herewith communication from the City Treasurer relative to your order of December 7, 1953, requesting that the City Treasurer be directed to arrange with the paymaster to have the salaries of hospital employees ready for them at the end of their shift, particularly those employees who are assigned to the 11 P.M. to 7 A.M. shift and who, under present arrangements, are forced to wait many hours for the paymaster.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Treasury Department, December 15, 1953.
Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Sir:

I acknowledge receipt of your memorandum of December 9, 1953, in reference to an order of the City Council of December 7, 1953, requesting that the City Treasurer be directed to have the salaries of hospital employees ready for them at the end of their shift, particularly those employees who are assigned to the 11 P.M. to 7 A.M. shift and who, under present arrangements, are forced to wait many hours for the paymaster.

On December 4, 1953, payroll No. 1802 was not available to our paymaster when he left this office at 7 A.M.

I have checked with the City Auditor's office and have found that the delay in processing this payroll was unavoidable due to the large number of personnel changes on the roll.

This office is making every effort to have our paymasters at the hospital at 7:30 A.M. to pay these night workers, and I have been assured by the Auditor's office that the rolls will be available in proper time in the future.

Very truly yours,
DANIEL M. DRISCOLL,
City Treasurer.

BANNING OF SALE OF CERTAIN CHRISTMAS TREE DECORATION.

The following was received:

City of Boston,
Office of the Mayor, December 18, 1953.
To the City Council.
Gentlemen:

I transmit herewith communication from the Fire Commissioner relative to your order of December 14, 1953, requesting that the Fire Commissioner be authorized, for the safety of the people of Boston, to prohibit the sale of a Christmas tree decoration containing a chemical which "is a potential death dealing weapon" as described by the State Fire Marshal. This ornament is filled with a tetrachloride which, when it comes in contact with open flame, produces a deadly gas.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Fire Department, December 17, 1953.
Mr. Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Sir:

Replying to your memorandum of December 16, the article referred to by Councillor Hurley in City Council order dated December 14 was withdrawn from sale in this city as a result of a conference with the manufacturer (from Philadelphia), the distributors, and the deputy chief in charge of fire prevention. Assurances were given that none would be shipped into this city. The Greater Boston Retail Trade Board, the Better Business Bureau, and the National Fire Protection Association gave us excellent cooperation in this matter.

The purpose of Councillor Hurley's order is highly commendable. The subject raises a question that has long vexed fire prevention authorities in the city. Under our present law, no officer of this department has the authority to prohibit the sale of any article that is dangerous to the public. There are many products on the market, particularly toys and kindred articles, which should not be sold; however, if they bear the proper label, no authority can order the vendor to cease selling them.

If an order similar to that of Councillor Hurley's could be made more general in its scope, the Fire Department, the city, and the public safety will be benefited, and the Council will have rendered a great public service to the people of Boston.

Very truly yours,

JOHN A. COTTER,
Fire Commissioner.

GAMMA GLOBULIN POLIO VACCINE TEST.

The following was received:

City of Boston,
Office of the Mayor, December 21, 1953.
To the City Council.
Gentlemen:

I transmit herewith communication from the Health Commissioner relative to your order of November 23, 1953, requesting the Health Commissioner of the City of Boston to report to the City Council whether Boston will be included in the nationwide gamma globulin polio vaccine test; where inclusion is desirable at this time as a matter of public health policy, and that this report be filed before January 1, 1954.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Health Department, December 15, 1953.
Hon. John B. Hynes,
Mayor of Boston.

My dear Mayor:

Your communication of November 23, together with an order passed by the City Council on November 23, 1952, that the Health Commissioner of the City of Boston report to the City Council whether Boston will be included in a nationwide gamma globulin polio vaccine test, where the inclusion is desirable at this time as a matter of public health policy, and that this report be filed before January 1, 1954, has been received.

During the many years that infantile paralysis has been a disease of major importance in the nation, as well as in the City of Boston, the matter has received serious study by the Health Department and many highly specialized workers in the field of virus diseases. Recently, the Health Department discussed this with the State Agency and the Suffolk County Chapter of the National Foundation for Infantile Paralysis, and has made a study of the various materials which have been advocated for the protection against anterior poliomyelitis, (infantile paralysis). There are certain facts relative to the proposed program of the National Foundation for Infantile Paralysis for the protection of children against infantile paralysis which are herewith set forth:

Fact Sheet on Vaccine Validity Study.

Purpose of the Study.

To determine the effectiveness of a trial polio vaccine in protecting children against paralytic polio.

Vaccine to be used.

The vaccine to be studied is the one recently developed by a research grantee of the National Foundation—Dr. Jonas E. Salk, Research Professor of Bacteriology at the University of Pittsburgh.

Nature of the Study.

The vaccine will be given to second grade school children during the non-epidemic period before June 1, 1954. Thereafter its protective effects will be evaluated by comparing the incidence of subsequent paralytic disease in that group with such incidence in the first and third grade school children.

When.

The vaccinations will start during the week of February 8, 1954.

Duration.

The vaccinations must be completed by June 1, 1954, to precede the season of high incidence.

Where.

The study will get underway in one or more counties in the South. In a gradually expanding program, more than 200 counties throughout the United States will be involved. It is expected that as many as 25 counties may be under test simultaneously.

Selection of Counties.

To insure a valid basis for a significant study, counties are being selected whose previous records indicate:

1. High polio incidence for past five years.
2. High epidemic rate in past five years during June through September.
3. High attack rate in specific age group.
4. Adequate health and education facilities.
5. Socio-economic factors, geographic location, etc., to provide a significant cross-section study.

Number of Children.

It is expected that from 500,000 to 1,000,000 children will receive the vaccine. A minimum of 500,000 is required to provide a statistically valid answer. Up to a million may be involved, depending on amount of vaccine available.

Who will be vaccinated.

Children in the second grade of school will be vaccinated. The age of the child will not be the

deciding factor. Children of this school grade are usually between six and one-half to eight years of age.

Dose of Vaccine.

Three injections of vaccine will be given. Each dose is 1 c.c. The first two doses will be given at one-week intervals, the third dose four weeks later. The third dose is the "booster." All injections will be given in the arm.

Type of Control.

The basic controls will be the children in the first and third school grades. These will not be injected. The incidence of subsequent paralytic polio in those grades will be compared with such incidence in the vaccinated grades. Other controls will be the siblings of the vaccinated children, and children in second grades who do not receive the vaccine.

Results of Study.

The results will not be known until sometime in 1955.

Preparation of Vaccine.

The vaccine is composed of killed virus of all three types which have been grown in test-tube cultures of monkey kidney tissues. The virus has been killed by exposure to formalin and is prepared in a watery solution (aqueous type).

Vaccine Production.

The vaccine used in the study will come from several sources, with the bulk of it to be produced by a pharmaceutical manufacturer. Dr. Salk is also growing the virus and producing the vaccine. As the study progresses, the vaccine may be produced by a number of pharmaceutical houses. All vaccine, however, will be produced according to Dr. Salk's formula.

Safety Tests.

Before being administered to children, the vaccine will have to pass three independent series of safety tests. The tests will be performed by the commercial manufacturer, by Dr. Salk, and by the Biological Standards Division of the National Institutes of Health, the branch of the United States Public Health Service which licenses and controls the manufacture of all biological preparations.

Who Will Conduct the Trials.

The vaccine validity study will be a project of the National Foundation for Infantile Paralysis. In each county the local health officer will be in charge. Local physicians will administer the injections.

Cooperating Agencies.

The study is being conducted with the close cooperation of state and county public health officers, various medical societies, and school authorities. The Association of State and Territorial Health Officers has appointed a committee consisting of Dr. R. H. Hlutheson (Tennessee), Dr. John D. Porterfield (Ohio), and Dr. Herman E. Hilleboe (New York), to advise with the National Foundation in planning the vaccine study.

Volunteers.

Volunteers from the National Foundation's 3,100 chapters, covering every county in the United States, will help in organizing and manning the study in local areas; civic and community groups will also participate in the project.

Cost of Study.

The cost of the project is estimated to be \$7,500,000.

The procedure summarizes the program as advocated by the National Foundation for Infantile Paralysis and additional data pertaining to the protective treatment against infantile paralysis. The principles of immunization as applied to poliomyelitis have been set forth in an article by Jonas E. Salk, M.D., in the American Journal of Public Health, Vol. 43, No. XI, of November, 1953.

A killed virus vaccine poses no problem of safety, with respect to the virus component, if treatment is carried out in a way which will destroy completely the capacity to multiply without impairing antigenic effectiveness.

The information is that the vaccine to be used in the program is composed of a killed virus of all three types of the known viruses for anterior poliomyelitis. In reference to the locations in the United States where inoculations were to take place as of December 2, 1953, a final selection of the counties for the vaccine field trials has not been determined, but they shall be on a nationwide basis on a highly selective procedure worked out in cooperation with state health officers in determining those counties where the vaccines will be administered. The counties selected will have to be on a wide geographic distribution throughout the United States, including rural, small urban, and large urban communities. They will also have to embrace various race and economic groups. Many factors will have to be considered in the selection of the counties for study. For example, the records of poliomyelitis occurring in a community, the adequacy of its health organization, and its desire to take an active part in the field trial, and the desire of the medical society to cooperate and the assurance of local doctors that they will be able to carry out the administration of the vaccine in line with carefully planned procedures.

A careful study has been made relative to the proposed program for the protection of children in the second grade of schools at selected locations throughout the United States with controlled groups of children in the first and third grades

against infantile paralysis. From present indications the vaccine to be inoculated is harmless. In accordance with the information, however, the incidence of infantile paralysis in Boston during the last five years is not of sufficient magnitude to justify selection by the National Foundation for inoculation in this area, and the medical societies and physicians have not demonstrated an enthusiasm to actively participate in an inoculation program to commence in February, 1954. To effectively carry out a program and to set up and register controlled groups would entail a longer period of time than exists between now and the date which the Foundation has set up for the commencement of the program.

An immense amount of experience would have been gained by other sections of the county where the vaccine would have been used, and this experience would be of inestimable value in guiding Boston in determining whether an anti-poliomyelitis inoculation program should be established at some future date.

Very respectfully yours,
JOHN H. CAULEY, M.D., M.P.H.,
Health Commissioner.

APPROPRIATION FROM PARKMAN FUND INCOME.

The following was received:

City of Boston,
Office of the Mayor, December 21, 1953.
To the City Council.
Gentlemen:

I am in receipt of the attached communication from the Board of Park Commissioners, requesting the appropriation of \$16,898.51 from the income of the George F. Parkman Fund, to be expended under the direction of the Board of Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1953 budget estimates for the personal service requirements of the Park Department included an estimate of the total yearly income from the George F. Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$16,898.51, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, December 14, 1953.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$16,898.51, which is now available, to be expended under the direction of the Board of Park Commissioners as follows:
Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of \$16,898 51

When making up the budget estimates for the year 1953, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item 100, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1953, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
FRANK R. KELLEY, Chairman.

Ordered, That the sum of \$16,898.51 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of \$16,898 51

Referred to the Executive Committee.

For the Committee,
WILLIAM F. HURLEY,
Chairman.

City of Boston.

In the Year Nineteen Hundred and Fifty-three.

An Ordinance Amending Divers Provisions of the Boston Building Code.

Be it ordained by the City Council of Boston, as follows:

SECTION 1. Section 111 of Chapter 479 of the Acts of 1938, as amended by Sections 29, 30 and 31 of Chapter 2 of the Ordinances of 1943, is hereby further amended by striking out the last sentence of paragraph (c) and inserting in place thereof the following two sentences:—Any permit issued shall become invalid unless the work authorized by it shall have been commenced within six months after its issuance; provided, that for cause one or more extensions of time, for periods not exceeding three months each, may be allowed in writing by the commissioner, except that in no event shall the time for commencing the work be extended beyond eighteen months after the issuance of the permit.

Any permit issued may be revoked by the commissioner at any time after notice and hearing if there is a false statement or misrepresentation of a material fact in the application for the permit or in the plans or computations filed therewith, or if the work authorized by the permit violates any provision of this code or other provision of law or the permit is otherwise issued in error, or if in the course of the work there is any violation of any provision of this code or other provision of law, or if after commencement of the work there is unreasonable delay in completing the work, or if there is other good cause for revocation of the permit.

SECT. 2. The second paragraph of subdivision (c) of Section 1417 of said Chapter 479, as appearing in Section 171 of Chapter 4 of the Ordinances of 1913, is hereby amended by striking out the first two sentences and inserting in place thereof the following two sentences:—Posts shall be well braced the full story height, and walls shall be framed to them by a stud-sized brace attached to the post just below the girt and running in the wall at an angle not more than sixty degrees from the vertical, attached at the other end to the girt or sill. These braces shall be horizontally braced at the corner post at least once in each story, and the studs which they intersect shall be well fastened above and below the brace.

The report of the committee was accepted, the ordinance in the new draft was passed, and the ordinance as submitted by the Mayor was rejected.

IN ANNUAL ADDRESS AT INAUGURATION OF NEW CITY COUNCIL MAYOR JOHN B. HYNES STRESSES MAJOR OBJECTIVES HE HOPES TO ACHIEVE—REVALUATION OF PROPERTY TO EQUALIZE TAX BURDEN AND DECREASE RATE, BUILDING BUSINESS CONFIDENCE, AND STREAMLINING GOVERNMENT PROMINENT AMONG ACHIEVEMENTS SOUGHT—HOPES FOR COOPERATION OF ALL.

BOSTON MADE OUTSTANDING PROGRESS IN HEALTH MATTERS DURING 1953—DR. JOHN H. CAULEY, HEALTH COMMISSIONER, SUMMARIZES SUCCESS OF CITY IN COMBATING ILL HEALTH AND MORTALITY—NO CITY IN WORLD HAS A RECORD EQUAL TO BOSTON'S—TUBERCULOSIS DEATH RATE AT NEW LOW.

Boston made outstanding progress in health matters during 1953 according to Dr. John H. Cauley, Boston's Health Commissioner. According to a report from Dr. Cauley the birth rate remained high, the death rate declined a little, and the preventable causes of death saw substantial declines.

Infant mortality showed an especially fine record. In 1953 the estimated birth rate of 18.6, representing 15,065 live

HOUSING AUTHORITY MOVES ITS TENANT APPLICATION OFFICE—NO LONGER AT 10 POST OFFICE SQUARE, BUT IN OLIVER BUILDING, 141 MILK STREET—ADDITIONAL SPACE IS NEEDED WITH WORK INCREASE—NEW DEVELOPMENTS OPENING.

Chairman Owen A. Gallagher of the Boston Housing Authority today announced that the main application office of the Authority had moved from the 10 Post Office Square Building to the tenth floor of the Oliver Building at 141 Milk street, Boston.

Chairman Gallagher gave as the reasons for the removal the fact that the lease of the Authority at 10 Post Office square was expiring on December 31,

(Continued on page 31.)

At the inaugural ceremonies for the new City Council on Monday, Mayor John B. Hynes delivered the following address:

Today marks the beginning of a new municipal year. I pray it will be a year of progress for our city government and one of peace and prosperity for our citizens.

It is no exaggeration to report that Boston, like many other large cities, is now going through a most challenging period. Neither is it exaggeration to state that Boston, because of its comparatively small area, and because of its narrow income base, has less weapons with which to meet that challenge than any of the larger cities of our country.

The job ahead is made more difficult by the fact that there is no immediate prospect of better implements to work with, and for the reason, too, that Boston is an old city, with many of the ills which come with age. We must, therefore, tackle the job with the tools at hand. We must strive not merely to do our best, but better than our best. In no other way can we meet the challenge and the responsibility which rests upon us.

Huge Tax Exemption Problem.

The business and industrial activities of a city are its lifelines. Ours are being cut almost daily. Over 30 per cent of the properties in our city are tax exempt. This percentage is growing, and public improvements such as the Central Artery will further increase this percentage. Applications for building permits for the year 1953 indicate clearly what is happening. For the 12-month period just passed these applications represented approximately \$15,000,000 of new construction. Of this amount, \$9,000,000, or 60 per cent, was for tax-exempt structures. It is hardly necessary to emphasize the truism that the less property there is to tax, the higher must go the tax rate, or the less service we can provide. The higher the tax rate, the more difficult it is to attract new business; indeed, the harder it becomes to hold our present business.

A situation such as this calls for forthright, even extraordinary, remedies.

Restore Business Confidence.

In the absence of substantial income, other than that from real estate, we must arrange, plan, and direct our municipal functions in such manner as to perform every essential activity of municipal government at the lowest possible expense consistent with good service and efficiency. By following such a course we give encouragement to business within our city and assurance to other business interests that our city government is attempting to discharge its responsibilities with more than passing regard for those who pay the lion's share of municipal costs. It would be a great tragedy, with depressing consequences to our city and our people, if business were to lose confidence in the municipal government. We must not let that happen.

It is unfortunate that reference to Boston's high tax rate carries with it an implication that our city is the most wasteful and extravagant of all the large cities in our country. This is an unjustified and unfair assumption.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean;
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

HOUSING AUTHORITY MOVES TENANT APPLICATION OFFICE TO 141 MILK STREET.

(Continued from page 29.)

1953, and some additional space was necessary because of the volume of work expected in connection with the opening of three developments in the spring and summer of 1954.

Chairman Gallagher pointed out that tenants would be accepted in the development at Columbia Point in the spring, with initial occupancy to follow soon after in the state-aided development for veterans at Franklin Field sometime during the summer. It is expected that initial occupancy will take place also in the development at Bromley park in the summer of 1954.

The chairman stated that it would be advisable for all families interested in housing to file applications as promptly as possible. For those who have applications on file and where there have been changes in income or family size it would be advisable for them to have these corrections made.

The chairman went on to state that because of the economic changes in the value of the dollar the Authority was requesting increased income limits for the federally-aided developments. In view of this, Mr. Gallagher requested all persons having incomes within \$500 in excess of those presently established for admission in the federal developments to file applications, as it was entirely possible that the Authority would be able to house such families. The present income limits for admission to the federal developments are: \$2,300 for a two-person family with \$100 for each minor additional; \$2,500 for a three- and four-person family with \$100 additional for each minor; and \$2,800 for a five- or more-person family with \$100 additional for each minor.

ANNUAL ADDRESS OF MAYOR JOHN B. HYNES AT THE INAUGURATION OF NEW CITY COUNCIL.

(Continued from page 29.)

As far as comparative tax rates are concerned, our position would be vastly improved if our city had available to it the sources of income now available to cities which have a more attractive tax rate than Boston's.

A higher or a lower tax rate is not necessarily a true reflection of efficient or inefficient management of a city, nor is it necessarily true that a business enterprise, or individual taxpayer, located in a lower tax rate community has a distinct advantage over those whose businesses or homes are in a high tax rate community. On the surface it might appear so, but upon close analysis it can be shown that the over-all cost of doing business, or living, in a so-called high tax rate community is actually no greater than in a so-called lower tax rate community.

Outmoded Tax Base.

As true as this may be, it is equally true that it is common practice to classify a city according to its tax rate, and, as long as this is so, and as long as Boston must perform its municipal duties from an outmoded and insufficient tax base, it is imperative that we be ever-watchful of any expense which will further inflate the tax rate.

Fortunately, in Boston there are many individuals and groups who clearly understand the numerous impediments which make impossible an immediate change in our tax rate picture. Fortunately, too, the state government has come to the realization that Boston is the key to the prosperity of the commonwealth as a whole. On many sides, I am glad to say, there is a newer and a fairer understanding of Boston's problems and a genuine desire to help in the solution of those problems. Marshaling all our forces in a common endeavor to improve Boston's position will result in a better city, a better community, a better state.

There is nothing so wrong with Boston that the right kind of medication will not help. Our city has no malady for which the combined, concerted efforts of those who love it cannot provide a cure. It is true that the city officials have a grave and primary responsibility. We acknowledge it and we accept it. But there is also a responsibility on the part of all good citizens, secondary though it may be, to help the city officials accomplish those objectives which must be reached if our city is to retain its place among the leading and progressive cities of our land.

I am most happy to state that abroad in our city today is a spirit of willingness to help. A city with spirit is a city which cannot be counted out.

Notable Economies Effected.

In recent years the city administration has effected notable economies which, unfortunately, have been swallowed up by charges, such as the MTA deficit over which the city administration has no control.

This administration will make further economies wherever and whenever possible. It will continue to strengthen the basic structure of the city government, for, unless that is done, we are subject to the vagaries of every economic wind that blows.

In this year of 1954 it is my intention to begin a complete revaluation of the assessable properties in our city. Until that is accomplished there will be inequities in profusion; there will be pulling and hauling and inevitable charges of favoritism; there will be an almost uncontrollable traffic in abatements; there can be dissatisfaction, disquiet, and even suspicion.

The common rule of fairness, in addition to other compelling reasons, dictates the necessity for a city-wide revaluation.

Rehabilitation Important.

The rehabilitation of our city, insofar as it can be done, is of prime importance to every individual in our city. Boston is old, but not so old that it pathetically awaits the call of the grim reaper. Many of the areas within our city need rejuvenation, rehabilitation. The large-scale urban redevelopment plans, once legally approved; the new redevelopment plans of the federal government liberalizing construction and repair financing, once approved by the Congress; and the rehabilitation plans of the city itself, with its 15 committees of district leaders, once put into full operation, will revive our city, stop decay and blight, and give Boston a new, attractive face and a better outlook for the future.

The reorganization of the structure of our city government is both necessary and sensible.

The purpose of reorganization is to streamline an archaic and costly administrative pattern of departments and boards. It will improve departmental efficiency; it will make possible the merging of closely related functions; it will result, in due time, in marked savings in municipal operating costs.

On the last day of the old year your Honorable Body gave approval to the establishment of an Administrative Services Department. This new department will begin its work immediately. It is my opinion that this department will prove to be of great value to our city in the same way and to the same extent that similar departments have proved of great value to other large American cities.

Reorganization Plan.

The remainder of the reorganization plan, not yet enacted, is being submitted to your Honorable Body today.

I recommend its passage.

The quicker all of the reorganization plan is enacted into ordinance, the quicker we may go forward in the complicated task of putting the complete plan of reorganization into motion. I trust that this most important matter will be promptly acted upon.

In closing, may I suggest to the City Council that its collective and individual support of petitions filed by the city with the 1954 Legislature will be most welcome and helpful.

The passage of many of these bills will be extremely beneficial to our city, and especially is this true of matters pertaining to the strengthening of our financial position; the elimination of inequities in MTA deficit assessments; the better regulation of traffic and parking; the construction of a municipal auditorium within the area of the new Back Bay Center, which, incidentally, I am reasonably confident will come to pass as the outstanding improvement in our city for many long years. Your interest and help in the passage of city-sponsored bills before the Legislature can be invaluable.

Interest and Help Asked.

Your interest and help in many other directions can also be of invaluable aid. Despite the need for careful scrutiny of all expenditures, there is the necessity of keeping the plant of the city in good running order. It is just as short-sighted to ignore the pressing demands calling for major or capital outlays as it is to spend the city's money in a reckless or frivolous fashion. To postpone major improvements that can no longer be deferred is to prepare a sorry mixture of bitter broth for the future.

No city stands still. It goes backward or forward. Even though our forward progress be painfully slow, we must keep going ahead, for as long as our motion is in that direction we serve our city well. I shall, therefore, from time to time during this year, submit for your consideration and your approval matters which will have as their objective the preservation or improvement of our physical plant, in addition to matters which will have for their purpose the strengthening of our financial position.

In your consideration of these matters, I most respectfully suggest that reasonably prompt action on the part of your body will give assurance that the elected officials of our city government are working in concert for the good of our people and for the betterment of our city.

Finally, let me, for the historic record, mention the annual Art Festival held early in June, and the Christmas Festival held during the Christmas season, both of which attract thousands of guests to our city, and both of which enhance Boston's world-wide reputation as a center of cultural and spiritual pursuits. Let me also express my deep appreciation to the volunteer unpaid committee which made a study and excellent recommendations relative to our traffic problems; to the committee still engaged in an independent survey of our municipal finances; and to the 15 committees which are the foundations of our hopes to stop the growth of blight and decay which can, unless retarded, affect our whole city.

Racial Tensions and Delinquency.

These committees and the committees and individuals who work with us in our efforts to eradicate the causes of racial tensions and juvenile delinquency, and who work with us in our annual Field Day and Christmas Fund Campaigns for the poor and unfortunate in our city, are all deserving

births, is essentially the same as in 1952, when 15,255 babies were born. In 1952, however, 428 children died in the first year of life, while in 1953 only 345 lives were lost. The resulting infant mortality rate for 1953 of 22.9 is the lowest ever achieved in Boston.

RECORD UNEQUALED.

In 1951 and 1952 the maternal mortality rate reached almost an irreducible minimum, with only seven deaths recorded each year. In 1953, however, only five deaths occurred from child-birth. This phenomenal record reflects the excellence of care obtainable in the city. No city anywhere in the world of a size comparable to Boston has as yet been able to equal this record in maternal mortality.

The rate for the United States is 0.6 per 1,000 live births. The Boston rate is 0.3 per 1,000 live births. The maternal death rate for the past five years has averaged only 0.5—an achievement unique for any city, regardless of size.

The tuberculosis death rate reached a new low of 210 for the year, with the corresponding rate per 100,000 population of 25.9. This information signifies a victory of major proportions over one of the most dreaded and deadly of all diseases.

Just ten years ago, in 1943, the death rate was 64.9 per 100,000, which represented 506 deaths of Boston citizens. In these ten years the rate has been more than cut in half, and work will continue until tuberculosis drops into insignificance. Credit for these tremendous strides must be given to a team composed of private physicians, hospitals, sanatoria, research workers, nurses, and public health workers. Together, applying new drugs, new techniques, early diagnosis and treatment, they have given tuberculosis patients the chance for recovery and normal lives.

Public health work in Boston was not limited only to child hygiene and tuberculosis in 1953. Many other significant accomplishments were achieved and plans set up for the conquest of still new areas where problems exist. Heart disease, cancer, and diseases of the central nervous system hold the three top places as leading causes of death and together accounted for half of the total deaths for the year.

INFECTIOUS DISEASES CAUSE LESS DEATHS.

Infectious diseases have not been a major problem for many years, but each succeeding year sees a further shrinking of mortality from these causes. No deaths occurred from scarlet fever, measles, mumps, typhoid fever, or whooping cough. Meningitis, diphtheria, poliomyelitis, infectious encephalitis, and infectious hepatitis together caused only eight deaths.

For several years, and again in 1953, accidents hold the fourth place, with 451 deaths caused by various types of accidents. Accidental falls accounted for 193 deaths, and motor vehicle accidents for 80. Since accidental deaths and accidents are preventable, the large loss of life and the even larger factor of crippling, suffering, and economic loss

of public acclaim. It is the voluntary, whole-hearted, and generous spirit of these committees and individuals which give us the right to be proud of the innate good qualities of our citizens.

To each of the members of the 1954-1955 City Council I extend my personal well wishes and my hope that our relationships will be productive of an improved municipality. It is not an empty phrase to state that the cooperative action of the City Council and the Chief Executive will bring dividends in the way of better city government and better municipal service. Let our aim be in that direction. Together, and in an atmosphere of understanding, mutual trust, and cooperation, we can accomplish much for our fellow citizens who delegated to us the responsibilities which are ours.

May we always remember, both you and I, that all power comes from God, and let us implore Him to guide us in all our deliberations so that the power which is temporarily in our hands may be utilized for the things which, in His sight, are good things.

associated with nonfatal accidents make it imperative that immediate attention be given to every possible method for reducing accidents. Boston has joined with 23 other cities and towns in the metropolitan area in an educational program which hopes to reduce the accident toll. Home accidents, contrary to popular belief, cause the largest number of accidents, especially to the preschool and older-age groups. The metropolitan accident prevention program has already been started, and the cooperation of the public is being sought to help eliminate accidents from the list of leading causes of death.

The Health Department continued its many other activities in 1953 according to Dr. Cauley. The control, inspection, and supervision of food from the time it arrives in the city until it is sold, processed, or prepared in a restaurant was again a major endeavor. Control of the quality of milk was maintained at its usual high level, once more assuring Bostonians one of the purest and highest quality milk supplies to be found anywhere.

Sanitation and housing also received increased emphasis as a result of other

progressive moves being made in Boston. In addition to routine procedures, special surveys and inspections were made in cooperation with reclamation programs initiated in various sections of the city. In 1953 it was a good year for public health.

VEHICULAR TRAFFIC THROUGH SUMNER TUNNEL IN 1953 BREAKS ALL RECORDS—TOTAL OF 10,835,670 VEHICLES USED TUBES—1,251,698 MORE THAN PREVIOUSLY.

Vehicular traffic through the Sumner Tunnel for the year 1953 was 13 per cent higher than in the year 1952. This was revealed in figures made public from the office of Public Works Commissioner George G. Hyland this week.

According to the Commissioner a total of 10,835,670 vehicles used the tunnel in 1953, to break the previous record of 9,583,972 vehicles established in 1952. The increase in 1953 over 1952 totals 1,251,698 vehicles.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with Burgess & Blacher Company for roofing and other work at the Hyde School from December 15, 1953, to January 31, 1954 (contract approved September 15, 1953). This extension was requested because of additional brick repair work.

Approval has been given to the extension of the time of completion of the contract, approved August 31, 1953, with Martin J. Kelly Company, Inc., for new machine shop at the Boston Trade High School from December 31, 1953, to February 28, 1954. This extension was requested because of a changeover on the electrical work by the Boston Edison Company.

Approval has been given for the extension of the time of completion of the contract, approved September 28, 1953, with John J. Hourihan for roofing and related work at the John A. Andrew School from December 15, 1953, to January 31, 1954. This extension was requested because of weather conditions.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract, dated October 14, 1953, with Brookley Construction Corporation, 34 Brookley road, Jamaica Plain, for excavation and gravel backfill in Mt. Vernon street, Ward 13, from December 31, 1953, to June 30, 1954. This extension was requested because structures in the way prevented the contractor from completing the work prior to December 31, 1953, and it will be necessary to suspend work over the winter months.

Approval has been given for the extension of the time of completion of the contract, dated October 26, 1953, with P. V. Barone Corporation, 70 Glencoe street, Brighton, for bituminous concrete pavement in Alberta street, Badger road, Cranmore road, etc., from December 31, 1953, to June 30, 1954. This extension was requested because the contractor will be obliged to suspend work over the winter months.

STREET CONSTRUCTION IN SOUTH BOSTON.

The Mayor has approved the order of the Board of Street Commissioners for a public improvement consisting of the laying out and construction of Bateman place, South Boston district, as a highway, from N street westerly, thence southerly, over private land to East Eighth street, with the name of Dade street or some other distinctive name, bounded and described as follows:

A highway named Bantry Way is hereby laid out from N street to East Eighth street, and ordered constructed:

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land, exclusive of trees, shrubs or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to the City of Boston, bounded:

Southerly by East Eighth street, 34 feet; westerly by the westerly line of Bantry Way as laid out under this order, 125 feet; northerly by Bateman place, 34 feet; and easterly by the easterly line of Bantry Way as laid out under this order, 125 feet, containing 4,250 square feet, more or less.

A parcel of land, supposed to belong to John J. and Julie M. Matanes, bounded:

Westerly by the easterly line of Bantry Way as laid out under this order, 15.99 feet; northerly by Bateman place, 35 feet; easterly by the same, 10 feet; southerly by the southerly line of Bantry Way as laid out under this order, by two measurements, 29 feet and 9.42 feet on a curve of 6 feet radius, containing 358 square feet, more or less.

The land, owners unknown, being the private way known as Bateman place.

Trees, shrubs or structures standing upon or affixed to the aforescribed land shall be removed therefrom within thirty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said Bantry Way as hereby laid out is bounded:

Easterly by N street, 20 feet; southerly by the southerly line of Bantry Way as hereby laid out, by two measurements, 129.02 feet and 9.42 feet on a curve of 6 feet radius; easterly by the easterly line of Bantry Way as hereby laid out, 109.02 feet; again southerly by East Eighth street, 34 feet; westerly by the westerly line of Bantry Way as hereby laid out, 125.01 feet; and northerly by the northerly line of Bantry Way as hereby laid out, 169.01 feet.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on all sides of Bantry Way (formerly Bateman place), as laid out under this order, from N street to East Eighth street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

TRAFFIC COMMISSION RULINGS.

(Continued from page 44.)

Article IV, Section 3 (Prohibition of Parking), is amended by adding the following new subsection:

(5) No driver shall stop, stand or park any vehicle in any street in the section of downtown Boston hereinafter described and bounded, during the hours from 8 A.M. to 9.30 A.M. on any day, provided that this regulation shall not apply to passenger vehicles stopped temporarily during the actual receiving or discharging of passengers nor to commercial vehicles stopped for not more than one (1) hour continuously while actually loading or unloading materials.

The provisions of the preceding section shall not apply to any vehicle bearing a "V" registration plate, issued by the Registrar of Motor Vehicles under the provisions of Section 2 of Chapter 90 of the General Laws, nor to eleven (11) vehicles being used by Special Delivery Messengers of the United States Post Office for the delivery of United States mail and bearing suitable identification cards signed by the Postmaster of the Boston Postal District, except in streets in the section of downtown Boston, hereinafter described and bounded, where parking of vehicles is otherwise prohibited under the provisions of Article IV, Section 3, Part 2, of these Traffic Rules and Regulations.

That part of the City of Boston bounded by the water front starting at an imaginary line drawn through the center of Staniford street that meets the Charles River near the North Station, and following the water front to the Charlestown bridge, turning right thereon and running along and including both sides of Washington Street North to Haymarket square and crossing Haymarket square, including both sides thereof, to Blackstone street, thence down Blackstone street on both sides to Commercial street, turning left on Commercial street and following the center line of Commercial street to Boston harbor, thence along the water front to the Broadway bridge, thence turning on Broadway and continuing through Park square to Charles street, including both sides of said ways to Beacon street, thence turning on said Beacon street and proceeding up Beacon street on the Common side to Bowdoin street, thence turning on Bowdoin street and proceeding down Bowdoin street on the easterly side thereof to Cambridge street, thence crossing Cambridge street to Bowdoin square, thence down Chardon street to Merrimac street, turning left on Merrimac street, including both sides thereof, to Staniford street, thence turning and proceeding down the center of Staniford street and continuing in an imaginary line to the Charles river at the North Station to the point of beginning.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Traffic Rules and Regulations of the City of Boston are amended as follows, effective January 12, 1954:

PROCEEDINGS OF CITY COUNCIL.

Monday, December 28, 1953.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President ALIEMAN in the chair. Absent, Councillor Ward.

The Right Reverend Charles D. McInnis of Our Lady of the Presentation Church, Brighton, was escorted to the rostrum.

INVOCATION BY RT. REV. CHARLES D. MCINNIS.

In the Name of the Father, and of the Son, and of the Holy Ghost. Amen.

Our Father, who art in heaven, hallowed be Thy Name; Thy kingdom come; Thy will be done on earth as it is in heaven. Give us this day our daily bread, and forgive us our trespasses as we forgive those who trespass against us; and lead us not into temptation, but deliver us from evil. Amen.

May our Lady of Wisdom be with you this day in your deliberations and always.

In the Name of the Father, and of the Son, and of the Holy Ghost. Amen.

The meeting was opened with the salute to the Flag.

RETIREMENT OF COUNCILLOR MICHAEL J. WARD AND ELECTION OF MICHAEL HERBERT CANTWELL AS CITY COUNCILLOR.

The following was received:

City of Boston.

Office of the Mayor, December 28, 1953.

To the City Council.

Gentlemen:

Under the provisions of chapter 32, section 57, of the General Laws, Michael J. Ward, member of the City Council, has taken the required physical examination and been declared physically disabled under the provisions of said law. On December 24, 1953, acting as retiring authority for the City of Boston, I approved the said retirement.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

City Clerk's Office, December 28, 1953.

To the City Council.

Gentlemen:

Your Honorable Body having been notified by his Honor the Mayor of the retirement of Councillor Michael J. Ward from the service of the City of Boston on December 24, 1953, I hereby inform your Honorable Body, in accordance with section 15 of chapter 452 of the Acts of 1948 as inserted by section 1 of chapter 190 of the Acts of 1952, that a vacancy exists in the City Council on and after December 24, 1953, because of the retirement of Councillor Michael J. Ward.

Attached hereto are a communication from the Board of Election Commissioners certifying the names of the first three defeated candidates at the regular municipal election held on November 6, 1951, and a statement from Mr. Michael Herbert Cantwell, the first defeated candidate who received the highest number of votes at the said election on November 6, 1951, that he is eligible and willing to serve as City Councillor for the unexpired term of Councillor Michael J. Ward.

Respectfully,

W. J. MALLOY, City Clerk.

City of Boston,

Board of Election Commissioners,

December 28, 1953.

Walter J. Malloy, Esq.,

City Clerk, Boston, Mass.

Dear Mr. Malloy:

In accordance with chapter 190 of the Acts of 1952, we are setting forth below the names of the three defeated candidates for the office of City Councillor at the city election held on November 6, 1951, who received the next highest number of votes following those elected at said election:

Michael Herbert Cantwell, 85,535; Kathleen T. Ryan Dacey, 81,950; Lee M. Friedman, 78,882.

Very truly yours,

PERLIE DYAR CHASE, Chairman.

December 28, 1953.

To the City Council.

Gentlemen:

I, Michael Herbert Cantwell, of 4 Violante street, Ward 18, the first defeated candidate receiving the highest number of votes at the regular municipal election held on November 6, 1951, hereby certify that I am eligible and willing to serve as City Councillor for the unexpired term of Councillor Michael J. Ward, retired.

Respectfully,

MICHAEL HERBERT CANTWELL.

The message and communications were placed on file.

Coun. HAILER offered the following:

Ordered, That the City Council now proceed to choose a City Councillor to fill the vacancy for the remainder of the municipal year caused by the retirement of Councillor Michael J. Ward.

Passed under suspension of the rules.

The roll was called and all the members of the City Council voted for Michael Herbert Cantwell to be City Councillor for the remainder of the municipal year of 1953, and he was declared elected.

The Chair instructed the City Messenger to advise his Honor the Mayor that the City Council has elected Michael Herbert Cantwell a City Councillor for the remainder of the municipal year of 1953 and that the City Council awaits the pleasure of his Honor the Mayor in appearing before the City Council and administering the oaths of office to Councillor-Elect Cantwell. The Chair appointed Councillor Hurley to escort Councillor-Elect Cantwell to the rostrum.

Councillor Hurley and the City Messenger left the Chamber and presently returned escorting his Honor the Mayor and Councillor-Elect Cantwell to the rostrum.

His Honor the Mayor, in the presence of the City Council, administered the oaths of office to Councillor-Elect Cantwell. His Honor the Mayor was escorted from the Chamber by the City Messenger, and the Chair appointed Councillor Hurley to escort Councillor Cantwell to his seat in the Chamber.

RESIGNATION OF CONSTABLE.

The following was received:

City of Boston,

Office of the Mayor, December 23, 1953.

To the City Council.

Gentlemen:

You are hereby notified that I have accepted the resignation, effective December 23, 1953, of John A. Devine, 4 Hutton street, Dorchester, as a constable authorized to serve civil process.

Respectfully,

J. B. HYNES, Mayor.

Placed on file.

VETO OF ORDER RE COMPENSATION FOR OVERTIME IN CERTAIN CASES TO POLICE OFFICERS.

The following was received:

City of Boston,

Office of the Mayor, December 28, 1953.

To the City Council.

Gentlemen:

I return herewith disapproved, and without my signature, the order adopted by your Honorable Body for the acceptance of chapter 260 of the Acts of 1952.

This action is prompted by the fact that the acceptance of this act would entail the expenditure of at least \$50,000 a year, and would also entail considerable doubt as to the exact meaning of a "public celebration."

Respectfully,

J. B. HYNES, Mayor.

The message and order were placed on file.

REGISTRATION OF BICYCLES.

The following was received:

City of Boston,

Office of the Mayor, December 28, 1953.

To the City Council.

Gentlemen:

I transmit herewith communication from the Police Commissioner relative to your order of December 14, 1953, requesting that the Police Department consider the advisability of a regulation or an ordinance requiring resident owners of bicycles to register the same and to attach thereto an identification plate to be furnished by the police.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Police Department, December 22, 1953.

Hon. John B. Hynes,

Mayor of Boston.

Dear Mr. Mayor:

I am returning herewith order of the City Council dated December 14, 1953, which was referred by you on December 16, 1953, as follows:

"Ordered, That the Police Department consider the advisability of a regulation or an ordinance requiring resident owners of bicycles to register the same and to attach thereto an identification plate to be furnished by the police."

Concerning the necessity for a regulation or ordinance requiring the registration of bicycles, reference is made to General Laws (Ter. Ed.) chapter 85, section 11A, which was accepted by the Boston City Council in 1941 and has been continuously in effect since that time.

Attention is also directed to Rule 78 of the Rules and Regulations of the Boston Police Department which provides, in part, as follows:

"1. No resident of Boston shall operate a bicycle within the limits thereof, unless such bicycle is registered in Boston and unless the registration plate issued therefor is attached to such bicycle.

"2. This department shall register all bicycles owned by persons residing within this city, and issue to owners thereof certificates of registration, which shall be in effect, unless suspended as herein-after provided, so long as such registrants own such bicycles."

At the present time there are 56,802 registrations on file in the office of the Chief Clerk of this Department.

Very truly yours,

T. F. SULLIVAN,
Police Commissioner.

Placed on file.

INFORMATION RE PROPOSED REORGANIZATION PLAN.

The following was received:

City of Boston,

Office of the Mayor, December 28, 1953.

To the City Council.

Gentlemen:

I transmit herewith information in answer to the order adopted by your Honorable Body under date of December 21, 1953, in which specific questions were forwarded to me relative to the reorganization plan.

I trust this information will be useful in the deliberations of the City Council.

Respectfully,

J. B. HYNES, Mayor.

1. The plan of organization provided in the proposed ordinance will be put into operation immediately following adoption of said ordinance.

2. Tentative plans for the consolidation and changes proposed in the ordinance now before the Council have been considered. The actual working out of said plans will go forward following the selection of the officers and boards set forth in the ordinance.

3. The information requested may be obtained from the accompanying exhibit.

4. See answer to No. 3.

5. The information requested will be provided in the 1954 budget, which is now under preparation for submission to the Council on February 1, 1954.

6. The status under the proposed reorganization plan of positions created by statute may be summarized as follows:

No curtailment of authority, tenure or compensation.

Appeal, Board of

Art Commission.

Civil Defense Director.

Election Commissioners.

Examiners, Board of.

Hospital Trustees.

Library Trustees.

Park Commissioners (number increased from three to five).

Public Welfare Trustees (number decreased from twelve to five).

Retirement Board.

Sinking Funds Commissioners.

Traffic Commission.

Treasurer.

Zoning Adjustment, Board of.

No curtailment of tenure or compensation. Authority with respect to acquisition and disposal of property, the making of contracts, and the appointment, compensation, and control of personnel curtailed. Technical and professional responsibilities remain unchanged.

Building Commissioner.

Registrar, City.

Weights and Measures, Sealer of.

Position abolished.

Assessors.

Collector.

Fire Commissioner.

Real Estate Commission.

Street Commissioners.

In the opinion of competent legal authority, the provisions of section 5 of the City Charter, as most recently amended by chapter 473 of the Acts of 1953, authorize the City Council with the approval of the Mayor to reorganize and abolish positions created by statute, with the exception of those in departments specifically exempted under chapter 473.

7. No immediate savings are claimed for the proposed reorganization plan except those which may result from the elimination of administrative positions.

8. In a recent bulletin, the Massachusetts Federation of Taxpayers Association, in commenting on the high cost of local government in Massachusetts, stated: "Less streamlining of administrative organizations in our cities and towns, as compared with many states, has also kept our costs high." Boston today is operating under a plan of departmental organization which was established when its tax rate was \$16.50 and its tax levy \$22,750,000. The present inadequacy of this plan is apparent in our current \$70.70 tax rate and \$110,000,000 levy. It is believed that the proposed plan of reorganization will provide better departmental coordination, thus improving the quality of the services of our city government and reducing its costs. These accomplishments will mean a lessening of the tax burden on the taxpayers, provide a higher level of service to the public, and assure the employees of greater security of compensation and employment.

9. The provision that "not exceeding thirty building inspectors" may be employed in the Building Department is to be found in section 1 of chapter 9 of the existing City Ordinances. This language has been interpreted consistently to mean that class of inspectors in the Building Department concerned with the structural problems involved in the Construction of Buildings. Under this interpretation inspectors concerned with special features, such as egress, sprinklers, elevators, plumbing, and gasfitting have not been included in the limitation. This interpretation will be maintained under the proposed reorganization.

A specific reply to the tenth and last matter mentioned in your request for information would appear unnecessary; for the Corporation Counsel, I am informed, has adequately dealt with that matter in a letter to the Executive Committee of your Honorable Body. Suffice it, therefore, to repeat that I said in my message of November 30, 1953, submitting to you the pending reorganization ordinance, that a reorganization of the structure of government such as is entailed in that ordinance can best be put into operation at the commencement of a fiscal year. Accordingly, I earnestly recommend that you act upon the proposed ordinance before January 1, 1954. Should you fail to do so, the proposed ordinance must be withdrawn in the interest of the orderly conduct of municipal business and resubmitted with another administratively feasible effective date.

(Annexed hereto is the accompanying exhibit referred to in the foregoing answer No. 3, listing personnel schedules.)

Referred to Committee on Ordinances.

REORGANIZATION OF CITY BOARDS AND DEPARTMENTS.

Coun. FOLEY moved that the ordinance on reorganization of city departments and boards referred November 30, 1953, be recalled from the Committee on Ordinances.

The motion was lost, yeas 3, nays 6:

2. Report on order (referred September 28) relative to restrictions on issuance of gasoline permits—that same be placed on file.

The reports were accepted, and the orders were placed on file.

3. Report on message of the Mayor and orders (referred today) for transfers of appropriations to various departments—that same ought to pass.

The report was accepted, and the orders were severally passed, yeas 9, nays 0:

Yeas—Councillors Ahearn, Cantwell, Foley, Hailer, Hurley, Joyce, Kerrigan, Piemonte, White—9.

3. Report on order (referred December 14) providing for the procedure of the Boston City Council in considering petitions for license to operate jitneys—recommending passage of the following ordinance:

City of Boston,
In the Year Nineteen Hundred and Fifty-three.
An Ordinance Providing for Notice of Hearing on Petitions for Jitney Licenses.

Be it ordained by the City Council of Boston, as follows:

Chapter 40 of the Revised Ordinances of 1947 is hereby amended by inserting after section 92 the following new section:

SECT. 92A. No person shall prosecute a petition to the city council for a license under section 1 of chapter 159A of the General Laws unless at his own expense he has caused to be published, in a newspaper of general circulation published in the city, at least seven days before the public hearing to be held by the committee on licenses of the city council, a notice of the time and place of such hearing, nor unless at his own expense he has also sent by registered mail not less than seven days before such hearing a copy of such notice to the police commissioner, the Metropolitan Transit Authority, and such persons as shall lie with the clerk of committees a written request for notices under this section.

The report of the committee was accepted, and the ordinance was passed.

HOPE FOR SPEEDY RECOVERY OF MICHAEL J. WARD.

Coun. AHEARN, CANTWELL, FOLEY, HAILER, HURLEY, JOYCE, KERRIGAN, PIERMONT, and WHITE offered the following:

Whereas, The Honorable Michael J. Ward has retired as a member of the Boston City Council after serving with the present Body during the past two years; and

Whereas, His term in the City Council brings to a total over thirty years of public service for Councillor Michael J. Ward; and

Whereas, During the past two years he has been in ill health, and is at present bedridden, but nevertheless he has continued his duties and his interests in the people of our city, regardless of the ill effects that such work caused him; and

Whereas, His great interest in service to his city and in the children of our schools has prompted him to continue to serve as a member of the Boston School Committee; therefore, be it

Resolved, That the Boston City Council, in meeting assembled, expresses a sincere hope for his speedy recovery and a sincere regret at the loss of their colleague through his retirement and wish for him, Mrs. Ward, and his family, all of God's blessings in the years that lie ahead; and, be it further

Ordered, That a copy of this resolution be forwarded to Councillor Ward.

The resolution was adopted under suspension of the rules.

SOLICITATION OF MAJOR LEAGUE FOOTBALL FRANCHISE.

Coun. HAILER offered the following:
Whereas, Professional football, as played by the National Football League, has gained the status of major league baseball; and

Whereas, The City of Boston is the greatest sport city in the United States; and

Whereas, There is a possibility of the Chicago Cardinals moving from the City of Chicago and the Green Bay Packers from Green Bay; be it

Resolved, That the City Council does hereby favor the forming of a committee by his Honor the Mayor and the chairman of the Sports Committee of the Chamber of Commerce, Bernard Baldwin, to solicit a major league football franchise for Boston now, in the name of the Chicago Cardinals and the Green Bay Packers.

The resolution was adopted under suspension of the rules.

EXCLUDING THE FIRE DEPARTMENT FROM REORGANIZATION OF CITY BOARDS AND DEPARTMENTS.

Coun. HAILER and FOLEY offered the following:

Ordered, That such parts of the draft of the so-called reorganization ordinance presently before the Committee on Ordinances which are effective to consolidate the Boston Fire Department into the proposed Department of Public Health and Safety be extracted by the Corporation Counsel and a draft of the extractions be forwarded to the Committee on Ordinances not later than December 29, 1953, for the purpose of excluding the Boston Fire Department from the so-called reorganization of municipal departments.

Passed under suspension of the rules.

THE NEXT MEETING.

Coun. FOLEY moved that the Council recess until Wednesday. The Chair ruled that the motion was not in order.

Adjourned at 7.21 p.m. on motion of Councillor Hurley, to meet on Saturday, January 2, 1954, at 11 a.m.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

PUBLIC WORKS DEPARTMENT.

Proposal for Furnishing and Erecting Chain Link Fence on City Yard, Ward 11, at Forest Hills Street.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing and erecting chain link fence on City Yard, Ward 11, at Forest Hills street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Furnishing and Erecting Chain Link Fence on City Yard, Ward 11, at Forest Hills Street," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of THURSDAY, JANUARY 21, 1954, with a certified check for ONE HUNDRED AND FIFTY (150) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

CITY OF BOSTON.

LISTING BOARD.

PROPOSALS FOR PRINTING AND BINDING THE 1954 POLICE LIST IN CONNECTION WITH THE POLICE LISTING OF RESIDENTS OF BOSTON TWENTY YEARS OF AGE OR OVER.

The Listing Board of the City of Boston invites proposals for printing and binding approximately 15,500 pages (6 inches by 9 inches) of names and addresses of residents from the lists furnished by the Listing Board of the City of Boston for the year 1954. A total of 160 copies in all, bound as follows: 75 copies of each ward, bound by precinct, pamphlet style, without cover, collated by wards, and 75 copies of each ward bound with paper cover, and 10 copies of each ward bound in cloth (color to be determined), indexed throughout, same general style as the 1953 lists, lettered in gold with ward and year on back, and with printed label of ward and precincts on each side.

Delivery of above copies to be made on or before May 1, 1954, in accordance with schedule to be arranged by the Listing Board.

Proposals will be publicly opened and read on Thursday, January 21, 1954, at 12 o'clock noon, at the office of the Police Commissioner, 154 Berkeley street, Boston.

A bidder must use the form of proposal to be obtained at the office of the Police Commissioner, 154 Berkeley street, Boston, and deposit with his bid a properly certified check for \$1,000, payable to and to become the property of the Listing Board of the City of Boston if the proposal is not carried out.

The Listing Board reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as it deems for the best interest of the Listing Board of the City of Boston. Surety bonds will be required from the successful bidder in an amount equivalent to 25 per cent of the estimated contract amount.

In doing all work herein described, the contractor will comply with all applicable laws of the United States of America and the Commonwealth of Massachusetts, and ordinances of the City of Boston, including, without limiting the generality of the foregoing, sections 11 to 14, inclusive, of chapter 41 of the Revised Ordinances of 1947 of the City of Boston; and no recovery shall be had on this agreement if a breach of said sections is established.

STATUS OF SCHOOL COMMITTEE REPRESENTATIVE AS MEMBER OF BOARD OF COMMISSIONERS OF SCHOOL BUILDINGS CLARIFIED BY CHAIRMAN JOSEPH F. O'CONNELL IN LETTER TO CORPORATION COUNSEL.

The following letter has been received by the Corporation Counsel relating to School Committee representation on the Board of School Building Commissioners:

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, January 12, 1954.

MR. WILLIAM L. BAXTER, Corporation Counsel, City of Boston Law Department, 11 Beacon Street, Boston, Mass.

DEAR MR. BAXTER:

With the following facts and documents existing I desire a clarification of the status of a School Committee representative as a member of the Board of Commissioners of School Buildings:

1. On December 17, 1953, Commissioner Richard V. Barry, representative of the School Committee on this Board, informed Commissioner Cronin

VETERANS' SERVICES SPENT \$10,813.39 LESS IN MONTH OF OCTOBER, 1953, THAN IN SAME MONTH OF PREVIOUS YEAR—THIS SHOWN IN REPORT TO MAYOR JOHN B. HYNES BY COMMISSIONER FRANCIS X. COTTER—1,337 CASES AIDED, WITH 2,335 INDIVIDUALS BENEFITING—100 CASES CLOSED OUT.

There was a decrease of \$10,813.39 in expenditures for veterans' services for the month of October, 1953, from those of the same month in 1952, according to the report of Commissioner Francis X. Cotter, of the services, in a letter to Mayor John B. Hynes. There were 1,337 cases aided in that month, representing a total of 2,335 individuals. Also there were 100 cases closed. The full report as presented reads as follows:

BOSTON, January 5, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

SIR:

I have the honor to submit the report of the Department of Veterans' Services for the month of October, 1953.

Very truly yours,

FRANCIS X. COTTER, Commissioner.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean;
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

FRITZ B. BURNS TO ADDRESS COMMITTEES ON NEIGHBORHOOD REHABILITATION PROGRAM.

(Continued from page 57.)

of the committees have carefully organized their local programs, notably in South Boston, Charlestown, and the South End. It is the hope of the Mayor that all of the groups will be in action by spring when a city-wide "Clean-up, Paint-up, Fix-up, and Plant-up Campaign" will be launched to give further impetus to the program.

Serving on the Mayor's Advisory Committee are: George G. Hyland, Public Works Commissioner; Dr. John H. Cawley, Health Commissioner; Harry J. Keefe, Building Commissioner; Frank R. Kelley, Chairman of the Park Department; and Thomas F. Sullivan, Police Commissioner. Col. Paul H. Hines is program co-ordinator.

The neighborhood rehabilitation and conservation activity is a long-range program. Its sole and only purpose is to check the severe blight that has set in in many of the older residential sections of the city and thereby not only protect the city's tax values, but make Boston a better place in which to live and work. It is the Mayor's belief that it will take five years before substantial results will be obtained.

Mr. Burns, who will address the first joint meeting of the 15 district committees, is a noted authority on city rehabilitation and conservation programs. While serving as president of the National Association of Home Builders he traveled more than 100,000 miles in pursuit of information concerning the problem and has played an important role in stimulating city rehabilitation throughout the nation.

STATUS OF SCHOOL COMMITTEE MEMBER ON BOARD OF SCHOOL BUILDINGS COMMISSION CLARIFIED.

and myself orally he had written to the then chairman of the School Committee and to the then member Foley he was resigning effective upon the School Committee's pleasure. This Board received no other notice from Commissioner Barry.

2. Communication from the Boston School Committee's secretary, Agnes E. Reynolds, dated December 29, 1953:

MR. JOSEPH F. O'CONNELL, *Chairman,*
Board of Commissioners of School
Buildings, 26 Norman Street, Boston,
Mass.

DEAR SIR:

You are respectfully informed that at the meeting of the School Committee held on Monday, December 28, 1953, Mr. John A. Breen, 22 Carruth street, Dorchester, was duly elected a member of the Board of Commissioners of School Buildings for the unexpired term of Richard V. Barry, ending December 1, 1955.

Very truly yours,

AGNES E. REYNOLDS,
Secretary.

3. Communication from the office of the City Clerk dated December 29, 1953:

I hereby certify that John A. Breen, having been duly appointed to be a member of the Board of Commissioners of School Buildings for the term ending December 1, 1955, this day appeared and was sworn as such officer.

Attest:

W. J. MALLOY,
City Clerk.

4. Communication from the Boston School Committee's secretary, Agnes E. Reynolds, dated January 5, 1954:

Mr. Joseph F. O'Connell, Jr., *Chairman*, Board of Commissioners of School Buildings, 26 Norman Street, Boston, Mass.

DEAR SIR:

At a meeting of the School Committee on Monday, January 4, 1954, the following orders relative to the appointment of John A. Breen as Commissioner of School Buildings were passed:

Ordered, That the appointment of John A. Breen as a member of the Board of Commissioners of School Buildings be deemed invalid for the following reasons:

Chapter 351 of the Acts of 1929 provides in part that "the Board of Commissioners of School Buildings of the City of Boston, hereinafter referred to as the Board of Commissioners, is hereby established and shall consist of three citizens of Boston who otherwise are neither officials nor employees of said city."

Ordered, That a vacancy now exists on the Board of Commissioners of School Buildings of the City of Boston because of the resignation of Richard V. Barry, which was accepted by the preceding School Committee on December 28, 1953.

At the same meeting Mr. Matthew T. Connolly, 47 Belfort street, Dorchester, was duly appointed a member of the Board of Commissioners of School Buildings for the unexpired term of Richard V. Barry, ending December 1, 1955.

Very truly yours,

AGNES E. REYNOLDS,
Secretary.

5. Communication from the office of the City Clerk dated January 6, 1954:

I hereby certify that Matthew T. Connolly, having been duly appointed to be a member of the Board of Commissioners of School Buildings for the term ending December 1, 1955, this day appeared and was sworn as such officer.

Attest:

W. J. MALLOY,
City Clerk.

In order that the Board of Commissioners may conduct its business in accordance with statute, I respectfully request your opinion at the earliest possible date on the situation, particularly with reference to the following questions:

A. Was the resignation of Commissioner Barry valid as to form and substance?

B. Who, if anyone, should be now recognized as the legally constituted School Committee representative on this Board?

Sincerely,

JOSEPH F. O'CONNELL, JR.,
Chairman,
Board of Commissioners
of School Buildings.

CIRCULAR LETTER NO. 2.

CITY OF BOSTON,
MAYOR'S OFFICE, JANUARY 5, 1954.

To All Department Heads.

GENTLEMEN:

You are hereby advised to instruct any employee of your department who is a member of the General Court to apply for a leave of absence, without pay, for the period the Legislature is in session during 1954.

Respectfully,

J. B. HYNES, *Mayor.*

FOR PUBLIC TRAVEL.

The Mayor has approved the following votes of the Board of Street Commissioners:

BOSTON, January 3, 1954.

Voted, That in accordance with the provisions of chapter 117, Acts of 1947, permission is hereby granted to Flax Realty Company to prepare for public travel Richrow street, from Morton street to Groveland street, as shown on a plan by Joseph Selwyn, civil engineer, 14 Linden avenue, Belmont, Mass., dated November 5, 1953, and on file in the office of this department.

Voted, That in accordance with the provisions of chapter 117, Acts of 1947, permission is hereby granted to Stony Brook Village Corporation to prepare for public travel Kardon road, Hyde Park district, leading southeasterly from Dietz road, as shown on a plan by L. M. Carlson, surveyor, Norwood, Mass., dated September 21, 1953, and on file in the office of this department.

Voted, That in accordance with the provisions of chapter 117, Acts of 1947, permission is hereby granted to Stony Brook Village Corporation to prepare for public travel Dietz road, Hyde Park district, leading southerly from Alwin street for a distance of approximately 225 feet, as shown on a plan by L. M. Carlson, Norwood, Mass., dated September 21, 1953, and on file in the office of this department.

STREET CONSTRUCTION IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for a public improvement consisting of the laying out and construction of Barnes street, Dorchester district, as a highway, from Dorchester avenue approximately 332 feet westerly, with the name of Banton street or some other distinctive name, bounded and described as follows:

A highway named Banton street is hereby laid out from Dorchester avenue approximately 332 feet westerly, and ordered constructed.

Said highway and the land, exclusive of trees and shrubs standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by Dorchester avenue, 38 feet; southerly by the southerly line of Banton street as hereby laid out, 317.22 feet; westerly by the westerly line of Banton street as hereby laid out, 40.56 feet; and northerly by the northerly line of Banton street as hereby laid out, 331.40 feet.

Trees, shrubs or structures standing upon or affixed to the aforesaid land shall be removed therefrom within thirty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on both sides of Banton street (formerly Barnes street) as laid out under this order, from Dorchester avenue westerly for a distance of approximately 332 feet, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

Parcel.	Amount.
1. Irving Zieman.....	\$260 00
2-3. Parke L. Davis, Eleanor Y. Davis	665 00
4-5. Eleanor M. Coakley.....	1,327 41
6. Bernard P. and Kathleen M. Gaffney	342 60

SUPPLY DEPARTMENT.

Upon December 31, 1953, the Mayor approved a contract with bidders as indicated in the following letter:

Boston, December 29, 1953.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Attached is tabulation of bids received on proposals for furnishing automotive vehicles to the various city departments. These bids were publicly opened and read in this office on December 15, 1953.

Inasmuch as there are no funds available in the budget of the Paving Division of the Public Works Department, Items 1, 2, and 3 are being canceled. Authority is requested to award Items 4 and 5 to Commonwealth Chevrolet Company, the lowest bidder, at the prices as checked on the accompanying tabulation.

After deducting a trade-in allowance of \$945 on two used units, approximate total amount of contract will be \$2,610, less 2 per cent discount, time of payment.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Bids were as follows:

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated, the Mayor approved contracts with commercial houses, contractors, etc., for furnishing labor and supplies. Communications from heads of the departments interested were as follows:

HOSPITAL DEPARTMENT.

Boston, December 18, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

We are now renting rooms for three female doctors, members of the Boston City Hospital staff, because of a shortage of proper quarters. The unit cost of these rooms at present rates is \$9 a week.

The number may be increased as female doctors are added to the staff during 1954. I respectfully request your approval of this continued policy of the rental of rooms at the Franklin Square House for that period between January 1 and December 31, 1954, at a total cost of approximately \$2,000.

Very truly yours,

JAMES W. MANARY, M.D.,
Superintendent.

INSTITUTIONS DEPARTMENT.

Boston, January 5, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your authorization to dispense with a public solicitation of proposals in the *City Record* and to award a contract to the Eastern Massachusetts Street Railway Company, a Massachusetts corporation with offices at 165 Devonshire street, Boston, Mass., providing for the furnishing of daily bus service from the rapid transit station at Fields Corner to Long Island Hospital, Boston Harbor, Mass., commencing with January 1, 1954, and ending with the last day of the month in which the annual municipal budget of the City of Boston for 1954 becomes effective but in no event later than March 31, 1954, at a cost not in excess of \$12,000. The proposed contract will contain a provision extending to the city an option to renew the contract upon the same terms and conditions and at the same rates to cover the remainder of 1954, terminating on December 31, 1954, if funds are available therefor.

The aforementioned firm has carried on this bus service since its inauguration in the summer of 1951, and has conducted its operations in an efficient and satisfactory manner.

On all the facts, and as this company has the franchise over the route and since it is willing to continue the service under the existing terms and conditions, including the present rates, it is my opinion

that nothing would be gained by publicly advertising for bids for performance of the subject bus service.

Respectfully yours,

JOHN R. MCGILLIVRAY,
Commissioner.

Boston, January 8, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In order to provide for the proper treatment and care of the chronically sick patients of Boston under ideal surroundings it has been decided, after long and careful study, advantageous to erect a 500-bed hospital at Long Island. The addition of these beds to the hospital facilities of Boston will release beds at the Boston City Hospital which are needed for the care of those who are acutely ill.

The plans for the new building should be drawn by an architect who is not only outstanding in his profession but who has also had broad experience in hospital construction. I have selected, subject to your approval, an architect who meets both of these requirements, John M. Gray, 175 High street, Boston.

Mr. Gray has rendered outstanding architectural services for the Trustees of the Boston City Hospital and also for the Institutions Department at Long Island Hospital. He was the architect of the Massachusetts Cancer Hospital at Westfield. He also served as a member of the commission on a planning survey made for the Massachusetts Department of Mental Health. He was the architect for additions to the Peabody Hospital and for the Salem Hospital.

In view of the professional nature of the work and of Mr. Gray's outstanding ability in this particular field, I feel that no public purpose would be served in publicly advertising for bids for the architectural services involved.

I respectfully request your approval for the awarding of a contract to John M. Gray for his services in drafting the plans for and overseeing the construction of the building of a 500-bed hospital at Long Island without publicly advertising for bids.

The cost of the new building will not exceed \$5,000,000, and Mr. Gray will be paid a fee at the rate of 6.5 per cent of the total cost.

Respectfully yours,

JOHN R. MCGILLIVRAY,
Commissioner.

LAW DEPARTMENT.

Boston, December 31, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

There are presently pending before the Appellate Tax Board appeals by the John Hancock Mutual Life Insurance Company from the refusal of the Assessors of Boston to grant abatements on account of the 1950, 1951, 1952, and 1953 real estate taxes assessed to that company upon the land and buildings at 197 Clarendon street, Boston. If the assessors' case is to be adequately presented to the Appellate Tax Board at the trial of those appeals, expert advice as to the reproduction cost new less depreciation of the buildings in question must be obtained. Because of the highly professional nature of such advice,

inviting bids therefor by advertisement in the *City Record* would be wholly impracticable. Diligent search for a suitable expert has disclosed Hayden, Harding & Buchanan to be an engineering firm eminently qualified and available to give such advice. Accordingly, authority is hereby respectfully requested to dispense with advertising in awarding a contract to Hayden, Harding & Buchanan, a partnership with offices at 810 Park Square Building, Boston, for making, at a cost to the city of \$42,000, a study and report as to such reproduction cost new less depreciation, and for providing, if so requested by the city, expert witnesses to testify as to such reproduction cost new less depreciation at the trial of such appeals at a cost to the city of \$3,000.

Respectfully,

WILLIAM L. BAXTER,
Corporation Counsel.

LIBRARY DEPARTMENT.

Boston, January 4, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Trustees respectfully request that you approve the signing of a lease, without public advertising, with the Woodside Realty Corporation for the rental of the premises located at 18 Barnes avenue, East Boston. These premises have served as quarters for the Orient Heights Branch Library since 1929. The lease will be for the period January 1, 1954, through December 31, 1954, and the rental will be \$4,000, plus "additional rent" of \$278. It is not possible to obtain competitive bidding by public advertising for this purpose.

For the purpose of this lease the "additional rent" referred to is defined as that sum of money by which the real estate taxes on the premises assessed for the year 1954 exceeds the 1949 real estate tax. It is further agreed that until such time as the real estate tax rate for the year 1954 is finally determined, the sum of \$278 shall represent the "additional rent." Further, if the 1954 real estate tax as finally determined should be less than the 1949 real estate tax, no "additional rent" shall be payable, and the lessor covenants and agrees to pay the lessee the difference.

Inasmuch as the total rental will exceed \$1,000, your permission to enter into this lease without publicly advertising for bids is hereby requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by MILTON E. LORD,
Director, and Librarian.

Boston, January 4, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Trustees respectfully request that you approve the signing of a lease, without public advertising, with Toffe G. Kando for the rental of the premises located at 275 Washington street, Dorchester. These premises have served as quarters for the Mt. Bowdoin Branch Library since 1929. The lease will be for the period January 1 1954, through December 31, 1954, and the rental will be in the sum of \$3,000. It is not possible to obtain competitive bidding by

public advertising for this purpose. The Trustees have therefore

"Voted, to renew the lease with Toffe G. Kando of the premises located at 275 Washington street, Dorchester, for the period January 1, 1954, through December 31, 1954, subject to the terms, agreements, conditions, and covenants set forth in said instrument of lease; and

"Voted, that Milton E. Lord, Director, and Librarian of the Public Library of the City of Boston, be, and he hereby is, authorized and directed in the name of the Trustees of the Public Library of the City of Boston to execute said instrument of lease in quadruplicate."

Inasmuch as the total rental will exceed \$1,000, your permission to enter into this lease without publicly advertising for bids is hereby requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by MILTON E. LORD,
Director, and Librarian.

BOSTON, January 4, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Trustees respectfully request that you approve the signing of a lease, without public advertising, with David S. Green, Sarah Kaplan, Abraham Kaplan, A. Murray Ginsberg, Raymond Ginsberg, Irene Lebowich, and Florence Sonnabend for the rental of the premises located at 161 Harvard avenue, Allston. These premises have served as quarters for the Allston Branch Library since 1939. The lease will be for the period January 1, 1954, through December 31, 1954, and the rental will be in the sum of \$3,800. It is not possible to obtain competitive bidding by public advertising for this purpose.

Inasmuch as the total rental will exceed \$1,000, your permission to enter into this lease without publicly advertising for bids is hereby requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by MILTON E. LORD,
Director, and Librarian.

OVERSEERS OF PUBLIC WELFARE.

BOSTON, December 31, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

The Overseers of Public Welfare respectfully request permission to award a contract to Brink's Inc., of Boston, for the delivery and collection of monies as required by the various units of the Public Welfare Department.

Brink's Inc., is a very reliable company and the only one available for the purposes desired. Therefore, it is requested that this contract be awarded without advertising. The amount of this contract will not exceed \$1,200 a year.

This contract shall become operative January 1, 1954, and shall continue up to and including December 31, 1954.

Very truly yours,

WILLIAM G. O'HARE,
Secretary.

BOSTON, January 7, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

On order: posting machine to be installed in February, \$25 a month; punch to be installed in June, \$55 a month.

Total monthly rate of machines in use as of January 1, 1954, \$1,842.50.

You will note that replacements are on order for certain machines as listed; also on order are two additional machines, as listed. The date of delivery of the replacements and the new machines cannot be stated definitely, at this time, but the tentative delivery dates as set forth are the dates upon which the I. B. M. Corporation proposes to make delivery.

The total cost for the year 1954, including the replacements and new machines, is estimated not to be in excess of \$24,415.

This equipment can only be obtained from the International Business Machines Corporation. No advantage would be gained by a public advertisement for bids.

Very truly yours,

WILLIAM G. O'HARE,
Secretary.

PURCHASING DIVISION.

BOSTON, January 11, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 31, 1953, your Honor authorized the awarding of a contract to Commonwealth Chevrolet Company for furnishing two automotive vehicles, namely, a 1953-54 station wagon, Ford Country Model, for Long Island Hospital, Institutions Department, at a cost of \$1,600, and a 1953-54 $\frac{1}{2}$ -ton pickup truck for the Park Department, at a cost of \$1,010, making a total amount of \$2,610, less 2 per cent discount, time of payment.

Subsequent to this date the Purchasing Division was informed that no funds were available for the 1953-54 station wagon, Ford Country Model, for the Institutions Department.

Your permission is therefore requested to amend my original letter dated December 29, 1953, by canceling Item 4 and awarding Item 5 only to Commonwealth Chevrolet Company in the total amount of \$1,010, less 2 per cent discount, time of payment, after deducting \$350, trade-in allowance on a used vehicle.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

SUPPLY DEPARTMENT.

BOSTON, December 29, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On October 9, 1953, your Honor granted me permission to reduce the amounts of the awards on bulk rock salt due to the fact that there were not sufficient funds in the budget of the Public Works Department to cover payment of the original quantities.

Sufficient money has now been made available to procure additional quantities of rock salt. Authority is therefore requested to award a contract to Eastern Salt Company and a contract to the Chemical Corporation for 1,500 tons of rock salt at \$13.80 a ton, the original price submitted by both companies at the time of the publicly opened bid of August 26, 1953. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amounts of contracts will be as follows:

Eastern Salt Company, \$20,700, net;
Chemical Corporation, \$20,700, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

SHERIFF'S OFFICE.

January 2, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In providing for the feeding of inmates of this institution, it is our practice to purchase all staple foods through the Supply Department. In the case of perishable foods like meat, fish, fresh vegetables, and potatoes, we have found it advantageous, due to constant daily changes in population, to order these perishable food supplies direct by telephone from wholesale concerns three or four times weekly.

From checks we have made with the Supply Department from time to time, we are certain that the prices for grade "A" meats and vegetables charged by these firms are comparable to prices secured by the Supply Department. I believe our procedure with regard to perishable foodstuffs saves money for the county, since the daily count of the jail determines the amount of food ordered, and we have direct control with the concerns relative to quality and quantity and quick delivery.

The wholesale firms we buy from are Charles Govoni & Son, Inc., 10 Faneuil Hall Market, Boston; D. J. Halloran & Sons, Inc., 28 B & M Produce Market, Boston.

As our purchases during the course of the year will exceed \$1,000, I respectfully request that authority be granted to me to dispense with public advertising insofar as the particular commodities are concerned, and that I be authorized to approve whatever contracts or agreements may be required under existing statutes with the two firms named above.

Respectfully yours,

FREDERICK R. SULLIVAN,
Sheriff.

MUNICIPAL COURT, ROXBURY DISTRICT.

BOSTON, January 2, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

We respectfully request your authorization to enter into a written contract with Patrick Fitzgerald, doing business as Fitz Taxi, at 554 Talbot avenue, Dorchester, without public advertising, providing for the transportation of prisoners to certain designated institutions, as may be requested by and in accordance with the instruction of the court, during the calendar year 1954.

The contractor will be paid for such services as may be ordered and rendered in accordance with a set schedule of rates and as provided in the proposed contract. The total amount of contingent expenditures during 1954 is not to exceed \$6,500, with the amount of same in the first three months being limited by applicable statute.

The above-named individual, whose rates are both fair and reasonable, has been engaged in the business of transportation for a considerable number of years and has an established reputation for dependability, efficiency, and for the rendering of satisfactory service. In consideration of the foregoing, we are of the opinion that nothing would be gained by public advertising by bids for the subject services.

Yours truly,

THOMAS J. SPRING,
Justice,
CHARLES I. TAYLOR,
Justice.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract dated September 22, 1952, with Martin J. Kelly Company, Inc., 75 Stedman street, Jamaica Plain, for construction of concrete deck, etc., on Broadway Bridge, over Fort Point Channel, to April 15, 1954. This extension was requested because the contractor requested addi-

tional time to complete the painting and minor steel repairs under the deck of the bridge. This has no bearing on the use of the roadway.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of June 26, 1953, determining damages caused by the making of a public improvement consisting of the laying out of Mt. Vernon street, Dorchester, be, and the same hereby is, amended, by striking from said order the amount \$1 awarded to S. J. Tomasello Corporation in said order and inserting in place thereof the amount \$5,000; that the amount \$5,000 be, and the same hereby is, awarded to S. J. Tomasello Corporation for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of November 21, 1952, determining damages caused by the making of the public improvement consisting of the laying out of Garth road, West Roxbury, be, and the same hereby is, amended, by striking from said order the amount \$1 awarded to Harold G. and Kathryn Maddock in said order and inserting in place thereof the amount \$150; that the amount \$150 be, and the same hereby is, awarded to Harold G. and Kathryn Maddock for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of November 26, 1952, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Hackensack Circle, West Roxbury, be, and the same hereby is, amended, by adding to said order the amount \$200 as an award to Alvin and Frances Fredberg; that the amount \$200 be, and the same hereby is, awarded to Alvin and Frances Fredberg for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of September 19, 1952, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Gould street, West Roxbury, be, and the same hereby is, amended, by adding to said order the amount \$250 as an award to Harry G. and Anna L. Soper; that the amount \$250 be, and the same hereby is, awarded to Harry G. and Anna L. Soper for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of November 21, 1952, determining damages caused by the making of the public improvement consisting of the laying out of Garth road, West Roxbury, be, and the same hereby is, amended, by striking from said order the amount \$1 awarded to Francis E. and Dorothea M. Conway in said order and inserting in place thereof the amount \$150; that the amount \$150 be, and the same hereby is, awarded to Francis E. and Dorothea M. Conway for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of August 4, 1952, determining that no person sustains damages in his estate by the making of the public improvement consisting

of the laying out of Latin road, West Roxbury, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words: "that no person sustains in his estate," and by striking out in the last line of said order the word: "no." Said order is further amended by adding thereto: "Patrick J. and Elizabeth H. Murphy, \$235"; and the amount \$235 be, and the same hereby is, awarded to Patrick J. and Elizabeth H. Murphy for the damages sustained by the making of the said improvement.

Voted, That the order of the Street Commissioners and Mayor of November 21, 1952, determining damages caused by the making of the public improvement consisting of the laying out of Garth road, West Roxbury, be, and the same hereby is, amended, by striking from said order the amount \$1 awarded to Russell and Anne Root in said order and inserting in place thereof the amount \$75; that the amount \$75 be, and the same hereby is, awarded to Russell and Anne Root for the damages so sustained.

STREET DISCONTINUANCE.

The Mayor has approved the order of the Board of Street Commissioners for a public improvement consisting of the discontinuance of Bridge street, Hyde Park district, as a highway, between Dana avenue and the westerly line of the Midland Division, New York, New Haven & Hartford Railroad, and between the easterly line of said Midland Division and Truman Highway, bounded and described as follows:

The highway named Bridge street is hereby discontinued, between Dana avenue and the westerly line of the Midland Division, New York, New Haven & Hartford Railroad, and between the easterly line of said Midland Division and Truman Highway.

Part between Dana avenue and westerly line of the Midland Division, New York, New Haven & Hartford Railroad:

Southeasterly by location of New York, New Haven & Hartford Railroad, 43.53 feet; southwesterly by the southwesterly line of Bridge street as it existed prior to this order, by two measurements, 124 feet and 191.55 feet; northwesterly by the northwesterly line of Bridge street as it existed prior to this order, 22.50 feet; northeasterly by the northeasterly line of Bridge street as it existed prior to this order, 297.58 feet, containing 10,578 square feet, more or less.

Part between the easterly line of said Midland Division and Truman Highway:

Northwesterly by location of New York, New Haven & Hartford Railroad, 43.53 feet; northeasterly by the northeasterly line of Bridge street as it existed prior to this order, 114.94 feet; southeasterly by Truman Highway, 40.32 feet; and southwesterly by the southwesterly line of Bridge street as it existed prior to this order, 102.82 feet, containing 4,355 square feet, more or less.

Said discontinuance to be subject, however, to all rights of the City of Boston to lay, maintain, repair and renew sewerage and water works and their adjuncts and all rights of public utility companies for their structures existing therein at the date of this order.

PROCEEDINGS OF CITY COUNCIL.

SPECIAL MEETING.

Thursday, December 31, 1953.

Special meeting of the City Council, held in the Council Chamber, City Hall, at 11 A.M., President AHEARN in the chair, and all the members present.

The meeting was opened with the salute to the flag.

The meeting was held pursuant to the following call:

City of Boston,
Office of the Mayor, December 29, 1953.
To the Members of the City Council.
Gentlemen:

You are hereby requested to assemble in the City Council Chamber on Thursday, December 31, 1953, at 11 o'clock A.M., for the purpose of taking action in whole or in part on the ordinance now pending before your Honorable Body for "Reorganizing Certain Boards and Departments of the City."

If your Body is not prepared to give approval to the entire ordinance as submitted on November 30, 1953, I suggest and recommend that at least that part of the ordinance establishing the Administrative Services Department be adopted. The adoption of this part of the ordinance will enable one of the important features of this plan to go into effect and will provide this department with the necessary authority to begin its work at the start of the beginning fiscal year.

Respectfully,

J. B. HYNES, Mayor.

Placed on file.

REPORT OF COMMITTEE ON ORDINANCES.

COUN. HURLEY, for the Committee on Ordinances, submitted the following:

The Committee on Ordinances, to whom was referred November 30, 1953, the message of the Mayor and ordinance "Reorganizing Certain Boards and Departments of the City," having duly considered the same, respectfully reports the message and ordinance to the City Council, without prejudice, and recommends that the message and ordinance be referred to the Executive Committee.

For the Committee,
WILLIAM F. HURLEY, Chairman.

The report of the committee was accepted.

COUN. HURLEY moved that the message of the Mayor and ordinance be referred to the Executive Committee, and that the Executive Committee hold its meeting in the Council Chamber. The motion was passed.

On motion of Councillor Foley, the Council voted that the services of the official stenographer be retained to report the proceedings before the Executive Committee.

RECESS.

On motion of Councillor Hurley the Council voted at 10:49 A.M. to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order at 6:31 P.M. by President AHEARN.

REPORT OF EXECUTIVE COMMITTEE.

COUN. WHITE, for the Executive Committee, submitted the following:

The Executive Committee, to whom was referred today the message of the Mayor and ordinance "Reorganizing Certain Boards and Departments of the City," having duly considered the same, respectfully recommends the passage of the ordinance in the accompanying new draft and the rejection, without prejudice, of the ordinance as submitted by the Mayor.

For the Committee,
JOSEPH C. WHITE, Chairman.

AN ORDINANCE.

CREATING IN THE CITY OF BOSTON THE ADMINISTRATIVE SERVICES DEPARTMENT AND CONSOLIDATING THEREIN CERTAIN EXISTING DEPARTMENTS OF SAID CITY.

Be it ordained by the City Council of Boston, as follows:

SECTION 1. Section 4 of chapter 1 of the Revised Ordinances of 1947 is hereby amended by striking out clause Ninth and inserting in place thereof the following clause:

Ninth. The word "officer" shall include officers and boards in charge of departments and the members of such boards; and the word "subordinate" shall include all assistants, deputies, and employees appointed by an officer.

SECTION 2. Section 1 of chapter 2 of the Revised Ordinances of 1947, as amended by section 1 of chapter 3 of the Ordinances of 1953, is hereby further amended by striking out the words "the

budget commissioner;" in line 28, the words "the superintendent of printing;" in line 32, the words "the superintendent of supplies;" in line 34, and the words "one art commissioner;" in line 43.

SECTION 3. The first paragraph of section 5 of chapter 3 of the Revised Ordinances of 1947, as most recently amended by section 2 of chapter 3 of the Ordinances of 1953, is hereby further amended by striking out clauses (1), (2) and (3), and inserting in place thereof the following clauses:—

(1) The director of administrative services, fifteen thousand dollars; the supervisor of personnel, ninety-five hundred dollars; and the purchasing agent, ninety-five hundred dollars.

(2) The chairman of the board of assessors, ten thousand five hundred dollars; and the other four members of said board, eighty-five hundred dollars each.

(3) The city auditor, twelve thousand dollars.

SECTION 4. Said first paragraph of said section 5, as amended as aforesaid, is hereby further amended by striking out clauses (16) and (23).

SECTION 5. Chapter 3 of the Revised Ordinances of 1947 is hereby further amended by striking out section 12 and inserting in place thereof the following section:—

Section 12. Every officer in charge of a department shall to the best of his ability cause all statutes, ordinances, regulations, and orders relating to the duties of his department to be observed and enforced, and subject to the civil service laws and rules, when applicable, shall employ, fix the compensation of, and may discharge for such cause as he shall deem sufficient and cause to be recorded in the records of his department, all subordinates in his department; provided, however, that none but citizens shall be employed in any capacity; and provided, further, that no emergency, provisional, temporary, intermittent, permanent or other appointment, transfer or promotion nor any reinstatement except upon the expiration of a suspension or a valid leave of absence, nor any increase in the compensation, nor any change in the title or rating, of any subordinate shall take effect until approved in writing by the director of administrative services except in cases where the mayor by a writing orders otherwise. The director of administrative services shall file each day with the mayor a copy of all approvals given by him on the preceding day under this section.

SECTION 6. Said chapter 3 is hereby further amended by striking out section 14 and inserting in place thereof the following section:—

Section 14. If the officer in charge of any department shall at any time have the care, custody and management of any personal property belonging to the city which is not required for the purposes of such department, he shall by a writing executed in triplicate, one copy of which shall be retained by him, one copy filed with the city auditor and one copy delivered to the purchasing agent, transfer the care, custody and management of such personal property to the purchasing agent, who, if such personal property is required for the purposes of another department, shall by a writing executed in like manner transfer the care, custody and management thereof to the officer in charge of such department and, if such personal property is not so required and he estimates the value thereof not to exceed five hundred dollars, may, with the written approval of the mayor, lease, sell or otherwise dispose of the same at such time, for such price and in such manner as he shall judge most advantageous to the city.

SECTION 7. Said chapter 3 is hereby further amended by striking out section 16, as amended by section 1 of chapter 3 of the Ordinances of 1952, and inserting in place thereof the following section:—

Section 16. The board in charge of the library department may, and the officer in charge of every other department shall, when material or supplies of any kind, including printing and binding, are required, obtain the same from the purchasing agent by requisition in writing on forms furnished by said agent, who shall cause to be included in the annual report of the administrative services board a statement of the cost of all printing, binding and other material and supplies furnished each department.

SECTION 8. Said chapter 3 is hereby further amended by striking out section 22 and inserting in place thereof the following section:

Section 22. Any officer may, with the approval of the mayor, by a writing deposited with the city auditor, or in the case of the city auditor with the city treasurer, designate a subordinate, who shall, for such time, not exceeding four weeks from the date of such designation, as shall be specified in the writing, be authorized to perform the duties required of such officer, and for the acts of such subordinate such officer shall be responsible.

SECTION 9. The Revised Ordinances of 1947 are hereby amended by inserting after chapter 3 the following new chapter:

CHAPTER 3A

Administrative Services Department.

SECTION 1. There shall be in the city a department, known as the Administrative Services Department, which shall be under the charge of a board, known as the Administrative Services Board, consisting of an officer, known as the Director of Administrative Services, who shall be chair-

man of the board, an officer known as the Supervisor of Personnel, an officer known as the Purchasing Agent, and the city auditor, and the city treasurer, ex officio. The director of administrative services, the supervisor of personnel, and the purchasing agent shall be appointed by the mayor for a term expiring on the first Monday of the January following the next biennial municipal election at which a mayor is elected, and shall devote their whole time to the duties of their respective offices. The director of administrative services shall exclusively have the powers, and perform the duties, of a department head with respect to the appointment, suspension, discharge, compensation and indemnification of subordinates for the administrative services department and the several officers thereof.

SECTION 2. It shall be the duty of the administrative services board, and more especially of the director of administrative services, to make, under the mayor, studies and recommendations with respect to the organization, activities, policies and procedures of all departments, boards and officers so that the administration thereof shall be economical and efficient. The administrative services board shall divide the administrative services department from time to time into such divisions, as said board shall adjudge necessary for the proper conduct of the department. The director of administrative services shall, from time to time as written studies and recommendations are made by him or by the administrative services board, and at such times as the city council may order, file a copy thereof with the city clerk for transmission to the city council, and shall cause to be included in the annual report of said board, summaries of all such studies and recommendations.

SECTION 3. The director of administrative services shall, under the direction of the mayor, prepare in segregated form the annual and all supplementary budgets to be submitted by the mayor to the city council, and shall report to the mayor on all subsequent revisions of the items in any budget. The director of administrative services shall also prepare under the direction of the mayor all transfer orders to be submitted by the mayor to the city council under section 3B of chapter 486 of the acts of 1909. The director of administrative services shall further prepare under the direction of the mayor the form of estimate sheets to be used by each officer, board and department, and each division of a department, for which the city appropriates money, and the form of monthly report of such officer, board and department, and each division thereof, showing expenditures to date of all appropriations by item. The director of administrative services shall, in addition, have the powers and perform the duties conferred or imposed on the budget commissioner by any statute other than section 56 of chapter 35 of the General Laws.

SECTION 4. The supervisor of personnel shall (a) establish and maintain personnel records, as complete as practicable, for all persons in the service of the city; (b) make a continuing study of personnel problems, employment conditions and economic changes affecting the several departments of the city; (c) recommend, from time to time to the mayor and the several officers appointing subordinates, programs designed to provide opportunities for career service with the city and administrative policies tending to improve and coordinate the handling of personnel matters; (d) supervise the administration of all compensation plans established for employees of the city and recommend such changes in those plans as from time to time shall seem to him necessary or advisable; and (e) have the powers and perform the duties conferred or imposed on the budget commissioner by section 56 of chapter 35 of the General Laws. The supervisor of personnel shall furnish the director of administrative services such assistance as said director shall require in connection with the performance by said director of his duties under section three of this chapter.

SECTION 5. The purchasing agent shall, when satisfied of the legality of any requisition in writing signed by the officer in charge of a department requiring material or supplies of any kind, at once comply with such requisition and furnish the material or supplies requisitioned, shall require suitable evidence that the material or supplies furnished are accepted by the officer issuing the requisition, and shall keep suitable records of all requisitions received and materials and supplies furnished.

SECTION 6. The purchasing agent shall have charge of the printing plant, shall, when satisfied of the legality of any requisition in writing signed by any officer to whom the city is required by law to furnish printing or binding, supply the printing or binding requisitioned, and shall, wherever practicable, standardize all such printing and binding. All printed matter done for the city shall, so far as it can legally do so, bear the imprint of the union label of the Allied Printing Trades Council of Boston.

SECTION 7. The purchasing agent shall number and print as city documents copies of the mayor's inaugural or annual address, the department reports and such other matter as may be ordered to be printed in the form of a city document by the city council or by the mayor. The number of copies of each document to be printed shall, unless specified by the city council, be determined by the mayor; provided, however, that the minimum shall be two hundred, of which number one hundred copies shall be bound in sets of volumes containing all such city documents with an alphabetical index. All city documents and sets of volumes shall be

delivered to the city messenger and distributed in such manner as the city council may direct. Special publications shall, from time to time, be printed on order of the city council approved by the mayor, to which the provisions of this section except as to distribution, shall not apply.

Section 8. There shall be in the administrative services department a board, known as the Art Commission, consisting of five commissioners appointed by the mayor as follows:—one from three candidates nominated by The Boston Society of Architects, one from three candidates nominated by the Copley Society of Boston, one from three candidates nominated by the Massachusetts Institute of Technology, one from three candidates nominated by the Museum of Fine Arts, and one from three candidates nominated by the Trustees of the Public Library of the City of Boston. The members of the board of art commissioners in office immediately prior to the taking effect of this ordinance and hereinafter called the expiring board shall, without further nomination or appointment, become the initial commissioners of the art commission created by this ordinance and shall serve in the case of the member appointed upon nomination of The Boston Society of Architects, for a term expiring May 1, 1955, in the case of the member appointed upon nomination of the Massachusetts Institute of Technology, for a term expiring May 1, 1954, in the case of the member appointed upon nomination of the Museum of Fine Arts, for a term expiring May 1, 1958, in the case of the member appointed upon nomination of the Trustees of the Public Library of the City of Boston, for a term expiring May 1, 1956, and in the case of the member appointed upon nomination of the Boston Art Club, for a term expiring upon the qualification of the commissioner first appointed upon nomination of the Copley Society of Boston, who shall serve for a term expiring May 1, 1957. As the term of any initial commissioner other than the member of the expiring board appointed upon nomination of the Boston Art Club, or of any subsequent commissioner, expires, his successor shall be appointed in like manner as such commissioner for a term of five years. Vacancies in the commission shall be filled in the same manner for the unexpired term. The members of the art commission shall serve without compensation. Any secretary elected by the commission outside of its own membership shall also serve without compensation.

The art commission shall not be subject to the supervision or control of the administrative services board or any member thereof; but unless otherwise ordered by the mayor, the art commission shall not communicate with the mayor except through the director of administrative services and shall not make any annual or other report except through the administrative services board.

The art commission shall have the powers and perform the duties conferred or imposed by law on the board of art commissioners in existence immediately prior to the taking effect of this ordinance.

Section 10. Chapter 4 of the Revised Ordinances of 1947 is hereby repealed; and the art department, including the board of art commissioners, is hereby abolished; and the powers, duties and appropriations of said department are hereby transferred to the art commission created in the administrative services department by section 9 of this ordinance.

Section 11. Chapter 6 of the Revised Ordinances of 1947 is hereby amended by striking out section 6 and inserting in place thereof the following section:

Section 6. The auditor, at the close of each month, shall charge as an expenditure of a department the transaction, act, or neglect of which caused a claim or suit, the amount paid in settlement, or on execution, therefor, unless provision is made for such payment out of some other appropriation; shall charge the amount of every bill allowed by him for printing or binding furnished any department by the purchasing agent during such month, except city documents, to the appropriation for the department to which the same was furnished, and shall credit such amount to the general revenue of the city; and shall charge to the appropriation for each division of the public works department, or to the appropriation for any special work, the amount of all bills for materials, tools or machinery furnished for such division, or for such work, by other divisions of said department, and shall credit such amount to the general revenue of the city, unless such materials, tools or machinery have been furnished by the water service, in which case the amount charged shall be credited to the water income.

Section 12. Chapter 8 of the Revised Ordinances of 1947 is hereby repealed; and the budget department, including the office of budget commissioner, is hereby abolished; and the powers and duties conferred or imposed on the budget commissioner by section 56 of chapter 35 of the General Laws and the appropriations relating to such powers and duties, are hereby transferred to the supervisor of personnel created by section 9 of this ordinance; and all other powers, duties and appropriations of said budget department are hereby transferred to the director of administrative services created by said section 9.

Section 13. Chapter 24 of the Revised Ordinances of 1947, as amended by sections 2, 3 and 4 of chapter 3 of the Ordinances of 1952, is hereby repealed; and the printing department, including the office of superintendent of printing, is hereby abolished; and the powers, duties and appro-

priations of said superintendent with respect to the appointment, suspension, discharge, compensation and indemnification of subordinates are hereby transferred to the director of administrative services created by section 9 of this ordinance; and all other powers, duties and appropriations of the printing department are hereby transferred to the purchasing agent created by said section 9.

Section 14. Chapter 34 of the Revised Ordinances of 1947, as amended by sections 6 and 7 of chapter 3 of the Ordinances of 1952, is hereby repealed; and the supply department, including the office of superintendent of supplies, is hereby abolished; and the powers, duties and appropriations of the superintendent of supplies with respect to the appointment, suspension, discharge, compensation and indemnification of subordinates are hereby transferred to the director of administrative services created by section 9 of this ordinance; and all other powers, duties and appropriations of said department are hereby transferred to the purchasing agent created by said section 9.

Section 15. Every person holding an office or position subject to the civil service laws and rules shall, if the office or position is abolished by this ordinance, be reappointed without civil service examination or registration to a similar office or position with similar status in a department or agency created, or a department or agency not abolished, by this ordinance; and every such person shall, upon such reappointment, retain all rights to retirement with pension that shall have accrued or would thereafter accrue to him; and his services shall be deemed to have been continuous to the same extent as if such abolition had not taken place. As used in this section, the term "agency" shall be construed as defined in section 5 of chapter 486 of the acts of 1909, as amended by section 1 of chapter 473 of the acts of 1953.

Section 16. This ordinance shall be deemed to be made under section 5 of chapter 486 of the Acts of 1909, as amended by section 1 of chapter 473 of the acts of 1953, and shall be so construed that no person holding, whether under general or special law or otherwise, an office or position subject to the civil service laws and rules shall, by reason of the adoption of this ordinance, be without a similar office or position or be reduced in rank or, except as provided in section 3 of this ordinance, be reduced in compensation.

Section 17. Anything in section 3 of chapter 1 of the Revised Ordinances of 1947 to the contrary notwithstanding, this ordinance shall be published by the action of the city council in passing the same.

Section 18. This ordinance shall take effect on January 1, 1954.

The report of the committee was accepted.

Coun. JOYCE moved that the ordinance as submitted by the Mayor and the ordinance as submitted by the committee be laid on the table. The motion was lost.

The question came on the passage of the ordinance as submitted by the Executive Committee, and the ordinance, as submitted by the Executive Committee was passed, yeas 6, nays 3:

Yeas—Councillors Ahearn, Foley, Hailer, Kerrigan, Cantwell, White—6.

Nays—Councillors Hurley, Joyce, Piemonte—3.

The question then came on the rejection, without prejudice, of the ordinance as submitted by the Mayor, and the ordinance, as submitted by the Mayor, was rejected, yeas 8, nays 1:

Yeas—Councillors Ahearn, Foley, Hurley, Joyce, Kerrigan, Piemonte, Cantwell, White—8.

Nays—Councillor Hailer.

The purpose for which the meeting was called having been accomplished, President AHEARN declared the meeting adjourned at 7.12 p.m.

Saturday, January 2, 1954.

Final meeting of the City Council held in the Council Chamber, City Hall, at 11 A.M., President AHEARN in the chair and all the members present.

The meeting was opened with the salute to the Flag.

VETO OF ORDER FOR PAYMENT OF ANNUITY TO MARY I. BARRETT.

The following was received:

City of Boston,
Office of the Mayor, December 31, 1953.
To the City Council.

Gentlemen:

I am returning herewith, disapproved, the order passed by your Honorable Body on December 21, 1953, granting under section 89A of chapter 32 of the General Laws an annuity for the widow of the late Frederick J. Barrett.

Before an annuity can be granted under the statute cited, it must, by the express terms of the statute, be proven to the satisfaction of the Mayor and City Council that the death of the deceased was the natural and proximate result of an accident occurring, or of undergoing a hazard peculiar to his employment, while he was neting in the performance and

within the scope of his duty. My objection to the order returned herewith is that, in Mr. Barrett's case, this fact has not yet been proven to my satisfaction. The Medical Board, in reaching the conclusion it did, appears to have relied on the so-called "heart law" (G. L. [Ter. Ed.] c. 32, s. 94, as amended), but, as appears from the papers attached to the petition, the Corporation Counsel advised the Medical Board that that Board should consider this case as if it had arisen prior to the heart law because neither hypertension nor heart disease caused the death. The Medical Board's report refers to an affidavit of Dr. Laurence W. McGrath; but that affidavit is essentially the same, in substance, as Dr. McGrath's letter of June 13, 1953, to which the Corporation Counsel makes reference. There is nothing in the autopsy report mentioned in the Medical Board's decision to negate the cause of death as stated in the death certificate, which mentions neither hypertension nor heart disease. It may be, as the autopsy report indicates, that a hypertensive arteriosclerotic heart disease was present; but that does not establish that the death was the natural and proximate result of that condition.

My recommendation is that the case be recommended to the Medical Board to consider anew after further consultation with the Corporation Counsel.

Respectfully,

J. B. HYNES, Mayor.

The message and order were referred to the Committee on Claims.

ADDITIONAL STAFF MEMBERS FOR PLANNING BOARD.

The following was received:

City of Boston,
Office of the Mayor, December 28, 1953.
To the City Council.

Gentlemen:

I transmit herewith communication from the City Planning Board in reference to a recent order adopted by your Honorable Body relative to additional staff members for the Planning Board.

Respectfully,

J. B. HYNES, Mayor.

City Planning Board,

December 23, 1953.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

In answer to your request for report and consideration on City Council order concerning resolution that the staff and budget of the Planning Department be increased substantially, I am writing as follows:

The City Planning Board, in deference to your Honor's wishes, has presented a budget for 1954 which it considers a bare minimum to carry out its assignments. An increase of \$16,000 in the regular budget over that appropriated last year and an increase of \$35,000 in the Special Appropriation for the Rezoning Study, have been requested. Actually, in this last item we are requesting an increase of only \$16,000 over what was spent last year since practically all of the 1952 appropriation was available. The increases asked are moderate when the work program is considered.

The major project will be acceleration of the Rezoning Study, which, in fact, speeds up the whole planning schedule. It will involve meeting with neighborhood groups, not only concerning proposed land use and zone changes, but initiating neighborhood master plan studies, as well as over-all system studies (schools, recreation, fire, etc.).

Besides routine operations, special studies like the central area, central artery, capital improvement program, parking and circulation, and referrals must be carried forward at the same time.

Recognition by the City Council of the extent of the city's planning problems and its interest in obtaining a proper budget is appreciated.

Very truly yours,

THOMAS F. McDONOUGH, Chairman.

Placed on file.

FAREWELL BY COUNCILLOR JOYCE.

In a farewell address by Councillor Joyce he stated that he deemed it a privilege to have served with the members of the Council during the last two years and thanked the Council for the gift presented to him, and also thanked the Council attaches, the press, the City Clerk and his assistant, and all those associated with the Council for their cooperation. He wished the Mayor and the Council a happy tenure in office for the next two years.

Coun. HURLEY then made a statement expressing regret that Councillor Joyce would not be a member of the Council during the next two years and wishing him success in his business and private life, expressing a feeling of sadness that he was leaving the Council.

Coun. PIEMONTE stated that he had enjoyed the privilege of serving with Councillor Joyce in the Legislature as well as in the Council.

President AHEARN thanked Councillors Hurley and Piemonte for expressing the high regard and esteem which the City Council held for Councillor Joyce and that it had been a pleasure and privilege to have served with him, and for the entire membership he wished Councillor Joyce the best of luck and a happy and prosperous New Year.

STATEMENT BY COUNCILLOR CANTWELL.

Coun. CANTWELL thanked the councillors for their unanimous vote in electing him to fill the vacancy created by Councillor Ward's retirement from the Council.

Coun. HURLEY stated it had been a pleasure for the Council to have had Councillor Cantwell as a member during its last week as it had always been a pleasure to serve with him in times past in the City Council.

STATEMENT BY PRESIDENT AHEARN.

President AHEARN expressed gratitude for the cooperation which the individual members of the Council had given him and that it had been a great pleasure and privilege to preside over the Body and he thanked the councillors for the privilege they had given him.

Adjourned, sine die, at 12.33 P.M., on motion of Councillor Foley.

Monday, January 4, 1954.

The members-elect of the City Council assembled in the Council Chamber, City Hall, at 11 A.M., Senior Member-Elect HURLEY in the chair.

The Chair appointed Councillors-Elect McLaughlin and Hailer to escort his Honor the Mayor to the Chamber, and the City Messenger was requested to conduct them, and the committee appointed left the Chamber.

Chairman HURLEY, for the City Council of 1953, presented former President Ahearn with a gavel as a token of friendship, esteem, and high honor for his service as former President of the outgoing Council. Councillor-Elect Ahearn thanked the Council of 1953, through Chairman HURLEY, for the presentation of the gavel and also for their excellent cooperation extended to him during the past year as President.

The committee appointed to escort his Honor the Mayor presently returned, escorting his Honor the Mayor and his suite.

Chairman HURLEY—Ladies and gentlemen, I present the Mayor of Boston, the Honorable John B. Hynes. (Applause.)

Mayor HYNES—It now gives me pleasure to have the invocation given by Rev. Bernard J. McNulty, pastor of my parish, St. Gregory's Catholic Church in Dorchester.

Reverend BERNARD J. McNULTY—Almighty Father, inspiration of all that is good,

and glory of all that is beautiful, fashion our daily conduct by Thy eternal standards. Amid the confusing vicissitudes of our earthly sojourn, focus, we pray Thee, our belief on the eventual triumph of right, since no other incentive can impart to us the necessary enthusiasm, faith, and will power to carry on as Thou wouldst have us. Deliver us, we beseech Thee, from the seductive quicksands of termitic groups. Open our eyes and enlighten our intellects to see through the specious sham of false issues of those disloyal, destructive hordes from within or insidious, vicious hordes from without. Grant that we may never be guilty of even attempting to exclude anyone because of his race, his creed, or his complexion from those privileges guaranteed by the Constitution. O Lord, may we realize that by this course alone shall we reach the high destiny ordained for us as a nation by Thy eternal decrees.

Our Father, Who art in heaven, hallowed be Thy name. Thy kingdom come, Thy will be done on earth as it is in heaven. Give us this day our daily bread, and forgive us our trespasses, as we forgive those who trespass against us, and lead us not into temptation but deliver us from evil. Amen.

Mayor HYNES—The City Clerk will read the communication from the Election Commissioners certifying as to the new members elected to the City Council and will call the roll.

City Clerk MALLOY read the certificate of election of the members to the City Council as follows:

William J. Foley, Jr., 15 Thomas park (Ward 7).
Edward J. McCormack, Jr., 1830 Columbia road (Ward 7).

Francis X. Ahearn, 16 Gerald road (Ward 22).

John E. Kerrigan, 213 West Eighth street (Ward 7).

Edward F. McLaughlin, Jr., 3 Clifford street (Ward 18).

Joseph C. White, 12 Ruskin street (Ward 20).

Gabriel Francis Piemonte, 20 Prince street (Ward 3).

William F. Hurley, 76 Mt. Pleasant avenue (Ward 8).

Frederick C. Hailer, Jr., 4100 Washington street (Ward 19).

The City Clerk called the roll of members-elect, all of whom were present, and the Mayor then administered the oaths of office to the nine councillors-elect.

Mayor HYNES—The City Clerk will read the certificate of election of the members of the School Committee and will call the roll.

City Clerk MALLOY read the certificate of the election of members to the School Committee as follows:

Michael J. Ward, 51 Wallingford road (Ward 21).

Mary K. Fitzgerald, 7 Champney place (Ward 5).

William F. Carr, 390 K street (Ward 7).

Louis F. Musco, 111 Church street (Ward 20).

Joseph Lee, 43 South Russell street (Ward 3).

The City Clerk called the roll of the members-elect of the School Committee, all of whom were present, and the Mayor then administered the oaths of office to the five school committeemen-elect.

ANNUAL ADDRESS OF HON. JOHN B. HYNES, MAYOR OF BOSTON.

Mayor HYNES—Today marks the beginning of a new municipal year. I pray it will be a year of progress for our city government and one of peace and prosperity for our citizens.

It is no exaggeration to report that Boston, like many other large cities, is now going through a most challenging period. Neither is it exaggeration to state that Boston, because of its comparatively small area, and because of its narrow income base, has less weapons with which to meet that challenge than any of the larger cities of our country.

The job ahead is made more difficult by the fact that there is no immediate prospect of better implements to work with, and, for the reason, too, that Boston is an old city with many of the ills which come with age. We must, therefore, tackle the job with the tools at hand. We must strive not merely to do our best, but better than our best. In no other way can we meet the challenge and the responsibility which rests upon us.

The business and industrial activities of a city are its lifelines. Ours are being cut, almost daily. Over 30 per cent of the properties in our city are tax exempt. This percentage is growing, and public improvements such as the Central Artery will further increase this percentage. Applications for building permits for the year 1953 indicate clearly what is happening. For the 12-month period just passed, these applications represented approximately \$15,000,000 of new construction. Of this amount, \$9,000,000, or 60 per cent was for tax-exempt structures. It is hardly necessary to emphasize the truism that the less property there is to tax the higher must go the tax rate or the less service we can provide. The higher the tax rate, the more difficult it is to attract new business, indeed, the harder it becomes to hold our present business.

A situation such as this calls for forthright, even extraordinary remedies.

In the absence of substantial income, other than that from real estate, we must arrange, plan, and direct our municipal functions in such manner as to perform every essential activity of municipal

government at the lowest possible expense consistent with good service and efficiency. By following such a course we give encouragement to business within our city, and assurance to other business interests that our city government is attempting to discharge its responsibilities with more than passing regard for those who pay the lion's share of municipal costs. It would be a great tragedy, with depressing consequences to our city and our people, if business were to lose confidence in the municipal government. We must not let that happen.

It is unfortunate that reference to Boston's high tax rate carries with it an implication that our city is the most wasteful and extravagant of all the large cities in our country. This is an unjustified and unfair assumption.

As far as comparative tax rates are concerned, our position would be vastly improved if our city had available to it the sources of income now available to cities which have a more attractive tax rate than Boston's.

A high or a low tax rate is not necessarily a true reflection of efficient or inefficient management of a city, nor is it necessarily true that a business enterprise, or individual taxpayer, located in a lower tax rate community has a distinct advantage over those whose businesses or homes are in a high tax rate community. On the surface it might appear so, but upon close analysis it can be shown that the over-all cost of doing business, or living, in a so-called high tax rate community, is actually no greater than in a so-called lower tax rate community.

As true as this may be, it is equally true that it is common practice to classify a city according to its tax rate, and as long as this is so, and as long as Boston must perform its municipal duties from an outmoded and insufficient tax base, it is imperative that we be ever watchful of any expense which will further inflate the tax rate.

Fortunately, in Boston there are many individuals and groups who clearly understand the numerous impediments which make impossible an immediate change in our tax rate picture. Fortunately, too, the state government has come to the realization that Boston is the key to the prosperity of the Commonwealth as a whole. On many sides, I am glad to say, there is a newer and a fairer understanding of Boston's problems and a genuine desire to help in the solution of those problems. Marshaling all our forces in a common endeavor to improve Boston's position will result in a better city, a better community, a better state. There is nothing so wrong with Boston that the right kind of medication will not help. Our city has no malady for which the combined, concerted efforts of those who love it cannot provide a cure. It is true that the city officials have a grave and primary responsibility. We acknowledge it and we accept it. But there is also a responsibility on the part of all good citizens, secondary though it may be, to help the city officials accomplish those objectives which must be reached if our city is to retain its place among the leading and progressive cities of our land.

I am most happy to state that abroad in our city today is a spirit of willingness to help. A city with spirit is a city which cannot be counted out.

In recent years, the city administration has effected notable economies which, unfortunately, have been swallowed up by charges, such as the MTA deficit, over which the city administration has no control.

This administration will make further economies wherever and whenever possible. It will continue to strengthen the basic structure of the city government, for unless that is done, we are subject to the vagaries of every economic wind that blows.

In this year of 1954, it is my intention to begin a complete revaluation of the assessable properties in our city. Until that is accomplished, there will be inequities in profusion; there will be pulling and hauling and inevitable charges of favoritism; there will be an almost uncontrollable traffic in abatements; there can be dissatisfaction, disquiet and even suspicion.

The common rule of fairness, in addition to other compelling reasons, dictates the necessity for a city-wide revaluation.

The rehabilitation of our city, in so far as it can be done, is of prime importance to every individual in our city. Boston is old, but not so old that it pathetically awaits the call of the grim reaper. Many of the areas within our city need rejuvenation, rehabilitation. The large-scale urban redevelopment plans, once legally approved, the new redevelopment plans of the Federal Government liberalizing construction and repair financing, once approved by the Congress, and the rehabilitation plans of the city itself, with its 15 committees of district leaders, once put into full operation, will revive our city, stop decay and blight and give Boston a new, attractive face and a better outlook for the future.

The reorganization of the structure of our city government is both necessary and sensible.

The purpose of reorganization is to streamline an archaic and costly administrative pattern of departments and boards. It will improve departmental efficiency; it will make possible the merging of closely-related functions; it will result, in due time, in marked savings in municipal operating costs.

On the last day of the old year, your Honorable Body gave approval to the establishment of an Administrative Services Department. This new department will begin its work immediately. It is

my opinion that this department will prove to be of great value to our city in the same way and to the same extent that similar departments have proved of great value to other large American cities.

The remainder of the reorganization plan, not yet enacted, is being submitted to your Honorable Body today.

I recommend its passage.

The quicker all of the reorganization plan is enacted into ordinance, the quicker we may go forward in the complicated task of putting the complete plan of reorganization into motion. I trust that this most important matter will be promptly acted upon.

In closing, may I suggest to the City Council that its collective and individual support of petitions filed by the city with the 1954 Legislature will be most welcome and helpful.

The passage of many of these bills will be extremely beneficial to our city, and especially is this true of matters pertaining to the strengthening of our financial position; the elimination of inequities in MTA assessments; the better regulation of traffic and parking; the construction of a municipal auditorium within the area of the new Back Bay center which, incidentally, I am reasonably confident will come to pass as the outstanding improvement in our city for many long years. Your interest and help in the passage of city-sponsored bills before the Legislature can be invaluable.

Your interest and help in many other directions can also be of invaluable aid. Despite the need for careful scrutiny of all expenditures, there is the necessity of keeping the plant of the city in good running order. It is just as short-sighted to ignore the pressing demands calling for major or capital outlays as it is to spend the city's money in a reckless or frivolous fashion. To postpone major improvements that can no longer be deferred is to prepare a sorry mixture of bitter broth for the future.

No city stands still. It goes backward or forward. Even though our forward progress be painfully slow, we must keep going ahead, for as long as our motion is in that direction we serve our city well. I shall, therefore, from time to time during this year, submit for your consideration and your approval matters which will have as their objective the preservation or improvement of our physical plant, in addition to matters which will have for their purpose the strengthening of our financial position.

In your consideration of these matters, I most respectfully suggest that reasonably prompt action on the part of your Body will give assurance that the elected officials of our city government are working in concert for the good of our people and for the betterment of our city.

Finally, let me for the historic record mention the annual art festival early in June and the Christmas festival held during the Christmas season, both of which attract thousands of guests to our city, and both of which enhance Boston's worldwide reputation as a center of cultural and spiritual pursuits.

Let me also express my deep appreciation to the volunteer unpaid committee which made a study and excellent recommendations relative to our traffic problems; to the committee still engaged in an independent survey of our municipal finances, and to the 15 committees which are the foundations of our hopes to stop the growth of blight and decay which can, unless retarded, affect our whole city.

These committees and the committees and individuals who work with us in our efforts to eradicate the causes of racial tensions and juvenile delinquency, and the committees and individuals who work with us in our annual Field Day and Christmas Fund campaigns for the poor and unfortunate in our city, are all deserving of public acclaim. It is the voluntary, wholehearted and generous spirit of these committees and individuals which give us the right to be proud of the innate good qualities of our citizens.

To each of the members of the 1954-1955 City Council, I extend my personal well wishes and my hope that our relationships will be productive of an improved municipality. It is not an empty phrase to state that the cooperative action of the City Council and the Chief Executive will bring dividends in the way of better city government and better municipal service. Let our aim be in that direction. Together and in an atmosphere of understanding, mutual trust and cooperation, we can accomplish much for our fellow citizens who delegated to us the responsibilities which are ours.

May we always remember, both you and I, that all power comes from God, and let us implore Him to guide us in all our deliberations so that the power which is temporarily in our hands may be utilized for the things which in His sight are good things. (Applause.)

MEETING OF THE CITY COUNCIL.

At the conclusion of the Mayor's address, Senior Member HURLEY called the Council to order and directed the Clerk to call the roll to ascertain the presence of a quorum.

The roll was called, and all of the nine members were present.

The meeting was then opened with the salute to the Flag.

ELECTION OF PRESIDENT.

On motion of Councillor Ahearn the Council voted to proceed to the election of a President for the municipal year 1954. The roll was called with the following result:

For Joseph C. White—Councillors Ahearn, Hurley, Kerrigan, Piemonte, White—5.
For Edward J. McCormack, Jr.—Councillors Foley, Hailer, McCormack, McLaughlin—4.

Chairman HURLEY announced that Councillor Joseph C. White, having received five votes, was declared elected President for the municipal year 1954.

Coun. FOLEY moved that the election of Councillor White as President be made unanimous. The Chair ruled the motion was not in order.

Chairman HURLEY appointed Councillors McCormack and McLaughlin to escort President WHITE to the chair. President WHITE was escorted to the chair amidst applause.

President WHITE addressed the Council, expressing deep and profound appreciation for the honor bestowed upon him. He asked for the cooperation of the Council with him as President and wished them a happy, prosperous, holy, and healthy New Year.

LOAN OF \$75,000,000 IN ANTICIPATION OF REVENUE.

The following was received:

City of Boston,
Office of the Mayor, January 4, 1954.
To the City Council.
Gentlemen:

I am in receipt of the attached communication from the City Auditor. In accordance with the recommendation contained therein I submit herewith an order authorizing the issuance during 1954 of temporary notes in anticipation of revenue to an amount not exceeding \$75,000,000. I respectfully recommend adoption of this order by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

City of Boston.

Auditing Department, December 31, 1953.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

It is customary to submit to the City Council at its first meeting in the New Year an order authorizing the issuance as needed during the year of temporary loans in anticipation of revenue receipts. This method of financing is made necessary by the fact that under the Massachusetts municipal tax calendar the major portion of the city's revenue receipts is received late in the year.

By authority of section 4 of chapter 44 of the General Laws, the city could issue in 1954 in anticipation of revenue receipts temporary loans which would not exceed in the aggregate the total tax levy of the fiscal year 1953 together with the corporation and income tax received from the Commonwealth during the financial year 1953. This would total approximately \$123,000,000. In my opinion it is desirable that an authorization of \$75,000,000 be made in order to cover requirements as they now appear for the financial year 1954. In 1953 an authorization of \$75,000,000 was made and it was necessary to issue during the year temporary notes to the amount of \$60,000,000. It is estimated, however, that in the current year actual cash requirements should be approximately the same as those for 1953.

I respectfully recommend, therefore, that an order in the amount previously stated be submitted to the City Council for consideration and adoption.

Respectfully,

JOSEPH P. LALLY,
City Auditor.

Ordered, That to provide temporarily money to meet the appropriations for the financial year 1954, the City Treasurer be, and hereby is, authorized to issue and sell, at such times and in such amounts as he may deem best, notes or certificates of indebtedness of the City of Boston, not exceeding \$75,000,000 in the total, in anticipation of the revenue of the financial year; that all such notes or certificates of indebtedness be made payable with the interest thereon within one year of their date and bear interest from their date until the same are made payable at such rate as the City Treasurer and the Mayor may determine. The said City Treasurer is hereby further authorized to renew or refund any such notes issued for a shorter period than one year, under the provisions of section 17 of chapter 44 of the General Laws. On motion of Councillor Piemonte the order was referred to the Executive Committee when appointed.

REORGANIZATION OF CITY BOARDS AND DEPARTMENTS.

The following was received:

City of Boston,
Office of the Mayor, January 4, 1954.
To the City Council.
Gentlemen:

On November 30, 1953, I recommended to the City Council as then constituted a forty-eight page ordinance which would substantially re-

organize the structure of our municipal government and provide the Chief Executive with an efficient organization for administering the affairs of the City. The subsequent holiday season and the pressure of the other year-end business permitted that Body to consider and act only upon the merits of the eight or so pages pertaining to an Administrative Services Department.

The substantial reorganization of the major structure of our government sought by the ordinance I recommended is yet to be accomplished. Accordingly, I have caused to be prepared, and submit herewith, an ordinance containing, without substantive change except as to the effective date, the remaining provisions of the ordinance I recommended on November 30, 1953. For the reasons stated in my message of that date, I urge and recommend its adoption within the sixty-day period fixed by the City Charter for the consideration of an ordinance so that it may take effect on the first day of the month next succeeding the month in which the annual budget for the current year shall become effective.

Respectfully,

J. B. HYNES, Mayor.

AN ORDINANCE REORGANIZING CERTAIN BOARDS AND DEPARTMENTS OF THE CITY.

In the Year Nineteen Hundred and Fifty-four.

Be it ordained by the City Council of Boston, as follows:

SECTION 1. Section 6 of chapter 1 of the Revised Ordinances of 1947 is hereby amended by striking out, in the last sentence, the words "superintendent of public buildings" and inserting in place thereof the words "assistant commissioner of real property".

SECTION 2. Chapter 2 of the Revised Ordinances of 1947 is hereby amended by striking out section 1, as amended by section 2 of chapter 8 of the Ordinances of 1953, and inserting in place thereof the following section:

Section 1. The mayor shall appoint heads of departments and members of municipal boards and fill vacancies therein in the manner provided by law. He shall, in the municipal year in which the term of the incumbent expires, appoint the following officers, to serve for the terms herein-after specified:

For the term of four years, beginning with the first day of May in the year of appointment: the corporation counsel and the penal institutions commissioner.

For the term of five years, beginning with the first day of May in the year of appointment: one trustee of the public library.

SECTION 3. Chapter 3 of the Revised Ordinances of 1947 is hereby amended by striking out sections 2, 3 and 4, and inserting in place thereof the following three sections:—

Section 2. The city treasurer and the city auditor, before, and the city clerk, within five days after, entering upon the duties of their respective offices and annually thereafter and at such other times as the mayor shall determine, shall give bond to the city, in the case of the city treasurer, in the penal sum of five hundred thousand dollars, in the case of the city auditor, in the penal sum of one hundred thousand dollars, and in the case of the city clerk, in the penal sum of five thousand dollars.

Every bond given under this section shall be upon the condition that the person named therein as principal and all his subordinates shall, while he continues in office, by reappointment, re-election or otherwise, faithfully discharge their duties and trusts, and safely hold and lawfully dispose of and account for all money and other property belonging to the city or county which may come into his possession or that of his subordinates; and that he shall deliver, according to law, to his successor in office or such other person as may be authorized to receive the same all money and other property in his possession or that of his subordinates belonging to the city or county. Every bond given under this section shall be executed by a surety company authorized to transact business in Massachusetts as surety, shall be approved by the mayor, and shall be filed with the city auditor except that the bond of the city auditor shall be filed with the city treasurer.

Section 3. Every person intrusted with the collection, custody or disbursement of public moneys who is not required by statute or other ordinance to give bond shall, if the officer appointing him so requires, give before entering upon the duties of his office or position and annually thereafter and at such other times as such officer shall determine, a bond running to the city or, if such officer is bonded to the city upon the condition set forth in section two, to such officer, in such penal sum not exceeding twenty thousand dollars, with such surety, and upon such condition as such officer shall prescribe. Every bond given under this section running to the city shall be filed with the city auditor.

Section 4. The premium for the surety upon any bond given under section two or section three of this chapter or section one C of chapter thirty-six shall be allowed and paid as an expense of the department of which the principal on the bond is an officer or employee.

SECTION 4. Said chapter 3 is hereby further amended by striking out section 5, as most recently amended by section 3 of chapter 8 of the Ordinances of 1953, and inserting in place thereof the following section:—

Section 5. Holders of the following offices shall receive the annual salaries respectively set against such offices, which salaries shall, except as otherwise provided by ordinance, be in full for all services rendered to the city and county, shall be apportionable in the event of service for only part of a year, and shall be subject to deduction for any and all sums due to the city or county from such office holder:—

(1) The director of administrative services, fifteen thousand dollars; the supervisor of personnel, ninety-five hundred dollars; and the purchasing agent, ninety-five hundred dollars.

(2) The assessor of taxes, twelve thousand dollars; the chairman of the board of review in the assessing department, ninety-five hundred dollars; and the other two members of said board, eighty-five hundred dollars each.

(3) The city auditor, twelve thousand dollars.

(4) The city clerk, nine thousand dollars.

(5) The clerk of committees of the city council, seventy-four hundred and sixty dollars; the assistant clerk of committees, fifty-eight hundred and sixty dollars; and the two secretaries in the clerk of committees department, forty-two hundred and sixty dollars each.

(6) The chairman of the board of election commissioners, eighty-five hundred dollars; and the other three members of said board, seventy-five hundred dollars each.

(7) The director of health and safety, twelve thousand dollars; the building commissioner, eleven thousand dollars; and the health commissioner, eleven thousand dollars.

(8) The director of hospitals, twelve thousand dollars.

(9) The corporation counsel, thirteen thousand five hundred dollars.

(10) The city messenger, seventy-four hundred and sixty dollars; the assistant city messenger, fifty-two hundred and sixty dollars; the second assistant city messenger, forty-two hundred and sixty dollars; the document clerk, forty-seven hundred and sixty dollars; the assistant document clerk, thirty-nine hundred and sixty dollars; and the two stenographer-clerks in the city messenger department, thirty-nine hundred and sixty dollars each.

(11) The commissioner of parks and recreation, eleven thousand dollars.

(12) The penal institutions commissioner, eighty-five hundred dollars.

(13) The commissioner of public works, thirteen thousand five hundred dollars.

(14) The commissioner of real property, ninety-five hundred dollars; and the assistant commissioner of real property, eighty-five hundred dollars.

(15) The chairman of the Boston traffic commission, ninety-five hundred dollars.

(16) The city treasurer, twelve thousand dollars.

(17) The veterans benefits and services commissioner, eighty-five hundred dollars.

(18) The director of public welfare, eleven thousand dollars.

Each member of the board of appeal in the building division of the health and safety department shall receive for every day or part thereof of actual service twenty-five dollars; but in no event shall any member of said board receive in any one year more than thirty-five hundred dollars in the aggregate for services rendered by him under the building code and the zoning law. Each member of the board of examiners in said building division, and the appointive member of the board of examiners of gasfitters in said building division, shall receive for every day or part thereof of actual service fifteen dollars, but in no event more than fifteen hundred dollars in any one year.

The deputy assessors shall be compensated as if they held an office allocated to Grade No. 30 of the compensation plan from time to time in effect for the county; and the assistant assessors shall be compensated as if they held an office allocated to Grade No. 15 of said compensation plan; and the auctioneer in the real property department shall be compensated as if he held a position allocated to Grade No. 30 of said compensation plan.

Section 5. Said chapter 3 is hereby further amended by striking out section 10 and inserting in place thereof the following section:—

Section 10. Except as otherwise ordered by the mayor under section nine of chapter two of these ordinances, the city treasurer shall daily have an office open for the receipt and disbursement of money from nine o'clock in the forenoon until two o'clock in the afternoon and every other officer in charge of a department shall daily have an office open for the transaction of public business for not less than eight hours; provided, however, that every public office in the city shall remain closed on all Sundays and legal holidays and may remain closed on all Saturdays, except that the health commissioner shall have an office open for the issuance of burial permits and permits for the removal of dead bodies from ten o'clock in the forenoon until twelve o'clock noon on every day in the year.

Section 6. Section 15 of said chapter 3 is hereby amended by striking out the words "and the superintendent of public buildings".

Section 7. Section 18 of said chapter 3 is hereby amended by striking out, wherever appearing in said section, the words "city collector" and inserting in place thereof, in each instance, the words "city treasurer".

SECTION 8. The Revised Ordinances of 1947 are hereby further amended by striking out chapter 5 and inserting in place thereof the following chapter:—

CHAPTER 5. Assessing Department.

Section 1. There shall be in the city a department, known as the Assessing Department, which shall be under the charge of an officer, known as the Assessor of Taxes, appointed by the mayor for a term expiring on the first Monday of the January following the next biennial municipal election at which a mayor is elected. The assessor of taxes shall have the powers and perform the duties from time to time conferred or imposed on him by law. Except as otherwise provided in sections two and three of this chapter, he shall also have the powers and perform the duties conferred or imposed by law on the board of assessors in existence immediately prior to the taking effect of this ordinance; and except as so provided, he shall further have the powers and perform the duties from time to time conferred or imposed on assessors of cities in Massachusetts by general laws applicable to Boston.

Section 2. There shall be in the assessing department a board, known as the Board of Review, consisting of three members appointed by the mayor for a term expiring on the first Monday of the January following the next biennial municipal election at which a mayor is elected, of whom one shall be a registered architect or a registered professional engineer or a licensed builder, one a certified public accountant or an attorney at law, and one a person with at least ten years' experience in real property management or as a real estate broker or appraiser or as a property insurance broker or appraiser. The mayor shall from time to time designate one of the members of said board as chairman thereof. Said board shall not be subject to the supervision or control of the assessor of taxes; but, unless otherwise ordered by the mayor, said board shall not communicate with the mayor, or make any annual or other report, except through the assessor of taxes. Said board shall have the powers and perform the duties from time to time conferred or imposed on assessors of cities in Massachusetts by general laws applicable to Boston with respect to applications for abatement (other than applications founded wholly upon a claim of exemption), except receiving the same from the applicant.

Section 3. Every application for abatement filed with the assessor of taxes shall, unless founded wholly upon a claim of exemption, be transmitted by him forthwith to the board of review, which shall hear and determine the same and grant such reasonable abatement thereon as justice may require.

Section 9. The board of assessors in existence immediately prior to the taking effect of this ordinance is hereby abolished; and the powers, duties and appropriations of said board except those relating to applications for abatement (other than applications founded wholly upon a claim of exemption) after the filing thereof are hereby transferred to the assessor of taxes created by section 8 of this ordinance; and the powers, duties and appropriations of said board relating to applications for abatement (other than applications founded wholly upon a claim of exemption) after they are filed, are hereby transferred to the board of review created in the assessing department by said section 5.

Section 10. Section 8 of chapter 6 of the Revised Ordinances of 1947 is hereby amended by striking out all after the words "in the sinking funds" and inserting in place thereof the words "which statement shall be arranged so far as practicable to conform to the accounts of the city treasurer."

Section 11. Chapter 9 of the Revised Ordinances of 1947 is hereby repealed; and the building department (including the office of the building commissioner), the board of appeal, the board of examiners, and the board of examiners of gasfitters are hereby abolished; and the powers, duties and appropriations of the building commissioner with respect to the acquisition and disposal of property, the making of contracts, and the appointment, suspension, discharge, compensation and indemnification of subordinates are hereby transferred to the director of health and safety created by section 16 of this ordinance; and all other powers, duties and appropriations of the building department are hereby transferred to the building division of the health and safety department created by said section 16; and the powers, duties and appropriations of the board of appeal are hereby transferred to the board of appeal created in said building division by said section 16; and the powers, duties and appropriations of the board of examiners created in said building division by said section 16; and the powers, duties and appropriations of the board of examiners of gasfitters are hereby transferred to the board of examiners of gasfitters created in said building division by said section 16.

Section 12. The powers and duties conferred or imposed on the city planning board by chapter 414 of the acts of 1953, and the appropriations of the city planning department relating to such powers and duties, are hereby transferred to the public improvement board created in the public works department by section 45 of this ordinance.

Section 13. Chapter 4 of the Ordinances of 1952 is hereby amended by striking out the second line of the words "section 11, 2 and 22" and

inserting in place thereof the words "sections 1, 2, 3 and 4" and by adding at the end of said chapter 4 the following paragraph:—

Sec. 6. There shall be in the city planning department a board, known as the Board of Zoning Adjustment, consisting of the chairman of the city planning board, ex officio, and eleven other members, and eleven alternates, appointed by the mayor as follows:— one member from two candidates, and one alternate from two other candidates, nominated by the Associated Industries of Massachusetts, one member from two candidates, and one alternate from two other candidates, nominated by the Boston Central Labor Union, one member from two candidates, and one alternate from two other candidates, nominated by the Greater Boston Chamber of Commerce, one member from two candidates, and one alternate from two other candidates, nominated by the Boston Real Estate Board, one member from two candidates, and one alternate from two other candidates, nominated, both in the case of the member and in the case of the alternate, one by The Boston Society of Architects and one by The Boston Society of Landscape Architects, one member from two candidates, and one alternate from two other candidates, nominated by the Boston Society of Civil Engineers, one member from two candidates, and one alternate from two other candidates, nominated by the Massachusetts Motor Truck Association, Inc., one member from two candidates, and one alternate from two other candidates, nominated by the Massachusetts Real Estate Association, one member from two candidates, and one alternate from two other candidates, nominated by the Master Builders' Association of Boston, one member from two candidates, and one alternate from two other candidates, nominated by the United Improvement Association, and one member, and one alternate, selected at large by the mayor. All appointive members, and all alternates, shall be residents of, or engaged in business in, Boston.

The appointive members, and alternates of, the board of zoning adjustment in office immediately prior to the taking effect of this ordinance shall, without further nomination or appointment, become the initial appointive members, and the initial alternates, respectively, of the board of zoning adjustment created by this ordinance and shall serve, in the case of the member and alternate appointed upon nomination of the Associated Industries of Massachusetts, for a term expiring four years, in the case of the member and alternate appointed upon nomination of the Boston Central Labor Union, for a term expiring one year, in the case of the member and alternate appointed upon nomination of the Greater Boston Chamber of Commerce, for a term expiring three years, in the case of the member and alternate appointed upon nomination of the Boston Real Estate Board, for a term expiring four years, in the case of the member and alternate appointed upon nomination of The Boston Society of Architects or the Boston Society of Landscape Architects, for a term expiring two years, in the case of the member and alternate appointed upon nomination of the Boston Society of Civil Engineers, for a term expiring one year, in the case of the member and alternate appointed upon nomination of the Massachusetts Motor Truck Association, Inc., for a term expiring five years, in the case of the member and alternate appointed upon nomination of the Massachusetts Real Estate Association, for a term expiring two years, in the case of the member and alternate appointed upon nomination of the Master Builders' Association of Boston, for a term expiring three years, in the case of the member and alternate appointed upon nomination of the United Improvement Association, for a term expiring five years, and in the case of the member and alternate selected at large by the mayor, for a term expiring three years, respectively, from May 1, 1953.

As the term of any appointive member expires, his successor shall be appointed in like manner as such member for a term of five years. Any vacancy in the office of an appointive member shall be filled in like manner for the unexpired term. As the term of any alternate expires, his successor shall be appointed in like manner as such alternate. Any vacancy in the office of an alternate shall be filled in the same manner. Every person appointed an alternate shall be so appointed that his term will expire at the same time as the term of the member appointed in the same manner as such alternate. Whenever there is a vacancy in the office of an appointive member, or whenever an appointive member is absent or unable from any cause to perform his duties, the alternate appointed in the same manner as such member shall exercise the powers and perform the duties of such member; but an alternate shall not otherwise be deemed to be, or act as, a member of the board. The members of the board of zoning adjustment, and the alternates, shall serve without compensation.

The board of zoning adjustment shall not be subject to the supervision or control of the city planning board; but unless otherwise ordered by the mayor, the board of zoning adjustment shall not communicate with the mayor, or make any annual or other report, except through the city planning board. The board of zoning adjustment shall have the powers and perform the duties from time to time conferred or imposed on it by law, and shall also have the powers and perform the duties conferred or imposed by law

on the board of zoning adjustment in existence immediately prior to the taking effect of this ordinance.

SECTION 14. The board of zoning adjustment in existence immediately prior to the taking effect of this ordinance is hereby abolished; and the powers, duties and appropriations of said board are hereby transferred to the board of zoning adjustment created in the city planning department by section 13 of this ordinance.

SECTION 15. Chapter 14 of the Revised Ordinances of 1947 is hereby repealed; and the collecting department, including the office of city collector, is hereby abolished; and the powers, duties and appropriations of said department are hereby transferred to the treasury department.

SECTION 16. The Revised Ordinances of 1947 are hereby further amended by inserting after chapter 15 the following new chapter:—

CHAPTER 15A.

Health and Safety Department.

Section 1. There shall be in the city a department, known as the Health and Safety Department, which shall be under the charge of a board, known as the Board of Health and Safety, consisting of an officer, known as the Director of Health and Safety, who shall be chairman of the board, an officer, known as the Building Commissioner, who shall have had at least ten years' experience as an architect, builder or civil engineer, an officer, known as the Health Commissioner, who shall have been registered under section 2 of chapter 112 of the General Laws as a qualified physician for at least ten years, and the chairman of the Boston traffic commission and the director of hospitals, ex officio. The director of health and safety, the building commissioner and the health commissioner shall severally be appointed by the mayor for a term expiring on the first Monday of the January following the next biennial municipal election at which a mayor is elected.

Section 2. There shall be in the health and safety department such divisions as the board of health and safety shall from time to time deem necessary for the proper conduct of the department, but including a building division, a fire division, a health division, a registry division, and a weights and measures division. Except as otherwise expressly provided, the director of health and safety shall exclusively have the powers, and perform the duties, of a department head with respect to the acquisition and disposal of property, the making of contracts, and the appointment, suspension, discharge, compensation and indemnification of subordinates for the department, including not exceeding thirty building inspectors for the building division, a fire chief and deputy fire chiefs for the fire division, a deputy health commissioner, one or more medical inspectors and a superintendent of peddlers for the health division, a city registrar and not exceeding three deputy city registrars for the registry division, and a sealer, a chief deputy sealer and not exceeding seventeen deputy sealers for the weights and measures division. The director of health and safety, before calling before him a member of the fire division for a hearing on charges, shall give such member at least twenty-four hours' notice of the charges, and shall allow him to be represented at the hearing by counsel.

Section 3. It shall be the duty of the board of health and safety, and more especially of the director of health and safety, to coordinate the work of the several divisions of the department to the end that there may be efficient and concerted action by the department as a whole. The board of health and safety shall also have the powers and perform the duties conferred or imposed on the board of street commissioners by chapter 148 of the General Laws, as amended, by chapter 577 of the acts of 1913, as amended, and by chapter 488 of the acts of 1924, as amended. The board of health and safety shall further have the powers and perform the duties conferred or imposed on the board of street commissioners by chapter 477 of the acts of 1908 in relation to street traffic other than vehicular street traffic and other than parades, processions, and other organized formations of persons or vehicles.

Section 4. The building division shall be under the charge of the building commissioner, who, with the written approval of the mayor, may designate one of the building inspectors appointed for said division as his deputy to exercise all the powers of building commissioner in case of absence or disability. Except as otherwise provided in section two of this chapter, the building commissioner shall have the powers and perform the duties conferred or imposed by law on the office of building commissioner in existence immediately prior to the taking effect of this ordinance, and shall also have the powers and perform the duties from time to time conferred or imposed on inspectors of buildings of cities in Massachusetts by general laws applicable to Boston. The building commissioner shall further have the powers and perform the duties from time to time conferred or imposed on him by law. Unless otherwise ordered by the mayor, the building commissioner shall not communicate with the mayor, or make any annual or other report except a recommendation as to an amendment of the Boston Building Code, otherwise than through the board of health and safety.

Neither the building commissioner, nor his deputy, nor any inspector or employee in the building division shall engage in any work which is inconsistent with his duties or with the interests of

said division; and neither said commissioner nor his deputy nor any such inspector or employee shall be financially interested in the furnishing of labor, material or appliances for the construction, alteration or maintenance of a building or in the making of plans or specifications therefor, unless he is the owner of such building. No person shall be appointed as a building inspector who has not had at least five years' experience as a builder, civil engineer or architect, or as a superintendent, foreman or competent mechanic in charge of construction. Nothing in this paragraph shall be construed to apply to the members of the board of appeal or of the board of examiners or to any member of the board of examiners of gasfitters other than the building commissioner.

Section 5. There shall be in the building division a board, known as the Board of Appeal, consisting of five members appointed by the mayor as follows:—one member from two candidates nominated, one by The Boston Society of Architects and one by The Boston Society of Civil Engineers, one member from two candidates nominated by The Building Trades Council of Boston and vicinity, one member from two candidates nominated, one by The Boston Real Estate Board and one by The Massachusetts Real Estate Association, one member from three candidates nominated, one by The Master Builders' Association of Boston, one by The Building Trades Employers' Association of the City of Boston and one by The Associated General Contractors of Massachusetts, Inc., and one member selected at large by the mayor. All members of the board of appeal shall be residents of, or engaged in business in, Boston. The members of the board of appeal in office immediately prior to the taking effect of this ordinance shall, without further nomination or appointment, become the initial members of the board of appeal created by this ordinance and shall serve, in the case of the member appointed upon nomination of The Boston Society of Architects or the Boston Society of Civil Engineers, for a term expiring five years, in the case of the member appointed upon nomination of The Building Trades Council of Boston and vicinity, for a term expiring one year, in the case of the member appointed upon nomination of the Boston Real Estate Board or the Massachusetts Real Estate Association, for a term expiring two years, in the case of the member appointed upon nomination of The Master Builders' Association of Boston, the Building Trades Employers' Association of the City of Boston or the Associated General Contractors of Massachusetts, Inc., for a term expiring three years, and, in the case of the member selected at large by the mayor, for a term expiring four years, respectively, from May 1, 1953. As the term of any initial, or of any subsequent, member expires, his successor shall be appointed in like manner as such member for a term of five years. Vacancies in the board shall be filled in the same manner for the unexpired term. No member of the board shall act in any case in which he has a personal interest; and when a member is so disqualified or absent or when there is a vacancy in the office of a member, the remaining members shall designate a substitute.

The board of appeal shall not be subject to the supervision or control of the board of health and safety or of the building commissioner; but unless otherwise ordered by the mayor, the board of appeal shall not communicate with the mayor, or make any annual or other report, except through the board of health and safety.

The board of appeal shall have the powers and perform the duties from time to time conferred or imposed on it by law. It shall also have the powers and perform the duties conferred or imposed by law on the board of appeal in existence immediately prior to the taking effect of this ordinance.

Section 6. There shall also be in the building division a board, known as the Board of Examiners, consisting of three members appointed by the mayor, of whom one shall be an architect or engineer with at least five years' experience in the city, one a contractor or person well qualified in the supervision of construction work with at least five years' experience in the city, and one an attorney-at-law or other person versed in the law. The members of the board of examiners in office immediately prior to the taking effect of this ordinance shall, without further appointment, become the initial members of the board of appeal created by this ordinance and shall serve according to the provisions of their respective appointments for terms expiring one, two and three years, respectively, from May 1, 1953. As the term of any initial, or of any subsequent, member expires, his successor shall be appointed by the mayor for a term of three years. Vacancies in the board shall be filled by the mayor for the unexpired term.

The board of examiners shall not be subject to the supervision or control of the board of health and safety or of the building commissioner; but unless otherwise ordered by the mayor, the board of examiners shall not communicate with the mayor, or make any annual or other report, except through the board of health and safety.

The board of examiners shall have the powers and perform the duties from time to time conferred or imposed on it by law. It shall also have the powers and perform the duties conferred or imposed by law on the board of examiners in existence immediately prior to the taking effect of this ordinance.

Section 7. There shall also be in the building division a board, known as the Board of Examiners of Gasfitters, consisting of the building commis-

sioner and the health commissioner, ex officio, and a member appointed by the mayor. The appointive member shall be a licensed master gasfitter who shall have been continuously engaged in business as a master gasfitter during the five years next preceding his appointment. The appointive member of the board of examiners of gasfitters in office immediately prior to the taking effect of this ordinance shall, without further appointment, become the initial appointive member of the board of examiners of gasfitters created by this ordinance and shall serve for a term expiring on May 1, 1954. As the term of the initial, or of any subsequent, appointive member expires, his successor shall be appointed by the mayor for a term of one year. Any vacancy in the office of the appointive member shall be filled by the mayor for the unexpired term.

The board of examiners of gasfitters shall not be subject to the supervision or control of the board of health and safety or of the building commissioner except as he acts as a member of said board of examiners of gasfitters; but unless otherwise ordered by the mayor, the board of examiners of gasfitters shall not communicate with the mayor, or make any annual or other report, except through the board of health and safety.

The board of examiners of gasfitters shall have the powers and perform the duties from time to time conferred or imposed on it by law. It shall also have the powers and perform the duties conferred or imposed by law on the board of examiners of gasfitters in existence immediately prior to the taking effect of this ordinance.

Section 8. Except as otherwise provided in section two of this chapter, the fire division shall be under the charge of the fire chief, who shall have full charge of fire fighting in the city and the protection of life and property in case of fire, shall have full authority, in case of a conflagration, to summon and keep on duty all members of the fire fighting force while the conflagration continues, and may extend, on such occasions and to such extent as, with the approval of the director of health and safety, he may deem advisable, the aid of the fire division to another city, town or fire district in Massachusetts or in an adjoining state for the purpose of extinguishing fires therein. The fire chief shall have the powers and perform the duties from time to time conferred or imposed on him by law; shall also have the authority given the chief engineer by section 11 of chapter 449 of the acts of 1895 to prevent persons from coming within certain lines in case of fire, and, except as otherwise provided in section two of this chapter, shall further have the powers and perform the duties from time to time conferred or imposed on the heads of fire departments of cities in Massachusetts by general laws applicable to Boston, and, except as otherwise provided in said section two, shall, in addition, have the powers and perform the duties conferred or imposed by law on the office of fire commissioner in existence immediately prior to the taking effect of this ordinance. The fire chief shall report monthly to the board of health and safety the location and number of fires that occurred in the preceding month, the cause of the same, and the amount of property destroyed thereby; and said board shall in its annual report include a brief summary of such matters. Unless otherwise ordered by the mayor, the fire chief shall not communicate with the mayor, or make any annual or other report, except through the board of health and safety.

Section 9. There shall be in the fire division a bureau, known as the Fire Alarm Bureau, in which there shall be an officer, known as the Superintendent of Fire Alarm, appointed by the director of health and safety. The superintendent of fire alarm shall, under the direction of the fire chief, have the entire care and maintenance of the wires, posts, machinery, and appliances of the fire alarm telegraph and telephone system, shall see that all such wires, posts, machinery, and appliances are maintained in good order and condition, and shall keep in his office a map showing the locations of the same.

Section 10. There shall also be in the fire division a bureau, known as the Fire Prevention Bureau, in which there shall be an officer, known as the Superintendent of Fire Prevention, who shall be such deputy fire chief as the fire chief, with the approval of the director of health and safety, shall from time to time designate. The superintendent of fire prevention shall, under the direction of the fire chief, investigate the cause and circumstance of every fire and explosion, make inspections for the purpose of preventing fires and explosions, and enforce all statutes, ordinances, rules and regulations designed to prevent fires and explosions.

Section 11. There shall further be in the fire division a bureau, known as the Electrical Inspection Bureau, in which there shall be an officer, known as the Superintendent of Electrical Inspection, appointed by the director of health and safety. The superintendent of electrical inspection shall, under the direction of the fire chief, have the powers and perform the duties conferred or imposed by statute on the wire commissioner and on the fire commissioner as successor to the wire commissioner, and carry out the provisions and requirements of law relating to wires and inspection of wires and the installation and use of electrical conductors and appliances in buildings in the city.

Section 12. If any member of the fire fighting force or fire alarm bureau of the fire division is required to work on January first, February twenty-second, April nineteenth, May thirtieth, July fourth, the first Monday of September, October twelfth, November eleventh, Thanks-

giving day or Christmas day, or the day following when any of the five days first mentioned, or October twelfth, November eleventh or Christmas day, occurs on Sunday, he shall be granted an additional day off, or, if such additional day off cannot be granted by reason of a personnel shortage or other cause, he shall be entitled to an additional day's pay. The provisions of this section shall apply to those men whose hours of duty are within the twenty-four hour period commencing at eight o'clock in the morning on the days specified.

Section 13. Except as otherwise provided in section two of this chapter, the health division shall be under the charge of the health commissioner, who shall have the powers and perform the duties from time to time conferred or imposed on him by law and, except as so otherwise provided in said section two, shall also have the powers and perform the duties conferred or imposed by law on the office of health commissioner in existence immediately prior to the taking effect of this ordinance and, except as so otherwise provided in said section two, shall further have the powers and perform the duties from time to time conferred or imposed on boards of health of cities in Massachusetts by general laws applicable to Boston. The health commissioner shall require the medical inspectors appointed for the health division to vaccinate and revaccinate all inhabitants of the city who apply for vaccination, and to give certificates of vaccination required for admission to the public schools, and shall require the superintendent of peddlers appointed for said division to see that every hawker and peddler conforms to the law. The deputy health commissioner shall perform such duties as shall be assigned to him from time to time by the health commissioner and, if designated by the health commissioner with the written approval of the mayor, shall exercise all the powers of health commissioner in case of absence or disability.

Section 14. There shall be in the health division a bureau of general services, a bureau of medical services, a bureau of environmental sanitation, and a bureau of local health service. Each bureau shall be in charge of a superintendent appointed by the director of health and safety.

Section 15. The health commissioner shall keep on hand, so far as practicable, a sufficient quantity of vaccine virus and antitoxin, and supply the same free of charge to the physicians in the several departments; shall have the powers and perform the duties conferred or imposed on the office of health commissioner by section 2 of chapter 1 of the Ordinances of 1927; and shall cause to be included in the annual report of the board of health and safety a review of the sanitary condition of the city.

Section 16. Except as otherwise provided in section two of this chapter, the registry division shall be under the charge of the city registrar, who shall have the powers and perform the duties from time to time conferred or imposed on clerks of towns in Massachusetts by chapter 46, and by section 16 of chapter 66, of the General Laws, and may pay, out of any funds received by him, the fees due to persons making returns under the requirements of law, and shall, on or before the twentieth of each month, transmit to the city auditor the accounts and vouchers for all funds so received and fees so paid.

Section 17. The official seal which the city shall provide for use by the city registrar and deputy city registrars shall be in the form prescribed by section 4 of chapter 34 of the Revised Ordinances of 1898, as appearing in chapter 4 of the Ordinances of 1902.

Section 18. The certificate or attestation of a deputy city registrar shall have the same force and effect as that of the city registrar.

Section 19. The city registrar shall have custody of all records, books, and papers belonging to the city, relating to births, marriages and deaths; shall complete, so far as practicable, the record of births, marriages and deaths prior to 1849, in the town or city of Boston or in any town or city now constituting a part of the city of Boston; shall receive and collect documents relating thereto; shall make copies of all such documents as he may deem advisable; and may print and distribute such special publications, relating to the early history of Boston and such other cities and towns, as may be authorized by the city council, but shall not sell copies of such publications.

Section 20. The city registrar shall file annually with the board of health and safety a statement of the number of births, marriages and deaths recorded in his office during the previous year; and said board shall include such statement in its annual report. Unless otherwise ordered by the mayor, the city registrar shall not communicate with the mayor, or make any annual or other report, except through the board of health and safety.

Section 21. Except as otherwise provided in section two of this chapter, the weights and measures division shall be under the charge of the sealer, who, except as so otherwise provided in said section two, shall have the powers and perform the duties from time to time conferred or imposed by general laws applicable to Boston on sealers appointed under section 34 of chapter 98 of the General Laws, shall have direction of the deputy sealers, shall keep records showing the work done and the fees earned, in the weights and measures division, and shall daily pay over to the city treasurer all fees received by him or the deputy sealers, who shall perform the work respectively assigned to them by the sealer and shall daily pay

over to him all fees received by them. Unless otherwise ordered by the mayor, the sealer shall not communicate with the mayor, or make any annual or other report, except through the board of health and safety.

Section 17. Chapter 16 of the Revised Ordinances of 1947, as amended by chapter 2 of the Ordinances of 1950, is hereby repealed; and the fire department, including the office of fire commissioner, is hereby abolished; and the powers, duties and appropriations of the fire commissioner with respect to the acquisition and disposal of property, the making of contracts, and the appointment, suspension, discharge, compensation and indemnification of subordinates are hereby transferred to the director of health and safety created by section 16 of this ordinance; and all other powers, duties and appropriations of the fire department are hereby transferred to the fire division of the health and safety department created by said section 16.

Section 18. Chapter 17 of the Revised Ordinances of 1947, as amended by chapter 4 of the Ordinances of 1950, is hereby repealed; and the health department, including the office of health commissioner, is hereby abolished; and the powers, duties and appropriations of the health commissioner with respect to the acquisition and disposal of property, the making of contracts, and the appointment, suspension, discharge, compensation and indemnification of subordinates are hereby transferred to the director of health and safety created by section 16 of this ordinance; and all other powers, duties and appropriations of the health department are hereby transferred to the health division of the health and safety department created by said section 16.

Section 19. Chapter 18 of the Revised Ordinances of 1947 is hereby amended by striking out section 1 and inserting in place thereof the following two sections:—

Section 1. There shall be in the city a department, known as the Hospital Department, which shall be under the charge of a board, known as the Trustees of the City Hospital, consisting of an officer, known as the Director of Hospitals, appointed by the Mayor for a term expiring on the first Monday of the January following the next biennial municipal election at which a mayor is elected, who shall be chairman of the board, shall devote his whole time to the work and shall receive the salary prescribed by section five of chapter three of these ordinances, and four other trustees appointed by the mayor, who shall serve without pay. The unpaid trustees first appointed shall serve, according to the provisions of their respective appointments, for terms commencing upon their respective dates of appointment and expiring, in the case of one, one year, in the case of another, two years, in the case of another, three years, and in the case of the other, four years, from May 1, 1954. As the term of any such unpaid trustee, or of any subsequent unpaid trustee, expires, his successor shall be appointed by the mayor for a term of four years. Any vacancy in the office of an unpaid trustee shall be filled by the mayor for the unexpired term.

Section 1A. The trustees shall have charge of the city hospital, the sanatorium and the Long Island hospital (including the viaduct between Long Island and Moon Island and the approaches to said viaduct) and of the care and maintenance thereof, shall make all needful improvements in the lands and grounds connected therewith, shall have charge of all real estate held for purposes connected with said institutions, and shall pay or cause to be paid to the city treasurer the income thereof. The trustees shall also investigate all questions relating to the commitment of the insane.

Section 20. Section 2 of said chapter 18 is hereby amended by striking out the word "collector" and inserting in place thereof the word "treasurer".

Section 21. Section 3 of said chapter 18 is hereby amended by striking out, in the last sentence, the word "collector" and inserting in place thereof the word "treasurer".

Section 22. The trustees of the city hospital in existence immediately prior to the taking effect of this ordinance are hereby reorganized by substituting therefor the trustees provided for by section 1 of chapter 18 of the Revised Ordinances of 1947 as amended by section 19 of this ordinance; and the powers, duties and appropriations of the trustees so in existence are hereby transferred to the trustees substituted for them.

Section 23. Chapter 19 of the Revised Ordinances of 1947 is hereby repealed; and the institutions department, including the office of the commissioner of institutions, is hereby abolished; and the powers, duties and appropriations of said department in relation to the commitment of the insane and to Long Island and the institution thereon belonging to the city, including the viaduct between Long Island and Moon Island and the approaches to said viaduct, are hereby transferred to the hospital department; and the powers, duties and appropriations of the institutions department in relation to all other matters are hereby transferred to the department renamed the welfare department by sections 32 and 56 of this ordinance.

Section 24. Chapter 22 of the Revised Ordinances of 1947 is hereby amended by striking out the caption "PARK DEPARTMENT" and inserting in place thereof the caption "PARKS AND RECREATION DEPARTMENT".

Section 25. Section 1 of said chapter 22 is hereby amended by striking out the first three sentences and inserting in place thereof the follow-

ing sentences:—There shall be in the city a department, known as the Parks and Recreation Department, which shall be under the charge of a board, known as the Parks and Recreation Commission, consisting of an officer, known as the Commissioner of Parks and Recreation, appointed by the mayor for a term expiring on the first Monday of the January following the next biennial municipal election at which a mayor is elected, who shall be chairman of the board, shall devote his whole time to the work, and shall serve in the stead of the chairman of the park commissioners as an associate commissioner of the Boston traffic commission, and four other officers, known as Associate Commissioners of Parks and Recreation, appointed by the mayor. The associate commissioners first appointed shall serve, according to the provisions of their respective appointments, for terms commencing upon their respective dates of appointment and expiring, in the case of one, one year, in the case of another, two years, in the case of another, three years, and in the case of the other, four years, from May 1, 1954. As the term of any such associate commissioner, or of any subsequent associate commissioner, expires, his successor shall be appointed by the mayor for a term of four years. Any vacancy in the office of an associate commissioner shall be filled by the mayor for the unexpired term. The associate commissioners shall serve without pay.

Section 26. Said chapter 22 is hereby further amended by striking out section 2 and inserting in place thereof the following section:—

Section 2. The commissioner of parks and recreation shall exclusively have the powers, and perform the duties, of a department head with respect to the making of contracts and the appointment, suspension, discharge, compensation and indemnification of subordinates for the department; but otherwise the board shall have the powers and perform the duties from time to time conferred or imposed on boards of park commissioners of cities in Massachusetts by general laws applicable to Boston and, except as aforesaid, shall also have the powers and perform the duties conferred or imposed by law on the board of park commissioners and board of recreation in existence immediately prior to the taking effect of this ordinance. The board shall further have the powers and perform the duties from time to time conferred or imposed on it by law.

Section 27. Section 3 of said chapter 22 is hereby amended by striking out, in the first sentence, the words "in charge of the park department" and inserting in place thereof the words "in its charge" and by striking out, also in said sentence, the words "in the charge of the department" and inserting in place thereof the words "in its charge".

Section 28. Section 5 of said chapter 22 is hereby amended by striking out the words "street commissioners" and inserting in place thereof the words "commissioner of public works".

Section 29. Section 8 of said chapter 22 is hereby amended by striking out the words "park department" and inserting in place thereof the words "parks and recreation department".

Section 30. The park department, including the board of park commissioners, in existence immediately prior to the taking effect of this ordinance is hereby abolished; and the powers, duties and appropriations of said board with respect to the making of contracts and the appointment, suspension, discharge, compensation and indemnification of subordinates are hereby transferred to the commissioner of parks and recreation created by section 25 of this ordinance; and all other powers, duties and appropriations of said park department are hereby transferred to the parks and recreation department created by said section 25.

Section 31. Chapter 25 of the Revised Ordinances of 1947, as amended by chapter 1 of the second series of the Ordinances of 1947 and by section 5 of chapter 3 of the Ordinances of 1952, is hereby repealed; and the public buildings department, including the office of superintendent of public buildings, is hereby abolished; and the powers, duties and appropriations of said department are hereby transferred to the assistant commissioner of real property created by section 46 of this ordinance.

Section 32. Chapter 26 of the Revised Ordinances of 1947 is hereby repealed; and the public welfare department is hereby renamed the welfare department; and the overseers of the public welfare in existence immediately prior to the taking effect of this ordinance are hereby reorganized by substituting therefor the overseers of the public welfare provided for by section 56 of this ordinance; and the powers, duties and appropriations of the overseers so in existence are hereby transferred to the overseers substituted for them.

Section 33. Section 1 of chapter 27 of the Revised Ordinances of 1947 is hereby amended by striking out the words "The department of public works shall be under the charge of the commissioner of public works, who shall be a civil engineer of recognized standing in his profession;" and inserting in place thereof the words "There shall be in the city a department, known as the Public Works Department, which shall be under the charge of an officer, known as the Commissioner of Public Works, who shall be a civil engineer of recognized standing in his profession appointed by the mayor for a term expiring on

the first Monday of January following the next biennial municipal election at which a mayor is elected."

Section 34. Said chapter 27 is hereby amended by striking out section 2 and inserting in place thereof the following section:—

Section 2. The commissioner of public works shall have the jurisdiction vested by statute in the board of street commissioners in relation to the planting and removal of trees in the public ways and to the use of public ways for any temporary obstruction or projection in, under or over the same; but such jurisdiction shall only be exercised with the written approval of the mayor in each instance. The commissioner shall also have the powers and perform the duties conferred or imposed by statute on the board of street commissioners in relation to the use of parts of public ways for the storage and sale of merchandise.

Section 35. Section 6 of said chapter 27 is hereby amended by striking out, in the last sentence, the word "collector" and inserting in place thereof the word "treasurer".

Section 36. Section 9 of said chapter 27 is hereby amended by striking out, in clause 2, the words "park department" and inserting in place thereof the words "parks and recreation department".

Section 37. Section 12 of said chapter 27 is hereby amended by striking out the words "street commissioners" and inserting in place thereof the words "public improvement board".

Section 38. Said chapter 27 is hereby further amended by striking out section 13 and inserting in place thereof the following section:—

Section 13. The commissioner shall issue such a permit to a building mover actually engaged in the business, for the purpose of moving a building through the streets, on condition the terms of which shall be those stated in section nine of this chapter; provided, that an application for such permit, describing the locations from and to which, and the route over which, the building is to be moved, the length, width and height of the building, and the principal material of its exterior and roof, and accompanied by the written consent of the building commissioner to the placing of the building on the lot proposed, shall be first made to the commissioner. Whenever it appears that the moving of a building will encumber the tracks of any railroad corporation, a public hearing shall be given by the commissioner upon the subject before such permit is issued.

Section 39. Section 14 of said chapter 27 is hereby amended by striking out, wherever appearing in said section, the words "street commissioners", and inserting in place thereof, in each instance, the words "public improvement board".

Section 40. Section 15 of said chapter 27 is hereby amended by striking out, wherever appearing in said section, the words "street commissioners", and inserting in place thereof, in each instance, the words "public improvement board".

Section 41. Section 20 of said chapter 27 is hereby amended by striking out the words "street commissioners" and inserting in place thereof the words "public improvement board".

Section 42. Section 23 of said chapter 27 is hereby amended by striking out, in the first sentence, the word "collector" and inserting in place thereof the word "treasurer".

Section 43. Section 28 of said chapter 27 is hereby amended by striking out, wherever appearing in clause 5, the word "collector" and inserting in place thereof, in each instance, the word "treasurer".

Section 44. Said chapter 27 is hereby amended by striking out section 29 and inserting in place thereof the following section:—

Section 29. Except as otherwise provided by statute, the commissioner of public works shall have full charge of all engineering work of every nature and description connected with all public works and all public improvements, and shall make such surveys, plans, estimates, statements and descriptions, and take such levels, as any officer of the city may need in the discharge of his duties, and shall have the custody of all surveys and plans relating to the laying out, relocating, altering, widening, constructing, making specific repairs on, and discontinuing public ways and alleys.

Section 45. Said chapter 27 is hereby further amended by striking out sections 35 and 36 and inserting in place thereof the following sections:—

Section 35. The commissioner shall, in his annual report, include a statement of the repairs and expenditures on each street and each bridge under his charge, of the number of times each draw of a bridge has been opened for the passage of vessels, of the number of vessels laden with cargo that have passed through each draw, of the number of water takers and the purposes for which the water is taken, of the number and kind of water meters installed during the previous year, of the number and kind of water meters in use, of the number of cases where the water has been shut off, and of the number and amount of abutments which have been made during the preceding year on water rates.

Section 36. There shall be in the public works department a board, known as the Public Improvement Board, consisting of the commissioner of public works, the commissioner of real property and the director of health and safety, ex officio. The public improvement board shall not be subject to the supervision or control of the commissioner of public works except as he acts as a member of said board, but unless otherwise ordered by the

mayor, the public improvement board shall not communicate with the mayor, or make any annual or other report, except through the commissioner of public works. The public improvement board shall have all powers and perform all duties conferred or imposed by statute on the board of street commissioners except (a) those conferred or imposed on the board of health and safety by section three of chapter fifteen A of these ordinances, (b) those conferred or imposed on the commissioner of public works by section two of this chapter and section forty of chapter forty of these ordinances, and (c) those conferred or imposed on the real property board by section four of chapter twenty-seven A of these ordinances. The public improvement board shall also have the powers and perform the duties conferred or imposed on the city planning board by chapter 414 of the acts of 1953.

Section 46. The Revised Ordinances of 1947 are hereby further amended by inserting after chapter 27 the following new chapter:—

CHAPTER 27A.

Real Property Department.

Section 1. There shall be in the city a department, known as the Real Property Department, which shall be under the charge of a board, known as the Real Property Board, consisting of an officer, known as the Commissioner of Real Property, appointed by the mayor, who shall be chairman of the board and shall serve in the stead of the chairman of the board of street commissioners as an associate commissioner of the Boston traffic commission, an officer, known as the Assistant Commissioner of Real Property, appointed by the mayor, and three other officers, known as Associate Commissioners of Real Property, who shall be the chairman of the city planning board, ex officio, and two other persons appointed by the mayor. The commissioner of real property and the assistant commissioner of real property shall each be appointed for a term expiring on the first Monday of the January following the next biennial municipal election at which a mayor is elected and shall devote their whole time to the work. The associate commissioners first appointed shall serve, according to the provisions of their respective appointments, for terms commencing upon their respective dates of appointment and expiring, in the case of one associate commissioner, one year, and in the case of the other associate commissioner, two years, from May 1, 1954. As the term of any such associate commissioner, or of any subsequent appointive associate commissioner, expires, his successor shall be appointed by the mayor for a term of two years. Any vacancy in the office of an appointive associate commissioner shall be filled by the mayor for the unexpired term. The associate commissioners of real property shall receive no compensation for their services as such associate commissioners.

Section 2. The mayor shall appoint from the real property board a committee consisting of the chairman and two other members to be known as the Committee on Foreclosed Real Estate. Said committee shall have the powers and perform the duties conferred or imposed by law on the committee on foreclosed real estate established under section 4 of chapter 434 of the acts of 1943.

Section 3. The commissioner of real property shall exclusively have the powers, and perform the duties, of a department head with respect to the appointment, suspension, discharge, compensation and indemnification of subordinates for the department, including an auctioneer, who shall have the powers and perform the duties prescribed for the auctioneer in the office of the board of real estate commissioners by section 2A of chapter 652 of the acts of 1945 as amended by section 3 of chapter 633 of the acts of 1951, and including also a superintendent of markets, who, subject to the supervision and control of the assistant commissioner of real property, shall have the charge and control of Faneuil-hall market and Faneuil-hall market limits; shall preserve order therein; shall make such changes, and place or allow to be placed in said market such pipes, drains, and other appliances, as he may deem proper; and shall take and forthwith destroy any article of food which in his opinion is diseased, unwholesome, or tainted, and is kept for sale within such market limits. Said superintendent may assign stands within such market limits for the sale of provisions and other articles, and may, at the expense of the owner thereof, remove from one place or stand to another within such limits, or to, and to be kept in, a proper storage place until the expense is paid, any merchandise, vehicle or animal, not under the charge of any person, or not immediately so removed on the direction of said superintendent.

Section 4. The real property board shall have the powers and perform the duties conferred or imposed on the board of real estate commissioners by chapter 434 of the acts of 1943, as amended, by chapter 474 of the acts of 1946, as amended. The real property board shall also have the powers and perform the duties conferred or imposed by statute on the board of street commissioners in relation to the abatement of taxes.

Section 5. The commissioner of real property shall have the powers and perform the duties conferred or imposed on him by these ordinances, and shall also have the powers and perform the duties conferred or imposed on the chairman of the board of real estate commissioners by chapter 434 of the acts of 1943, as amended.

Section 6. The assistant commissioner of real property shall have the care, custody and management of, shall make all repairs in and upon, and shall keep in repair the furniture of, all buildings and parts of buildings belonging to or hired by the city, not wholly in charge of one department, or for which no other provision is made by statute or ordinance, whether the same are used for city or county purposes, and may, with the approval of the mayor, hire such buildings or rooms as may be required for such purposes; shall have the care and control of the city hall and the city hall annex; shall have the care and custody of the flags belonging to the city hall and to the old state house; shall display the national flag upon the city hall on every day, except Sundays, weather permitting; shall have charge of all city property in the armories provided by the city for the militia; and shall cause to be included in the annual report of the real property board a statement of the kind and amount of city property in such armories, of all buildings belonging to or used by the city, and of the land and appurtenances thereof, of the condition of such buildings and land, and the nature and amount of the expenditures that have been made during the preceding year relative thereto.

Section 7. The assistant commissioner of real property shall have the care, custody and management of Faneuil hall, shall, weather permitting, every day except Sundays, display the national flag upon the building in which said hall is located, shall, upon vote of the city council approved by the mayor, permit the use of said hall, and shall be paid therefor in advance, for opening, heating, lighting, and closing said hall, unless such vote shall otherwise provide, in the daytime a fee of fifteen dollars and in the evening or on Sunday a fee of twenty-five dollars, and shall hold all persons signing the application for such permit jointly and severally liable for all damage done to said hall at or in connection with the meeting for which such permit is granted.

Section 8. The assistant commissioner of real property shall lease, from time to time, by instruments approved as to form by the corporation counsel and approved in writing by the mayor, the stalls, cellars, and second floor in Faneuil-hall market for terms of three years from October 1, 1953, and at the expiration of such leases for further terms of three years, at the rents established by the city council and upon such other terms and conditions as may be approved by the corporation counsel and the mayor.

Section 9. The assistant commissioner of real property shall have the care, custody and management of the Dillaway house, so called, in the Roxbury district of the city, may establish rules and regulations for the use and preservation of said house as a historical relic of the revolutionary war, and may, upon vote of the city council approved by the mayor, let or lease the whole or any part of said house to a historical society or other association organized for historical purposes.

Section 47. Chapter 28 of the Revised Ordinances of 1947 is hereby repealed; and the real estate department, including the board of real estate commissioners, is hereby abolished; and the powers, duties and appropriations of the real estate department, the board of real estate commissioners, the committee on foreclosed real estate, and the chairman of said board are hereby respectively transferred to the real property department, the real property board, the committee on foreclosed real estate, and the commissioner of real property created by section 46 of this ordinance.

Section 48. Chapter 29 of the Revised Ordinances of 1947 is hereby repealed; and the registry department, including the office of city registrar, is hereby abolished; and the powers, duties and appropriations of the city registrar with respect to the acquisition and disposal of property, the making of contracts, and the appointment, suspension, discharge, compensation and indemnification of subordinates are hereby transferred to the director of health and safety created by section 16 of this ordinance; and all other powers, duties and appropriations of the registry department are hereby transferred to the registry division of the health and safety department created by said section 16.

Section 49. Chapter 31 of the Revised Ordinances of 1947 is hereby repealed; and the sinking funds department, including the board of commissioners of sinking funds, is hereby abolished; and the powers, duties and appropriations of said department are hereby transferred to the board of commissioners of sinking funds created in the treasury department by section 53 of this ordinance.

Section 50. Chapter 33 of the Revised Ordinances of 1947, as amended by chapter 7 of the Ordinances of 1950, is hereby repealed; and the street laying out department, including the board of street commissioners, is hereby abolished; and the powers and duties conferred or imposed on the board of street commissioners by chapter 148 of the General Laws, as amended, by chapter 577 of the acts of 1913, as amended, and by chapter 488 of the acts of 1924, as amended, and the powers and duties conferred or imposed on said board by chapter 447 of the acts of 1908 in relation to street traffic other than vehicular street traffic and parades, processions, and other organized formations of persons or vehicles, and the appropriations of the street laying out department pertaining to all such powers and duties, are hereby transferred to the health and safety department created by section 16 of this ordinance; and the powers and duties conferred or imposed

by statute on the board of street commissioners in relation to the abatement of taxes, and the appropriations of the street laying out department pertaining to such powers and duties, are hereby transferred to the real property department created by section 46 of this ordinance; and the powers, duties and appropriations of the street laying out department in relation to all engineering work and the custody of all surveys and plans pertaining to the laying out, relocating, altering, widening, constructing, making specific repairs on, and discontinuing public ways and alleys, and the powers and duties of the board of street commissioners in relation to the designation of streets for coasting, the planting and removal of trees in the public ways, the use of public ways for any temporary obstruction or projection in, under, or over the same, and the use of parts of public ways for the storage and sale of merchandise, and the appropriations of the street laying out department pertaining to all such powers and duties, are hereby transferred to the public works department; and all other powers and duties of the board of street commissioners, and all other appropriations of the street laying out department, are hereby transferred to the public improvement board created in the public works department by section 45 of this ordinance.

SECTION 51. Chapter 35 of the Revised Ordinances of 1947 is hereby repealed.

SECTION 52. Chapter 36 of the Revised Ordinances of 1947 is hereby amended by striking out section 1, as amended by chapter 4 of the Ordinances of 1948, and inserting in place thereof the following six sections:—

Section 1. There shall be in the city a department, known as the Treasury Department, which shall be under the charge of an officer, known as the City Treasurer, appointed by the mayor for a term expiring on the first Monday of the January following the next biennial municipal election at which a mayor is elected, who shall have the powers and perform the duties from time to time conferred or imposed on him by law, shall also have the powers and perform the duties conferred or imposed by law on the office of city collector in existence immediately prior to the taking effect of this ordinance, and shall further have the powers and perform the duties from time to time conferred or imposed on collectors of taxes and treasurers of cities in Massachusetts by general laws applicable to Boston.

Section 1A. The city treasurer may, with the written approval of the mayor in each instance, appoint three assistant city treasurers, each of whom shall be sworn to the faithful performance of his duties and shall perform under the direction of the city treasurer such duties as shall from time to time be assigned to him by the city treasurer. Any assistant city treasurer may, at such times as he shall have been so authorized by written designation signed by the city treasurer, approved by the mayor and filed with the city clerk and such authorization shall not have been revoked in like manner, exercise the powers and perform the duties of city treasurer in relation to such matters as may be specified in such designation.

Section 1B. The city treasurer may appoint such deputies as the service may be found to require, who shall have like power as the city treasurer to receive any tax, assessment, account, debt or claim payable to the city or county and to serve any bill, demand, notice or other paper of the city treasurer and make affidavit of the manner of such service, and, in addition thereto, shall have power to give notice of, serve and execute any warrant committed to him by the city treasurer under section 34 of chapter 60 of the General Laws, and in the service and execution thereof shall have all the powers and duties of a collector of taxes.

Section 1C. The city treasurer shall require from each of his subordinates, before each enters upon the duties of his office or position and annually thereafter and at such other times as the mayor shall determine, for the faithful discharge of his duties and trusts and the safe custody and lawful disposition of all money and other property belonging to the city or county which may come into his possession, a bond running to the city treasurer with a surety company authorized to transact business in Massachusetts as surety in the penal sum, in the case of an assistant city treasurer, of two hundred thousand dollars, in the case of a paymaster or cashier, of fifty thousand dollars, and in the case of every other permanent employee, of ten thousand dollars.

Section 1D. The city treasurer shall collect and receive all taxes and assessments payable to the city or county, whether committed to him or outstanding at the time of his appointment. He shall also collect and receive all accounts, debts and claims payable to the city or county, and in the collection thereof shall have all the remedies provided by sections 35, 36 and 93 of chapter 60 of the General Laws. He shall have custody of all leases from the city. He shall, whenever a water rate is paid, immediately notify the commissioner of public works of such payment.

Section 1E. The city treasurer shall receive, receipt for, and have the care and custody of, the current funds of the city from the time the same shall come into his possession, and also of all money, property, and securities which may come into his possession by virtue of any statute or ordinance, or as a gift, devise, bequest, or deposit; may deposit any portion of such current funds in such savings banks or trust companies organized

under the laws of Massachusetts and doing business in Boston or such national banks doing business in Boston or such national bank or trust company in the city of New York, and on such conditions and rates of interest, as he shall deem best, subject to the approval of the mayor, provided, however, that no such deposit shall be made except in conformity with law; shall, with the mayor and the city auditor, sign all bonds and certificates of indebtedness issued by the city; shall preserve all bids for loans, and papers relating thereto; and shall, if elected, serve as treasurer of the board of sinking fund commissioners. If the city treasurer is elected treasurer of said board, his bond as city treasurer shall apply to and include his duties as treasurer of said board. The city treasurer shall not be eligible for appointment as a sinking fund commissioner.

SECTION 53. Said chapter 36 is hereby further amended by striking out sections 9, 10, 11 and 12 and inserting in place thereof the following section:—

Section 9. There shall be in the treasury department a board, known as the Board of Commissioners of Sinking Funds, consisting of six commissioners appointed by the mayor. The commissioners first appointed shall serve, according to the provisions of their respective appointments, for terms commencing upon their respective dates of appointment and expiring, in the case of two commissioners, one year, in the case of two other commissioners, two years, and in the case of two other commissioners, three years, from May 1, 1954. As the term of any such commissioner, or of any subsequent commissioner, expires, his successor shall be appointed by the mayor for a term of three years. Vacancies in the board shall be filled by the mayor for the unexpired term. The members of the board of commissioners of sinking funds shall serve without compensation.

The board of commissioners of sinking funds shall not be subject to the supervision or control of the city treasurer; but unless otherwise ordered by the mayor, said board shall not communicate with the mayor, or make any annual or other report, except through the city treasurer.

The board of commissioners of sinking funds shall have the powers and perform the duties from time to time conferred or imposed on it by law, shall also have the powers and perform the duties conferred or imposed by law on the board of commissioners of sinking funds in existence immediately prior to the taking effect of this ordinance, and shall further have the powers and perform the duties from time to time conferred or imposed on sinking fund commissioners of cities in Massachusetts by general laws applicable to Boston. The board of commissioners of sinking funds shall, when a debt of the city becomes due, pay over to the city treasurer so much of the funds held as a sinking fund for such debt as may be required for the payment of such debt.

SECTION 54. The Revised Ordinances of 1947 are hereby further amended by striking out chapter 37 and inserting in place thereof the following chapter:—

CHAPTER 37.

Veterans Services Department.

Section 1. There shall be in the city a department, known as the Veterans Services Department, which shall be under the charge of an officer, known as the Veterans Benefits and Services Commissioner, who shall be a veteran as defined in section 1 of chapter 115 of the General Laws, shall be appointed by the mayor for a term expiring on the first Monday of the January following the next biennial municipal election at which a mayor is elected, and shall have the powers and perform the duties from time to time conferred or imposed by statute upon the soldiers' relief commissioner of Boston, veterans' agents appointed under section 3 of said chapter 115, and directors of veterans' services appointed under section 10 of said chapter 115.

Section 2. The veterans benefits and services commissioner may divide the veterans services department from time to time into such divisions as he may deem necessary for the proper conduct of the department, and, with the written approval of the mayor in each instance, may appoint such deputy, and such assistant, veterans benefits and services commissioners as he may from time to time deem necessary; provided, however, that no person other than a veteran as defined in said section 1 shall be eligible for such appointment.

Section 3. There shall be in the veterans services department an officer, known as the Supervisor of Veterans Graves and Registration, appointed by the mayor, who shall have the powers and perform the duties from time to time conferred or imposed by general laws applicable to Boston on persons appointed under section 9 of chapter 115 of the General Laws. The supervisor of veterans graves and registration shall not be subject to the supervision or control of the veterans benefits and services commissioner; but unless otherwise ordered by the mayor, such supervisor shall not communicate with the mayor, or make any annual or other report, except through such commissioner.

Section 55. The department of veterans services, including the offices of director of veterans services and commissioner of soldiers relief, is hereby abolished; and the powers, duties and appropriations of said department are hereby transferred to the veterans services department created by section 54 of this ordinance. The office of supervisor of veterans graves and registration in ex-

istence immediately prior to the taking effect of this ordinance is hereby also abolished; and the powers, duties and appropriations of said office are hereby transferred to the supervisor of veterans graves and registration created in the veterans services department by section 54 of this ordinance.

SECTION 56. The Revised Ordinances of 1947 are hereby further amended by inserting after chapter 37, as amended by section 54 of this ordinance, the following new chapter:—

CHAPTER 37A.

Welfare Department.

Section 1. There shall be in the city a department, known as the Welfare Department, which shall be under the charge of a board, known as the Overseers of the Public Welfare, consisting of an officer, known as the Director of Public Welfare, appointed by the mayor for a term expiring on the first Monday of the January following the next biennial municipal election at which a mayor is elected, who shall be chairman of the board, shall devote his whole time to the work and shall receive the salary prescribed by section five of chapter three of these ordinances, and four other overseers appointed by the mayor, who shall serve without pay. The unpaid overseers first appointed shall serve, according to the provisions of their respective appointments, for terms commencing upon their respective dates of appointment and expiring, in the case of one, one year, in the case of another, two years, in the case of another, three years, and in the case of the other, four years, from May 1, 1954. As the term of any such unpaid overseer, or of any subsequent unpaid overseer, expires, his successor shall be appointed by the mayor for a term of four years. Any vacancy in the office of an unpaid overseer shall be filled by the mayor for the unexpired term.

Section 2. The overseers of the public welfare shall have the powers and perform the duties from time to time conferred or imposed on them by law; shall have the powers and perform the duties conferred or imposed by statute on the overseers of the public welfare in existence immediately prior to the taking effect of this ordinance; shall have the powers and perform the duties conferred or imposed by statute on the directors of the house of industry, the board of directors for public institutions, the commissioners of public institutions, the institutions commissioner, the institutions registrar, the trustees for children, the pauper institutions trustees, the Boston infirmary trustees and the commissioner of institutions except in relation to matters within the jurisdiction of the penal institutions commissioner, matters concerning the insane, and matters pertaining to Long Island and the institution thereon belonging to the city, including the viaduct between Long Island and Moon Island and the approaches to said viaduct; shall have the powers and perform the duties from time to time conferred or imposed on boards of public welfare of cities in Massachusetts by general laws applicable to Boston; shall have charge of the Charity building and temporary home on Chardon street, and the Lodge for Wayfarers on Hawkins street, and may make and enforce all such rules and regulations as they may deem expedient in relation thereto; and shall, from time to time, determine what charitable societies shall be permitted to occupy the Charity building, and on what terms and for what length of time, and what proportion of the current expenses of managing, heating and lighting the same, and of all other expenses, except rent, shall be paid by each; but no such rule or regulation shall be in force, and no society shall be permitted to occupy the building, after the city council has otherwise ordered.

Section 3. Such person as the director of public welfare may from time to time designate, after giving bond to the city in the penal sum of one hundred thousand dollars for the faithful discharge of his duties and trusts and the safe custody and lawful disbursement of all public money intrusted to him, which bond shall be executed by a surety company authorized to transact business in Massachusetts as surety, approved by the mayor, filed with the city auditor, and renewed annually and at such other times as the mayor shall determine, shall act as an authorized official of the city to disburse all relief, aid and assistance of every name and nature furnished by, or under the supervision of, the overseers; and all moneys appropriated for the purpose of furnishing such relief, aid and assistance and all moneys received by the city for such purposes shall, upon requisition made by the overseers with the approval of the city auditor and the mayor, be paid by the city treasurer to such authorized official for disbursement as aforesaid.

SECTION 57. Chapter 38 of the Revised Ordinances of 1947 is hereby repealed; and the weights and measures department, including the office of sealer of weights and measures, is hereby abolished; and the powers, duties and appropriations of the sealer of weights and measures with respect to the acquisition and disposal of property, the making of contracts, and the appointment, suspension, discharge, compensation and indemnification of subordinates are hereby transferred to the director of health and safety created by section 16 of this ordinance; and all other powers, duties and appropriations of the weights and measures department are hereby transferred to the weights and measures division created in the health and safety department by said section 16.

SECTION 58. Section 19 of chapter 39 of the Revised Ordinances of 1947 is hereby amended

by striking out, in the last sentence, the word "assessors" and inserting in place thereof the words "assessor of taxes".

IMPROVED SERVICE BY MTA TO CITY POINT.

The following was received:

City of Boston,

Office of the Mayor, January 4, 1954.

To the City Council.

Gentlemen:

I transmit herewith communication from the General Manager of the Metropolitan Transit Authority relative to your order of December 14, 1953, requesting that his Honor the Mayor be requested to make as strong as possible representations to the trustees of the MTA concerning the necessity of providing additional service on the City Point-Tremont Street bus line.

Respectfully,

J. B. HYNES, Mayor.

Metropolitan Transit Authority.

December 28, 1953.

Mr. Harold B. Flemming,

Chief Clerk, Mayor's Office.

Dear Sir:

In reply to your reference of December 16 with regard to South Boston service, it is not physically possible to restore streetcar operation.

The Board provided a transfer station at Tremont and Shawmut for the buses and also is providing a second escalator in the Broadway Station of the Dorchester Tunnel. Doubling the number of buses on that line would cost nearly \$90,000.

The difficulty is the very heavy traffic on the Broadway Extension Bridge which completely upsets our schedules, but which will be greatly relieved when the Dover Street Bridge is reopened in February.

The suggestion of altering the aisle space is now under engineering study and it is hoped can be effected.

Yours very truly,

EDWARD DANA,

General Manager.

Placed on file.

MINOR'S LICENSE.

The application of Peter E. Nordahl, 202 Huntington avenue, Ward 4, for newboy's license was received.

License granted under usual conditions.

Voted, That this Board determines that the undermentioned persons sustain damages in their estates by the taking of an easement for sloping purposes in Faywood avenue, East Boston district, between Tower street and land of the Boston Housing Authority, under the order of the Board of December 29, 1953, in the amounts hereinafter respectively set against them, and awards said amounts therefor:

Alice M. Mirra, 10,287 square feet, \$1.

Flavia Marino, 2,509 square feet, \$1.

Ralph Laspasio, 2,725 square feet, \$1.

SEWERAGE WORKS IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within thirty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston, formerly West Roxbury, and are bounded as follows:

A parcel of land, supposed to belong to City of Boston, bounded:

Easterly by easement taken August 19, 1914, 10.19 feet; southerly by other land of City of Boston, 84.45 feet on a curve of 2,078 feet radius; westerly by land of Chipman, 8.03 feet; and northerly by Veterans of Foreign Wars Parkway, 77.85 feet on a curve of 2,070 feet radius, containing 864 square feet.

A parcel of land, supposed to belong to Walter J. Chipman, bounded:

Easterly by land of the City of Boston, 8.03 feet; southerly by other land of said Chipman, 10.42 feet; westerly by the same, 10.52 feet on a curve of 2,078 feet radius; and northerly by Veterans of Foreign Wars Parkway, 17.98 feet on a curve of 2,070 feet radius, containing 114 square feet.

The sewerage works to be constructed are as follows: 130 feet of 10-inch pipe sewer.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcel of land situated on the southerly side of Veterans of Foreign Wars Parkway as shown on the aforesaid plan and supposed to belong to Walter J. Chipman, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, in the amount hereinafter mentioned:

Walter J. Chipman, \$780.

Voted, That this Board determines that the undermentioned persons sustain damages in their estates by the taking of an easement for sewerage purposes and the construction of sewerage works in land on the southerly side of Veterans of Foreign Wars Parkway, West Roxbury district, under the order of the Board of January 4, 1954, in the amounts hereinafter respectively set against them, and awards said amounts therefor:

City of Boston, 864 square feet, \$1.

Walter J. Chipman, 114 square feet, \$1.

PROPOSALS FOR FURNISHING GASOLINE FOR CITY DEPARTMENTS.

Proposals may be obtained at Room 1001, City Hall Annex. At this room the bids will be opened and read Monday, February 1, 1954, at 12 M. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out. A duplicate bid, without check, must be left with the Auditor prior to the time for opening bids. Envelopes containing bids to be sealed and marked "Proposal for Gasoline." The successful bidder must furnish a faithful performance bond for approximately one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts. The Purchasing Agent reserves the right to accept or reject any and all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city.

REORGANIZATION OF CITY'S FUNCTIONING METHODS BEGINNING TO SHAPE UP UNDER DIRECTOR OF ADMINISTRATIVE SERVICES, CHARLES J. FOX—FIRST DIRECTIVE TO HEADS OF DEPARTMENTS AIMED AT STREAMLINING AND MORE EFFICIENCY ISSUED AND BEING MADE EFFECTIVE.

Under the plans of Charles J. Fox, Director of Administrative Services, the reorganization of the city's functioning methods are beginning to take the shape outlined and designed in order to make the operation of the municipality's business more streamlined and efficient.

The first important change has been announced by Director Fox in Bulletin No. 1, which establishes a Purchasing Division and defines its duties. Two other changes are announced in the bulletin. One relates to changes in personnel and the other to the disposal of surplus property.

The complete instructions of the bulletin read as follows:

CITY OF BOSTON STANDS TO LOSE OVER \$3,600,000 ON SALES OF SINGLE- AND TWO-FAMILY HOUSING UNITS BUILT TO HOUSE VETERANS AND THEIR FAMILIES—FINANCE COMMISSION BRINGS FACTS TO ATTENTION OF MAYOR JOHN B. HYNES—PROPERTIES TO BE OFFERED FOR SALE IN SIXTH YEAR AFTER COMPLETION BY LAW.

The Finance Commission has addressed the following communication to the Mayor and City Council:

Boston, January 15, 1954.

To the Honorable the Mayor and City Council.

In a communication to you, dated February 13, 1953, the Finance Commission forecast the probable ultimate cost to the taxpayers of Boston of "the social experiment of the 1946 Legislature, Chapter 372," which authorized municipalities to provide housing for veterans. This should not be confused with the housing provided under authorization of Chapter 200 of 1948, which is the great bulk of public housing now completed, for which the State financed the entire cost. The Chapter 372 housing was entirely at City expense.

As was stated a year ago, this segment of housing consisted of a total of 1,310 family units, there being among them 17 one-family dwellings, 487 two-family dwellings, and 319 dwelling units in multiple-apartment structures. Without sale of any of them in 1953, the Finance Commission showed that the operation and financing cost over and above all receipts of any kind would approximate \$2,260,898.55 by the end of 1953, and that because a State subsidy authorized for a five-year period would end in 1953, the above figure would be increased at an annual rate of more than \$600,000 per year until they were sold. It was then forecast, also, that if the entire number of dwelling units were sold in 1953 at an average price of \$8,000 per unit, the loss to the taxpayers would amount to \$2,359,182.55. It appears now that this loss will be much greater.

The sale of these properties is mandatory by Chapter 372 referred to. It is the responsibility of the Boston Housing Authority. The Mayor and Council of Boston have no authority in the matter. However, the State Housing Board is given approval authority. Nevertheless, because Mayors and City Councillors of Boston have been among those who advocated this method of providing housing for veterans, it is well to record the cost of the project.

Since the 372 Chapter requires that the properties be offered for sale in the sixth year after completion and the sixth year of many of them began in 1953, the Housing Authority provided itself with a professional current appraisal. An eminent real estate authority was retained and his appraisal is now available. There is also available an appraisal by the State Housing Board, and another by the Veterans Administration Bureau.

In these appraisals the multiple-apartment buildings were not included. They concern the 17 single-family dwellings and the 487 two-family dwellings. They indicate a sale value of an average of \$7,000 per unit, rather than \$8,000, which was the figure used by the Finance Commission in its 1953 communication.

Obviously, this new prospective sales price will mean a substantial increase in the over-all total loss forecast by the Finance Commission previously. As then stated, that loss on a basis of an average \$8,000 per unit sale would be \$2,359,182.55. An average unit sale price of \$7,000 would add \$1,000 to that figure and therefore would increase the total loss to well above \$3,600,000.

NEW REORGANIZATION PLANS FOR CITY UNDER WAY.

(Continued from page 93.)

of 1953, creating the Administrative Services Department and amending certain administrative procedures. The extent of the Council action is set forth in Document 55-1953, copies of which may be secured from the City Messenger. The important procedural changes are set forth in the following paragraphs:

Purchasing Division. The former Supply Department is now the Purchasing Division of the Administrative Services Department, and the head of this new division is entitled Purchasing Agent. Under the new ordinance this official is in charge of the printing plant, and all requisitions for printing and/or binding must be submitted to him. Because of this change, a new form of printing and binding requisition has been designed and printed. The new form is to be prepared in triplicate, one copy to be retained in the department initiating the requisition and the other two copies sent to the Purchasing Division. Only one item should be placed on a requisition, and each requisition should bear a departmental number in the upper right-hand section. If a requisition provides for printing from copy, the copy may be

sent directly to the printing plant but, in such a case, no actual printing will be started until the requisition covering the work has cleared through the Purchasing Division. It is essential, therefore, that printing requisitions be prepared and sent to the Purchasing Division on or before the time copy is sent to the printing plant. On all copies sent directly to the printing plant, there should be attached an identification slip on which will appear the name of the department, the number of the requisition, and the signature of the department head. Copies of this form may be secured by requisition through the Purchasing Division.

Personnel Changes. Under section 5 of the new ordinance, all appointments, promotions, compensation adjustments, transfers, and leaves of absence of departmental personnel must be approved by the Director of Administrative Services before becoming effective. Because of this change new personnel forms have been designed and printed and should be secured immediately through the Purchasing Agent. The new forms and numbers are as follows:

- Gen. 14 Appointment.
- Gen. 15 Promotion.
- Gen. 16 Transfer of Employee.
- Gen. 17 Leave of Absence.
- Gen. 37 Adjustment in Compensation.

To assure orderly procedure and standard practice the following conditions must be observed in submitting personnel recommendations:

(1) The effective date of the action recommended shall not be earlier than the Wednesday following the action in which the recommendation is submitted. No retroactive action will be approved. This means that all paper work connected with personnel changes must be anticipated and provided for in advance of the payroll period when such changes go into effect.

(2) Positions shown on any personnel form must be listed in the departmental classification list on file in the Personnel Division, and the action proposed must not represent an increase in the departmental quota for the title or rating involved. All leaves of absence, with or without pay, should be reported to the Personnel Division on Form 17.

(3) **Disposal of Surplus Property.** Under section 6 of the new ordinance a new procedure is established for disposing of departmental personal property which is no longer required for the purposes of the department involved. In such a case the officer in charge of the department by a writing executed in triplicate transfers the custody of such property to the Purchasing Agent. This latter official may provide for the transfer of such property to another municipal department, or if he finds no other department is interested in the item, he may with the approval of the Mayor sell or otherwise dispose of the property, provided he estimates the value thereof not to exceed \$500. In the event the estimated value exceeds this latter figure, the Purchasing Agent must secure Council approval of any action he may deem advantageous to the city.

Any questions relating to the administration or interpretation of these procedural changes should be referred to this office for decision.

CHARLES J. FOX,
Director of Administrative Services.

MOTOR EQUIPMENT REPAIRMEN.

Mr. Charles J. Fox, Director of Administrative Services, has approved the request contained in the following letter:

Boston, January 14, 1954.

MR. CHARLES J. FOX,
Director of Administrative Services.

DEAR SIR:

With reference to our letter of October 20, 1953, concerning the establishment of an increase in the regular wage rate per hour for employees who repair snow plowing equipment after regular working hours, I hereby recommend that the rate of \$1.85 per hour, which has been approved, be amended to \$1.95 per hour, to be paid those employees who are assigned to repair Walter Snow Fighters, four-wheel drive trucks, snow loaders, bulldozers, tractors, wreckers, bucket loaders, and front-end loaders.

When assigned to repair all other snow plowing and removal equipment not listed above, employees are to be paid at a rate of \$1.85 per hour.

The following named employees of the Automotive Division will be affected by this change only when performing the duties as described, between November 15, 1953, and March 31, 1954:

Motor Equipment Repairmen.—William C. Bayer, Jr., George Botolinski, Albert F. Campers, James D. Chaisson, James A. Collins, Joseph R. Coronella, Harry Davis, John L. Georgetti, Thomas J. Keating, Gerard W. Lang, Richard C. LeBron, John R. Longo, Angelo J. Marseglia, Donald Long, John B. Moran, Joseph Novak, William P. Pacitto, Harold D. Pierce, Anthony Rizzotti, James G. Sands, Sarofeen P. Sarofeen, Guy Silvio, Alfred P. Thoms, Michael Bolan, Anthony Zinna, Thomas Reidy, Bertram Girard.

Motor Equipment Maintenance Men.—Lewis K. Davis, William Flanagan, Pietro Petti.

Welders.—Anthony Dolan, John F. Gorski.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

STENOGRAPHER FOR GRAND JURY TESTIMONY.

The Mayor has approved the following request of the District Attorney:

Boston, December 30, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MAYOR HYNES:

In connection with the presentation of cases to the Suffolk County Grand Jury, it is necessary that the testimony of all witnesses appearing before the Grand Jury be taken down stenographically. It is also necessary that such testimony be transcribed almost immediately so that the cases can be prepared and the defendants placed on trial.

At the present time, the stenographic work and transcription is being done by one individual who, in addition, is responsible for the drawing of all indictments returned by the Grand Jury. I find that the above work cannot be performed by a single individual as in the past. In 1953 approximately 649 more complaints were heard and acted upon by the Grand Jury than in the previous year.

It is absolutely necessary that I should have a stenographer capable of taking down Grand Jury testimony; consequently, I am submitting the name of Miss Pauline Feingold, 69 West Cedar street, Boston, Mass., for an appointment as stenographer.

If possible, I would like to have this appointment made effective immediately, as the Grand Jury will be in session on January 4, 1954, and the services of Miss Feingold will be needed at that time.

Yours very truly,

CARRETT H. BYRNE,
District Attorney.

NOTE: It is requested that Miss Feingold be appointed senior clerk at \$55.50 a week.

CLAIMS ALLOWED.

Upon recommendation of the Corporation Counsel, the Mayor has approved the following claim:

Rose Richter, 1955 Commonwealth avenue, Brighton, in the sum of \$265, as compensation for personal injuries caused by a raised portion of the sidewalk in front of 5 Vinal street, Brighton, April 7, 1953.

REHABILITATION AND CONSERVATION PROGRAM.

(Continued from page 93.)

Jamaica Plain Branch, First National Bank, Jamaica Plain Committee; Bernard N. Hanson, president, Hyde Park Savings Bank, Hyde Park Committee.

The announcement of the names of these chairmen marks the completion of the appointment by the Mayor of district committees in the principal 14 subdivisions of the city. In due time, however, the Dorchester district, which comprises the largest residential area of the city, will be subdivided into at least four district committees.

The Neighborhood Rehabilitation and Conservation Program is a long-range permanent movement, says the Mayor. It may take fifteen to twenty years before the program will achieve its ultimate aim of eliminating blighted properties from Boston. Nevertheless, despite the fact that the city-wide movement is not expected to get under way before spring, already amazing progress has been made by several of the committees in getting their local programs launched—notably in South Boston, the South End, and Charlestown.

Illustrative of the groundwork being laid by some of the committees in preparation for the rehabilitation of their respective districts is the case of the Charlestown Committee, headed by Gilbert H. Hood, vice president of H. P. Hood & Sons. Here they have not only caused a survey to be made by city inspectors of the physical condition of 499 residential structures, but have conferred with city officials with a view toward having the entire district zoned, the Sullivan Square Playground rebuilt, and present recreational facilities expanded, and have initiated a long-range propaganda campaign to have the MTA structure, long a serious blight to the entire Charlestown area, replaced with a subway.

The committee has also framed a letter to be sent to the 4,900 owners of Charlestown real estate, acquainting them with the purposes of the Neighborhood Rehabilitation and Conservation Program and soliciting their cooperation in eliminating blight and in rehabilitating all Charlestown real estate worth saving.

The South End Committee, headed by J. Edward Downes, Jr., also has made marked progress in setting up its long-range program. Already more than 1,000 parcels of real estate, involving two important residential areas, have been studied by City of Boston health inspectors, and the building inspectors are now making a systematic check of the same properties with a view toward correcting any violation of the City of Boston Building Code. At the same time the committee is making a study of all of the existing recreational facilities of the area with a view toward bringing about increased use by the South End children.

The South Boston Committee, headed by Richard G. Welch, in addition to encouraging the owners of the 1,498 parcels of real estate in the "Pilot Area" of the district to repair and repaint their properties where needed, is engaged in attempting to improve traffic conditions throughout the area. Representatives of the committee met with the Traffic Commission during the past week with a view

toward diverting heavy truck traffic away from the central residential thoroughfares. Also, as a result of the committee's recommendations, the city has already started work in South Boston on rebuilding 11 streets and sidewalks, replacing 70 antiquated gas lamps with modern electrical equipment, marking out areas for the planting of 150 Norway maple trees along streets leading up to Dorchester Heights, and resodding the sides of the Heights Park.

STREET CONSTRUCTION IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for a public improvement consisting of the widening and construction of Edgewater Drive, Dorchester district, as a highway, at the westerly corner of River street, bounded and described as follows:

The highway named Edgewater Drive is hereby widened at the westerly corner of River street and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land, exclusive of trees, shrubs or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to John Philipopoulos, bounded:

Easterly by the westerly line of Edgewater Drive as it existed prior to this order, 26.38 feet on a curve of 10 feet radius; southeasterly by the northwesterly line, 64.33 feet; westerly by the westerly line of Edgewater Drive as widened under this order, by three measurements, 18.74 feet on a curve of 21.65 feet radius, 27.67 feet, and 15.33 feet on a curve of 9.70 feet radius; and northerly by the southerly line of River street as it existed prior to this order, by two measurements, 20.14 feet and 23.22 feet, containing 1,416 square feet, more or less.

Trees, shrubs or structures standing upon or affixed to the aforescribed land shall be removed therefrom within thirty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said Edgewater Drive as hereby widened is bounded:

Easterly by the westerly line of said street as it at present exists, 26.38 feet on a curve of 10 feet radius; southeasterly by the northwesterly line of said street as it at present exists, 64.33 feet; westerly by the westerly line of said street as hereby widened, by three measurements, 18.74 feet on a curve of 21.65 feet radius, 27.67 feet, and 15.33 feet on a curve of 9.70 feet radius; and northwesterly by the southeasterly line of River street as it at present exists, by two measurements, 20.14 feet and 23.22 feet, containing 1,416 square feet, more or less.

Voted, That this Board determines that the undermentioned person sustains damages in his estate by the making of the public improvement, consisting of the widening and construction of Edgewater Drive, Dorchester district, as a highway, at the westerly corner of River street, under the order of the Board of January 6, 1954, in the amount hereinafter mentioned, and awards said amount therefor:

John Philipopoulos, 1,416 square feet, \$1.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of city employees have been made:

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, etc., for furnishing labor, supplies, etc. Communications from heads of departments interested were as follows:

PARK DEPARTMENT.

Boston, January 12, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

I respectfully request your permission to issue a service order to H. D. Lockhart, 35 Hale street, Hyde Park, for the extermination of vermin in the following locations in the Park Department:

Dover Street bath—laundry, North Bennet Street, Cabot Street, Paris Street, Franklin Park Zoo and garage, George Wright Golf Club House.

He will exterminate vermin when required and in addition make regular monthly inspections with necessary applications of disinfectant at the above locations for the period of one year from January 1, 1954, to December 31, 1954, for a sum of \$959 payable quarterly.

For the last three years the Lockhart Company have performed this work in a very satisfactory manner, and at the time of the issuing of the original order, in obtaining quotations he was much lower than any other concern that bid.

I do not believe that the city would obtain any lower price by asking for bids and in view of the splendid work being done by this concern I believe it is for the best interests of the city to award a contract to this company.

Accordingly, I request your permission to issue a service order for this work.

Respectfully yours,

FRANK R. KELLEY,
Chairman.

SUFFOLK COUNTY.

MUNICIPAL COURT, ROXBURY DISTRICT.

Boston, January 8, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

MY DEAR MR. MAYOR:

In past years, you have granted us permission to expend sums of money under Item B-1, Office Supplies, Stationery, Printed Forms, etc., without advertising.

These items cannot be anticipated and as a general rule, the lowest price is sought, commensurate with good work and materials.

We therefore respectfully request your written permission to expend these sums of money for office supplies, stationery, printed forms, etc., for the year 1954, without advertising for bids.

Thanking you for giving this your kind attention, we are

Very truly yours,

THOMAS J. SPRING,
Justice.
CHARLES I. TAYLOR,
Justice.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for an extension of time for the completion of the contract with John F. Shea Company, Inc., for gutter and cornice renewal and related work at the W. L. P. Boardman School, from November 30, 1953, to February 28, 1954. This extension was

requested because of a delay in obtaining necessary materials to complete the work.

Approval has been given for an extension of time for the completion of the contract with J. J. Bonavire, Inc., for carpentry repairs at the Trade High School for Girls, from January 31, 1954, to March 31, 1954. This extension was requested because of a delay in work on account of school being in session.

Approval has been given for an extension of time for the completion of the contract with John J. Hourihan for roofing and related work at the John A. Andrew School, from December 15, 1953, to January 31, 1954. This extension was requested because of weather conditions.

HOSPITAL DEPARTMENT.

Approval has been given for a further extension of time from December 1, 1953, to January 31, 1954, on the contract of Parkman Construction Corporation for alterations in basement of Maternity Building, Boston City Hospital. This further extension being necessary because of delay in delivery of the materials necessary to satisfactorily complete the contract.

PARK DEPARTMENT.

F. C. Dolan & Sons, Inc., have been granted an extension of time until May 1, 1954, for the completion of the contract for construction of small play area at Douglass court, Boston.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract dated September 1, 1953, with A. Singarella & Son, 22A Tremlett street, Dorchester, for bituminous concrete pavement in Dunboy street, Hatherly road, Mt. Vernon street, etc., from December 31, 1953, to June 30, 1954. This extension was requested because the contractor was unable to start work on some of the streets in the contract and will be obliged to resume work under the contract in the spring.

Approval has been given for the extension of the time of completion of the contract dated July 28, 1953, with the Carriere Construction Company, 21 Glendower road, Roslindale, for bituminous concrete pavement in Poplar street and Summit street, from December 31, 1953, to June 30, 1954. This extension was requested because the contractor was delayed in obtaining circular edgestone and was obliged to suspend work over the winter months.

Approval has been given for the extension of the time of completion of the contract dated December 8, 1953, with John McCourt Company, 910 Huntington avenue, Boston, for bituminous concrete pavement in city sanitary yard, Ward 6, at West First street, from December 31, 1953, to June 30, 1954. This extension was requested because the contractor was obliged to suspend work over the winter months.

Approval has been given for the extension of the time of completion of the contract dated June 23, 1953, with John J. Amara, 1019 Hyde Park avenue, Hyde Park, for artificial stone sidewalks in Adams street, Auriga street, Leonard

street, North Munroe terrace, etc., from December 31, 1953, to June 30, 1954. This extension was requested because the contractor was delayed by unfavorable weather conditions and was ordered to do additional work under the contract.

Approval has been given for the extension of the time of completion of the contract dated November 25, 1953, with John F. Shea Company, Inc., 41 Hollingsworth street, Mattapan, for furnishing and erecting street signposts in various locations throughout the City of Boston, from December 31, 1953, to June 30, 1954. This extension was requested because the contractor was unable to start work because the necessary pipe has just been received, and it will be necessary to delay starting work until the spring.

The Mayor and Chairman of the Board of Selectmen, Winthrop, have approved the extension of the time of completion of the contract dated July 13, 1953, with John F. Shea Company, Inc., 41 Hollingsworth street, Mattapan, for repairs to the Winthrop Bridge, between Boston and Winthrop, to January 31, 1954. This extension was requested because the contractor was delayed on account of the necessity of doing some additional work on the understructure of the bridge.

Approval has been given for the extension of the time of completion of the contract dated October 27, 1953, with Adams Asphalt Company, Inc., 53 Blanche street, Cambridge, for bituminous concrete pavement in Metropolitan avenue and Westminster street, from December 31, 1953, to June 30, 1954. This extension was requested because the contractor was obliged to suspend work over the winter months.

Approval has been given for the extension of the time of completion of the contract dated October 13, 1953, with Rufo Construction Company, 1 Allen road, Brighton, for bituminous concrete pavement in Buchanan road and Franklin Hill avenue, from December 31, 1953, to June 30, 1954. This extension was requested because the contractor was delayed by inclement weather and was obliged to suspend work over the winter months.

Approval has been given for the extension of the time of completion of the contract dated August 21, 1952, with Rufo Construction Company, 1 Allen road, Brighton, for bituminous concrete pavement in Bay street, Drummond street, Esmond street, etc., from October 1, 1953, to October 6, 1953. This extension was requested because the contractor was ordered to do work in additional locations and he completed the contract on October 6, 1953.

Approval has been given for an extension of time for the completion of the contract with Daddario-Piatelli for the building of sewerage works in Section 17, Stony Brook, Hyde Park, from December 15, 1953, to June 15, 1954, a period of six months. This extension was requested because excessive rainstorms caused the ground water level to rise causing a delay in the work.

Approval has been given for an extension of time for the completion of the contract with Charles Callahan Company, 69 Zeigler street, Roxbury, for bituminous concrete pavement in Asticou road, Avon street, Brookdale street, etc., from December 31, 1953, to June 30, 1954. This extension was requested because the contractor was obliged to suspend work over the winter months and will resume work under the contract in the spring.

PROCEEDINGS OF CITY COUNCIL.

Monday, January 11, 1954.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President WHITE in the chair and all the members present. Monsignor Charles A. Donahue of St. Theresa's Catholic Church, West Roxbury, was escorted to the rostrum.

INVOCATION BY REV. CHARLES A.
DONAHUE.

O Almighty and Eternal God, Father of wisdom and justice, through Whom authority is rightly administered, laws are enacted, and judgment decreed, assist with Thy Holy Spirit of counsel this Honorable Body, that its administration may be conducted with righteousness and courage, and be useful to the people over whom it presides, by encouraging due respect for virtue and religion, by faithful execution of the laws in justice and mercy, and by restraining vice and immorality. May the light of Thy divine wisdom direct the deliberations of this Honorable Council, and shine forth in all its proceedings.

We ask Thee, O Lord, to bless and guide our Mayor, the members of this assembly, and all other officers who are appointed to guard our political welfare. Graciously grant them Thy powerful protection to discharge their duties with honesty, ability, and courage.

This we ask in the name of Thy Divine Son,
Jesus Christ. Amen.

The meeting was opened with the salute to the Flag.

USE OF AMMONIUM CHLORIDE SYSTEM OF SNOW PRESERVATION.

The following was received:

City of Boston,
Office of the Mayor, January 6, 1954.
To the City Council,
Gentlemen:

I transmit herewith communication from the Chairman of the Board of Recreation relative to your order of November 23, 1953, requesting that the Superintendent of Recreation of the City of Boston, be directed, through the Board of Recreation, to investigate the ammonium chloride system of snow preservation and the possibility of its application in the recreational program in the City of Boston and that a brief report of these findings be made to the City Council before January, 1954.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Recreation, December 30, 1953.
Hon. John B. Hynes,
Mayor of Boston.
Dear Mayor Hynes:

Pursuant to your communication bearing date of November 23, 1953, with respect to the order of the Boston City Council of November 23, 1953, requesting "that the Superintendent of Recreation

of the City of Boston be directed, through the Board of Recreation, to investigate the ammonium chloride system of snow preservation and the possibility of its application in the recreational program in the City of Boston and that a brief report of these findings be made to the City Council before January of 1954," we submit the following.

The Superintendent of Recreation investigated the use of the ammonium chloride system of snow preservation which is presently in use in New Hampshire. He conferred with the following gentlemen who are working with ammonium chloride and are familiar with its use for recreational purposes:—Mr. Henry Moore, of the Boston "Herald," editor on skiing; Mr. Leslie Wood, Garrison Hill Ski Area, New Hampshire, who is working with Professor J. Serberlich, research chemist at the University of New Hampshire; and Mr. Johnson of the Solvay Chemical Company of Boston.

Basically, what the chemical does is to raise the melting point of the snow or ice from 17 to 20 degrees. This means that instead of the snow melting at the normal 33 degrees, it doesn't melt until it reaches 49 degrees. The proper method of applying the chemical is to put on a smooth, even coat in a manner similar to salting an icy road. Another important consideration concerning this system is that the snow must have a good base and be somewhat packed. A good base exists when the ground under the snow has a certain depth of frozen ground thus preventing undermining the packed snow by melting from the ground up. Packed snow is snow that is patted down as much as possible, before the application of the chemical, to obtain the best results.

The above-mentioned gentlemen did agree that the climatic conditions of Boston differ vastly from those in New Hampshire and Europe where this process has been proven successful. However, the Solvay Chemical Company of Boston will put the chemical to a test here in Boston as soon as the proper conditions prevail, and the Superintendent of Recreation will be invited to attend the test of its actual use in Boston. At that time a more complete report will be submitted to the City Council.

Yours respectfully,
LOUIS G. MAGLIO, Chairman.

ROPING OFF CERTAIN STREETS FOR USE AS PLAY AREAS.

The following was received:

City of Boston,
Office of the Mayor, January 11, 1954.
To the City Council,
Gentlemen:

I transmit herewith communication from the Chairman of the Board of Recreation relative to your order of October 26, 1953, concerning the roping off of streets for play areas and concerning allocation of new playground areas.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Recreation, December 30, 1953.
Hon. John B. Hynes,
Mayor of Boston.

Dear Mayor Hynes:
Pursuant to your communication bearing date of October 29, 1953, with respect to the order of the Boston City Council of October 26, 1953, requesting (1) that the Board of Recreation survey the possibility of roping off streets for use as play areas in districts of the city where playground area is scarce; and (2) that a determination be made in connection with this order of those areas in Boston most in need of play areas; (3) the conformity of the allocation of new playground areas with the Planning Board recommendations in the 'Preliminary General Plan for Boston,' the Board of Recreation's general estimate of the value of the recommendations in the said 'Preliminary General Plan' concerning allocation of new playground areas," we submit the following.

1. The Board of Recreation, with the cooperation of the Boston Police Department, the Traffic Commission, and private agencies, has used its power concerning closing streets for recreational purposes to the extent that the requests for closing

said streets have come from various recreation organizations in the community. In the past several months, twelve streets were closed by the Board of Recreation for recreational purposes.

2. A survey of Boston play areas as to actual area allocated for recreation is greatly needed; and this, used in conjunction with the population as set up by national recreation standards, would determine those areas most in need of play space. The Board of Recreation has the power to conduct such a survey but lacks the necessary funds.

3. The "Preliminary General Plan for Boston" is obsolete in the respect that it was intended for a long span of years terminating in 1975. Many major changes have been made that have altered the plan concerning recreation such as World War II, the Korean War, Housing Projects, loss of Federal aid to recreation, etc.

Respectfully,
LOUIS G. MAGLIO, Chairman.

DEVELOPMENT OF MILE ROAD AREA.

The following was received:

City of Boston,
Office of the Mayor, January 8, 1954.
To the City Council,
Gentlemen:

I transmit herewith, in reply to a City Council order of March 23, 1953, a report of the City Planning Board containing a proposed plan for the future development of the Calf Pasture area.

Respectfully,
J. B. HYNES, Mayor.

CONFERENCES WITH PERSONS ON OLD AGE OR RELIEF.

The following was received:

City of Boston,
Office of the Mayor, January 11, 1954.
To the City Council,
Gentlemen:

I transmit herewith communication from the Secretary to the Board of Overseers of the Public Welfare relative to your order of December 21, 1953, relative to certain days when persons on old age relief may call at their own localities for routine matters.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Oversers of Public Welfare,
December 31, 1953.

Hon. John B. Hynes,
Mayor of Boston.
Re: City Council Order of December 21, 1953,
Concerning Old Age Assistance or Relief
Program in Local Districts.

Dear Sir:
We have at hand the attested copy of a City Council order passed on December 21, 1953, and introduced by Councillor Piemonte as follows: "That the Board of Overseers consider the advisability of preparing a program and schedule of their personnel and set aside certain days whereby persons on Old Age or Relief could call in their own localities for routine matters."

It is our opinion and belief that what is intended by the Council order is presently being carried out by the department. As you know, in recent years the department has reduced the number of full-time field offices from nine to the following five district offices:

District 1, 154 Maverick street, East Boston.
District 2, 20 Church street, Boston.
District 3, 1491 Tremont street, Roxbury.
District 4, 170 Hancock street, Dorchester.
District 5, 515 Blue Hill avenue, Roxbury.

However, social workers are available each day at the following places during the period indicated for purposes of giving local service to such Old Age Assistance recipients or other relief clients who may call on routine matters:

25 Blossom street, Boston, 11 A.M. to 12 noon.
73 High street, Charlestown, 10 A.M. to 12 noon.
26 Central avenue, Hyde Park, 11 A.M. to 12 noon.
133 Dorchester street, South Boston, 11 A.M. to 12 noon.

We trust that the above information is satisfactory.

Very truly yours,
WILLIAM G. O'HARE, Secretary.

APPROPRIATION FOR PURCHASE OF LAND FOR WEST ROXBURY PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, January 11, 1954.
To the City Council,
Gentlemen:

The Park Department has had under consideration for a long period of time the acquisition of

land at Baker, Gardner, and Spring streets, West Roxbury, for a playground. Under date of April 18, 1953, in answer to my inquiry concerning the advisability of establishing a playground at this site, the City Planning Board reported as follows:

The West Roxbury district of Boston, in 1950, had a population of 23,000. At the present time, only two public playgrounds suitable for general use are available in this district: one, at Billings Field, is centrally located; the other, at Stimson street, is near the edge of the district, being situated near the Dedham line. Analysis of population distribution has revealed that a substantial population resides in the southwest part of the district, wholly beyond accessibility to either of these playgrounds. It is in this area that the proposed playground at Spring street, Gardner street, and Baker street lies.

Within one half mile radius of this location there was a population of nearly 6,000 in 1950. This figure includes more than 500 children of playground age, comprising approximately 200 younger children within one quarter mile radius and more than 300 older children within one half mile radius. About 2,500 persons of this total population are presently unserved by a public playground, including nearly 300 children. In addition, if a playground was established at this location, 1,500 other persons would benefit by having playground service brought substantially nearer to their homes. The proposed playground, therefore, would provide material benefit to about two thirds of the people living within one half mile radius of its locus. Measured by generally accepted standards, the need for a playground in this particular part of West Roxbury is easily established. Moreover, there is every reason to believe that the need will become more acute, since residential building is continuing in this locality and the post war increase in the birth rate will soon be reflected by substantial increases in the number of children of playground age.

With regard to desirability of this particular site, the Planning Board has determined that the land in question is very well located relative to the distribution of need. This is especially true regarding the use of the playground by the population at large and by children of junior high school age in particular. In meeting the needs of the younger children, the proposed playground would have assistance in the form of space available in the yards of the Sophia Ripley and the Joyce Kilmer Schools. The Spring Street, Gardner Street, and Baker Street location has other advantages, including a central location that will help make its existence known, and the fact that it is one of very few sites of adequate proportions still vacant in this general area, thus being readily available. A play program at this location can be readily coordinated with play activity at the elementary school on the opposite side of Baker street and with the program that is now being inaugurated in West Roxbury for "little league baseball teams," for which, at present, there are no adequate playing fields.

Following receipt of this report the Park Department on July 24 requested the Board of Street Commissioners to make a survey of the area and determine the amount that would be required to acquire the land. Under date of October 22, the Chairman of the Commission advised the Park Department that \$25,000 would be required for the purchase of the land. On October 30, the Chairman of the Park Commission advised the City Planning Board that a request had been submitted to the Mayor for an appropriation of \$25,000 to cover the purchase of the land in question. On November 3, 1953, the City Planning Board adopted the following vote:

"That inasmuch as a General Plan recommends the location of a junior playground in the vicinity of Spring, Gardner, and Baker streets in West Roxbury, the City Planning Board approves the request of the Park Commissioner to his Honor the Mayor to arrange for funds to acquire land for a playground at this location."

In the light of this record, I submit herewith an order providing for the appropriation of \$25,000 from Sales of City Property to permit the Park Department to proceed with the purchase of the desired land. I recommend adoption of this order by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That under the provisions of section 63 of chapter 44 of the General Laws, the sum of twenty-five thousand dollars (\$25,000) be, and hereby is, appropriated from Sales of City Property to be expended by the Park Department for the establishment of a playground at Gardner and Baker streets in the West Roxbury district.

ELECTION OF MANAGERS OF OLD SOUTH ASSOCIATION IN BOSTON.

Coun. WHITE offered the following:

Ordered, That the Council proceed to the election of two members of the City Council as managers of the Old South Association in Boston. The order was passed.

The Clerk called the roll with the following result:

For Councillors Foley and Kerrigan—Councillors Ahearn, Hailer, Kerrigan, McCormack, McLaughlin, Piemonte, White—7.

For Councillor Kerrigan—Councillor Foley—1. Councillors Foley and Kerrigan were declared elected as managers of the Old South Association in Boston for the year 1954.

COMMITTEE TO PREPARE RULES FOR COUNCIL FOR 1954-55.

Coun. WHITE offered the following:

Ordered, That a committee of three members be appointed by the President to prepare and report rules to govern the proceedings of the City Council of 1954-55.

The order was passed.

President WHITE appointed Councillors Piemonte, Foley, and Ahearn as said committee.

PROTEST AGAINST LAYING OFF OF BOSTON NAVY YARD EMPLOYEES.

Coun. MCCORMACK offered the following:

Whereas, The Federal Administration in Washington recently stated that they were going to give aid to stricken areas; and

Whereas, Massachusetts was one of those areas which was cited to receive priority in defense spending; be it

Resolved, That the Boston City Council, in meeting assembled, protest the Federal Administration's action which is resulting in the laying off of 1,200 employees of the Boston Navy Yard. The resolution was adopted.

PLAYGROUND AT 1213 VETERANS OF FOREIGN WARS PARKWAY.

Coun. FOLEY, WHITE, and HAILER offered the following:

Ordered, That the Board of Park Commissioners be requested, through his Honor the Mayor, to consider the advisability of taking by eminent domain the land at 1213 Veterans of Foreign Wars Parkway in West Roxbury for the purpose of establishing a playground.

Referred to the Executive Committee.

COUNCIL COMMITTEE TO REPORT ON BUDGET.

Coun. PIEMONTE offered the following:

Ordered, That the rules of the City Council be amended by adding after Rule 14, a new section, as follows:

Rule 14A. Notwithstanding any other provisions governing the procedure of the City Council, any committee of the Council having before it the budget for the fiscal year no later than the last Monday in March of each year, submit their report and recommendations on the budget at the opening of the City Council meeting to the City Clerk and said matter and said budget shall be included in the business of said meeting.

Failure of any committee to file their report and recommendations on the budget, as above provided, will be construed as if no recommendations or report were offered and the Clerk shall cause the budget, as presented by the Mayor, to come before the Council at said meeting.

Referred to the Special Committee to Prepare Rules.

AMENDMENT OF RULE 25 OF COUNCIL RULES.

Coun. FOLEY offered the following:

Ordered, That Rule 25, clause 2, of the Rules of the City Council for 1953 be amended by striking out the word "five" and inserting in place thereof the word "seven."

Referred to the Temporary Committee to Prepare Rules.

PROPOSED ROUTE OF ARTERIAL HIGHWAY IN BOSTON.

Coun. PIEMONTE offered the following:

Whereas, The present proposed route of the arterial highway will demolish approximately \$9,000,000 of assessed property in the Chinese, leather, and textile district (representing \$5.40 in the present Boston tax rate on real estate); and

Whereas, It will cause irreparable harm and also destroy the Chinese Merchants Building; and

Whereas, It will cause irreparable harm and disrupt the textile and leather industries which now give employment to thousands; and

Whereas, It appears that the route proposed by the Boston officials would require practically no displacing of families and very little injuries to the leather, textile and Chinese districts; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, call upon the Commissioner of Public Works of the Commonwealth to support the plan proposed by the City of Boston officials. The resolution was adopted.

CONSTRUCTION OF MUNICIPAL BUILDING AT FRANKLIN PARK.

Coun. McCORMACK offered the following:
Ordered, That the members of the Boston City Council, in meeting assembled, favor the enactment of pending legislation to permit authorization to the City of Boston to borrow funds for the construction of a Municipal Building at Franklin Field, Dorchester, which will provide a gymnasium, swimming pool, auditorium, and club rooms for residents of that area and all residents of the City of Boston at large.

Referred to the Executive Committee.

PAYMENT TO CITY IN LIEU OF TAXES BY COLLEGES AND UNIVERSITIES.

Coun. HURLEY offered the following:
Ordered, That his Honor the Mayor be requested to consider the advisability of appointing a committee to confer with the large colleges and universities located in, or owners of property in, the City of Boston, with a view toward requesting such colleges, or universities, to make some payments to the city for services rendered in lieu of taxes, as is presently being done in the City of Cambridge by Harvard University and the Massachusetts Institute of Technology.

The order was passed.

HONORING THE MEMORY OF SERGT. LEONARD MORAN.

Coun. HURLEY, KERRIGAN, McCORMACK, and FOLEY offered the following:
Ordered, That when the City Council adjourns today it shall adjourn in honor of the memory of Sergt. Leonard Moran, of 119 Marine road, South Boston, who made the supreme sacrifice at Fort Dix, New Jersey, when he "laid down his life for his friend," while instructing a rookie buddy, Sergeant Moran was killed when he fell upon a live hand grenade which had rolled back into the pit in which men were standing and fell between them. Sergeant Moran hurled his body on top of the grenade, deliberately sacrificing his own life, and he is further.

Ordered, That the Committee to Memorialize Veterans be requested to arrange, at the earliest possible time, for the naming of a square in honor of this heroic young man.

The order was passed.

TEMPORARY LOAN IN ANTICIPATION OF REVENUE.

Coun. McCORMACK called up, under assignment, No. 1 on the calendar, viz:

1. Order for temporary loan of \$75,000,000 in anticipation of revenue.

On January 4, 1951, the foregoing order was read once and passed, yeas 8, nays 0.

The order was given its second reading and passage, yeas 8, nays 0:

Yeas—Councillors Ahearn, Foley, Hailer, Kerrigan, McCormack, McLaughlin, Piemonte, White—8.
Nays—0

SERVICES OF EXPERT IN MUNICIPAL FINANCE.

Coun. FOLEY offered the following:
Ordered, That under Item 230 of the City Council budget, a sum be allowed sufficient to retain the services of a qualified expert in the field of municipal finance during the months of February and March, 1954, to aid the Council in its analysis and deliberation on the annual municipal budget.

Referred to the Committee on Appropriations and Finance, when appointed.

RECESS.

On motion of Councillor Ahearn the Council voted at 3:36 p.m., to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order by President WHITE at 7:31 p.m.

EXECUTIVE COMMITTEE REPORTS.

Coun. AHEARN, for the Executive Committee, submitted the following:

1. Report on order (referred today) that the Board of Park Commissioners consider the advisability of taking by eminent domain the land at 1213 Veterans of Foreign Wars Parkway in West Roxbury for the purpose of establishing a playground—recommending that same ought to pass.

The report was accepted and the order was passed.

2. Report on order (referred today) for construction of municipal building at Franklin Park, Dorchester—recommending passage of the following resolution.

Resolved, That the City Council of Boston favors the consideration by the Legislature of the petition now held under Joint Rule 7B providing for the authorization to the City of Boston to borrow funds for the construction of a Municipal Building at Franklin Park, Dorchester; provided that any such legislation enacted includes a referendum to the Mayor and City Council.

The report was accepted, and the resolution was adopted.

3. Report on message of Mayor and order (referred today) for appropriation of \$25,000 from Sales of City Property Account for establishment of playground at Gardner and Baker streets, West Roxbury—recommending that same ought to pass.

The report was accepted, and the order was given its first reading and passage, yeas 9:

Yeas—Councillors Ahearn, Foley, Hailer, Hurley, Kerrigan, McCormack, McLaughlin, Piemonte, White—9.

The order was assigned for fourteen days for final action.

4. Report on order (referred January 4) for reorganization of the secretarial staff of the City Council—recommending passage of the following three orders and an ordinance:

Ordered, That until the second Wednesday following the first Monday in January, 1956, the Clerk of Committees Department shall consist, in addition to the officers provided for in section 1 of chapter 13 of the Revised Ordinances of 1947, of not more than six temporary clerks and/or stenographers, to be appointed from time to time by the City Council, at the salaries in effect on December 31, 1953, for the six temporary officers provided for by the order passed by the City Council on January 19, 1953, and approved by the Mayor on January 20, 1953.

Ordered, That effective upon the approval by the Mayor of the order passed this day by the City Council and providing for not more than six temporary clerks and/or stenographers in the Clerk of Committees Department, the following persons be, and they are hereby are, appointed to the positions set against their respective names until the fourth Monday of January, 1954:

Peter J. Choherty, temporary clerk; Cornelius E. Donohy, temporary clerk; Nicholas DiMella, temporary stenographer-clerk; Agnes G. Dismore, temporary clerk-receptionist; Mary E. Flynn, temporary stenographer-clerk; Elizabeth Lynch, temporary stenographer-clerk, it being the intent of this order to reappoint on a temporary basis the above-named persons now in the service of the Clerk of Committees Department at the salaries respectively in effect for them on December 31, 1953.

Ordered, That until the second Wednesday following the first Monday in January, 1956, the Clerk of Committees Department shall consist, in addition to the officers provided for in section 1 of chapter 13 of the Revised Ordinances of 1947 and in addition to the six temporary officers provided for by the order heretofore passed this day, of not more than two additional temporary clerks and/or stenographers to be appointed, from time to time, by the City Council at a salary of sixty-five dollars per week.

In the Year Nineteen Hundred and Fifty-four.
AN ORDINANCE.

ABOLISHING A CERTAIN OFFICE IN THE CITY MESSENGER DEPARTMENT AND A CERTAIN OFFICE IN THE CLERK OF COMMITTEES DEPARTMENT.

Be it ordained by the City Council of Boston, as follows:

SECTION 1. Section 1 of chapter 11 of the Revised Ordinances of 1947 is hereby amended by striking out, in the first sentence, the words "The second assistant city messenger."

SECTION 2. Section 1 of chapter 13 of the Revised Ordinances of 1947 is hereby amended by striking out, in the first sentence, the word "four" and inserting in place thereof the word "three."

SECTION 3. This ordinance shall take effect upon the approval by the Mayor of the order passed by the City Council on January 11, 1954, providing for two additional temporary clerks and/or stenographers in the Clerk of Committees Department.

The report was accepted, and the foregoing three orders and the ordinance were severally passed.

OPPOSITION TO ROOF PARKING PERMIT.

Coun. PIEMONTE offered the following:

Whereas, The residents of the North End district of Boston are unalterably opposed to a roof parking permit at the garage at Commercial, Hull, and Prince streets (Brink garage); and

Whereas, The State Senator and State Representatives from that section, and the majority of the Boston City Council recorded themselves as opposed to the granting of any said permit; and

Whereas, The Fire Department on September of 1953 has disapproved the application because of violation of garage regulations by the applicant garage; and

Whereas, The granting of a permit for roof parking would constitute a serious menace and fire hazard to hundreds of families and children in this congested area; and

Whereas, The facilities of said garage are not now being used to their full capacity as a garage (a portion of it being used to store waste paper and another section for Brink's); and

Whereas, Only seven of the five hundred thirty-seven vehicles now garaged there are servicing the neighborhood; now, therefore, be it

Resolved, That his Honor the Mayor be requested to withhold approval for any permit for roof parking on the garage at Commercial, Hull, and Prince streets, and that the Board of Street Commissioners be directed to refrain from issuing any permit for roof parking at said garage at Commercial, Hull, and Prince streets in the North End of Boston.

The resolution was adopted.

Adjourned, at 7:46 p.m., on motion of Councillor Piemonte, to meet on Monday, January 18, 1954, at 2 p.m.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

PROPOSALS FOR FURNISHING SAND AND GRAVEL FOR CITY DEPARTMENTS.

Proposals may be obtained at Room 1001, City Hall Annex. At this room the bids will be opened and read Monday, February 1, 1954, at 12 M. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out. A duplicate bid, without check, must be left with the Auditor prior to the time for opening bids. Envelopes containing bids to be sealed and marked "Proposal for Sand and Gravel." The successful bidder must furnish a faithful performance bond for approximately one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts. The Purchasing Agent reserves the right to accept or reject any and all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city.

BOSTON TRAFFIC COMMISSION.

PROPOSALS FOR FURNISHING AND INSTALLING A THREE-PHASE FULLY-VEHICULAR ACTUATED TRAFFIC CONTROL SIGNAL EQUIPPED FOR PEDESTRIAN PUSH-BUTTON ACTUATION, COMPLETE IN PLACE, AT THE INTERSECTION OF ARBORWAY, CENTRE STREET AND PRINCE STREET, BOSTON, MASS.

The Boston Traffic Commission, office 112 Southampton street, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing and installing a three-phase fully-vehicular actuated traffic control signal equipped for pedestrian push-button actuation, complete in place, at the intersection of Arborway, Centre street and Prince street, Boston, Mass. A bond will be required for doing the work of a surety company approved by the Commission in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at 112 Southampton street. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Furnishing and Installing a Three-Phase Fully-Vehicular Actuated Traffic Control Signal Equipped for Pedestrian Push-Button Actuation, Complete in Place, at the Intersection of Arborway, Centre Street and Prince Street, Boston, Mass.," and left at 112 Southampton street, before 12 M. on Thursday, February 11, 1954, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the lump sum price appears to the Commission to be abnormally high or low, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Boston Traffic Commission. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

(Jan. 23-30.) WM. ARTHUR REILLY,
Traffic Commissioner.

REPORT OF DENNIS C. HALEY, SUPERINTENDENT OF PUBLIC SCHOOLS, ON HIS ATTENDANCE AT MEETING OF SUPERINTENDENTS IN CITIES WITH POPULATION OVER 200,000, AT RICHMOND, VIRGINIA, OCTOBER 22, 23, AND 24, 1953.

The following is the report of attendance of Superintendent Dennis C. Haley at convention in Richmond, Virginia:

The semiannual meeting of the Superintendents of Schools in Cities with Population over 200,000 was held in Richmond, Virginia, on October 22, 23, 24, 1953.

Superintendent Dennis C. Haley represented the Boston public schools. The general activities were planned by Henry I. Willett, Superintendent of Schools in Richmond, Virginia. The program schedule included visitations to public schools in Richmond and a series of conferences and discussion periods on important problems in education. The questions presented merited discussion and study not only for the best interests of education in large cities, but also in the interest of schools throughout the United States.

MAYOR JOHN B. HYNES CALLS UPON DEMOCRATIC FORCES OF STATE TO MARSHAL FORCES TO RETRIEVE POLITICAL FORTUNES LOST IN BATTLE OF 1952 AND TO REMEMBER THAT THE DEMOCRATIC PARTY IS PARTY OF THE PEOPLE WITH HOPE, EQUALITY, AND OPPORTUNITY AS DESTINY TO BE ACHIEVED—DELIVERS WELCOMING ADDRESS AT JEFFERSON-JACKSON DAY DINNER—MOURNS FACT THAT OLD FRIEND AND LEADER, MAURICE J. TOBIN, NOT PRESENT, EXCEPT IN MEMORY AND HEARTS OF ALL CITIZENS.

At the annual Jefferson-Jackson dinner at Hotel Sheraton-Plaza, on January 23, Mayor John B. Hynes delivered the following address:

It is always a pleasure to have within the gates of our old City of Boston representative Democrats from every nook and cranny in our state. Like all of you, I mourn the fact that our old friend and leader, Maurice J. Tobin, is not with us tonight.

I extend to you an affectionate and brotherly welcome, for all of us here tonight are brothers, or sisters, in a great and noble cause—that is to keep intact and unblemished the principles of the Democratic Party as expounded and exemplified by Jefferson and Jackson and the other great Democrats of revered memory.

In 1952, our Party—just a little too sure of itself, and just a little out of tune with the temper of the people—experienced reverses both national and state-wide. It is our job, our purpose, and our determination to reverse those reverses, and to begin now, tonight, to marshal our forces to that end.

It should not be too difficult—certainly not impossible. On other occasions we have lost battles, but we have always come back in greater strength to win again.

The people still look upon our Party as the Party of hope, equality, and opportunity. Let us prove that we have not lost sight of our destiny.

Let us demonstrate that always, and at all times, we are the Party of the People—and we will once again be chosen to lead the people to a better and fuller life, and our country to a more glorious future.

We have had the pause that refreshes. We are now refreshed. Now is the time to begin to move forward to greater victories than we have ever had in the past.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean;
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

REPORT OF SUPERINTENDENT OF SCHOOLS DENNIS C. HALEY.

(Continued from page 117.)

The conference agenda for this meeting was prearranged by Alexander J. Stoddard, Superintendent of Schools, in Los Angeles, California. Doctor Stoddard prepared this agenda from data received as a result of a request that all participating superintendents submit to him a list of important problems that affect both local and national education. The conferences and discussions covered a wide range of subject matter.

I. SALARIES—As in 1952-53 it was generally agreed that the salary schedules for teachers and school personnel for 1953-54 had not as yet reached a top level. It is believed that regardless of any change in the cost of living that it is necessary for salaries to climb higher because of the fact that the salaries of school personnel have in general lagged behind salaries in commercial and industrial lines.

Discussion brought out the fact that during the past few years the differential between teachers' salaries and administrative salaries had decreased. It was agreed that this is not a desirable situation. As a result, many cities are setting up a ratio between the top salaries of teachers and the salaries of administrators. In one city, for example, the ratio is as follows: 1.3 of the maximum teaching salary for elementary principals; 1.4 for junior high school principals; 1.5 for senior high school principals; and twice the maximum teaching salary for assistant superintendents. Another city is following the ratio: 1.39 for elementary principals; 1.51 for junior high school principals; and 1.59 for senior high school principals. In general there is a strong trend toward the ratio arrangement between teachers and principals. This type of plan seems necessary in order to insure proper salary schedules for school administrators.

II. BUILDINGS—The trend in the cost of construction of school buildings appears to be downward in approximately one third of the large cities of the country. This movement also indicates that efforts are being made to construct less expensive buildings. In some cities the height of ceilings and the width of corridors are being decreased. The exterior of buildings is less ornate. The problem of school space is acute in most of the large cities of the country. At least fifteen large cities are using double sessions to accommodate school population. While eighteen cities are transporting pupils in order to utilize available space in other parts of the school system, approximately eighteen cities are building some type of temporary structures in order to meet the present need.

III. CURRICULUM AND CURRICULUM PROBLEMS—Curriculum and curriculum problems require the constant study of experts in the field of education. Most of the large cities of the country have a special department engaged in revising the curriculum and in solving curriculum problems. The following are a few of the important curriculum problems discussed:

1. The teaching of controversial subjects.
2. The teaching of pupils with intelligence quotients below 50. This ac-

tivity has increased greatly during the last two or three years. There are approximately sixteen large cities that have classes of this nature with ten of the cities providing transportation of pupils to and from these classes.

3. The problem of teaching blind pupils has increased. At present nineteen large cities offer this type of education. Special classes are established to teach parents how to handle in the home blind children who are of preschool age. In other words, the teaching of the blind is expanding in order to be of every possible assistance to preschool age children.

4. In most cities sports in the junior high school level are of an intramural nature. In a few of the large cities junior high school athletic programs are conducted on an interscholastic basis.

5. Nearly all of the large cities are organized on a 6-3-3 plan. Homework on the junior and senior high school levels is required in most cities. A few cities require homework below Grade VII.

6. In general school systems are adjusting their high school curricula to meet the needs of pupils on a secondary level. A few cities offer what might be considered a second class diploma to pupils who are not capable of earning a regular high school diploma.

7. In many cities there is a trend toward comprehensive general high schools which offer a variety of educational courses rather than toward straight vocational secondary schools. In this respect vocational courses are being raised to a higher age level.

8. Adult education is offered in most of the large cities. In some of these cities the school program is so planned that adult education is self-supporting.

9. **Public Relations**—In many cities the problem of public relations is handled by a special public relations officer. The rank of this person carries various names such as: Director of Public Relations, Director of School and Community Relations, and Administrative Assistant to the Superintendent. It is generally believed that it is very important to have excellent public relations with community and service groups, with newspaper editors, and radio stations.

IV. PERSONNEL—Some cities are suffering from an insufficient number of well-trained teachers. It was agreed that it is very wise to employ teachers in the late spring in order to have them available for service at the opening of school in September. Because of the shortage of teachers, teaching loads are presently on the increase.

A very important item of discussion was the attitude of school officials toward employees who "hide behind the Fifth Amendment." In one large city of the United States approximately eighty teachers have resigned as a result of problems of this nature. In another large city approximately twenty-one teachers have terminated their services. This important problem is so great that it demands the careful and continual vigilance on the part of all superintendents of schools.

V. MISCELLANEOUS—**Accident Insurance of Pupils**—The problem of accident

insurance covering pupils during the school day at a nominal cost was discussed in considerable detail. There are several cities which considered the "pupil plan of insurance" and rejected it on the basis that the school would become a collecting agency. There are other cities that have adopted the plan and have attempted to work out a system whereby a representative of the Home and School Association or Parent-Teacher Association would handle the finances and clerical work within each school. Richmond, Virginia, has had this type of pupil insurance for the past three years. Baltimore, Maryland, also has adopted a similar plan with the report that between 50 and 60 per cent of the pupils have availed themselves of this opportunity. In the cities where the pupil insurance plan is in effect, it was adopted with the feeling that the schools were offering a valuable service to the pupils which would in turn create better community relations.

The entire program of school visitations, conferences and discussion periods of this convention of superintendents made it one of exceptional educational value.

Respectfully submitted,

DENNIS C. HALEY,
Superintendent of Public Schools.

REPORTS OF SCHOOL COMMITTEE DELEGATES TO ATTENDANCE CONVENTION.

The following are reports from school officials on attendance at the Annual Convention of the National League to Promote School Attendance, in Washington, D.C., October 19 to 22, 1953, inclusive. All were presented at the School Committee meeting on January 4, 1954.

REPORT OF ELIZABETH T. COONEY, SUPERVISOR OF ATTENDANCE, DEPARTMENT OF ATTENDANCE.

The theme of the convention was "THE RIGHTS AND RESPONSIBILITIES OF THE SCHOOL CHILD."

"Rights and Responsibilities of the Child in the Area of Physical Health" was the topic of the talk given by Robert A. Bier of Washington, D. C., District of Columbia Health Department, School Medicine Service. His proposal of complete medical evaluation of every child, a follow-up by the school nurse, school doctor, various clinics, and family physician is the same system used in Boston. Dr. Bier advocates a training program for teachers to more readily detect any defects in health of pupils, and Dr. Bier feels the school physician should be responsible for part of the health education program.

"Rights and Responsibilities of the Child in the Area of Emotional Health" was the topic discussed by Edward S. Kessler, M.D., Director, Washington Institute of Mental Hygiene. Dr. Kessler discussed the development of the child; stressed the fact that too little attention paid to a child is just as bad as too much attention. The former causes frustration in the child; the latter makes him too dependent on his parents. A steady, stable program of affection and responsibility is necessary in adolescence where there is a struggle to be free and yet to need the help of someone.

"Rights and Responsibilities of the Child in the Area of Intellectual Growth" was discussed by Dr. Carl F. Hansen, Associate Superintendent of Schools, District of Columbia. Dr. Hansen favors better academic training for teachers—more rigid discipline in school. Every pupil must be taught something of value and really know and understand it.

"Rights and Responsibilities of the Child in the Area of Spiritual Growth" was discussed by Rev. Herbert Roepe, pastor, Trinity Lutheran Church, Washington, D. C. The Reverend Mr. Roepe emphasized the fact that every child has a body and a soul and that too often parents are passing this responsibility of spirit and mind to the churches, schools, and others. The Reverend Mr. Roepe is not in favor of this plan of parents and guardians to dodge the home training of their children and states that when anyone accepts this responsibility they must be held accountable for it. The Reverend Mr. Roepe is in favor of religious instruction in the schools.

At noon on October 21, 1953, I had the pleasure of seeing Mamie Eisenhower, who was the guest of honor at a Com-

munity Fund Luncheon. She was very charming and friendly.

The convention banquet held on Wednesday evening at the Mayflower Hotel was a very colorful affair. Mrs. Alice Sheldon, Vice-President of the League, was the charming hostess who introduced the guest speaker, Louis Jacobs, M.D., Superintendent, National Training School for Boys. Boys convicted of federal offenses are sent to this school.

Dr. Jacobs, who has had medical, educational, and psychiatric training, stressed the conviction that treatment is not limited to any one type. The cooperation of minister and priest is an effective method of aiding many cases. Psychiatric treatment is used, but in many cases is not suitable. Occupational training is important, and a good sports program is popular.

"The Status of Child Labor Regulations in the United States" was discussed in convention by Miss Beatrice McConnell, Chief, Legislative Standards Division, Bureau of Labor Standards, U. S. Department of Labor. After hearing her statistics and the many and varied exemptions of labor laws made in different states, Massachusetts ranks high in the enforcement of good child labor legislation.

"What to Do About Delinquency" was the topic of Mr. Bertram M. Beck, Director of Project, U. S. Children's Bureau. Mr. Beck believes the child is a product of war and world uncertainty and does not blame parents entirely for the delinquency of their children. He divides delinquents into:

1. The social delinquent.

Product of environment, from a home where there is grave economic need. Member of a gang and loyal to it. He may be helped by a real friendship with older person—supervisor of attendance, teacher, police officer, cleric—or may need referral to court for protection of society.

2. Asocial delinquent.

Product of frustration—needs individual treatment after court referral.

3. Mental delinquent.

In need of mental evaluation and psychiatric treatment.

Mr. Beck stressed the need of trained workers and a full program.

Mr. Arthur Clinton, Director of Attendance, Board of Education, New York City, in commenting on the talks of the convention, made it clear how necessary are trained workers and how important is the correct classroom treatment and correct evaluation of the need of the child.

Mr. Harry T. Barry, Head Supervisor of Attendance, Boston, presided over the panel, and Boston may well be proud of the appearance, poise, and presentation of Mr. Barry.

Miss Elizabeth Johnson, Chief, Division of Child Labor and Youth Employment, Bureau of Labor Standards, U. S. Department of Labor, spoke on "Child-centering the Employment Certifying Process."

On Friday many informal conferences were held and local problems were settled. All delegates are agreed that the position of supervisor of attendance is to act as a liaison officer between school and home, to interpret the home to the school where situation demands it.

Supervisors of attendance must have legal authority but must also have sound judgment, kindness, and understanding.

Conventions of this nature are stimulating, thought provoking, and contribute much to professional growth.

ELIZABETH T. COONEY,
President, Boston Supervisors of
Attendance Association.

REPORT OF HYMAN DAVIS, SUPERVISOR OF ATTENDANCE, DEPARTMENT OF ATTENDANCE.

Sunday, October 18, 1953, I registered for the convention.

The first session I attended was addressed by the Honorable Samuel Spencer, President, Board of Commissioners, District of Columbia. He delivered an address of welcome.

Dr. Hobard M. Corning, Superintendent of Schools, District of Columbia, gave a few remarks of greeting.

Mr. John A. Cummings, President, National League to Promote School Attendance, also made some remarks of welcome.

Robert C. Taber delivered a talk on the "Rights and Responsibilities of Children and Parents." Mr. Taber emphasized that parents, teachers, and the community share the guilt of a faltering approach to the teaching of responsibility. He said that we attempt to press the children into a common mold, exhorting each to be an honor student, an athlete, an artist, and the like. Since few children enjoy a composite of all these talents, Taber said, they develop a sense of uncertainty and frustration. The child tends to become two people: the one who conforms to please others; a second to satisfy his own desires. He soon is at odds with himself and those about him. He further stated that attendance service is no longer characterized by the "iron fist" approach, in which the major purpose of the worker was to get a child back into school. Today, he said, truancy is recognized as a symptom of maladjustment. School officials search for causes.

A second speaker was Dr. Francis J. Daly, Director of Pupil Personnel Services for the New York State Education Department. He said that you can never solve delinquency by dealing with delinquents only.

The afternoon of October 19 was taken up by a meeting of various work groups.

Tuesday morning, October 20, reports were made from the various groups which met the previous afternoon.

Hon. Edith A. Cockrell, Judge of the Juvenile Court in the District of Columbia, addressed the delegation and explained to them the workings of the Juvenile Court in the District of Columbia, pointing out that the court is not a criminal court and is regulated by statute. She gave an outline of the powers of the Juvenile Court and spoke of the rights and responsibilities of the child before the court.

Another speaker Tuesday morning was Mr. William H. Loman, Service Director of the Hecht Company, Washington, whose topic was "The Young Worker's Responsibilities." He discussed the opportunities of pupils of school age in the business world and he asked the cooperation of the school employees with business management.

The afternoon was devoted to tours of Washington.

My conclusion is that the Boston school system is doing as well as other

systems in the country, if not better, especially with reference to attendance work.

HYMAN DAVIS,
Supervisor of Attendance.

REPORT OF HENRY F. BARRY, HEAD SUPERVISOR OF ATTENDANCE.

The following is a report of the days on which I attended the National Convention of the National League to Promote School Attendance at Washington, D. C.:

The first session I attended was addressed by Robert A. Bier, M.D., District of Columbia Health Department, School Medical Service. The title of Dr. Bier's address was "Rights and Responsibilities of the Child in the Area of Physical Health." Dr. Bier advocated complete medical appraisal of each child, to be followed up with clinical measures, wherever necessary or advised, by the school nurse, the school doctor, and family physician. He also stated that teachers should be trained to notice health conditions of children and that health committees should be formed in each school to promote the general health of all school children. Dr. Bier also stated that he felt that health education was a part of the school physician's responsibility.

The next speaker was Edward S. Kessler, M.D., Director, Washington Institute of Mental Hygiene. The title of his address was "Rights and Responsibilities of the Child in the Area of Emotional Health." Dr. Kessler mentioned the various stages of child development up to and including adolescence. He stated that it made a great difference to the child whether or not he was given attention in the very early years of childhood because, if the child was given no attention at all, he developed an attitude of frustration, and too much attention caused him to develop an unrealistic attitude toward life, including too much dependency on parents. He stated that the child must be given a reasonable amount of attention and also must learn as he grew older that some things had to be done for himself by himself. He stated that in adolescence the child is struggling to be free and also at times still feels the need to be dependent. The doctor pointed out that this was apt to be confusing but that we must recognize it as a normal state of affairs.

The convention was next addressed by Dr. Carl F. Hansen, Associate Superintendent of Schools, District of Columbia. The title of his address was "Rights and Responsibilities of the Child in the Area of Intellectual Growth." Dr. Hansen advocated return to more rigid discipline; also the return to better academic training for teachers. It was his opinion that we had gone too far in learning how to teach and had neglected the knowledge of what to teach. He said that it was very important that the child be given a worth-while curriculum, so that he is learning something of value and knows it. Dr. Hansen's opinion was that the most popular teachers are those who teach something, meaning by this the teachers who are able to go well into their subjects with the children.

The convention was addressed by Rev. Herbert Roepe, pastor, Trinity Lutheran Church, Washington. His address was titled "Rights and Responsibilities of the Child in the Area of Spiritual Growth." The Reverend Mr. Roepe stated that there had been added to the three R's—Responsibility, Right, and Relationship. It was his opinion that the parents are passing over the respon-

sibility of their children to the churches, the schools, and others. He stated that he was a Biblical creature and that the Bible placed the responsibility for the moral training of the children with the parents. The Reverend Mr. Roepe also stated that if we are to accept this responsibility for the moral training of children, then we should give the subject a great deal of thought. He also said that he, himself, had no definite answer to this problem but that he was simply presenting the fact as something that we must find ways of dealing with. He did not think that the passing over of this responsibility from the parents to anyone else was right, but that it was actually happening and must be dealt with as a reality.

The afternoon of October 21 was taken up by meetings of various school groups throughout the country.

The convention banquet was held in the evening.

One guest speaker was Louis Jacobs, M.D., Superintendent, National Training School for Boys. Dr. Jacobs is a psychiatrist and an educator, having had educational, medical, and psychiatric training. He told of the activities of the National Training School, to which boys convicted of federal delinquencies are committed. The thing which he stressed the most was the aggressiveness of the boys and the fact that he had to curb their competitive spirit in most cases.

On Thursday the convention was addressed by Miss Beatrice McConnell, Chief, Legislative Standards Division, Bureau of Labor Standards, U. S. Department of Labor. The subject of her address was "The Status of Child Labor Regulations in the United States." Miss McConnell dealt with the various types of legislation in the different states and gave many statistics which were impossible to follow. I feel that the sum total of her address was that Massachusetts was leading the country in progressive child labor legislation, mostly because our labor laws are much more strictly enforced and because no exceptions are made from them in individual cases.

The convention was next addressed by Mr. Bertram M. Beck, Director of Project, U. S. Children's Bureau, on the subject of juvenile delinquency. Mr. Beck stated that the child was the product of war and world uncertainty and that we could not entirely blame the parents because statistics showed that delinquency increased during war years and decreased during years of peace. He criticized severely the treatment of children by locking them up in so-called "juvenile tanks." He stated that this treatment is not at all workable. He classified delinquents as:

(1) Asocial delinquent—the frustrated child, an individual who commits his delinquencies alone. He said that these cases should be referred to the court for individual treatment.

(2) Social delinquent—the child who is the product of environment and a gang performer. The treatment recommended was help from an individual adult whom he could respect and look up to.

(3) Mental delinquent—the child who needs mental and psychiatric evaluation and treatment. These cases should be referred to the clinics for such evaluation and treatment.

Mr. Beck said that there was no easy way in individual cases requiring individual work, and much thinking must be done on the subject. We cannot just blame the parents, the lack of recreation and schools, or return to the old methods of harsh discipline, because we still have all of these

things and they are not working. There is a need for trained workers and well-planned programs. Just how these workers should be trained or what the programs should be, Mr. Beck did not mention.

The convention was next addressed by Mr. Arthur Clinton, Director of Attendance, New York City. Mr. Clinton gave his impression of the convention. He again stressed the need for trained workers and criticized school classroom treatment as not understanding and giving to the child what it needs. He said that it was clear to him that we could not make any rules for our type of work, but that each worker must devise his or her own methods, that what would work for one may not work for another, and that he could offer no way or solution for the problems which are developing.

The afternoon was taken up with an address by Miss Elizabeth Johnson, Chief, Division of Child Labor and Youth Employment, Bureau of Labor Standards, U. S. Department of Labor. She spoke on the subject of "Child-centering the Employment Certifying Process." To us from Massachusetts, and particularly from Boston, there was very little of interest in this speech because our own system is the foremost in the country at the present time.

Friday, October 23, was spent in various informal group discussions in which individual problems in various parts of the country were taken up by interested individuals.

From all of this it became apparent to me that in Boston our school system is doing at least as well, if not much better, than systems in cities of comparable size throughout the country.

I presided at the session addressed by Mr. Arthur Clinton, Director of Attendance, New York City.

HENRY F. BARRY,
Head Supervisor of Attendance.

REPORT OF DOROTHY C. DEEDY, SUPERVISOR OF ATTENDANCE.

From October 21 to October 23, 1953, the time during which I attended the convention, the following matters were discussed:

OCTOBER 21, 1953.

"Rights and Responsibilities of the Child in the Area of Physical Health," Robert A. Bier, M.D., District of Columbia Health Department, School Medical Inspection Service.

Dr. Bier advocated a system of health appraisal for each child, to consist of examination followed up by correctional work by the school doctor, school nurse and family physician.

Dr. Bier also stated that teachers should be trained to recognize health conditions among pupils so that they might enlist the aid of various agencies in correcting these conditions in individual children.

He further suggested the formation of health committees in each school to aid doctors and nurses in the health program.

It was the opinion of Dr. Bier that health education properly belongs under the direction of the school physician.

"Rights and Responsibilities of the Child in the Area of Emotional Health," Edwin S. Kessler, M.D., Director, Washington Institute of Mental Hygiene.

Dr. Kessler discussed the various stages of child development. He pointed out that a young child, given little or no attention, will develop a sense of

frustration because, being unable to do things for itself, and having no one else to do things for it, the child just finds out that many things are impossible. On the other hand, the child given too much attention develops an unrealistic attitude toward life, and too great a dependency on others. The proper method, according to Dr. Kessler, is to give the child a reasonable amount of attention, withdrawing some of the help as the child grows older and more able to care for itself, so that gradually the child learns that some things must be done for himself by himself.

Dr. Kessler also discussed the adolescent stage, during which the child is struggling to be free and to become an adult, but also, at times, still seeks to be dependent. Dr. Kessler said that, despite the fact that adolescent behavior appears to be very confused, it is a normal state and should be treated as such.

"Rights and Responsibilities of the Child in the Area of Intellectual Growth," Dr. Carl F. Hansen, Associate Superintendent of Schools, District of Columbia.

Dr. Hansen advocated a return to more rigid discipline in school and home life. He discussed the question of normal school training as opposed to university training. It was his opinion that teachers should pay more attention to what they teach rather than how they teach. He said that method had supplanted subject matter in many instances.

His plan is to train teachers more thoroughly in what to teach. The most popular teacher is the one who teaches something. Children appreciate a teacher who can go well into the subject matter with them so that they realize that they are learning something worth while.

"Rights and Responsibilities of the Child in the Area of Spiritual Growth," Rev. Herbert Roepe, pastor, Trinity Lutheran Church, Washington, D.C.

The Reverend Mr. Roepe was alarmed at the prospect of parents turning over the religious and moral instruction of children to churches, schools, or whoever might be willing to accept this responsibility. He stated that this was in violation of Biblical precept, and was not morally justified, but that it was happening, and that we must be prepared to accept it. How we are to handle it, he admitted that he did not know.

At the banquet on the evening of October 21 the guest speaker was Louis Jacobs, M.D., Superintendent, National Training School for Boys.

Dr. Jacobs, a medical doctor, psychiatrist, and an educator, spoke of the operation of the National Training School to which boys are committed for federal offenses.

His problem appeared to be to hold in check the high competitive and pugnacious spirit of these boys.

OCTOBER 22, 1953.

"Status of Child Labor Regulations in the United States, Miss Beatrice McConnell, Chief, Legislative Standards Divisions, Bureau of Labor Standards, U. S. Department of Labor.

Miss McConnell discussed recent legislation in various states. She quoted statistics which were difficult to follow. However, in her conclusion she stated that Massachusetts leads in legislation to protect children in industry.

She said that, while many states had fine labor laws, so many exceptions were made in individual cases that the laws were largely nullified. In Massa-

chusetts such exceptions are not made, so that the law really protects the child in industry.

"Report on Juvenile Delinquency Project," Mr. Bertram M. Beck, Director of Project, U. S. Children's Bureau.

Mr. Beck discussed methods of treating delinquency. He was of the opinion that confinement in what he called juvenile tanks was not accomplishing the desired result. Jail is not the answer for juvenile delinquency. We have tried it and are still using it; yet delinquency increases.

Mr. Beck said that the parents cannot be given all of the blame for delinquency. Statistics quoted appeared to indicate that delinquency increased with war and insecurity in the world.

Delinquents were divided into three classes by Mr. Beck:

(1) The asocial delinquent—a frustrated child, an individual actor who commits his delinquencies alone. Such children should be referred to the courts for control and treatment.

(2) The social delinquent—a product of environment and a gang performer. Mr. Beck said that such a delinquent needs aid from an individual adult to whom he can look for example and help.

(3) The mental delinquent—the mentally ill child. He needs mental and psychiatric evaluation and treatment at the proper clinics.

Mr. Beck stated that there is no easy method to handle juvenile delinquency. Individual cases require individual work. There is much thinking to be done on this subject according to Mr. Beck.

"Impressions of the 1953 Convention," Mr. Arthur Clinton, Director of attendance, New York City.

Mr. Clinton stressed the need for trained attendance workers.

He also criticized classroom treatment as, in many cases, failing to understand the child and to give to the child what the child needs in the way of help.

Mr. Clinton said that attendance work could not be done by rule, but that each worker must devise his individual methods, often changing them to meet different situations.

OCTOBER 23, 1953.

This day was taken up by informal group discussions of individual problems and tentative planning for next year's convention at St. Louis.

DOROTHY C. DEEDY,
Supervisor of Attendance.

CONTRACTS AWARDED.

Permission to award the contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT.

Upon January 26 the Mayor approved a contract with the Roslindale Contracting Company for sewerage works in Rutledge street and Veterans of Foreign Wars Parkway (private land), West Roxbury, to the Roslindale Contracting Company, 34 Averton street, Roslindale, the lowest formal bidder, at an estimated cost of \$2,946, for the use of clay pipe for sewer and concrete pipe for surface drain. The Hyde Park Construction Company, Inc., submitted an informal bid, in that they neglected to submit a price on Item 2 on their proposal filed with the City Auditor and with this department. The work to be done under this contract is to be completed within sixty days after approval by the Mayor. The following bids were received January 21:

Clay Pipe.—Hyde Park Construction Company, Inc., \$2,863.80; Roslindale Contracting Company \$2,999.75; Vance Brothers, \$3,264; Joseph Capone & Son, \$4,010; N. Bevilacqua & Son, \$3,728.50; Susi & DeSantis Company, Inc., \$4,205; C. Russo, Inc., \$4,648.

Concrete Pipe.—Hyde Park Construction Company, Inc., \$2,857.35; Roslindale Contracting Company, \$2,946; Vance Brothers, \$3,261; Joseph Capone & Son, \$3,825; N. Bevilacqua & Son, \$3,728.50; Susi & DeSantis Company, Inc., \$4,205; C. Russo, Inc., \$4,433.

Upon January 26 the Mayor approved a contract with Cyclone Fence Department, American Steel and Wire Division, United States Steel Corporation, for furnishing and erecting chain link fence on City Yard, Ward 11, at Forest Hills

street, at an estimated cost of \$1,862.50. The work to be done under this contract is to be completed April 1, 1954. The following bids were received January 21:

Cyclone Fence Department, American Steel and Wire Division, United States Steel Corporation, \$1,862.50; American Chain Link Fence Company, \$2,068.75; Boston Chain Link Fence Company, \$2,081.25; Colorado Fuel and Iron Corporation, \$2,150; P. J. Dinn & Co., \$2,187.50.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of August 7, 1952, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Salina road, Dorchester, formerly Sewall street, be, and the same hereby is, amended, by adding to said order the amount \$400, as an award to Edmund D. and Mary C. Desmond; that the amount \$400 be, and the same hereby is, awarded to Edmund D. and Mary C. Desmond, for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of April 3, 1952, determining that no person sustains damages by the making of the public improvement consisting of the laying out of Mulvey street, Dorchester, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words "that no person sustains in his estate," and by striking out in the last line of said order the word "no"; that said order be further amended by adding thereto Cecilia V. Pocatek, \$216; that the amount \$216 be, and the same hereby is, awarded to Cecilia V. Pocatek for the damages sustained by the making of the said improvement.

Voted, That the order of the Street Commissioners and Mayor of January 21, 1953, determining damages caused by the making of the public improvement consisting of the laying out of Alberta street, West Roxbury, be, and the same hereby is, amended, by striking from said order the amount \$1, awarded to Edna E. Jeffery, in said order and inserting in place thereof the amount \$75; that the amount \$75 be, and the same hereby is, awarded to Edna E. Jeffery for the damages so sustained.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract approved December 16, 1953, with International Business Machines Corporation for furnishing and delivering clock, program, and signaling equipment to various schools from January 31, 1954, to March 31, 1954. This extension was requested because of delay in obtaining necessary equipment from factory.

Approval has been given for the extension of the time of completion of the contract approved December 16, 1953, with Washington Contracting Company, Inc., for grading and paving, etc., at the Thomas F. Leen School from January 20, 1954, to May 15, 1954. This extension was requested because of a delay on account of weather.

Approval has been given for the extension of the time of completion of the contract approved September 28, 1953, with John J. Hourihan for roofing and related work at the John A. Andrew School from January 31, 1954, to March 31, 1954. This extension was requested because of a delay on account of weather.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with the Crandall Engineering Company, 261 Franklin street, Boston, for strengthening the piers of the Charlestown Bridge, over the Charles River, to March 24, 1954. This extension was requested because the contractor was required to do additional work.

Acting under provisions of chapter 658, Acts of 1945 (State-Boston Retirement System), as amended, and in conformity with General Laws, chapter 32, section 94 (Heart Bill), the Boston Retirement Board has approved for retirement on account of accidental disability the following-named police officer, effective as of Tuesday, January 19, 1954, at the close of business:

In view of this operation of law, after January 19, 1954, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

Sergt. Simon Marcus, Division 11.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,853.

Acting under provisions of chapter 658, Acts of 1945 (State-Boston Retirement System), as amended, and in conformity with General Laws, chapter 32, section 94 (Heart Bill), the Boston Retirement Board has approved for retirement on account of accidental disability the following-named police officer, effective as of Tuesday, January 19, 1954, at the close of business.

In view of this operation of law, after January 19, 1954, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended:

Patrolman Philip B. McGuire, Division 3.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,854.

A trial board, consisting of Captains Francis W. Russell, George W. O'Don-

nell, and George F. Snell, having heard by reference a complaint made by Leo C. J. Masuret, captain, commanding Division 16, against Patrolman Walter A. Driscoll, Division 16, charging him with violation of the Rules and Regulations of the Police Department, has reported a finding of guilty, recommending 70 hours of punishment duty.

This recommendation is accepted, and it is ordered that the said Patrolman Walter A. Driscoll perform 70 hours' punishment duty.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,855.

A trial board, consisting of Captains Francis W. Russell, George W. O'Donnell, and George F. Snell, having heard by reference a complaint made by Leo C. J. Phelan, Division 16, charging him with violation of the Rules and Regulations of the Police Department, has reported a finding of guilty, recommending suspension for thirty days and 210 hours of punishment duty.

This recommendation is accepted, and it is ordered that the said Patrolman Edward J. Phelan be suspended for thirty days, effective Monday, January 25, 1954, at 7.45 o'clock A.M., at the expiration of which time he shall perform 210 hours' punishment duty.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 4.

FIRE COMMISSIONER JOHN F. COTTER.

It is with deep regret that the chief of department announces the death on January 23, 1954, of Fire Commissioner John F. Cotter. He was appointed to the position of Fire Commissioner on June 1, 1953.

Although it is not the custom to introduce into General Orders any word suggestive of a eulogy for a deceased member of the department, yet, under the circumstances, it is only fitting and proper that a heartfelt tribute be paid to our late commissioner, John F. Cotter, for his great effort and interest in the department since his appointment a few short months ago by his Honor, Mayor John B. Hynes.

A man of unbounded energy, he strove unceasingly to acquaint himself with the countless details connected with his position and showed himself ever zealous for the reputation and efficiency of the department and for the personal welfare of its members.

The department takes this opportunity to express its deepfelt sympathy to his mother and family for the loss of one who was near and dear to them and who was so highly respected by all members of the Boston Fire Department.

JOHN V. STAPLETON,
Chief of Department.

General Order No. 5.

I. DEPUTY CHIEF DENNIS J. COUGHLIN.

It is with deep regret that the Acting Fire Commissioner announces the death,

on January 16, 1954, of Deputy Chief Dennis J. Coughlin of the Headquarters Division. Deputy Chief Coughlin was appointed to the Fire Department September 7, 1907. He was promoted to the grade of lieutenant February 1, 1924, to captain May 28, 1927, to district chief February 1, 1929, and to deputy chief July 3, 1936.

The funeral was held from his late home, 73 Shepton street, Dorchester, at 8 A.M., Wednesday, January 20, 1954, followed by a Solemn High Mass of Requiem in St. Mark's Church, Dorchester, at 9 A.M.

The chief of department detailed officers and men to act as funeral escort and many members who were off duty also attended.

PROCEEDINGS OF CITY COUNCIL.

Monday, January 18, 1954.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President WHITE in the chair. Absent, Councillor Hurley.

The Right Reverend Patrick J. Waters of St. Bridget's Catholic Church, South Boston, was escorted to the rostrum.

INVOCATION BY

RIGHT REVEREND PATRICK J. WATERS.

In the Name of the Father, and of the Son, and of the Holy Ghost. Amen.

Let us pray. Almighty God, our Heavenly Father, by whom kings govern and lawgivers discern just things, deign so to bless the political freedom of our beloved country that it will ever be regulated by obedience to Thy holy law on the part of rulers and subjects, by a wise and just administration of authority, and by a manly and prompt obedience to it.

Thou art a God of power, of wisdom, and of justice. Help us all to feel that there is no one else of whom we can ask so much, for Thou art of all counselors the most prudent; of all companions the nearest; and of all helpers the ablest and the most willing to meet our every need.

In the spirit of gratitude we come to Thee with faith, and with confidence in those great virtues which make for righteousness in man and stability in government. Humbly we implore Thee to aid the members of this Council with Thy constant protection, to richly endow them with clearness of understanding and courage of heart to meet and match the challenge of difficult problems and great responsibilities, that they may be worthy leaders of the people and that each one, at the close of the day's deliberations, in the quiet of his room may sense Thy words of commendation: "Well done, good and faithful servant."

O Almighty and Eternal God, we humbly beseech Thee to inspire the people of this fair city with an earnest desire to cooperate with their chief magistrate and with the members of this Council, to help them and to strengthen them, that happiness and contentment may come to all.

We ask these blessings in the name of Christ Jesus, Our Lord. Amen.

The meeting was opened with the salute to the Flag.

NAMING OF INTERSECTIONS IN HONOR OF DECEASED VETERANS.

The following was received:

City of Boston,
Office of the Mayor, January 18, 1954.
To the City Council.
Gentlemen:

I submit herewith seven orders for the naming of various intersections in the city in honor of deceased veterans of World War II and the Korean action.

The Committee to Memorialize Veterans, after due consideration, has recommended the naming of the various sites as set forth in the accompanying orders.

In a small way, this indicates our appreciation of their sacrifices, and it perpetuates in fitting fashion their memories as heroic citizens of Boston. Accordingly, I recommend that your Honorable Body give approval to the several orders.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Board of Street Commissioners,
January 13, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

At a meeting of the Committee to Memorialize Veterans, held this day, it was voted to designate the following intersections in honor of the following-named veterans:

Warwick and Hammond streets, Roxbury district, James R. Hodsdon, Jr., Square. (1st Lieut. Hodsdon, Jr., U. S. Army, lost his life in Korea on July 19, 1953.)

North square and North street, Boston Proper district, Joseph Ciaramitaro Square. (Private Ciaramitaro, U. S. Army, lost his life in France during World War II on July 6, 1944.)

North Washington and Thacher streets, Boston Proper district, Angelo Anzalone Square. (Pfc. Anzalone, U. S. Army, lost his life in France during World War II on October 12, 1944.)

Woodrow avenue and Lucerne street, Dorchester district, Frederick J. Bloom, Jr., Square. (Private Bloom, Jr., U. S. Army, was killed in Korea on October 23, 1952.)

American Legion Highway and Mt. Hope street, Roslindale district, Guy Cardillo Square. (Guy Cardillo lost his life at Anzio, Italy, on May 23, 1944.)

Cooper and Endicott streets, Boston Proper district, Leonard S. Onorato Square. (Pfc. Onorato, U. S. Army, died in Korea on September 5, 1952.)

Cooper and North Margin streets, Boston Proper district, Emilio DiBenedetto Square. (Pfc. DiBenedetto, U. S. Army, died in Belgium on December 27, 1944.)

A copy of this vote has been forwarded to the City Council for appropriate action.

Respectfully submitted,

LAWRENCE W. COSTELLO, Secretary.

Ordered, That the space at the junction of Warwick and Hammond streets, Ward 9, be named James R. Hodsdon, Jr., Square, in honor of James R. Hodsdon, Jr., killed in action in Korea.

Ordered, That the space at the junction of North square and North street, Ward 3, be named Joseph Ciaramitaro Square, in honor of Joseph Ciaramitaro, late veteran of World War II.

Ordered, That the space at the junction of North Washington and Thacher streets, Ward 3, be named Angelo Anzalone Square, in honor of Angelo Anzalone, late veteran of World War II.

Ordered, That the space at the junction of Woodrow avenue and Lucerne street, Ward 14, be named Frederick J. Bloom, Jr., Square, in honor of Frederick J. Bloom, Jr., killed in action in Korea.

Ordered, That the space at the junction of American Legion Highway and Mt. Hope street, Ward 18, be named Guy Cardillo Square, in honor of Guy Cardillo, late veteran of World War II.

Ordered, That the space at the junction of Cooper and Endicott streets, Ward 3, be named Leonard S. Onorato Square, in honor of Leonard S. Onorato, who died in Korea.

Ordered, That the space at the junction of Cooper and North Margin streets, Ward 3, be named Emilio DiBenedetto Square, in honor of Emilio DiBenedetto, late veteran of World War II. Referred to the Executive Committee.

TREATMENT OF CERTAIN ACCIDENT CASES AT NEW CARNEY HOSPITAL.

The following was received:

City of Boston,
Office of the Mayor, January 18, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Superintendent of the Boston City Hospital relative to your order of January 2, 1954, requesting that the Trustees be directed, through his Honor the Mayor, to make arrangements for the treatment of all accident cases occurring in the South Boston-Dorchester district at the new Carney Hospital, the expense of same to be borne by the City of Boston.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Hospital Department,
January 8, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

At a meeting of the Board of Trustees held today, the following order of the City Council was presented:

"Ordered, That the Trustees of the Boston City Hospital be requested, through his Honor the Mayor, to make arrangements for the treatment of all accident cases occurring in the South Boston-Dorchester district at the new Carney Hospital, the expense of same to be borne by the City of Boston."

It was the vote of the Board of Trustees to disapprove of this order.

Very truly yours,

J. W. MANARY, M.D.,
Superintendent.

Placed on file.

APPROPRIATION OF \$1,800 FOR TRAFFIC COMMISSION.

The following was received:

City of Boston,
Office of the Mayor, January 18, 1954.
To the City Council.
Gentlemen:

I am in receipt of the attached communication from the Traffic Commissioner in which he requests an appropriation of \$1,800 to purchase a jeep to replace one that was damaged beyond repair in an accident.

Under the provisions of section 22A of chapter 40 of the General Laws, revenue received from parking meter fees may be used to meet necessary expenses incurred for the regulation of parking and other traffic activities incident thereto.

The Traffic Commissioner is of the opinion that the city will be reimbursed for the damage but that settlements might take a considerable length of time. Since it is essential that parking meter collections be continued without interruption, I submit herewith an order providing for the appropriation of the amount requested by the Traffic Commissioner and respectfully recommend its adoption by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,
January 14, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

Last year you approved a requisition for Willys jeeps to replace obsolete vehicles used for collecting parking meter revenues.

On the night of January 12, 1954, while engaged in snow removal activities in connection with the Public Works Department assignment, one of our jeeps was struck while on the road by a vehicle operated by a driver under the influence of liquor.

The jeep was so badly damaged that replacement is necessary.

While, ultimately, an insurance company may reimburse the city for the damage done to this vehicle it will take some length of time and our department does not receive the settlement directly.

In order that our parking meter collectors may continue without interruption, I respectfully request that you authorize the expenditure of the sum of eighteen hundred (\$1,800) dollars from parking meter revenues for the purchase of one Willys half-ton special panel body jeep.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

Ordered, That the sum of one thousand eight hundred (\$1,800) dollars be, and the same hereby is, appropriated from the revenue received from parking meter fees to be expended by the Traffic Commissioner for the purchase of a jeep to be used for parking meter collections.

Referred to the Committee on Appropriations and Finance, when appointed.

ENTRANCE FEE FOR CONNECTION TO PUBLIC SEWER.

The following was received:

City of Boston,
Office of the Mayor, January 18, 1954.
To the City Council.
Gentlemen:

I transmit herewith a communication from the Commissioner of Public Works in which it is recommended that the so-called entrance fee to a public sewer be increased from two cents per square foot to three cents per square foot. This recommendation is made to eliminate inequities which, under present ordinances, exist.

I recommend the passage of the accompanying ordinance amending section 10, chapter 27, of the Revised Ordinances of 1947.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
January 18, 1954.

Hon. John B. Hynes,
Mayor of Boston.
Dear Mr. Mayor:

Under the provisions of chapter 93 of the Acts of 1953, the Board of Street Commissioners of the City of Boston is authorized to assess property owners an amount not in excess of a total of \$6 per linear foot for the construction of any new sewer or drain for the collection or disposal of sewage or surface water, in cases where the estates are benefited by such sewer or drain. The amount of \$6, in practically all cases, pays for only part of the cost of the sewer or surface drain installation; the remaining part being paid out of general taxes. Prior to the passage of the above-referenced act, the city was authorized to assess a total of only \$4, but, due to the increased construction cost, the Legislature authorized an increase to \$6.

If, subsequent to the installation of a public sewer, an owner of an estate abutting said sewer desires to connect a drain to the sewer, the Public Works Commissioner is required to levy a so-called entrance fee against the property owner in cases where a sewer assessment has not been previously paid. This entrance fee is computed under the provisions of section 10 of chapter 27 of the Revised Ordinances, which establishes said fee at 2 cents per square foot for all land within 100 feet of the street, or a total of \$2 per linear foot of frontage on either side of the street. Under ordinary circumstances, this would make a total of \$4 per linear foot which is in conflict with the newly-established rate of \$6, which is provided under the provisions of the above-referenced chapter 93.

Unless, therefore, the sewer assessment, under the provisions of section 10, is increased to 3 cents per square foot, owners paying an assessment on the basis of a so-called entrance fee will be paying \$2 per linear foot of frontage, and owners previously assessed by the Board of Street Commissioners, under the provisions of statute law, will be paying \$3 per foot of frontage. This obviously is an inequity that should be corrected.

I recommend, therefore, that section 10 of chapter 27 of the Revised Ordinances of 1947 be amended to provide for an increase to 3 cents per square foot, to be paid as a so-called entrance fee by owners of abutting estates desiring to connect a so-called house connection into a public sewer.

I submit herewith the proposed revised section 10.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

City of Boston.

In the Year Nineteen Hundred and Fifty-four,
AN ORDINANCE
CONCERNING A CERTAIN ASSESSMENT FOR ENTERING PARTICULAR DRAINS OR SEWERS.

FINANCE COMMISSION REPORT RE SALE OF VETERANS' HOUSING UNITS.

The following was received:

City of Boston,
Finance Commission, January 15, 1954.
To the Honorable the Mayor and City Council.

In a communication to you, dated February 13, 1953, the Finance Commission forecast the probable ultimate cost to the taxpayers of Boston of "the social experiment of the 1946 Legislature, Chapter 372," which authorized municipalities to provide housing for veterans. This should not be confused with the housing provided under authorization of Chapter 200 of 1948, which is the great bulk of public housing now completed, for which the State financed the entire cost. The Chapter 372 housing was entirely at city expense.

As was stated a year ago, this segment of housing consisted of a total of 1,310 family units, there being among them 17 one-family dwellings, 487 two-family dwellings, and 319 dwelling units in multiple apartment structures. Without sale of any of them in 1953, the Finance Commission showed that the operation and financing cost over and above all receipts of any kind would approximate \$2,260,898.53 by the end of 1953, and that because a state subsidy authorized for a five-year period would end in 1953, the above figure would be increased at an annual rate of more than \$600,000 per year until they were sold. It was then forecast, also, that if the entire number of dwelling units were sold in 1953 at an average price of \$8,000 per unit, the loss to the taxpayers would amount to \$2,359,182.53. It appears now that this loss will be much greater.

The sale of these properties is mandatory by Chapter 372 referred to. It is the responsibility of the Boston Housing Authority. The Mayor and Council of Boston have no authority in the matter. However, the State Housing Board is given approval authority. Nevertheless, because mayors and city councilors of Boston have been among those who advocated this method of providing housing for veterans, it is well to record the cost of the project.

Since the 372 Chapter requires that the properties be offered for sale in the sixth year after completion and the sixth year of many of them began in 1953, the Housing Authority provided itself with a professional current appraisal. An eminent real estate authority was retained and his appraisal is now available. There is also available an appraisal by the State Housing Board, and another by the Veterans Administration Bureau.

In these appraisals the multiple-apartment buildings were not included. They concern the 17 single-family dwellings, and the 487 two-family dwellings. They indicate a sale value of an average of \$7,000 per unit, rather than \$8,000 which was the figure used by the Finance Commission in its 1953 communication.

Obviously, this new prospective sales price will mean a substantial increase in the over-all total loss forecast by the Finance Commission previously. As then stated, that loss on a basis of an average \$8,000 per unit sale would be \$2,359,182.53. An average unit sale price of \$7,000 would add \$1,000 per unit to that figure and therefore would increase the total loss to well above \$3,600,000.

For the purposes of the record, therefore, the Finance Commission submits a breakdown of the figures concerning the 504 properties which are proposed for sale. To repeat, these are the 17 single-family units, and the 487 two-family units. The figures do not relate to the 319 apartments in the multiple housing.

Respectfully submitted,

EDWARD F. MULLEN, Chairman.

LEO J. DUNN,

EDWARD U. LEE,

ROGER J. ANIZAD, M.D.,

Secretary.

RULES FOR 1954-1955.

Coun. PIEMONTE, for the Committee to prepare and report rules for the Council in 1954, submitted the following:

The Special Committee to prepare and report rules respectfully submits and recommends for adoption the accompanying draft of rules for the years 1954-1955.

The rules reported by the Committee are the same rules that governed the City Council during the years 1952-1953.

For the Committee,
GABRIEL FRANCIS PIEMONTE, Chairman.

RULES OF THE CITY COUNCIL, 1954-1955.

Rule 1. Unless otherwise ordered from time to time, and except on holidays, the regular meeting of the city council shall be held on every Monday at two o'clock p.m. Special meetings may be called by the president at his discretion, and by the city clerk for the purpose only of drawing jurors. No special meeting of the city council, except to draw jurors, shall be called, except with the consent of all the members, upon less notice than twenty-four hours from the time the notices are mailed or dispatched by special messenger.

Quorum.

Rule 2. A quorum of the city council shall consist of five members. If, at the time any meeting is called to order, or if, during a meeting, on a vote on the adoption of a motion or order, a roll call shows less than a quorum present, the president may declare a recess of not more than ten minutes, after which time, if a quorum is not present, the meeting shall be adjourned. If, on the question of lack of a quorum a roll call shows less than a quorum present, the president shall declare the meeting adjourned.

President.

Rule 3. The president of the council shall take the chair at the hour to which the council shall have adjourned and shall call the members to order, and a quorum being present, shall proceed with the regular order of business. In the absence of the president the senior member by age present shall preside as temporary president, or until a presiding officer is chosen.

Rule 4. The president shall preserve decorum and order, may speak to points of order in preference to other members and shall decide all questions of order, subject to an appeal. Any member may appeal from the decision of the chair, but no appeal shall be considered unless properly seconded. No other business, except a motion to adjourn or to lay on the table, shall be in order until the question on appeal has been decided.

The question shall be put as follows: "Shall the decision of the chair stand as the judgment of the council?" The vote shall be by a roll call, and it shall be decided in the affirmative unless a majority of the votes are to the contrary.

The president may, at any time, during debate or otherwise, declare a recess for not more than ten minutes, and such action shall not be subject to appeal, nor shall any motions apply thereto.

Rule 5. The president shall propound all motions in the order in which they are moved, unless the subsequent motion shall be previous in its nature, except that, in naming sums and fixing times, the largest sum and the longest time shall be put first.

Rule 6. The president shall, at the request of any member, make a division of a question when the sense will admit of it.

Rule 7. The president shall, without debate, decide all questions relating to priority of business to be acted upon.

Rule 8. The president shall declare all votes; but if any member doubts a vote, the president shall cause a rising vote to be taken, and, when two members so request, shall cause the vote to be taken or verified by yeas and nays.

Rule 9. The president shall appoint all committees, fill all vacancies therein, and designate the rank of the members thereof.

Rule 10. When the president of the council or the president pro tempore shall desire to vacate the chair he may call any member to it; but such substitution shall not continue beyond an adjournment.

Motions.

Rule 11. Every motion shall be reduced to writing if the president shall so direct.

Rule 12. A motion to strike out and insert shall be deemed indivisible; but a motion to strike out being lost shall not preclude amendment, or a motion to strike out and insert.

Rule 13. No motion or proposition of a subject different from that under consideration shall be admitted under color of amendment.

Any motion, order or resolution which in the opinion of the presiding officer does not have a direct bearing on the business of the council shall be referred without debate to the committee on rules and shall not be further considered by the council except upon report by that committee. There shall be no appeal from the decision of the chair hereunder, and this rule shall not be subject to suspension. No motions shall apply, nor shall unanimous consent to speak on the matter so referred be in order.

The committee on rules may report that any motion, order or resolution so referred to it is out of order because not having a direct bearing on the business of the council, and its report shall be a final disposition of the matter, subject to an appeal which shall be governed by the same provisions as those governing appeals from rulings of the presiding officer.

Rule 14. When a petition, order or resolution relates to a subject which may properly be examined and reported upon by an existing committee of the city council, such order or resolution shall, upon presentation, be referred to such committee. When a motion is made to refer any subject, and different committees are proposed, the motions shall be put in the following order:

1. To a standing committee of the council.
2. To a special committee of the council.

Any member offering a motion, order or resolution, which is referred to a committee, shall be given a hearing on the same by the committee before a report is made thereon, provided he so requests at the time of offering the order or before final action by the committee.

If, after thirty days, a matter referred to a committee other than a committee of all the members is not reported upon, it may be recalled by a standing vote of three members of the city council.

If, within thirty days, a matter referred to a committee other than a committee of all the members is not reported upon, it may be recalled by a majority vote of all the members.

If, after sixty days, a matter referred to a committee is not reported upon, any member may recall such matter from the committee, and such matter shall not again be committed to any committee other than the executive committee.

The provisions of this rule shall not apply to matters referred to the rules committee under Rule 13, and such matters shall not be considered except upon report by that committee.

Rule 15. After a motion has been put by the president it shall not be withdrawn except by unanimous consent.

Rule 16. When a question is under debate the following motions only shall be entertained, and shall have precedence in the order in which they stand arranged:

1. To adjourn.
2. To lay on the table.
3. The previous question.
4. To close debate at a specified time.
5. To postpone to a day certain.
6. To commit.
7. To amend.
8. To postpone indefinitely.

Rule 17. A motion to adjourn shall be in order at any time, except on an immediate repetition or pending a verification of a vote; and that motion, the motion to lay on the table, the motion to take from the table, and the motion for the previous question, shall be decided without debate.

Readings.

Rule 18. Every ordinance, order and resolution, unless reported upon by a committee or rejected, shall have two several readings, both of which may take place at the same session unless objection is made, provided, however, that all orders for the expenditure of moneys, unless reported upon by a committee of the council, shall lie over for one week before final action thereon. Whenever the second reading immediately follows the first reading, the document may be read by its title only. All orders releasing rights or easements in or restrictions on land, all orders for the sale of land other than school lands, all appropriations for the purchase of land other than for school purposes, and all loans voted by the city council shall require a vote of two-thirds of all the members of the city council, and shall be passed only after two separate readings and by two separate votes, the second of said readings and votes to be had not less than fourteen days after the first, except in cases in which a shorter period is authorized by law. Any order rescinding an order for any of the foregoing purposes shall require the same number of readings and of votes as was required for the passage of the original order.

Reconsideration.

Rule 19. When a vote has been taken any member may move a reconsideration thereof at the same meeting. Debate on motions to reconsider shall be limited to twenty minutes, and no member shall occupy more than four minutes, but on a vote upon any subsidiary or incidental question, debate shall be limited to ten minutes, and no member shall occupy more than two minutes.

Rule 20. When a motion to reconsider has been decided, that decision shall not be reconsidered, and no question shall be twice reconsidered unless it has been amended after the reconsideration; nor shall any reconsideration be had upon the following motions:

- To adjourn.
- The previous question.
- To lay on the table.
- To take from the table.
- To close debate at a specified time.

A motion to reconsider may be laid on the table or postponed indefinitely, and the effect of such action in either case shall be to defeat the motion to reconsider.

Conduct of Members.

Rule 21. Every member when about to speak shall rise, address the chair, and wait until he is recognized, and, in speaking, shall refrain from mentioning any other member by name, shall confine himself to the question, shall not use unbecoming, abusive, or unparliamentary language, and shall avoid personalities. Any member who, in debate or otherwise, indulges in personalities or makes charges reflecting upon the character of another member, shall make an apology in open session at the meeting at which the offence is committed or at the next succeeding regular meeting, and, failing to do so, shall be named by the president or held in contempt and suspended from further participation in debate until said apology is made.

Rule 22. No member shall speak more than once on a question when another member who has not spoken claims the floor, and no member speaking shall, without his consent, be interrupted by another, except upon a point of order.

Rule 23. No member shall be permitted to vote on any question, or to serve on any committee, where his private right is immediately concerned, distinct from the public interest.

Rule 24. Every member who shall be present when a question is put, unless he is excluded by interest, shall give his vote in the affirmative or negative or shall respond "present," unless the council for special reason shall excuse him from voting.

Standing Committees.

Rule 25. The following standing committees of the council, and all other committees, unless specially directed by the council, shall be appointed by the president:

1. A committee, to be known as the Executive Committee, to consist of all the members of the council.
2. A committee on Appropriations and Finance, to consist of five members of the council, to whom shall be referred such appropriation orders as may be submitted to the council from time to time, and all applications for expenditure which involve a loan.

3. A committee on Claims, to consist of five members of the council, to whom shall be referred all claims against the city arising from the act or neglect of any of its departments. They shall report annually an account of the claims awarded or approved by them, and the amount of money awarded or paid in settlements thereof.

4. A committee on Confirmations, to consist of five members of the council, to whom shall be referred all appointments which are required to be confirmed by the council.

5. A committee on Hospitals, to consist of five members of the council, to whom shall be referred all matters concerning hospitals.

6. A committee on Inspection of Prisons, to consist of five members of the council.

7. A committee on Legislative Matters, to consist of five members of the council, who shall, unless otherwise ordered, appear before the committees of the General Court and represent the interest of the city; provided, said committee shall not appear unless authorized by vote of the city council and shall not, unless directed so to do by the city council, oppose any legislation petitioned for by the preceding city council.

8. A committee on Licenses, to consist of five members of the council, to whom shall be referred all petitions for licenses and permits.

9. A committee on Ordinances, to consist of five members of the council, to whom shall be referred all ordinances or orders concerning ordinances.

10. A committee on Public Housing, to consist of five members of the council, to whom shall be referred all matters concerning public housing.

11. A committee on Public Lands, to consist of five members of the council, to whom shall be referred all matters relating to public lands.

12. A committee on Public Services and Recreation, to consist of five members of the council, to whom shall be referred all matters concerning public safety, public welfare, public works, parks, playgrounds and recreation.

13. A committee on Rules, to consist of five members of the council, to consider all matters concerning the rules, and to whom shall be referred all resolutions expressing opinions, principles, facts or purposes.

Order of Business.

Rule 26. At every regular meeting of the council the order of business shall be as follows:

1. Communications from his honor the mayor.
2. Presentation of petitions, memorials and remonstrances.
3. Reports of city officers, etc.
4. Unfinished business of preceding meetings.
5. Reports of committees.
6. Motions, orders and resolutions.

Spectators.

Rule 27. No person, except a member of the council, shall, at any time, be permitted to occupy the seat, in the council chamber, of any member of the council. The city messenger shall enforce this rule.

Rule 28. No person, excepting officials connected with the city council, and duly assigned reporters of the daily newspapers, shall be allowed in the anterooms or upon the floor of the council chamber while the council is in session. Spectators will be allowed in the gallery of the council chamber when the council is in session, and no one will be admitted to said gallery after the seats are occupied. No demonstrations of approval or disapproval from the spectators shall be permitted, and if such demonstrations are made the gallery will be cleared. The city messenger shall enforce this rule.

Burial Grounds.

Rule 29. No permission for the use of land for the purpose of burial shall be granted until a public hearing shall have been given by the executive committee of the city council on the application for such permission, after due notice has been given abutors.

Committee Meetings.

Rule 30. No meeting of any committee shall, without the consent of all the members thereof, be called upon less notice than twenty-four hours from the time the clerk shall have mailed the notices or dispatched them by special messenger, provided, however, that meetings of the executive committee may be held in the recess period of any meeting of the council without such consent or notice. No committee, unless authorized by an order of the city council, shall incur any expense. No committee meetings shall be called later than one hour immediately preceding the time set for any regular meeting of the city council, nor shall any committee remain in session later than the hour named for any such regular meeting.

The clerk of committees shall mail notices of all committee meetings to all the members of the council.

Form of Votes.

Rule 31. In all votes the form of expression shall be "Ordered" for everything by way of command, and the form shall be "Resolved" for everything expressing opinions, principles, facts or purposes.

Transfers.

Rule 32. Every application for an appropriation to be provided for by transfer shall be referred to the executive committee, unless otherwise ordered, and no such appropriation shall be made until the said committee has reported thereon.

Use of Rooms on Council Floor.

Rule 33. No person except members and officers of the city council and regularly assigned city hall reporters shall be admitted at any time to the president's room, the personal offices of the councilors, executive committee room or council chamber, except when invited on official business or accompanied by a member of the council.

Confirmation of Appointments.

Rule 34. The question of confirming appointments by the mayor shall be decided by a yes and no ballot, unless otherwise ordered.

Amendment and Suspension.

Rule 35. The foregoing rules shall not be altered, amended, suspended or repealed at any time, except by the votes of two-thirds of all the members of the city council.

The report of the committee was accepted, and the said rules were adopted.

CREDITABLE SERVICE BY DENTISTS AND DENTAL HYGIENISTS UNDER RETIREMENT SYSTEMS.

Coun. PIEMONTE offered the following:

Resolved, That the City Council of Boston favors the consideration by the Legislature of the petition now held under Joint Rule 7B providing for the recognition of certain service rendered by dentists and dental hygienists in the City of Boston as creditable service under certain retirement systems; provided that any such legislation enacted includes a referendum to the Mayor and City Council.

The resolution was adopted under suspension of the rules.

INFORMATION RE URBAN REDEVELOPMENT PROGRAM IN SCHOOL CURRICULUM.

Coun. PIEMONTE offered the following:

Whereas, The City of Boston is undertaking an urban redevelopment program; and

Whereas, Such a program necessitates the displacement of families and businesses in the area affected; and

Whereas, The present status of this program in Boston is creating unrest and uncertainty among the families and businesses and is causing them to leave the redevelopment areas far in advance of the completion of final plans; and

Whereas, Such a premature migration causes an undue hardship to the landlords and residents in the areas affected; and

Whereas, An educational program would tend to alleviate this condition; now, therefore, be it

Resolved, That his Honor the Mayor consider the advisability of requesting the School Committee of Boston to include in its curriculum a course on the objectives and procedure of the urban redevelopment program using as illustrations the Boston areas now being studied and also such projects as have been studied and developed or are being developed in comparable cities, and by such other agencies and means as, in his opinion, his Honor the Mayor may deem expedient and advisable.

The resolution was adopted under suspension of the rules.

TEMPORARY APPOINTMENTS IN CLERK OF COMMITTEES DEPARTMENT.

Coun. HAILER and McCormack offered the following:

Ordered, That in accordance with the order passed by the City Council on January 11, 1954, and approved by the Mayor on January 12, 1954, providing for the appointment of not more than two additional temporary clerks and/or stenographers in the Clerk of Committees Department, the following persons be, and they hereby are, appointed, effective January 20, 1954, to the positions set against their respective names, until the first Wednesday of March, 1954, at a salary of sixty-five dollars a week.

Katherine E. Dunn, temporary stenographer-clerk.

Paul G. O'Hara, temporary clerk.

Passed under suspension of the rules.

PARTICIPATION OF MILITARY UNITS IN EVACUATION DAY PARADE.

The following resolution was offered by all the members of the Council:

Whereas, The forcing of the Evacuation of Boston by the British Troops in 1776 was the first major feat of arms of the American revolutionary troops; and

Whereas, The annual parade on March 17 each year in the South Boston district of our city commemorates this glorious accomplishment of our first citizen army in expelling the mercenary troops of the British regular army; and

Whereas, It is the custom of our regular military establishment to participate in patriotic observances; be it therefore

Resolved, That the regular military establishment of the United States government could and should participate in the annual parade this year on March 17 as it has every year since the inception of the observance; and be it further

Resolved, That the Boston City Council hereby petitions the President of the United States to, as Commander-in-Chief of the Armed Forces, direct the participation of units of the regular military establishments in the annual Evacuation Day parade.

The resolution was adopted under suspension of the rules.

POSTING OF VOTERS' LISTS IN PUBLIC LIBRARIES.

Coun. AHEARN offered the following:

Whereas, Many people have found it inconvenient under the present system to ascertain whether or not they are on the registered voters' lists; and

Whereas, There will take place this year an important election; and

Whereas, It is of the utmost importance to make the fact of registration easily ascertainable and to encourage citizens to register and go to the polls to vote on election day; be it therefore

Ordered, That his Honor the Mayor is hereby requested to direct the Board of Election Commissioners to consult with the Trustees of the Boston Public Library for the purpose of making available to the public at the branch libraries the registered voters' lists, thereby making said lists more readily available to the public at more convenient times and places.

The order was passed under suspension of the rules.

REPORT ON EMINENT DOMAIN POWER TO ACCOMPLISH URBAN REDEVELOPMENT.

Coun. FOLEY offered the following:

Ordered, That the Chairman of the Boston Housing Authority be requested, through his

Honor the Mayor, to report on the status of the Massachusetts litigation now pending concerning whether power of eminent domain exists to accomplish urban redevelopment.

Passed under suspension of the rules.

OPPOSITION TO CONSTRUCTION OF ST. LAWRENCE SEAWAY.

Coun. McCORMACK offered the following:

Whereas, The proposed construction of the St. Lawrence seaway will cause an estimated \$35,000,000 cargo loss to the Port of Boston, \$3,500,000 loss in wages to Boston longshoremen, \$7,000,000 transportation loss to the trucking and railroad interests, \$1,000,000 loss to freight handlers, and a \$30,000,000 loss in purchasing power in the greater Boston area; and

Whereas, The proposed construction will deplete vital shipping from the entire New England seacoast and will cripple New England; be it

Resolved, That the Boston City Council in meeting assembled go on record as unanimously opposed to the proposed construction of the St. Lawrence seaway; and, be it further

Resolved, That copies of this resolution be forwarded to the President of the United States and to the members of the Massachusetts delegation in Congress.

The resolution was adopted under suspension of the rules.

TERMINAL FACILITIES AT ARMY BASE.

Coun. McCORMACK offered the following:

Whereas, The United States government has stated that they intend to close the terminal facilities in South Boston presently known as the Army Base because of deterioration to the substructure of the piers; be it

Resolved, That the Boston City Council request the Great and General Court of Massachusetts to propose legislation to authorize the Port of Boston Commission to take over said facilities from the United States government without consideration.

The resolution was adopted under suspension of the rules.

TO IMPROVE MTA SERVICE ON CITY POINT BUS LINE.

Coun. FOLEY, KERRIGAN, McCORMACK offered the following:

Ordered, That his Honor the Mayor be requested to again make to the Trustees of the Metropolitan Transit Authority the strongest representations concerning the shameful, callous, and dangerous disregard of the rights of the people of South Boston in permitting an almost complete deterioration of service on the City Point bus line in South Boston; that the said Trustees be requested to at least initiate service during the rush hours with buses adapted to provide wider aisle space.

Passed under suspension of the rules.

Adjourned at 3:44 p.m., on motion of Councillor Piemonte, to meet on Monday, January 25, 1954, at 2 p.m.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

RECENT FEDERAL ACTIONS AFFECTING CITIES.

The Housing Act of 1949, approved on July 15, authorized a uniform 10 per cent payment to cities in lieu of taxes on housing projects, but the independent offices appropriation bill passed on August 15 contains a provision that for the fiscal year ending June 30, 1950, only payments provided for in the original contract between the housing authority and the city are authorized for federal reimbursement.

Federal aid for hospital construction has been approved for nearly 800 projects; more than 600 are general hospitals and the great majority are in towns of under 10,000 population.

STREET CONSTRUCTION IN SOUTH BOSTON.

The Mayor has approved the order of the Board of Street Commissioners for a public improvement, consisting of the laying out and construction of Howe avenue, South Boston district, as a highway, from H street approximately 223 feet westerly, with the name of Colebrook street or some other distinctive name, bounded and described as follows:

A highway named Colebrook street is hereby laid out from H street approximately 223 feet westerly and ordered constructed.

Said highway and the land, exclusive of trees, shrubs, or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by H street, 30 feet; southerly by the southerly line of Colebrook street as hereby laid out, 222.50 feet; westerly by the westerly line of Colebrook street as hereby laid out, 30 feet; and northerly by the northerly line of Colebrook street as hereby laid out, 222.50 feet.

Trees, shrubs, or structures standing upon or affixed to the aforesaid land shall be removed therefrom within thirty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land situated on both sides of Colebrook street (formerly Howe avenue) as laid out under this order, from H street westerly for 223 feet, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER, TENTH FLOOR.

PROPOSALS FOR FURNISHING FUEL OIL FOR BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing fuel oil required for school buildings from April 1, 1954, to March 31, 1955. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Fuel Oil for Boston Public Schools." The bid must be in duplicate. One copy, signed by the bidder, and accompanied by a certified check payable to the City of Boston, in the amount of three hundred dollars (\$300), must be left at the office of the Business Manager on or before 12 o'clock noon on Thursday, February 11, 1954. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock noon of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of the bids. Fuel oil is to be delivered in the tanks of the several buildings, and the price per barrel of medium oil and the price per gallon for light oil named in the proposal must include delivery in said tanks in a manner satisfactory to the School Committee. The total estimated quantities of fuel oil required during the period April 1, 1954, to March 31, 1955, both dates included, is as follows:

65,000 barrels medium oil
145,000 gallons light oil

The School Committee reserves the right to reject any or all bids and to accept such bid, or part of bid, as may be deemed best for the interests of the city. The successful bidder will be required to furnish a suitable bond or deposit of money or other security in the amount of not less than fifty (50) per cent of the amount of the contract.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER, TENTH FLOOR.

PROPOSALS FOR FURNISHING RUN OF MINE SEMBITUMINOUS COAL FOR BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing run of mine semibituminous coal required for the school buildings from April 1, 1954, to March 31, 1955. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Run of Mine Semibituminous Coal for Boston Public Schools." The bid must be in duplicate. One copy, signed by the bidder, and accompanied by a certified check, payable to the City of Boston, in the amount of three hundred dollars (\$300), must be left at the office of the Business Manager on or before 12 o'clock noon on Thursday, February 11, 1954. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock noon of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The coal is to be delivered in the bins of the several buildings and the price per ton named in the proposal must include the delivery and housing in a manner satisfactory to the School Committee. The Contractor must furnish suitable equipment and sufficient number of men to house the coal properly and promptly. The estimated tonnage required is as follows, and as much of it as possible will be housed during July and August, 1954:

SEMBITUMINOUS COAL.

DISTRICT	RUN OF MINE.
1. City Proper.....	3,500 tons
2. South Boston.....	1,150 tons
3. East Boston.....	1,030 tons
4. Roxbury.....	4,300 tons
5. Dorchester.....	4,100 tons
6. Charlestown.....	1,000 tons
7. Brighton.....	2,000 tons
8. West Roxbury.....	1,520 tons
9. Hyde Park.....	1,400 tons
Total.....	20,000 tons

Bidders may submit a proposal for furnishing the run of mine semibituminous coal required in any one or more of the above nine districts of the city and may also submit one bid covering the whole city. The School Committee reserves the right to reject any or all bids and to accept such bid, or part of bid, as may be deemed best for the interests of the city. The successful bidder will be required to furnish a suitable bond or deposit of money or other security in the amount of not less than fifty (50) per cent of the amount of the contract.

BOSTON TRAFFIC COMMISSION.

PROPOSALS FOR FURNISHING AND INSTALLING A THREE-PHASE FULLY-VEHICULAR ACTUATED TRAFFIC CONTROL SIGNAL EQUIPPED FOR PEDESTRIAN PUSH-BUTTON ACTUATION, COMPLETE IN PLACE, AT THE INTERSECTION OF ARBORWAY, CENTRE STREET AND PRINCE STREET, BOSTON, MASS.

The Boston Traffic Commission, office 112 Southampton street, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing and installing a three-phase fully-vehicular actuated traffic control signal equipped for pedestrian push-button actuation, complete in place, at the intersection of Arborway, Centre street and Prince street, Boston, Mass. A bond will be required for doing the work of a surety company approved by the Commission in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at 112 Southampton street. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Furnishing and Installing a Three-Phase Fully-Vehicular Actuated Traffic Control Signal Equipped for Pedestrian Push-Button Actuation, Complete in Place, at the Intersection of Arborway, Centre Street and Prince Street, Boston, Mass.," and left at 112 Southampton street, before 12 M. on Thursday, February 11, 1954, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the lump sum price appears to the Commission to be abnormally high or low, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Boston Traffic Commission. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

WM. ARTHUR REILLY,
Traffic Commissioner.

INVITATION FOR BIDS.

CITY OF BOSTON.

BOSTON HOUSING AUTHORITY.

The City of Boston, acting by and through the Boston Housing Authority, in accordance with the provisions of chapter 372 of the Massachusetts Acts of 1946, as amended, will receive sealed proposals for the purchase of household goods, including oil stoves, ice boxes, and kitchen sinks, at the office of the Boston Housing Authority, 230 Congress street, Boston, Mass., until 12 o'clock noon, Eastern Standard Time, Monday, February 8, 1954, at which time and place the bids will be publicly opened and read aloud.

An inventory of said goods and bid documents, which must be submitted in quadruplicate, may be obtained at the office of the Authority. Items for sale may be seen upon request.

One copy of proposal, without check, is to be deposited by the bidder with the City Auditor previous to the time for opening bids.

The Authority reserves the right to reject any or all bids, to waive any informalities in bidding, and to award the contract as it deems in its best interests.

Bid security in the amount of \$200, in the form of cash or certified check, shall accompany each proposal.

No bid may be withdrawn prior to thirty (30) days from the approval of the City of Boston without the consent of the Authority.

To the City Council.

GENTLEMEN:

I submit herewith the annual budget for city, county and revenue departments for the year 1954.

The total budget allowances for this year are approximately the same as for 1953. This is the first time for many years that the budget allowances have been maintained at practically the same level as the previous year. It is an indication that, at long last, the precipitous upward trend in Boston's tax rate has been halted. If the same trend holds in the other factors entering into the tax levy, the current year's tax rate should be no higher than in 1953.

Accompanying this communication is an explanation of the budget allowances.

I trust that your Honorable Body will give approval to the tax and appropriation orders submitted herewith.

Respectfully,

JOHN B. HYNES, Mayor.

CITY OF BOSTON,
ADMINISTRATIVE SERVICES DEPARTMENT.

January 29, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

SIR:

In accordance with the provisions of Section 3 of Chapter 3A of the revised City Ordinances, I have prepared, under your direction, in segregated form, the annual budget for city, county and revenue departments to be submitted to the City Council.

Because of the limited time available since I assumed the responsibility for preparation of the budget; and, further, because of the present uncertainty attached to the proposed reorganization of municipal departments, I have followed the same line-item form of budget which has been used with some slight modifications since the adoption of the segregated budget system in 1916.

In recent years, the federal government and many state and local governments have discarded this form and have adopted in its place a Program or Performance Budget. The major advantage of this type of budget is that it is prepared on the basis of programs or work to be performed, rather than materials and services to be purchased. It sets forth the purpose and the ends to be secured by the various expenditures; whereas, in a line-item budget, the information set forth has to do primarily with the things used.

FRANCIS X. COTTER, COMMISSIONER OF VETERANS' SERVICES, NAMED BY MAYOR JOHN B. HYNES AS FIRE COMMISSIONER.

On February 1 Mayor John B. Hynes issued the following announcement:

I have this day appointed Francis X. Cotter to be Fire Commissioner, succeeding the late John F. Cotter.

Mr. Cotter is a good administrator. He will be expected to put into effect any recommendations which will increase the efficiency and decrease the expenditures of the Fire Department, which now represent approximately 10 per cent of the municipal operating budget. Mr. Cotter will give his entire time to his new post. I believe him to be the type of man who will be a credit to the Fire Department and the City of Boston.

Commissioner Cotter's Career.

Francis X. Cotter was born in South Boston to Timothy and Mary Cotter, nee Sheedy, on May 6, 1895. He attended St. Peter and Paul's Grammar School, South Boston High School, Boston College High School, and Boston College, from which he entered the service in 1917, going overseas with "B" Battery, 101st Field Artillery, 26th Division, as a private, and discharged in 1919 as a battalion sergeant major after 18 months' foreign service. He served with the Yankee Division at Aisne-Marne, Meuse-Marne, Verdun, Chateau-Thierry.

After his return from service, he was an assistant sales manager for Cudahy Packing Company and later an assistant office manager for Libby, McNeil, and Libby. During this time he became closely identified with veteran legislative affairs in this state, becoming commander of his post of the Veterans of Foreign Wars. In 1927 he became an employee of the City of Boston at the House of Correction and spent the greater part of his employment in construction affairs. The men under him razed the largest prison building on the island and constructed many of the roads and walks as well as remodeling many of the buildings.

During this time he arose rapidly in the Veterans of Foreign Wars, holding the paid office of adjutant and service officer (1929-30), and for many years was the legislative agent. In 1934-35 he served as state commander. In 1941 he was elected to the National Council of Administration for a term of two years. His varied activities found him serving on many national committees, including Poppy, Legislative, and Rehabilitation, and for over twenty years he was a member of the National Speakers Bureau. In 1945 he played an active role in the opening of the Boston Veterans' Center at the Houghton and Dutton Building.

Governor Maurice J. Tobin appointed him Commissioner of State Aid and Pensions, and in that office in 1947 he developed the plans for the organization to supervise the payments of all veterans' benefits in the state. In 1950 he was appointed by Mayor John B. Hynes as Soldiers' Relief Commissioner and Director of Veterans' Services for the City of Boston. When the attack was made against veterans' preference, he led the fight for the veterans, and his presentation was used on the floor of the House of Representatives to retain the preference for veterans.

Among other outstanding achievements, he was responsible for the Veterans Administration erecting the West Roxbury Hospital and later securing from Gen. Frank T. Hines the listing for future erection of a 1,000-bed hospital in Boston, which was accomplished under Hines' successor at Heath street.

He was married to Anna E. Foley of City Point in 1926, and they have two sons, Francis X. and Joseph L., both students in Boston College. Mrs. Cotter was the first prefect of St. Gregory's Sodality and is a member of the League of Catholic Women, St. Philomena's Guild, Dorchester Catholic Guild, St. Aloysius Guild, St. Brendan's Mother's Guild, and Monsignor Dolan Circle of the Catholic Daughters of America.

Mr. Cotter, besides membership in the Thomas J. Fitzgerald Post, Veterans of Foreign Wars, is also a member of the Old Dorchester Post, American Legion Yankee Division Club, St. Brendan's Holy Name Society, and the Nocturnal Adoration Society. He has two sisters living, Mrs. Agnes Byrne of South Boston and Mrs. Louise Roark of Lowell.

CIRCULAR LETTER NO. 3.

CITY OF BOSTON,
MAYOR'S OFFICE, February 1, 1954.
To All Department Heads.
GENTLEMEN:

The annual Heart Fund drive takes place from February 1 to February 28.

I have designated Arthur J. O'Keefe, executive secretary of the Park Department, as chairman of the city employees' group.

I will appreciate your support of this most important cause, proceeds of which go mainly to support the local research, education, and community services in helping those afflicted with heart disease.

The chairman will communicate with you relative to the manner in which you may help in this drive.

Respectfully,

J. B. HYNES, Mayor.

Introduction of new officers.

The keynote of the convention "Turn East, Turn West," emphasized the concern of the National Council of Teachers of English in the problems arising from

a troubled world. Most of the speakers dwelt upon the duties and obligations of teachers of English as they affect pupils in this transitory age. While great emphasis was placed upon the philosophy underlying the English program, as well as upon the means to implement it, the undersigned felt that too little attention was given to practical, class-room techniques, time-tested and of immediate use. The basic theories no doubt appeal to professors of educational training schools, but useful methods of improving class-room instruction are most acceptable to the ordinary teacher.

In regard to problems of a general nature as revealed at the Convention, the undersigned believes that the public schools of Boston have not only recognized these problems for many years but have already been successful in solving many of them. There was no opportunity to visit schools in Los Angeles, but a discussion with many class-room teachers of that city indicates that Boston, so far as practices in the Elementary School in reading and the language arts are concerned, has a well-rounded program and an enviable record of achievement.

The undersigned appreciates the opportunity of having attended this convention.

Yours very truly,

JOHN H. TREANOR.

MAYOR HYNES PROTESTS PROPOSED TAX ON HOUS- ING AND INDUSTRIAL DE- VELOPMENT BONDS.

(Continued from page 141.)

bonds. My concern is based on the long-range implication of the committee's action. While at the moment the tax proposal relates to only certain types of municipal bonds, its adoption, in my opinion, would establish a very dangerous precedent. If one type of municipal bond can be taxed, it is only a matter of time before other types of municipal securities will be taxed.

Imposition of a federal tax on municipal securities would result immediately in an increase in municipal interest rates. Studies by leading economists have indicated that such increase would range from 1 to 1½ per cent. Since Boston's capital budget now under consideration contemplates the issuance in the next six years of bond issues totaling roughly \$60,000,000, removal of the existing immunity from federal taxation would impose a heavy additional financing charge on our city. Because of the heavy reliance which rests in Massachusetts on real estate to support municipal activities, it would be the real estate, or property, taxpayer who would have to foot, in this state, this increased financial burden.

As the sole representative on the committee of the Old Bay State, I am certain you would not knowingly support a measure which is bound to react unfavorably on local government costs in your own state. In view of this fact, I urge on you the desirability of reconsideration of the action taken by your committee.

Respectfully,

J. B. HYNES,
Mayor of Boston.

REPORT OF MARY J. HEN- NESSEY, APPROPRIATION CLERK, AND MARGARET E. HICKS, PROPOSAL CLERK, OFFICE OF THE BUSINESS MANAGER, ON ATTENDANCE AT EIGHTH ANNUAL CONFERENCE AND PRODUCTS EXHIBIT OF THE NATIONAL INSTI- TUTE OF GOVERNMENTAL PURCHASING HELD IN CINCINNATI, OHIO, NO- VEMBER 8 TO 11, 1953.

The following reports were presented to the School Committee:

To the School Committee of the City of Boston.

In compliance with an order of the School Committee passed October 5, 1953, the undersigned were present at the Eighth Annual Conference and Products Exhibit of the National Institute of Governmental Purchasing held in Cincinnati, Ohio, from November 8 to November 11, inclusive.

The official opening of the NIGP Exhibit was held on November 8 at 2:30 p.m. There were approximately ninety manufacturers represented in the exhibit of products and equipment available for governmental purchasing. Many of the exhibits were visited at this time.

The conference was officially opened at nine o'clock on Monday, November 9. The opening address by the president, Mr. Leo Weil, Commissioner of Purchases and Supplies, of Cleveland, Ohio, stressed the object of the organization, which is "Integrity in Governmental Purchasing." He also brought out the fact that those associated with the problems of governmental purchasing should have a top place in government administration. Mr. Weil further stressed as an important objective of the organization "More Value for the Tax Dollar."

Mr. John G. Krieg, City Purchasing Agent of Cincinnati, welcomed the group to the city.

Making It Easier to Do Business with Government.

A panel and round-table discussion followed on the subject of "Making It Easier to Do Business with Government," participants being representatives of government and industry. Government representatives brought out the fact that business does not always recognize that laws and regulations of government units limit to some extent what government can do with regard to purchasing. Industry does not always understand or appreciate this fact. It was also brought out that awards could not always be made to the lowest bidder from the standpoint of price only. There are other factors which must be taken into consideration, such as quality and ability to perform in all respects. The City of Milwaukee Purchasing Department has a book which is distributed to dealers containing information on how the department operates.

The award of contracts containing escalator clauses was not favored in most government units for the reason that the amount of the obligation must be known

at the time of the award, due to budget limitations. Representatives of government stressed that in making awards they must keep in mind that the government cannot give "something for nothing." That "something" is the people's money.

Industry brought out the fact that their chief complaint in many cases was lack of clarity, conciseness and directness in specifications. The State of Connecticut invites criticism of specifications for future consideration. Representatives of business recommended that complicated specifications be eliminated wherever possible and that standard specifications be established for items which can be used for the same purpose in every city or town. It should not be necessary for communities to have special items for the same purpose. Industry is opposed to the use of specifications stating a certain item "or equal." What does it mean? Representatives of business brought out the fact that if standard specifications were set up and used as much as possible, business would be in a position to submit much better prices with a resultant saving to the taxpayer.

Representatives of government were of the opinion that persons requesting supplies and equipment should not be allowed to specify a certain item "no substitute" unless it is proven that nothing else will do the job. Some municipal units would appear to be heavily staffed in the purchasing divisions for the reason that contract periods in some branches of state and municipal government cover three months only.

Representatives of both government and industry were opposed to the use of specifications specially tailored to cover certain products only.

The first official luncheon was held at 1 P.M. on Monday. A message of greeting from the President of the United States was read. The President commended the organization for its activity in the elimination of waste and extravagance in the operation of government. He stressed the importance of the purchasing executive from the standpoint of competency and integrity. Those engaged in purchasing should be equipped to obtain the greatest value for the tax dollar. Economy and thrift should be required in all branches.

The assembly was addressed by Mr. Edmund F. Mansure, Administrator, General Services Administration, Washington, D. C. Mr. Mansure gave an address on the accomplishments of the General Services Administration in the matter of setting up standard specifications. Items such as wastebaskets, formerly purchased by the government under forty-seven different specifications (to cite a ridiculous situation), have been reduced to requirements taken care of by six specifications.

In the afternoon the group was addressed by Mr. Ernest J. Brewer on controlling rush orders, following which the delegates visited the exhibit booths.

Miss Hicks attended the breakfast conference of educational buyers on Tuesday, November 10. The Purchasing Agents from the City of New York School Department, Milwaukee School Department, School Department of the District of New York, and others were present. Methods of taking complete advantage of the surplus commodities offered to the school lunch departments were discussed. Several of the delegates

stated that the procedure used by the Boston School Department for the purchase of laboratory supplies and equipment was highly commended throughout the country, and information was given by Miss Hicks as to how the matter is handled. The purchase of supplies and equipment for the New York School Department seems to be simplified in that the principals of each school apparently control the requisitioning of ALL supplies for their individual schools.

Preference to Local Bidders.

At a conference later in the morning there was a panel discussion on the matter of giving preference to local bidders. In the purchase of coal for the State of Illinois preference is given to coal mined in the state, unless an outside bidder is 10 per cent lower. Purchasing Agent for the City of Detroit stated that in the purchase of automobiles for that city the Ford automobile is given preference for the reason that the Ford Motor Company pays 70 per cent of the total revenue from taxation.

A panel discussion followed on "Developing Public Relations." The City of Milwaukee conducts a school for city employees in this connection and holds meetings with the press with a view to publicizing their accomplishments in the matter of expenditure of the taxpayers' money.

At the official luncheon held on this date the assembly was greeted by the Honorable W. R. Kellogg, City Manager of Cincinnati. He gave a very interesting outline of the history of the city.

Mr. John A. Lloyd, Vice President, Union Central Life Insurance Company, addressed the group on the subject of "Patriotism," stressing the lack of it in many high places. In the afternoon the manager of the Bulk Soap Sales Department of Procter and Gamble Distributing Company spoke on the subject pertinent to his concern. It was stated that the soap industry is one of the most constantly changing industries in the country. At the present time there are 1,180 different detergents on the market.

During the morning of November 11 a panel discussion was held on the relative merits of "Rental Versus Ownership of Public Motor Vehicles." The City Purchasing Agent for the City of Chicago stated that a survey of 162 cities showed a fifty-fifty situation existed with regard to this problem. The City of Chicago purchases the cars for the Police Department and rents for some departments. Mr. Lloyd M. Head, City Purchasing Agent for Jackson, Michigan, stated that a log of all cars is kept by the City Manager.

Federal Excise Taxes.

A discussion was held with respect to the matter of federal excise taxes, with the result that a committee was to be appointed to set up a simplified procedure with respect to federal excise taxes on automotive parts.

Public Purchasing Problems.

A discussion followed on "Public Purchasing Problems." It was stated by Mr. Joseph W. Nicholson, City Purchasing Agent of Milwaukee, Wisconsin, that his experience was that service agreements on typewriters are very costly, and are not recommended. He further stated that his city sells no typewriters which are less than twenty years old.

and typewriters sold at this age often bring as high as \$24 each.

At this discussion the idea was almost universal that the proper purchasing procedure is to make specifications as comprehensive as possible in order to secure maximum competition. It was also recommended that reference should be made to the trade from time to time for criticism and recommendations on specifications. The City of Philadelphia operates its own printing department. The City of Los Angeles has checked the cost of printing done by its own printing department with outside trade and has found that the city printing plant does the work at lower prices.

This last conference adjourned early in the afternoon of November 11.

MARGARET E. HICKS.

MARY J. HENNESSEY.

MAYOR HYNES MOURNS PASSING OF EDITOR JOHN GRIFFIN.

February 1 the Mayor issued the following statement concerning the passing of John Griffin, editor-in-chief of the Boston Post:

I deeply regret the passing of John Griffin, editor-in-chief of the Boston Post. John Griffin was one of the finest characters I have ever known. He was fair, fearless, an outstanding newspaper writer and editor, and a real God-abiding gentleman.

We shall miss his solid common sense which at all times was reflected in his 100 per cent Americanism. He was a power for good in the nation, and especially in our part of the nation, and we shall feel his loss.

I shall miss him, for I counted him as one of my friends.

I extend my sincere sympathy both to the members of Mr. Griffin's family and to the Boston Post on the great loss they have suffered.

ASSESSMENT LIENS CANCELED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Whereas, An order of the Board of Street Commissioners, approved by the Mayor June 26, 1953, was recorded in the Registry of Deeds July 16, 1953, Book 6883, page 167; said order providing for the laying out and construction of Mt. Vernon street, Dorchester district, from William T. Morrissey Boulevard (formerly Old Colony Parkway) to land of the City of Boston; and

Whereas, Assessment liens were created on the following-named parcels of land, as follows:

MAYOR JOHN B. HYNES SUBMITS 1954 BUDGET TO CITY COUNCIL.

(Continued from page 141.)

Appreciating the desirability of keeping pace with current advances in government budgeting, it is my intention, while the budget is under consideration by the Council, to develop for at least one department a Program or Performance Budget, which will serve to indicate the nature of the improvements which may be made in Boston's budget procedure in the ensuing year.

The grand total of the proposed over-all budget is shown in the following budget:

	1953 Appropriation	1954 Department Estimate	1954 Allowance
CITY MAINTENANCE	\$94,408,338 04	\$97,743,641 46	\$95,228,169 37
COUNTY MAINTENANCE	6,512,053 62	6,644,717 30	6,530,196 44

CITY MAINTENANCE.

Last September you wrote to city and county officials, requesting that in the preparation of their budget estimates for 1954 they endeavor to keep their total requests at a figure approximating 5 per cent below the appropriations allowed for 1953. I am pleased to report that departmental estimates submitted indicate a serious endeavor on the part of department officials to comply with this request. An analysis of the city maintenance summary shown on pages 3 and 4 of this document indicates that out of a total of 74 budget divisions 43, or roughly 60 per cent, reflect lower allowances for the current year as against 1953. Six of the remaining divisions have the same allowances as last year, while 25 reflect increases. Most of this latter group are small departments with a heavy percentage of their budget devoted to personnel requirements where it was manifestly impossible to comply with your reduction request.

From an over-all point of view, the following table indicates the relationship between last year and this:

1953 Appropriation	1954 Department Estimate	1954 Allowance
\$94,408,338 04	\$97,743,641 46	\$95,228,169 37

From the foregoing table, it appears that the allowances recommended for the current year exceed 1953 appropriations by \$819,831.33. Before any conclusions are made relative to this increase, the following points should be considered:

(1) 1954 allowances include appropriations for the Printing Department and the Boston Rent Board which were not present in city maintenance costs in 1953. The 1954 allowances for these two activities total \$951,548.00. But for the presence of these new charges, the total of 1954 maintenance allowances would be slightly under that of 1953.

(2) While 1954 maintenance allowances reflect an increase of \$819,831.33 over those of 1953, the assessors will be able to offset approximately \$750,000.00 of this increase by including in their estimates of 1954 departmental receipts the anticipated revenues of the Printing Department and the Boston Rent Board. This new credit will abate any unfavorable effect on the 1954 tax rate, which otherwise would develop from an increase in maintenance costs.

An analysis of Table 1 immediately following this report indicates that reductions have been made in all budget groups except those for personal service, welfare and relief disbursements and special appropriations. The increase of roughly one million dollars in the allowances for permanent employees has been occasioned by provision for the payroll of the Printing Department, step rate increases for 1954 of approximately \$322,000.00, and \$360,000.00 for the full year cost in 1954 of increases granted in the previous year. Decreased allowances for General Relief and Veterans' Benefits have been offset by the fact that it appears that other forms of categorical relief will require higher appropriations than those allowed in 1953. Under this heading it should be pointed out that while the activities of the former Child Welfare Division of the city have been taken over by the state, the city will be required to reimburse the state in an estimated amount of \$374,400.00 for the care of dependent children with Boston settlements. Since \$737,000.00 was appropriated for this division in 1953, the net saving to the city through the transfer will be approximately \$363,000.00.

In the special appropriation group, an increased allowance of \$30,000.00 has been made to complete the rezoning study by the City Planning Board which has been under way for the past two years, and the allowance for non-contributory pensions has been increased \$100,000.00 because of a greater number of pensioners. A new appropriation of \$100,000.00 has been provided in this group to start the property revaluation survey and another new appropriation of \$141,500.00 has been allotted to the Boston Rent Board. Because of the uncertainty surrounding the current year's snow removal costs, no increase over the 1953 allowances has been made for this item. In the event of further storms before the winter's end, it may be necessary to increase the allowance by a supplementary appropriation.

COUNTY MAINTENANCE.

An analysis of the county maintenance summary table on Page 7 indicates that appropriations for 12 county budget divisions are under those of last year, two remain the same, while 17 reflect increases. From an over-all point of view, the following table reflects a two-year comparison of county budget allowances:

1953	1954	1954
Appropriation	Department Estimate	Allowance
\$6,512,053 62	\$6,644,717 30	\$6,530,196 44

As indicated in Table 2 at the end of this report, County Allowances for 1954 reflect an increase of \$18,142.82 over 1953 appropriations. Sliding scale increases for county personnel, higher payments for truants at the Middlesex County Training School, and an increase in the number of non-contributory pensioners have been the major factors contributing to this increase.

INCOME DEPARTMENTS.

The substantial decrease in income department allowances indicated in Table 3 following this report is due mainly to the transfer of the Printing Department to the city maintenance section. The total shown in this table in the 1953 appropriation column includes \$820,415.24 for the Printing Department. On a comparable basis therefore, income department allowances in 1954 are \$251,080.34 less than in 1953.

CONCLUSION.

The grand total of the city and county budgets constitutes as a rule two-thirds of the gross operating requirements entering into the tax levy. For the first time in many years, it has been possible to maintain the current year's budget allowances for city and county departments at practically the same level as in the previous year. If the same trend holds in the other factors entering into the levy, the current year's tax rate should be no higher than in 1953.

Respectfully,

CHARLES J. FOX,
Director of Administrative Services.

HOSPITAL DEPARTMENT.

BOSTON, January 15, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

We respectfully request your permission to dispense with publicly advertising for bids, and to award a contract to M. Solimando, 584 Columbia road, Dorchester, Mass., for locating leaks and making the necessary repairs in pipes in main water supply to Boston City Hospital, at a cost not to exceed \$15,000.

During the night of January 13, 1954, a leak was discovered in the main water supply to the hospital which flooded the tunnels, and it was necessary to call M. Solimando, who has done work on and is familiar with the tunnels and water mains of the Boston City Hospital, to locate the leak or leaks and make the necessary repairs to the pipes.

It is estimated that the total cost of this work will not be in excess of \$15,000; however, if, during the progress of the work, it is found that the cost will exceed \$15,000, additional authority will be requested of your Honor, to amend said contract in a sum sufficient to cover the cost of the balance of the work aforementioned.

Because of the emergency nature of this work, your permission is respectfully requested for the award of a contract, without advertising, to M. Solimando, for locating leaks and making the necessary repairs to pipes in main water supply, Boston City Hospital, at an estimated cost not to exceed the sum of \$15,000.

Respectfully yours,

BOARD OF TRUSTEES, BOSTON CITY
HOSPITAL,
by RICHARD J. CONDON,
President.

entire building at the House of Correction used as sleeping quarters for the deputy on duty and for the personnel who must be on the island before the arrival of the first public transportation.

The institution was visited by Mr. Fox, the Director of Administrative Services, and Mr. Sullivan, Personnel Director and Budget Commissioner, on Wednesday, January 20, 1954, who made an inspection of the ruins and advised me to have the work done at once. A strong wind or a moderately heavy snowstorm falling on what remains of the roof will make this building a serious hazard. They both agreed that the lowest figure I received for having this building put in livable and usable condition was very reasonable.

I went to see Mr. James H. Mooney, Superintendent of School Buildings, the same day, at the request of Mr. Fox, and he was fully in accord with the above. Today, Edward N. O'Flaherty, Deputy Superintendent of School Buildings, was here and stated that he could not see how the work could be done at such a reasonable figure.

I have received several estimates, enclosed herein, and in view of the above unanimous opinions I respectfully request your approval of my awarding this work to the Page Construction Company, without advertising publicly, for the sum of \$8,000.

Respectfully,

EDWARD L. FRIEL,
Penal Institutions Commissioner.

PRINTING DIVISION.

BOSTON, December 31, 1953.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your Honor's permission is respectfully requested to permit the Printing Department to award a contract, without advertising, to Remington Rand, Inc., 857 Commonwealth avenue, Boston, Mass.

This request is being made in order that we may furnish the Auditing Department (Central Payroll Division) with payroll cards in the sum of \$1,800 as follows: 1,500,000 payroll cards, Form P14299, manila, left-hand corner cut, at \$1.20 per M, \$1,800.

As the above materials are to be used on key punch card machines manufactured by Remington Rand, Inc., it would therefore seem that the best service could be rendered by purchasing these cards from the same company, and in my opinion no advantage could be gained by public advertising for bids.

Respectfully,

JOHN J. TWOMEY,
Superintendent.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, January 19, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your permission to dispense with the usual form of advertising and award a contract for electrical work in the new department of Administrative Services, fifth floor, City Hall, to Charles E. Gallagher, 22 Kingsboro park, Jamaica Plain.

I invited two reputable electrical contractors to bid on the enclosed specifications with the following results:

Charles E. Gallagher, 22 Kingsboro park, Jamaica Plain, \$1,330; Conrad Electric Company, 31 Milk street, \$1,695.

Since time is of the essence it is my opinion that nothing could be gained by publicly advertising for bids. I think that the best interests of the city would be served in awarding this contract to the above-mentioned contractor at a cost not to exceed \$1,330.

Very truly yours,

GEORGE P. DONOVAN,
Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT.

Boston, January 20, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

As you well know, last fall the Public Works Department purchased from the MTA nineteen large four-wheel drive snowplowing trucks. Of the nineteen units purchased, sixteen were Walter snowfighters, so called, and the remaining three were FWD's. In addition to the above nineteen four-wheel drive heavy-duty units, the department has fourteen similar units, making a total of thirty Walter snowfighters and three FWD's.

It is a most difficult job—if not an impossible task—for the department mechanics to keep these units in A-1 condition at all times during the winter months, in order that they may be available for plowing, sanding, and salting. Therefore, it is absolutely essential that contracts be awarded to qualified dealers to effect whatever repairs become necessary during the remainder of the winter months on those units that cannot be repaired by our department mechanics, who, incidentally, are also required to keep in repair all of the rest of the mobile equipment used by the department for snowplowing and removal work.

In view of the circumstances, therefore, it is my unqualified opinion that a contract should be entered into with the C. N. Wood Company for the repair, when necessary, of the Walter snowfighters and with the Boston Road & Equipment Company for the FWD heavy-duty trucks. The latter-referenced two companies are the only authorized dealers in this area for the sale and repair, respectively, of Walter and FWD units, and, therefore, nothing would be gained by attempting to publicly advertise for proposals for this type of work.

I respectfully request, therefore, your authorization to dispense with advertising and to award a contract to the C. N. Wood Company, in an amount not to exceed \$10,000, for effecting whatever repairs are necessary to the Walter snowfighters during the winter season, with the understanding that the work will be authorized and assigned by Division Engineer McGrath of the Automotive Division and that the city makes no commitment as to the volume of work to be sent to the Wood Company.

I also respectfully request your authority to dispense with advertising and to award a contract, in an amount not to exceed \$3,500, to the Boston Road & Equipment Company, for effecting whatever repairs are necessary to the FWD trucks during the winter season, also with the understanding that the work will be authorized and assigned by Division Engineer McGrath and that the City of Boston makes no commitment as to the volume of work to be sent to the Boston Road & Equipment Company.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Boston, January 21, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At the present time, C. J. Maney Company, Inc., is engaged by the New York, New Haven, & Hartford Railroad in replacing the sections of the West Fourth Street Bridge that were demolished and damaged by the fire that occurred on October 22, 1953. It was necessary to entirely replace spans 3, 4, and 5, and to repair sections of spans 2 and 6.

The work that the Maney Company is doing for the railroad, at a cost of approximately \$190,000, is practically completed, and it is expected that the steel beams comprising the floor system will be in place next week.

Under an agreement that we made with the New Haven Road after a conference with the Law Department, the city will pay for the installation of the new concrete floor slab, as under the law we are required to maintain the surface of this structure. The work that the Maney Company is now doing for the railroad and the work involved in the construction of the concrete slab in the roadway and sidewalk areas overlap, and should be carried on as one complete operation by the same contractor. By having the same contractor do the work, I estimate that we can save at least one month's time in the opening of the bridge, which is of prime importance, because the present Broadway Bridge is totally inadequate to handle

the volume of traffic crossing from the South End section to and from South Boston.

I have, therefore, negotiated with representatives of the Maney Company in connection with the work involved in the installation of the concrete decking. We have agreed on item prices, which compare more than favorably with the prices that were obtained as the result of publicly advertising for proposals in 1952 in connection with the reconstruction of the adjacent Broadway Bridge. While price in this particular case is a very important consideration, I feel that public convenience is the most important item to be considered, and I am certain that the Maney Company, as stated, can have the bridge opened for travel at least one month sooner than would be the case if another contractor were engaged to carry out the work involved in the concrete deck. I have been assured by representatives of the Maney corporation that they will prosecute the work diligently and continuously until the bridge is opened for vehicular traffic, which I estimate will be in the last week of February or the first week of March, unless we have a long period of severe, inclement weather.

I respectfully request, therefore, your authority to dispense with advertising, and to award a contract to C. J. Maney Company, Inc., in an amount not to exceed \$43,000, for constructing a concrete deck and doing related work on the roadway and sidewalk areas of the West Fourth Street Bridge.

It is expressly understood that the contractor will be paid on the basis of agreed prices for the various items of work involved and only for the exact quantity of work done under such items.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Boston, January 28, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Publicly advertised proposals for collecting and removing garbage and refuse in all the collection districts of the city were opened in this office on March 12, 1953. Subsequently the city entered into a contract with Frank James Cavaliere, 139 Cummins Highway, Roslindale, for the collection and removal of garbage and refuse in District No. 4, Brighton, for the period April 1, 1953, to March 31, 1954.

The contract price of \$16,000 per month was based on the contractor removing and hauling all the refuse collected in the Brighton district to a dump furnished by the city at the Calf Pasture. Recently the contractor informed me that, for the remaining term of his contract—that is, for the period February 1 to March 31, 1954—he can furnish a dump in the Brighton district.

Allowing said contractor to furnish and operate a dump in Brighton will reduce his hauling costs appreciably. Accordingly, I entered into negotiations with him in order to effect a corresponding reduction in costs to the city. As a result of this negotiation it was mutually agreed that a reduction in the contract price of approximately \$1,000 a month would be made over the period in which the local dump is utilized.

Incidentally, we are able, under the terms of the Refuse Disposal Contract, to deduct the sum of \$1,000 from payments due under said contract for each month that the Brighton rubbish is not dumped at the Calf Pasture, thereby effecting a total savings of approximately \$2,000 a month by this arrangement.

Therefore, I respectfully request your approval to dispense with advertising and amend the contract for the collection and removal of garbage and refuse in District No. 4, Brighton, between the City of Boston and Frank James Cavaliere for the period April 1, 1953, to March 31, 1954, to provide that during the period February 1, 1951, to March 31, 1951, for each day that the contractor shall haul the refuse collected in Brighton to a dump furnished by him, the city shall deduct the amount of \$10 a day from the monthly payment of \$16,000.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Boston, February 1, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Since 1916 this department has had an agreement with Brink's, Inc., on a month-to-month basis for the daily transportation of toll collections from the Sumner Tunnel to a designated local bank. The agreement also covers the daily delivery of money from the bank to the Sumner Tunnel for the purpose of providing change for the collectors.

A new contract was approved by your Honor on December 20, 1950, effective January 2, 1951, with Brink's, Inc., providing for the payment to Brink's, Inc., of the sum of \$90 a month for the above services, superseding the contract dated September 19, 1946.

Brink's, Inc., has now submitted a rider to this contract of January 2, 1951, increasing the payment from \$90 to \$115

a month, effective February 1, 1951. This charge, in my opinion, is fair and reasonable, considering the responsibility involved, and no advantage would be gained by advertising for bids.

Because of the fact that the cost will be in excess of \$1,000, I respectfully request the authority of your Honor to dispense with advertising and to award a contract to Brink's, Inc., for performing this service at the rate of \$115 a month.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

PURCHASING DIVISION.

Boston, January 18, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 17, 1953, your Honor authorized the awarding of a contract to Uarco, Inc., to furnish one Uarco variable length burster and trimmer to the Public Welfare Department at a cost of \$1,355, net. This proposed contract was not executed during the year 1953 because of lack of funds.

The Welfare Department has submitted a 1954 requisition covering the identical equipment described above. Inasmuch as Uarco, Inc., the manufacturer of the material requested, is the only source of supply, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Uarco, Inc. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$1,355, net, delivered.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

Boston, January 27, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of requisitions No. 24, No. 25, and No. 26 from the Sanitary Service of the Public Works Department for Elgin sweeper parts, to be delivered before March 31, 1951.

Inasmuch as E. J. Bleiler, doing business as E. J. Bleiler Equipment Company, is the only distributor of Elgin sweeper parts in this area, no advantage would be gained by publicly advertising for prices. It is therefore requested that permission be granted me to dispense with publicly advertising for prices and award a contract, without public advertisement, to E. J. Bleiler, doing business as E. J. Bleiler Equipment Company, of Needham, Mass.

Approximate total amount of contract will be \$1,571.56, net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

Boston, January 22, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

For several years your Honor has granted authority to this department to purchase perishable foods, including fruits, vegetables, meats, poultry, butter, fish, and eggs, on a weekly basis and, in

some instances, a monthly basis. This method has proved most beneficial to the city.

Inasmuch as purchases in this manner result in considerable savings to the city, authority is requested to dispense with publicly advertising for prices and award contracts, without public advertisement, to the following companies for the period from April 1, 1951, to March 31, 1955:

Armour & Co., 775 Columbus avenue.
Behn Fruit Service, Inc., 7 Charlton street, Everett.

SUFFOLK COUNTY.

MUNICIPAL COURT FOR CRIMINAL BUSINESS.

Boston, January 29, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

In accordance with the provisions of chapter 216 of the Acts of 1950 and chapter 182 of the Acts of 1951, I respectfully request permission to award a contract for traffic violation slips to Henry Rosnosky, 167 Oliver street, Boston, Mass., without advertising, for the calendar year 1954.

Mr. Rosnosky has furnished these violation slips to this court over a long period of years and expects to be able to deliver them on quick notice when slips are needed.

I am estimating at the present time that there will be at least 300,000 slips used during the year 1954.

These slips are to cost \$6.60 per thousand sets, including one-time carbons, three slips to a set, \$1,980, to be delivered in lots of 100,000 as called for.

Respectfully yours,

DANIEL J. LYNCH,
Clerk of the Court.

Boston, January 29, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

In accordance with the provisions of chapter 216 of the Acts of 1950 and chapter 182 of the Acts of 1951, I respectfully request permission to award a contract for registration index books to Henry Rosnosky, 167 Oliver street, Boston, Mass., without advertising, for the calendar year 1954.

Mr. Rosnosky has furnished these types of books in the past and is familiar with the requirements of this court.

In the past only one set has been needed, but, because of the change in law effective May 1, 1953, dividing the jurisdiction of this court into "uptown" and "downtown" Boston, a second set became necessary, making the total cost in excess of \$1,000.

These books will consist of two sets of fifteen volumes each—Parking Registration Index Books—one set for uptown

violations and one set for downtown violations at \$873 per set, or a total of \$1,746.

Respectfully yours,

DANIEL J. LYNCH,
Clerk of the Court.

Two catch basins and 25 linear feet of 12-inch pipe surface drain in Alvarado avenue, at Fairview avenue, in the Hyde Park district, at an estimated cost of \$1,000.

A sanitary sewer of 155 linear feet of 8-inch pipe at an estimated cost of \$1,700 and 1,015 linear feet of 12-inch pipe surface drain at an estimated cost of \$10,300 in Danny road (formerly Darnell street), in the Hyde Park district.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract approved December 30, 1953, with Thompson-Winchester Company, Inc., for furnishing and delivering kitchen equipment to various schools from January 31, 1954, to March 15, 1954. This extension was requested because of a delay in obtaining equipment from factory.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with Fitzgerald Engineering Company, Inc., for removing deposit from surface drain conduit in Prescott and Frankfort streets, East Boston, from January 25, 1954, to April 25, 1954, a period of 90 days. This extension was requested because the work was delayed waiting the delivery of sewer cleaning equipment and also because of inclement weather.

AMENDED DAMAGES.

This will be kept on file for further consideration of this department.

Very truly yours,

FRANK R. KELLEY, Chairman.

Placed on file.

LEASING OF LAND AT FORT STRONG TO UNITED STATES GOVERNMENT.

The following was received:

City of Boston,
Office of the Mayor, January 25, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication received from John R. McGillivray, Commissioner of Institutions, relative to the leasing of a parcel of land at Fort Strong, Long Island, to the United States of America, together with an order which incorporates a form of a proposed lease and recommend the adoption of this order by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Institutions Department,
January 22, 1954.

Mayor John B. Hynes
and City Council.

Gentlemen:

The District Public Works Office of the First Naval District has requested a lease from the City of Boston of approximately sixteen (16) acres of land at Long Island, being a portion

of the former Fort Strong Military Reservation, for the term of twenty (20) years. This site was acquired by the City of Boston from the United States of America in 1949 for the sum of one dollar (\$1.00) and contained in the deed was a provision permitting the government to recapture the premises during existence of a national emergency.

In my opinion, the premises described in the lease are not presently required for public purposes, and in view of the recapture provision in the deed, I recommend the delivery of a lease to the United States of America in consideration of the sum of one dollar (\$1.00).

Respectfully,
J. R. MCGILLIVRAY,
Institutions Commissioner.

Whereas, The City of Boston is the owner in fee of approximately sixteen (16) acres of land hereinafter more fully described, located on Long Island in Boston Harbor; and

Whereas, The Commissioner of Institutions of the City of Boston has determined that the said parcel of land is not required for public purposes; and

Whereas, The United States of America desires to lease the said premises for government purposes; now, therefore, it is hereby

Ordered, That the Mayor of the City of Boston be, and hereby is, authorized to execute and deliver to the United States of America an indenture of lease in the form annexed hereto.

LEASE BETWEEN THE CITY OF BOSTON AND THE UNITED STATES OF AMERICA.

1. THIS LEASE, made and entered into this day of in the year one thousand nine hundred and fifty-four by and between the CITY OF BOSTON, a municipal corporation of the Commonwealth of Massachusetts, whose address is Boston, Massachusetts, for itself, its successors and assigns, hereinafter called the Lessor, and the UNITED STATES OF AMERICA, hereinafter called the Government:

WITNESSETH: The parties hereto for the considerations hereinafter mentioned covenant and agree as follows:

2. The Lessor hereby leases to the Government the following described premises, viz.:

A certain parcel of land with the improvements thereon situated on Long Island, Boston Harbor, Commonwealth of Massachusetts, containing approximately sixteen (16) acres, and shown as Parcel "D" on District Public Works Office, First Naval District, Boston, Mass., plan entitled, "Plan of a Portion of Long Island, Boston Harbor, Mass.—Land Required by the United States of America," dated January, 1954, and bearing DPW Drawing No. RE-59, attached hereto as Exhibit "A" and made a part hereof, reference to which may be had for a more particular description of said premises;

together with the right to use existing roads, ways and bridges for the purposes of ingress and egress to and from the above-described premises and the mainland;

subject to an easement of the Commonwealth of Massachusetts (Water Supply Commission) for a right of way for the installation of a sludge disposal line over, across, in and upon the leased premises;

to be used for military purposes.

3. TO HAVE AND TO HOLD the said premises with their appurtenances for the term of 20 years, beginning 1954 and ending 1974.

4. The Government shall not assign this lease in any event and shall not sublet the demised premises.

5. The Lessor shall furnish to the Government, during the occupancy of said premises, under the terms of this lease, as part of the rental consideration, the following: Nothing.

6. The Government shall pay the Lessor for the premises the following rent: The sum of one dollar (\$1.00) for the entire term or any portion thereof. Payment shall be made upon the termination or expiration of this lease.

7. The Government shall have the right, during the existence of this lease, to make alterations, attach fixtures, and erect additions, structures, or signs, in or upon the premises hereby leased, which fixtures, additions, or structures so placed in or upon or attached to said premises shall be and remain the property of the Government and may be removed therefrom or otherwise disposed of by the Government prior to the expiration or termination of this lease.

8. Neither the Lessor nor the Government shall be required to maintain the said premises in good repair and tenantable condition during the continuance of this lease; it being agreed, however, that the Government shall

have the right, at its option, to maintain and repair the concrete Observation Tower located on the said premises as well as the adjacent structure known as "Battery Ward."

9. The Government agrees that the Lessor, its agents, employees or representatives shall have the right at any time during the continuance of this lease, to enter upon and inspect the demised premises, subject only to requirements of national security.

10. This lease may be terminated at any time by the Government by giving the Lessor thirty (30) days' notice in writing.

11. No Member of or Delegate to Congress or Resident Commissioner shall be admitted to any share or part of this lease or to any benefit to arise therefrom. Nothing, however, herein contained shall be construed to extend to any incorporated company, if the lease be for the general benefit of such corporation or company.

12. In the event that death or injury occurs to any person or loss, destruction or damage occurs to any property in connection with the use of the demised premises by the Government, occasioned in whole or in part by the Government, its officers, agents or employees, the Government agrees, insofar as it may legally do so, to indemnify and save harmless the Lessor, pursuant to the provisions of an Act of Congress approved 25 June 1948 (42 Stat. 869; 982; T. 28, U. S. Code, Sec. 2671-2680).

13. This negotiated lease is entered into pursuant to the provisions of Section 2 (c) (1) of the Armed Services Procurement Act of 1947 (Public Law 413, 80th Congress), and any required determination and findings have been made.

14. This lease is not affected by Title VI of Public Law 155, 82nd Congress, approved 28 September 1951.

In Witness Whereof, the parties hereto have executed this agreement in quadruplicate, and have hereunto subscribed their names as of the day and year first above written.

CITY OF BOSTON,

By Mayor,

In presence of: UNITED STATES OF AMERICA,

By By direction of the Chief of the Bureau of Yards and Docks, acting under the direction of the Secretary of the Navy.

I, certify that I am the City Clerk of the City of Boston named as Lessor in the foregoing lease; that who signed said lease on behalf of the Lessor was then Mayor of said City; that said lease was duly signed for and in behalf of said City of Boston by authority of its governing body and is within the scope of its corporate powers. (Corporate Seal)

Referred to the Committee on Public Lands.

REMOVAL OF SNOW OR ICE FROM PRIVATELY-OWNED PROPERTY.

The following was received:

City of Boston,
Office of the Mayor, January 25, 1954.
To the City Council.
Gentlemen:

I transmit herewith a communication from the Commissioner of Public Works in which it is recommended that the ordinance relative to the removal of ice or snow from privately-owned property into the public streets, in the area north and east of Massachusetts avenue, be amended to apply to all areas of the city.

Accordingly, I recommend the passage of the accompanying ordinance amending section 42 of chapter 40 of the Revised Ordinances of 1947.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
January 20, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

In various sections of the city, and particularly on main highways, operators of gasoline stations, parking lots, etc., are in the habit of plowing the snow from their private property into the public street area. Such a practice creates a most dangerous and hazardous condition to the general public, and should be stopped, even to the extent of arresting and prosecuting the violators.

Under the provisions of section 42 of chapter 40 of the Revised Ordinances of 1947, this practice is expressly prohibited in the area north and east of Massachusetts avenue. How-

ever, it should be expressly prohibited by ordinance in all areas of the city.

Therefore, I recommend that the following words be deleted from section 42, in order, as stated, that it will apply to all sections of the city:

"in that territory bounded by the Roxbury Canal, South Bay, Fort Point Channel, Boston Harbor; Charles River to Massachusetts avenue by and including Massachusetts avenue to the Roxbury Canal."

I am also recommending that the words, "upon any sidewalk or roadway of any street" be inserted in place of the word, "street," as now included in the ordinance, as I feel that the above-referenced insertion will clarify the meaning of the word, "street." Therefore, I am also amending section 42 to that extent.

I enclose section 42, as amended, and respectfully request that it be submitted to the City Council, for approval.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

City of Boston.

In the Year Nineteen Hundred and Fifty-four.
AN ORDINANCE CONCERNING THE REMOVAL OF SNOW AND ICE.

Be it ordained by the City Council of Boston, as follows:

Chapter 40 of the Revised Ordinances of 1947 is hereby amended by striking out section 42 and inserting in place thereof the following section:

Section 42. No owner or tenant of an estate abutting on a sidewalk shall place or suffer to remain for more than three hours between sunrise and sunset, any snow upon such sidewalk, or any ice upon such sidewalk unless such ice is made even and covered with sand, sawdust, or ashes, to prevent slipping; nor shall any person remove any ice or snow from privately-owned property and place it upon any sidewalk or roadway of any street.

Referred to the Committee on Ordinances.

TEMPORARY APPOINTMENTS IN CLERK OF COMMITTEES DEPARTMENT.

Coun. WHITE offered the following:
Ordered, That effective January 25, 1954, the following persons be, and they hereby are, appointed in the service of the Clerk of Committees Department to the positions set against their respective names until the first Wednesday of March, 1954, at the salaries in effect for them on December 31, 1953:

Peter J. Cloherty, temporary clerk.
Nicholas DiMella, temporary stenographer-clerk.

Agnes G. Dinsmore, temporary clerk-receptionist.

Mary E. Flynn, temporary stenographer-clerk.

Elizabeth A. Lynch, temporary stenographer-clerk.

Passed under suspension of the rules.

DEATH OF JOHN F. COTTER.

Coun. WHITE and PIEMONTE offered the following:

Whereas, Almighty God, in His infinite wisdom, has taken from this life our Fire Commissioner, John F. Cotter; therefore be it Resolved, That the City Council of Boston, in meeting assembled, expresses its sincere sorrow that one so young and energetic should be taken so suddenly from our midst, and that the services he so cheerfully and willingly rendered as Acting Congressman and Fire Commissioner of the City of Boston have come to such an abrupt end; and be it further

Resolved, That the City Council of Boston offers its deep sympathy to the members of the family of John F. Cotter whose friendship for his fellowman, whose intense interest in his duties and whose generous and responsive heart and nature will always be held in fond remembrance.

The resolution was adopted by a unanimous rising vote.

OFFICE FOR INFORMATION AND COMPLAINTS.

Coun. PIEMONTE offered the following:
Whereas, The establishment of an Office for Information and Complaints (so called "Gripe Centers") have resulted in greater efficiency in such cities as have instituted them, to wit: Cleveland, Philadelphia, Pittsburgh, Houston, and Norfolk; now, therefore, be it

Resolved, That the Director of Administrative Services of the City of Boston establish an office for information and complaints for the City of Boston.

The resolution was adopted under suspension of the rules.

TEMPORARY APPOINTMENT OF WILLIAM J. DOOLEY.

Coun. FOLEY offered the following:
Ordered, That effective January 25, 1954, William J. Dooley be, and he hereby is, appointed in the service of the Clerk of Committees Department to the position of temporary stenographer-clerk until the first Wednesday of March, 1954, at a salary of sixty-five dollars a week.

Passed under suspension of the rules.

OPPOSING TAX ON GOODS IN PUBLIC WAREHOUSES.

Coun. HAILER and McCORMACK offered the following:

Whereas, The City of Boston has the foremost port facilities in the world;

Whereas, The local personal property tax imposed by the Commonwealth of Massachusetts on goods stored in public warehouses by individuals and individual corporations and firms has caused foreign corporations and individuals to stop storing in Boston and Massachusetts thus hurting the Port of Boston; be it

Resolved, That the City Council herein assembled does go on record as favoring H.882 presented before the Massachusetts Legislature.

The resolution was adopted under suspension of the rules.

REORGANIZING CERTAIN BOARDS AND DEPARTMENTS OF THE CITY.

Coun. McCORMACK offered the following:
Motion,—That the Chairman of the Executive Committee have a meeting Wednesday to take up the phase of job security under consideration with regard to reorganization, and that the Council have a special meeting on Friday to take up solely the problem of reorganization.

On motion of Councillor Foley the motion of Councillor McCormack was referred to the Executive Committee.

PROGRAM BUDGET FOR 1956.

Coun. FOLEY offered the following:

Be it ordained:

That chapter 3A, section 3, of the Revised Ordinances of 1953 is hereby amended by the addition of the following words:

"The Director of Administration Services shall direct and supervise a transition in the years 1954 and 1955 in the form of arranging the Annual Municipal Budget from the present item budget to a program budget so that the annual municipal budget in the year 1956 shall be in the form of a Program Budget"

Referred to the Committee on Ordinances.

Adjourned at 3.11 P.M., on motion of Councillor Ahern, to meet on Monday, February 1, 1954, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

CONGRESS VOTES COMPREHENSIVE HOUSING PROGRAM.

Under the new federal housing law signed by the President on July 15 federal funds for slum clearance and public housing are now available to cities that demonstrate a need for low-rent housing. Cities generally must supply proof of blight, a master redevelopment plan for the blighted area, and temporary housing for displaced slum dwellers. The new law provides advance money to help cities map plans. Many cities, especially those that have housing authorities, already have the necessary information and are among the first to qualify for federal aid. Among the cities that are making studies to determine their housing needs are Chicago, Louisville, Miami, Milwaukee, Philadelphia, and Boston. Legislatures of 42 states have authorized local governments to establish low-rent housing authorities, and at least 25 states have laws authorizing local participation in federally supported slum clearance projects. Iowa, Kansas, Oklahoma, South Dakota, Utah, and Wyoming do not as yet have housing-enabling laws that will qualify their cities for federal funds for public low-rent housing.

PUBLIC WORKS DEPARTMENT.

Proposals for Furnishing Labor and Material Necessary to Repair or Rebuild and Test Hersey Water Meters for the Public Works Department (Water Division).

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing labor and material necessary to repair or rebuild and test Hersey water meters for the Public Works Department (Water Division). A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Furnishing Labor and Material Necessary to Repair or Rebuild and Test Hersey Water Meters for the Public Works Department (Water Division)," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of THURSDAY, FEBRUARY 18, 1954, with a certified check for FIVE HUNDRED (500) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

REPORT OF JAMES S. REARDON, SCHOOLHOUSE CUSTODIAN, TO SCHOOL COMMITTEE ON ATTENDANCE AT 1953 CONVENTION OF ASSOCIATION OF SCHOOL BUSINESS OFFICIALS IN CLEVELAND, OHIO, OCTOBER 11 TO 15, INCLUSIVE.

The following is the report of attendance of the Schoolhouse Custodian at the Convention of Association of School Business Officials, held in Cleveland, Ohio, October 11-15, 1953:

I arrived at the Hotel Hollenden, convention headquarters, on Sunday, October 11, 1953, registered for the convention and for particular meetings on subjects in which I was particularly interested.

The general assembly meeting took place on Monday morning, October 12, Sam S. Dickey, president of the association, presiding. The invocation was by Dr. Robert B. Whyte, of Cleveland; the presentation of colors by the United States Marines under the direction of Major J. P. Young, Jr. The addresses of welcome were given by the Honorable Thomas Burke, Mayor of Cleveland, Dr.

CHARLESTOWN CHOSEN AS FIRST DISTRICT PROPOSED FOR REZONING BY PLANNING BOARD—LEADING CITIZENS INTERESTED IN DISTRICT WILL COOPERATE WITH BOARD IN WORK.

Charlestown will be the first district to be studied by the City Planning Board in the proposed rezoning of the entire city, said Mayor John B. Hynes, in commenting on the progress of his City-wide Neighborhood Rehabilitation and Conservation Program. The Rehabilitation Program was started last spring and is expected, by the Mayor, to be in full swing by April.

This will be the first time since 1924 that such a comprehensive city-wide rezoning of the city will have taken place. The present zoning laws are considered obsolete. Since the original zoning, there have been many encroachments on residential areas by both industry and arterial highways and other traffic arteries, some of them of marked benefit to the city and others most detrimental.

The Charlestown Neighborhood Rehabilitation and Conservation Program Committee, headed by Gilbert H. Hood,

VETERANS' BENEFITS DECREASED BY \$17,781.18 DURING MONTH OF NOVEMBER, 1953, AS AGAINST SAME MONTH OF PRECEDING YEAR—1,332 CASES WERE AIDED, REPRESENTING TOTAL OF 2,349 INDIVIDUALS—101 CASES WERE DROPPED DUE TO GAINING EMPLOYMENT, UNEMPLOYMENT COMPENSATION, OR OTHER REASONS—DEPARTMENT COLLECTED \$1,224 IN REFUNDS FROM FORMER AID RECIPIENTS.

There were 1,332 cases aided during the month of November, 1953, representing a total of 2,349 individuals, with expenditures decreased by \$17,781.18 from the year previous. This was shown in the report of the then Commissioner Francis X. Cotter, in his letter to Mayor John B. Hynes. There were 101 cases closed during the same period due to those obtaining employment or having won unemployment compensation or social security.

The communication to the Mayor, in detail, reads as follows:

BOSTON, January 25, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

CHARLESTOWN FIRST DISTRICT CHOSEN FOR REZONING.

(Continued from page 165.)

Jr., at the request of the Mayor, has designated a committee of prominent members to cooperate with the Planning Board experts in the making of the study in the Charlestown area. Among them are George P. Mason, president of the Charlestown Savings Bank, Father Allen C. Campbell, the Reverend Wolcott Cutler, John Burke, and Ronald Winde.

One of the features of the study will be the weighing and sampling of the opinion of hundreds of home owners, clergymen, businessmen, and others interested in the future of Charlestown concerning the problems of that area both from residential and business viewpoints. This will be done through a series of public meetings to be held under the sponsorship of the Charlestown rehabilitation committee at various sections of the district.

The Charlestown committee, according to a report of Chairman Hood, has also appointed a subcommittee of prominent leaders to seek additional recreational facilities for highly crowded and congested Charlestown, which, because of the newly erected traffic arteries and density of population, is sorely in need of such facilities. Heading the Recreational Committee is Father Gerard Shea, of St. Catherine's Church. Other members are the Reverend Wolcott Cutler, Louis Zeramby, director of the Boys' Clubs of Boston, and John Coyne.

In recognition of the need of additional recreational facilities at Charlestown and elsewhere in congested areas, Mayor Hynes instructed Owen A. Gallagher, chairman of the Boston Housing Authority, to make his best efforts to induce the National Headquarters of the Federal Housing Authority to provide the necessary funds to permit the Boston Housing Authority to improve the recreational facilities at the Charlestown Housing and all other Federal Projects, where needed, as soon as practicable.

REPORT OF JAMES S. REARDON, SCHOOLHOUSE CUSTODIAN.

(Continued from page 165.)

Mark C. Shinnerer, superintendent of Cleveland public schools, and Mr. Charles A. Mooney, president of the Cleveland Board of Education.

Items of particular interest to me were meetings on "Courses of Instruction for Building Service Personnel," "Public Relations," and the talk by President Dickey. He said that, through no fault of their own, school superintendents have become "public relations" experts, leaving the business of running the schools to business officials. "The position of the business manager in the public schools of this land was never of greater importance than it is today," he said. "The present trend of the office of the superintendent of schools toward that of a public relations expert rather than an educator is becoming alarming."

DEMANDS ON SUPERINTENDENTS.

He asked citizens to examine their school systems and note how many demands were being made on the superin-

tendents, many of whom were working to the detriment of their health because "the demands of the times make it necessary for them to devote major portions of their efforts in cementing public relations, be it P.T.A., Chamber of Commerce, or the many other organizations trying to make the democratic process function."

"Public Relations and the School Business Official" again brought out the fact that too many school employees assume that the job of public relations is the responsibility of the superintendent, the Board of Education, or some one designated by them to perform such a service. In truth, whether he likes it or not, the speaker said, every school employee is a public relations agent, and the school business official has unique opportunities and responsibilities in this area because he is concerned with the care and operation of plants, the methods and procedures used in purchasing, the making of reports, and the like.

The use of school buildings after school hours by outside groups gives the business official many opportunities to improve public relations. Outside groups do not always understand the problems caused by their use of the schools. The business official can make plain to such groups their responsibilities and the school's responsibility for supervision, closing time, and custodian service so that possible disagreements will be minimized.

It was stated that teachers are the schools' most effective public relations agents. To most parents, the teacher is the school. Teachers and business officials, working harmoniously together, will pay dividends in better public relations, as the teachers can and will carry their understanding to the public. Another group of public relations agents, so often neglected, is the nonteaching personnel: doctors, nurses, attendance officers, secretaries, custodians, and others. These people have opportunities to inform the public not otherwise reached by teachers. They will interpret the schools whether they have the correct information or not. Therefore, they should have an adequate understanding of the schools so that they can aid in developing a real public understanding of the schools.

SCHOOLHOUSE PLANNING.

One section meeting on "Schoolhouse Planning, Construction, Maintenance, and Operation" was attended, as well as a discussion on "The Advantages of a Work Manual for Plant Operation." These meetings were fruitful, particularly the one on a work manual, since we, in the office of the Schoolhouse Custodian, at the present time are engaged in preparing such a manual to present to the School Committee for approval.

The section on "Short Course of Instruction for Building Service Personnel" was of special interest because there was presented at the sectional meeting the report of a committee appointed to survey the advantages of such a course to personnel in a school system.

Briefly, the committee recommended a three-day training course held in a central location; a program covering the fundamental work performed by custodians, with instruction in the care and operation of equipment and proper use of material; and a program to develop a better attitude towards job training.

a higher respect for the school custodian's job, and respect for the vocation. It was stated that in connection with such a course a number of commercial organizations are always available to give film or slide showings, make demonstrations, or give lectures. It was also suggested that personnel with special abilities or training could always be invited to take part in the program.

Visitations to schools, offices, and industry were made possible, and I took advantage of the opportunity to inspect Nela Park, the General Electric Company Laboratory and campus. There a remarkable tour was presented by the company. It was several hours in length and covered talks and demonstrations of every known type and variety of lighting.

The convention was attended by about 1,300 members, including 52 school board members. Exhibits were varied and complete, and I feel that the entire convention was most worthwhile and instructive.

Respectfully submitted,

JAMES S. REARDON,
Schoolhouse Custodian.

LONG ISLAND HOSPITAL CLINIC FOR ALCOHOLICS WINS NATIONAL RECOGNITION.

The Long Island Hospital Rehabilitation Clinic for Alcoholics received national recognition Saturday afternoon, February 6, when a group from the American Medical Association visited the hospital.

The clinic, started during the administration of Mayor Hynes, has progressed to such an extent that it is today considered the finest in-patient alcoholic clinic in the country.

Recently, requests for information have come from as far away as the Health Department, San Juan, Puerto Rico.

The doctors who made the inspection included:

Doctor Richard Plunkett, Chicago; Doctor Andrew S. Tomb, Texas; Doctor Marvin Block, Buffalo; Doctor Selton Bacon, Yale University; Doctor Hugh Carmichael, Chicago; Doctors Robert Fleming and David Myerson, Directors of the Long Island Hospital Clinic.

SCHOOL COMMITTEE.

The School Committee has approved a proposal for furnishing soap solid for general cleaning purposes. Bid, opened Wednesday, January 26, was as follows: Continental Soap Company, \$2,125.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with C. Russo, Inc., dated December 11, 1953, for sewerage works in William T. Morrissey Boulevard (formerly Old Colony Parkway), from 1,100 feet south of Mt. Vernon street to 280 feet northerly, Dorchester, from January 11, 1954, to April 1, 1954.

This extension was requested in order to provide time to re-lay artificial stone sidewalk and loam and seed when weather permits.

CONTRACTS AWARDED. WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, etc., for furnishing labor and supplies. Communications from heads of the departments interested were as follows:

ADMINISTRATIVE SERVICES DEPARTMENT. (Purchasing Division.)

BOSTON, February 1, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This division is in receipt of requisitions from the Fire Department for Wheat Light Parts.

Koehler Manufacturing Company, the manufacturer of these parts, has submitted prices on an informal quotation. Inasmuch as this company is the manufacturer, it is my opinion that no advantage will be gained by publicly advertising for bids.

Authority is therefore requested to dispense with public advertisement and award a contract, without public advertisement, to Koehler Manufacturing Company. Contract period will be from April 1 to December 31, 1954, and approximate total amount will be \$6,355, net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, February 4, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your Honor's approval of my selection of the architectural firm of Holmes & Edwards, Inc., 126 State street, Boston, as architects for the construction of an addition to the James J. Chittick School Building, Hyde Park, which involves alterations to the existing building, at a total estimated cost of construction of \$373,700.

As there is a universally accepted standard rate for professional architectural services established by the American Institute of Architects, I ask your approval of my procedure of dispensing with public advertising in the *City Record* as it is considered that nothing would be gained by public advertising.

All details of architectural fees, payments, etc., will be included in the formal contract.

The appropriation for this work was approved by the School Committee of the City of Boston as of January 11, 1954, and the work authorized.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

BOSTON, February 4, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your Honor's approval of my selection of the architectural firm of Campbell & Aldrich, 38 Newbury street, Boston, Mass., as architects for the construction of an addition to the Curtis Guild School Building, in the Blackinton-John Cheverus District, East Boston, which involves alterations

LIBRARY DEPARTMENT.

BOSTON, January 12, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Your approval is respectfully requested of the award of a contract to the Library Service Division of Bro-Dart Industries, 59 East Alpine street, Newark, New Jersey, for furnishing certain Plasti-Kleer book jacket covers, in accordance with the following action of the Trustees:

"Voted, That there be awarded, without public advertising, to the Library Service Division of Bro-Dart Industries, 59 East Alpine street, Newark, New Jersey, a contract for the purchase of certain Plasti-Kleer book jacket covers, in an amount not to exceed three thousand eight hundred and fifty dollars (\$3,850)."

The permission of your Honor is therefore requested to award this contract, without public advertising, to the Library Service Division of Bro-Dart Industries in the amount indicated above. Inasmuch as these Plasti-Kleer book jacket covers are patented items and can be obtained only from the Library Service Division of Bro-Dart Industries, no useful purpose would be served in advertising for bids.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by MILTON E. LORD,
Director, and Librarian.

PUBLIC WORKS DEPARTMENT.

BOSTON, February 1, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Publicly advertised proposals for the disposal of certain garbage and refuse were opened in this office on February 10, 1953. Proposals were submitted for one-year, two-year, and three-year periods. The M. DeMatteo Construction Company was the low bidder under Group A for all three periods. At the time I recommended and your Honor approved the award of a contract to said company for a one-year period, from

April 1, 1953 to March 31, 1954, with the option, on the part of the city, to renew the contract for a one- or two-year period on the basis of the bid submitted for such periods.

The prices bid by the DeMatteo Company for a two- and three-year contract were lower than those bid per month for a one-year contract and it was advantageous for the city to enter into an Option Contract whereby, if the City of Boston so elected, the one-year contract could be renewed for the period April 1, 1954, to March 31, 1955, upon the same terms and conditions, except that the monthly payments during the second year would be reduced so that the total payments over the two years would be equal to the amount bid for a two-year contract, and provision is made for the city to absorb seventy per cent (70%) of any increase in labor costs in the second year as was provided in the proposal for two- and three-year contracts.

I can see no advantage to be gained by publicly advertising for bids for this work. The DeMatteo Company has rendered satisfactory service for the past year. Reviewing the canvass of bids submitted one year ago and considering the general increase in costs over the past year, it is my unqualified opinion that the city should take advantage of the lower prices provided by the second year renewal contract and take up its option.

Therefore, I respectfully request your authorization to dispense with advertising and award a contract for the disposal of certain garbage and refuse to the M. DeMatteo Construction Company of 200 Hancock street, Quincy, for a period commencing April 1, 1954, and ending March 31, 1955, upon the same terms and conditions as contained in the current contract except that the full compensation payable by the City of Boston under Group A, Item 1, shall be thirty-six thousand nine hundred and eighty dollars (\$36,980) per month instead of thirty-nine thousand two hundred dollars (\$39,200) per month, provided, however, that whenever during the period covered by the renewal contract, the wage scale of mechanics and laborers employed by the contractor is, through no act of the contractor other than to comply with necessary and sustained demands of organized labor, above their average wage scale for the period from April 1, 1953, to March 31, 1954, the monthly amounts of \$36,980 to be subsequently paid the contractor by the city under such renewal contract shall be increased, but only to the point of absorbing seventy per cent (70%) of the increase in labor costs as determined from the weekly payrolls submitted by the contractor and whenever during the period covered by the renewal contract, such wage scale is below said average, the monthly amounts to be so subsequently paid shall be reduced by seventy per cent (70%) of the decrease in labor costs. The foregoing proviso shall apply to wages of mechanics and laborers only, and shall not include wages of executive or supervisory personnel.

Respectfully submitted,

GEORGE G. HYLAND,
Commissioner of Public Works.

CHANGES IN CONTRACT.

INSTITUTIONS DEPARTMENT.

D. A. Rossano Construction Company, Inc., has been ordered to make the following changes in the contract for alterations to refrigerators, Long Island Hospital, dated December 22, 1953, and approved by the Mayor December 31, 1953:

Additions.

Furnish the necessary labor and materials to perform the following extra work:

1. Remove the steel beams formerly used to support the brine coils which interfere with the operation of the new door.

2. Removal of the cork wall disclosed a 4-inch waste pipe which will now have to be boxed in and insulated with 6 inches of cork.

3. Relocate two steam pipes now passing through this chest, which will require cutting four holes through 18-inch concrete wall.

All the above work to be performed for the price of \$294.

Deduction.

It was found that only 6 inches of cork will be required on the floor instead of the 8 inches specified, the remaining cork being in good condition, for which a deduction of \$24 will be made.

Summary.

Original contract price, \$5,489; Amendment No. 1, addition, \$294; deduction, \$24; net addition, \$270; total amount of contract to date, \$5,759.

FIRE DEPARTMENT ORDERS.

General Order No. 8.

1. APPARATUS OPERATOR JAMES J. DEVANEY.

It is with deep regret that the Fire Commissioner announces the death, on January 29, 1954, of Apparatus Operator James J. Devaney, of Engine Company 11. Apparatus Operator Devaney was appointed to the department February 1, 1918.

The funeral was held from the Warren Sullivan Funeral Home, 35 Henshaw street, Brighton, at 8 A.M., Monday, February 1, 1954, followed by a Solemn High Mass of Requiem in St. Anthony's Church, Holton street, Allston, at 9 A.M.

The chief of department assigned a detail to act as funeral escort and members of Engine Company 41 were excused from duty in order to attend the services.

II. NEW FIRE ALARM BOX.

In the near future, the following fire alarm box will be installed and connected into circuit No. 41:

12-3432, St. Mark's Grammar School, 197 Centre street.

Company commanders will add Box 12-3432 to assignment card for Box 3432.

III. TERMINATION OF EMPLOYMENT.

The employment of the following-named terminated as of January 31, 1954:

Clerk and Typist Eleanor H. Ansbro, Fire Prevention Division.

Clerk and Typist Eleanor H. Ansbro reached the employable age limit of 70 years on January 15, 1954. She leaves the department with the best wishes of her associates.

IV. HEART FUND.

The 1954 Heart Fund Campaign is now under way, and his Honor, Mayor John B. Hynes, has asked that all city employees cooperate in giving as much as their means will allow to this worthy cause.

Heart Fund envelopes are being issued to the department today, one envelope for each member. Those members who desire to contribute to this cause should place their donation in the envelope provided, print name and address and amount contributed in the spaces designated on the envelope and seal the envelope.

The envelopes containing contributions should be forwarded to the Department Collector, Mrs. Julia R. Khoury, Headquarters Division, on or before Friday, February 26, 1954. Envelopes will be received from 9:30 A.M. to 11:30 A.M. on each weekday, except Saturday.

V. G.A.C. ASSIGNMENT.

Company commanders shall add the following signal numbers to running cards of the General Alarm Corporation in this department:

Signal 455, Buck Printing Company, 146 Ipswich street, enter 7 Lansdowne street. (Two wet systems.)

Signal 456, Buck Printing Company, 146 Ipswich street, enter 11 Lansdowne street. (One wet sprinkler system.)

Apparatus to respond to both foregoing signals: Engine 33, Ladder 15, District Chief 8. Nearest box is 234.

VI. HIGH COMMENDATION.

At 6:55 P.M., January 23, 1954, the department responded to Box 5121 (two alarms) for a fire in the apartment house at 1139 and 1141 Commonwealth avenue, Allston.

When members of the department arrived at the scene, it was found that two elderly women were trapped on the fifth floor and apparently were about to jump from a window. Lieut. Andrew J. Canning, of Engine Company 34, and

Ladderman John C. Murphy, of Ladder Company 14, raised a 50-foot ladder, with assistance, to the window. The butt of the ladder was resting on an icy sidewalk, and it rose almost perpendicularly to the fifth floor window barely reaching said window. It was not possible to dog the ladder. Fire and smoke were coming through the fourth floor window directly underneath the apartment where the women were trapped. Lieutenant Canning and Ladderman Murphy ascended the ladder and assisted the women to the street. Shortly after the rescue, fire extended through the ceiling and windows into the fifth floor apartment consuming the entire contents.

Lieutenant Canning and Ladderman Murphy performed the rescue work under very difficult conditions and exposed themselves to great personal risk in rescuing the women who, otherwise, might have died in the fire.

The Fire Commissioner is pleased to highly commend Lieutenant Canning and Ladderman Murphy, and their cases are referred to the Board of Merit for further consideration.

VII. COMMENDATIONS.

Lieut. William R. Lovett, of Engine Company 13, is hereby commended for responding to and working at fire, Box 2214, on January 22, 1954, while off duty.

The following-named members are hereby commended for responding to and working at fire, Box 5121, two alarms, January 23, 1954, while off duty.

Hoseman Stephen S. Sangas, Engine 29; Ladderman Warren J. Caples, Ladder 11; Hoseman John J. Tretter, Engine 41.

The following-named members are hereby commended for responding to and working at fire, Box 731, three alarms, January 31, 1954, while off duty.

Hoseman William E. Connolly, Engine 15; Ladderman Gerard F. Finnegan, Ladder 5; Ladderman John S. Allen, Ladder 5.

By order of Fire Commissioner
FRANCIS X. COTTER.

JOHN V. STAPLETON,
Chief of Department.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of April 18, 1952, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Colorado street, Dorchester, be, and the same hereby is, amended, by adding to said order the amount \$110 as an award to Barnet and Rose Goodman; that the amount \$110 be, and the same hereby is, awarded to Barnet and Rose Goodman for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of January 21, 1953, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Alberta street, West Roxbury, be, and the same hereby is, amended, by adding to said order the amount \$35 as an award to Alice B. Fleming; that the amount \$35 be, and the same hereby is, awarded to Alice B. Fleming for the damages so sustained.

PROCEEDINGS OF CITY COUNCIL.

Monday, February 1, 1954.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President WHITE in the chair and all the members present.

The Reverend Francis L. Archdeacon, S.J., of St. Mary's Catholic Church, Boston, was escorted to the rostrum.

INVOCATION BY REVEREND FRANCIS L. ARCHDEACON, S.J.

In the Name of the Father, and of the Son, and of the Holy Ghost. Amen.

May Almighty God, the Father of all our people, the source of all wisdom and all goodness, so guide and direct our minds and wills, during these days of doubt and confusion, that we, members of the Council of the City of Boston, may faithfully perform the functions of the office entrusted to us, both for the material prosperity and spiritual good of those who have chosen us to safeguard their rights and advance their interests. For He alone is the foundation stone of true happiness, secure peace and confident hope. Amen.

At the suggestion of President White, the members joined Father Archdeacon in the recitation of the prayer "Our Father," in memory of John H. Griffin, late editor-in-chief of the Boston "Post."

The meeting was opened with the salute to the Flag.

POSTING OF VOTERS' LISTS IN PUBLIC LIBRARIES.

The following was received:

City of Boston,

Office of the Mayor, February 1, 1954.
To the City Council.

Gentlemen:

I transmit herewith communication from the Chairman of the Board of Election Commissioners relative to your order of January 18, 1954, requesting that the Board consult with the trustees of the Boston Public Library for the purpose of making available to the public at the branch libraries the registered voters' lists, thereby making said list more readily available to the public at more convenient times and places.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Board of Election Commissioners,
January 27, 1954.

Mr. Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Sir:

We are in receipt of your communication of January 22, 1954, together with Council order passed under date of January 18, 1954, directing this Board to consult with the trustees of the Boston Public Library for the purpose of making available to the public at the various branch libraries the voting list of the City of Boston.

Pleased be advised that we have consulted with Mr. Patrick F. McDonald, President of the Library Trustees, and he has informed us that the trustees will be very willing to cooperate with us in this matter. He has instructed Mr. Francis X. Moloney to furnish us with a list of the branch libraries and just as soon as we receive the same we will have a copy of the voting list furnished to each location.

Very truly yours,

PERLIE DYAR CLARK,
Chairman.

Placed on file.

SALE OF LAND ON COLUMBIA ROAD, SOUTH BOSTON.

The following was received:

City of Boston,

Office of the Mayor, February 1, 1954.
To the City Council.

Gentlemen:

I transmit herewith communication received from Frank R. Kelley, chairman of the Board of Park Commissioners, recommending the sale of two (2) adjacent parcels of land on Columbia road, South Boston, between I and K streets, to Michael J. Healey, 1630 Columbia road, the owner of the abutting parcel of land, for the minimum price of \$500.

Since the Board of Park Commissioners has determined the land is no longer required for public purposes, I transmit for your consideration an order whereby these parcels may be sold at private sale to Michael J. Healey.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Park Department, February 1, 1954.
To the Honorable John B. Hynes and City Council.

Gentlemen:

At a meeting of the Board of Park Commissioners held at the Park Department office on January 13, 1954, it was voted to recommend the sale of two adjacent parcels of park land located off the Strandway, near the junction of K street, South Boston, containing approximately 2,534 square feet of land, to Mr. Michael J. Healey, 1630 Columbia road, South Boston, for the sum of \$500.

This land is no longer required for park or playground purposes. It is understood that when this land is sold it will be used for residential purposes only.

Respectfully,

FRANK R. KELLEY, Chairman.

Whereas, The City of Boston is the owner in fee of two parcels of land situated on the northerly side of Columbia road, between I street and K street in the South Boston district; and

Whereas, The Board of Park Commissioners has determined that the land is no longer required for public purposes; now, therefore, it is hereby

Ordered, That the Mayor of the City of Boston be, and he hereby is, authorized, in the name and behalf of the City of Boston, to sell the following-described parcels of land at private sale to Michael J. Healey, 1630 Columbia road, South Boston, for the minimum price of five hundred (500) dollars, and that the Mayor of Boston be, and he hereby is, authorized to execute and deliver, in the name and behalf of the City of Boston, to Michael J. Healey an instrument in writing, satisfactory in form to the Corporation Counsel of the City of Boston, conveying all of the City of Boston's right, title, and interest in and to the following-described parcels of land:

PARCEL I.

Beginning at a point on the southerly side of a passageway twenty (20) feet wide, which point is about three hundred (300) feet west of the westerly line of K street and about one hundred forty-five (145) feet south at the southerly line of Marine road, and thence running easterly by said passageway, thirty-three (33) feet; thence turning and running southerly twenty-seven and 39/100 (27.39) feet to the northerly line of Columbia road; thence turning and running northwesterly by the line of Columbia road, thirty-three and 25/100 (33.25) feet; thence turning and running northwesterly fifteen and 4/100 (15.04) feet to the point of beginning; containing seven hundred (700) square feet of land, more or less, being shown as Lot 391 on a plan hereinafter mentioned.

PARCEL II.

Beginning at a point on the southerly side of a passageway twenty (20) feet wide, which point is about two hundred seventeen (217) feet west of the westerly line of K street, and running westerly along line of said passageway fifty (50) feet; thence turning and running southerly twenty-seven and 39/100 (27.39) feet to the northerly line of Columbia road; thence turning and running southeasterly along said northerly line of Columbia road, fifty-three and 23/100 (53.23) feet; thence turning and running northerly forty-five and 95/100 (45.95) feet to the point of beginning; containing eighteen hundred thirty-four (1,834) square feet, more or less, being Lot 392 on a plan hereinafter mentioned;

said instrument to contain a provision that the premises shall be used for residential purposes only and that the same shall not be used for commercial purposes.

The above-described parcels of land are shown on plan marked "City of Boston, Park Department, Plan of Land No Longer Desired for Park Purposes on Columbia Road, near I Street, K Street, and Marine Road, South Boston. Scale: 1 Inch = 50 Feet, Dated January 9, 1925, John J. Murphy, Engineer"; and it is hereby further

Ordered, That the order of the Boston City Council passed February 16, 1925, and passed for a second time March 2, 1925, authorizing the sale of the said Lots 391 and 392 hereinafter referred to be, and the same hereby is, rescinded. Referred to the Committee on Public Lands.

BUDGET FOR 1954.

(See issue of *City Record*, February 6, 1954, for balance of 1954 Budget detail.)

APPROPRIATIONS AND TAX ORDERS FOR THE FINANCIAL YEAR 1954.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1954, for performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston, or County of Suffolk, or the departments or officers thereof, the respective sums of money specified in the tables and schedules hereinafter set out be, and the same are, hereby appropriated for the several departments and for the objects and purposes hereinafter stated.

Ordered, That the appropriation for Water Service, current expenses, and the payment to the state, under the provisions of chapter 488 of the Acts of 1893, and acts in addition or amendment thereto, and for the interest and debt requirements or for loans issued for water purposes, be met by the income of said works and any excess over income from taxes; that the appropriation for the Summer Traffic Tunnel be met by the income from tolls and any excess over income from taxes, in accordance with the provisions of section 11, chapter 297, of the Acts of 1929, as amended by chapter 74 of the Acts of 1935; that appropriations for the maintenance and operation of parking meters and the regulation of parking and other traffic activities incident thereto, be met by the income from parking meter fees; that the other appropriations hereinafter specified be met out of the money remaining in the treasury at the close of business on December 31, 1953, exclusive of the money raised by loan or needed to carry out the requirements of any statute, gift, trust or special appropriation; by the income of the financial year beginning January 1, 1954; by taxes on the polls and estates in the City of Boston; and by the proceeds of any duly authorized loans.

Ordered, That all sums of money which form no part of the income of the city, but shall be paid for services rendered or work done by any department or division for any other department or division, or for any person or corporation other than the City of Boston, be paid into the general treasury, and that all contributions made to any appropriation be expended for the objects and purposes directed by the several contributors thereof.

Ordered, That all taxes raised to meet the appropriations of the city, and all taxes assessed for meeting the city's proportion of the state tax for the year 1954, or for any other taxes or assessments payable to the Commonwealth, shall be due and payable on July 1, 1954. Interest shall be charged at the rate of 4 per cent per annum and computed from October 1, 1954, on all real estate and personal property taxes remaining unpaid after November 1, 1954, and assessed and payable in the year 1954, before said November 1, 1954, until such taxes are paid. All interest which shall have become due on taxes shall be added to and be part of such taxes.

Ordered, That except as the appropriation for any purpose or item shall be increased by additional appropriations or transfers lawfully made, no money shall be expended by any department for any of the purposes or items designated in the tables and schedules hereinafter set out in excess of the amount set down as appropriated for such specific purpose or item.

Referred to the Committee on Appropriations and Finance.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments:

Weights of Coal for the term ending April 30, 1954: Joseph F. Kinsella, 990 East Second street, South Boston; William A. Baird, 90 Amory street, Cambridge.

Referred to the Committee on Confirmations.

To the City Council.
Gentlemen:

I transmit herewith communication from the chairman of the Board of Trustees of the Metropolitan Transit Authority relative to your order of January 18, 1954, requesting that the trustees make improvements on the City Point bus line.

Respectfully,

J. B. HYNES, Mayor.

Metropolitan Transit Authority.

Boston, January 28, 1954.

Mr. Walter J. Malloy,
City Clerk.

Dear Mr. Malloy:

Referring to the order of the City Council dated January 18 regarding service in South Boston, this service is being checked constantly, and as a result of our checks, large capacity buses of the latest type were put on the City Point-Tremont street and the City Point-South Station lines on January 18.

From the comments of passengers and our own checks, we feel that these buses are giving satisfactory service.

Very truly yours,

F. W. ROUKE,

Chairman, Board of Trustees.

Placed on file.

Kelley, a member of the Fire Department who died on December 17, 1952, on account of injuries received in the performance of his duty; said annuity to continue so long as she remains unmarried; the annuity to become effective upon the date of the approval of this order by the Mayor, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

The reports were accepted and the orders were severally passed.

PAYMENT IN LIEU OF TAXES BY COMMONWEALTH.

Coun. AHEARN offered the following:

Whereas, The financial condition of the City of Boston with respect to Boston's ability to raise money by taxes to defray the expenses of administration has reached a severely critical point; and

Whereas, The taxpayers of Boston, and especially the real estate taxpayers, have borne about all the financial burdens they can justly be required to carry; and

Whereas, Many experts familiar with Boston's precarious financial conditions agree that new sources of revenue and income must be found; and

Whereas, It was today reported that Boston's tax-free property has reached an alarming record figure of \$708,637,000 and represents 33 per cent of the assessed value of all real estate in the city; and

Whereas, The amount of state-owned tax-free property in the City of Boston has risen 146.5 per cent from 1930 through 1953; and

Whereas, It is anticipated that the state will take by eminent domain millions of dollars more of tax-free property for the new projects including a state office building; therefore be it

Resolved, That the Boston City Council, in meeting assembled, favors in principle House Bill 426, the petition of Francis X. Ahearn, entitled: An Act Providing for Payments in Lieu of Taxes on Property Acquired by the Commonwealth on or after July 1 of the Current Year.

The resolution was adopted under suspension of the rules.

FEDERAL ASSISTANCE FOR CONSTRUCTION OF RAPID TRANSIT FACILITIES.

Coun. HURLEY offered the following:

Ordered, That his Honor the Mayor be requested to confer with Commissioner of Public Works George G. Hyland, to ascertain whether or not federal assistance can be obtained for the carrying out of the provisions of chapter 747 of the Acts of 1949: "An Act Providing for the Construction of an Addition to the Washington Street Tunnel and Rapid Transit Facilities Between Dudley Street and Forest Hills and for the Removal of a Portion of the Elevated Structure," and its further amendments.

Passed under suspension of the rules.

REPORT OF COMMITTEE ON CONFIRMATIONS.

Coun. McCORMACK, for the Committee on Confirmations, submitted the following:

Report on appointment by the Mayor (referred January 25) of Joseph Linwood as Weigher of Coal for term ending April 30, 1954—recommending that appointment be confirmed.

The report was accepted, and the question came on confirmation. Committee, Councillors Foley and Piemonte. Whole number of ballots, 9, yeas 9, and the appointment was confirmed.

APPEARANCE OF CHRISTINE JORGENSEN.

Coun. HURLEY offered the following:

Ordered, That the Licensing Board of the City of Boston be requested, through his Honor the Mayor, to refuse to allow the night club appearance of the Christine Jorgensen act, under its ruling on female impersonators, until a medical examination satisfies the Board that said act does not violate that rule, and that Christine Jorgensen is actually a female.

Passed under suspension of the rules.

PAYMENT OF SUM OF MONEY TO FRANCIS D. GARVEY.

Coun. FOLEY offered the following:

Resolved, That the City Council of Boston favors the consideration by the General Court of Massachusetts of the petition now held under

Joint Rule 7B, providing for payment of a sum of money to Francis D. Garvey, provided that any legislation enacted includes a referendum to the Mayor and the City Council of Boston.

The resolution was adopted under suspension of the rules.

TRANSCRIPT OF TESTIMONY BEFORE SENATE SUBCOMMITTEE ON JUVENILE DELINQUENCY.

Coun. McLAUGHLIN offered the following:

Whereas, The recent hearings conducted by the United States Senate Subcommittee investigating juvenile delinquency in Boston, have brought to light some startling facts, detrimental to the good name of our city; and

Whereas, It is the desire of the members of the Boston City Council to contribute to the fullest in support of any authorized and recognized program which will bring about a curb of the so-called wave of petty and major crimes, destruction, and waywardness by juveniles in our city; and

Whereas, A prompt solution of the problem of juvenile delinquency is vital to the future of our city and its citizens; be it, therefore

Resolved, That his Honor the Mayor be requested to procure from the United States Senate Subcommittee which heard the testimony relative to juvenile delinquency in Boston, a complete transcript of the hearings before this committee and; he it further

Resolved, That copies of this transcript be made available to all members of the Boston City Council for the purpose of further studying the present program of recreation and the recreational facilities available to the youth of our city.

The resolution was adopted under suspension of the rules.

USE OF SANATORIUM FACILITIES BY OUTSIDE COMMUNITIES.

Coun. FOLEY offered the following:

Ordered, That under section 17F of the City Charter the Superintendent of the Boston Tuberculosis Sanatorium be directed to state on or before February 15, 1954, whether the Sanatorium has unused capacity which could be profitably made available to surrounding communities for the treatment of tuberculosis patients from said communities; also whether it is her belief that the said surrounding communities would use the facilities if available.

Passed under suspension of the rules.

ONE-WAY TRAFFIC ON ASHMONT STREET, DORCHESTER.

Coun. McCORMACK offered the following:

Ordered, That the Traffic Commissioner be instructed, through his Honor the Mayor, to study the advisability of making Ashmont street, Dorchester, one way to traffic.

Passed under suspension of the rules.

NAMING OF SQUARE IN HONOR OF LOUIS A. BARONE.

Coun. PIEMONTE offered the following:

Ordered, That the Committee to Memorialize Veterans be requested, through his Honor the Mayor, to name the square at the corner of Salem street and Cooper street, Boston, in honor of Louis A. Barone, who lost his life on September 1, 1944, in France, while in the service of the United States during World War II.

Passed under suspension of the rules.

DEATH OF JOHN H. GRIFFIN.

The following was offered by all the members of the Council:

Resolved, That the City Council of the City of Boston, in meeting assembled, expresses its deep regret at the sudden passing of John H. Griffin, late editor-in-chief of the Boston "Post," a man whose untimely death leaves a void too large to fill; a man whose talented and inspired writings disclosed a wide and comprehensive knowledge of men, affairs, and events; a man whose keen perceptions, vitality of mind, lucidity of expression, and courageous opinions were the source of elevating influence and great contribution to the progress of our city, state, and nation; a man whose lifetime of service will ever be a living monument to lovers of truth, justice, and right; a man admired for his high intellectual capacity and loved for his simplicity of tastes; a man of kindly heart, courteous manner, and true understanding of human nature; a man whose influence, deeds, and example during his lifetime will forever stamp his name on the pages of time as a great and good American; and be it further

Resolved, That we, the members of the Boston City Council, express, individually and officially,

our sincere sympathy to the family of John H. Griffin in their great loss.

The resolution was adopted by a unanimous rising vote.

Coun. KERRIGAN moved, as a further mark of respect to the memory of John H. Griffin, that the Council do now adjourn.

The motion was carried.

Adjourned at 3.50 P.M., to meet on Monday, February 8, 1954, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

Proposals for Sewerage Works in Dietz Road, from Alwin Street, 265 Feet Southwest-erly, and Kardon Road, from Dietz Road to End, Hyde Park.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Dietz road, from Alwin street, 265 feet southwest-erly, and Kardon road, from Dietz road to end, Hyde Park. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Dietz Road, from Alwin Street, 265 Feet Southwesterly, and Kardon Road, from Dietz Road to End, Hyde Park," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of THURSDAY, FEBRUARY 25, 1954, with a certified check for FIVE HUNDRED (500) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

No. 8

NEW SOURCES OF REVENUE NEEDED TO ENABLE BOSTON TO LOWER TAX RATE TO ANY APPRECIABLE DEGREE — MAYOR JOHN B. HYNES TELLS CITIZENS OF BOSTON OVER WBZ-TV OF GRIEVOUS SITUATION THAT HANDICAPS ANY EFFORTS TO IMPROVE SITUATION AND BRING RELIEF TO AN HARASSED CITIZENRY — HAS NARROWER TAX BASE AND MORE EXEMPT PROPERTY THAN ANY OTHER CITY IN LAND — NEW REVENUE SOURCES BEING SOUGHT TO RELIEVE BURDEN ON REAL ESTATE.

MAYOR HYNES ASKS BAY STATE CONGRESSMEN TO AID PORT COMMISSIONERS IN EFFORTS TO GET FAIR SHARE OF NAVY'S HUGE CONSTRUCTION PROGRAM — ALSO ASKS EFFORTS TO PREVENT LOSS OF ARMY BASE IN SOUTH BOSTON.

Mayor John B. Hynes has called on all Massachusetts Congressmen to rally behind the newly appointed Port Commission's efforts to assure Boston getting its "fair share" of the navy's proposed billion-dollar (1954-55) construction program now pending before Congress.

He also urged the Massachusetts members of Congress to unite and make certain the army does not abandon the Army Base at South Boston. (The army announced recently that it would close down the base next summer.)

CHANGES IN PROPOSAL FOR PURCHASE AND REMOVAL OF GARBAGE BY KRISTOFF BROTHERS APPROVED BY MAYOR HYNES AT REQUEST AND EXPLANATION OF PUBLIC WORKS COMMISSIONER GEORGE G. HYLAND.

The Mayor has approved the following request of the Public Works Commissioner relating to the removal of garbage from certain specified districts:

CITY OF BOSTON,
PUBLIC WORKS DEPARTMENT,
February 15, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR,
Publicly advertised proposals for purchase of garbage accumulating at the city's Victory Road Receiving Station,

(Continued on page 196.)

The following are the remarks of his Honor, Mayor John B. Hynes, over Radio Station WBZ-TV, on February 15th:

Tonight, and once each month for a period of five months, I am privileged, through the courtesy of WBZ-TV, to discuss the affairs of the City of Boston.

This series of telecasts will be in no sense political, or inspired by political ambitions. The sole purpose of these telecasts is to acquaint the people of Boston with the current situation obtaining in our city.

Tonight, in the first of this series of talks, I want to outline, rather generally, the financial situation of our municipality. On subsequent telecasts, I shall strive to present in a more detailed manner other specific matters which have a decided bearing on the present and the future of our city government.

First, let me state that the annual maintenance budget for City and County Departments, not including the School Department, has been submitted to the City Council. The amount to be appropriated in 1954 is approximately the same as the amount appropriated in 1953. It is, I am happy to say, the first year for many years that budget requirements have remained at practically the same level as the previous year.

Tax Rate Factors.

This does not mean, however, that the tax rate for 1954 will be the same as that of 1953. There are other factors which enter into the computation of the rate — such as the School Budget; the requirements of the Retirement System; the State Assessments on the City; the assessed valuations; and Departmental Revenues. Until the total of all these factors is known, which will not be until some time in May, no accurate forecast of the 1954 tax rate can be made. Nevertheless, I am hopeful that it will not be necessary to further increase the already high tax rate of the city.

I would dearly love to predict a substantial decrease in the rate. Unfortunately, under the present pattern of city government, and under the present income base, no such prediction can be honestly made.

High personnel costs; fixed charges and obligations; mandatory provisions of law; and expenditures over which neither the Mayor nor the City Council has any direct control, preclude, in the absence of a new income source, any marked, downward drop in the rate.

Boston Tax Rate Highest.

It is frequently stated, and truthfully so, that Boston has the highest tax rate of any of the larger cities of America.

Why is this so — and what can be done to bring our rate to the level of other large cities.

(Continued on page 195.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean;
May thy future be bright, thy skies beam with light all serene,
Ensured by the sons' and thy daughters' unselfish devotion."

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments of streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil,

and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railways or illuminating purposes, signs, marquees, bay windows, coal holes, and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 112 Southampton street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads, and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting, and repairing of streets, the construction and care of sewers and catch-basins, the operation of Sumner Tunnel, the maintenance of bridges and draw-bridges, and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Haymarket Square, for information relative to the inspection of milk, vinegar, meat, fish, and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth Avenue, Back Bay Fens, Marine Park, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for

such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mount Hope, Evergreen, Fairview, and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 28 Norman street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal, or tearing down buildings.

TO THE ELECTRICAL INSPECTION DIVISION OF THE FIRE DEPARTMENT, 115 Southampton street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 808, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MAYOR HYNES' ADDRESS OVER STATION WBZ-TV.

(Continued from page 193.)

In the first place, let me emphasize it is fallacious to believe that Boston's tax rate is much in excess of other major cities because of uneconomical, wasteful, inefficient, or careless practices. That is not the reason. We do not, however, believe there is no room for improvement. There is, and that is why we are constantly trying to find ways of less expensive municipal operations, and that is why we have proposed a complete reorganization of the city government.

The actual reasons why there is such a disparity between our tax rate and that of other large cities are twofold:

First, Boston has a much narrower tax base than almost every other large city in our country; and,

Second, Boston has more tax-exempt property than any other large city in our land.

To be explicit—Boston, under present conditions, must depend on the owners of real estate to carry the brunt of municipal costs—which is somewhere in the vicinity of 75 per cent of the total cost of our local government. This is not the case in other large cities. For example, owners of real estate in Philadelphia carry less than 40 per cent of local costs of government. In New Orleans, it is less than 30 per cent. In Washington, D.C., it is 37 per cent. In New York, 45 per cent; Los Angeles, 40 per cent; St. Louis, 47 per cent; Baltimore, 48 per cent; Chicago, 48 per cent; Cleveland, 56 per cent; Detroit, 59 per cent.

It is natural for you to ask—why is it these cities can operate without throwing the heavy weight of municipal expense on real estate?

OTHER INCOME SOURCES.

The answer to this question is a simple one. All of these cities I have mentioned, and others in our size category which I have not mentioned have sources of income not available to Boston—income such as sales tax, payroll tax, franchise tax, wheel tax, public utility tax, elevator tax, room tax, sewer tax, and various other occupational taxes which enable these cities to enjoy a lower rate than Boston's, and which enable these cities to attract business which seeks those areas where lower tax costs are a powerful inducement.

It is unfortunate, but tragically true, that the Boston tax rate not only tends to frighten away job-providing industry and business, but it is also tragically true that some of our present business establishments, now the source of much employment, are eyeing greener pastures where local government costs are lower than Boston's.

HOW TO IMPROVE SITUATION.

How, then, can Boston hold its own or improve its financial position? Two means of doing that come quickly to mind.

It can reduce its tax rate to \$55 per thousand, a fairly competitive figure as big cities go, by reducing municipal expenditures by the amount of approximately \$25,000,000. This sum is just about what the School Department spends annually, or the amount spent by the Fire and Police Departments together.

Obviously, such a reduction in city expenses is entirely out of the question.

The other means of improving our competitive position is by the receipt of

additional income to the extent of approximately \$25,000,000.

There is no impending prospect of any such additional income.

In short, the city's position is this — it cannot conceivably reduce expenses sufficiently to fix the rate at a figure of about \$55 and it has no authority to raise the new and additional income which would make it possible to materially lower the rate. Therefore, there is no immediate relief in sight for real estate owners.

Let me now tell you of another factor in the Boston story which affects our financial position and our tax rate.

TAX EXEMPT PROPERTY.

Under constitutional provisions of law charitable, educational, religious, and governmental properties are tax-exempt.

It might surprise you to know that 33.2 per cent, one third, of all the real property in our city is in the tax-exempt classification. No other city in the United States has such a high percentage of nontaxable properties. In Boston, this percentage grows higher each year. The land takings for the Central Artery and for the new State Office Building will increase this percentage to a point well over the one-third figure.

I do not imply that these tax-exempt properties should be taxed. I merely bring this extraordinary situation to your attention so that you might realize how increasingly difficult it is to operate the city government, and keep the tax rate from rising, on a tax base which gets smaller and narrower each year.

What I have discussed tonight are fundamental facts which are the nub of Boston's financial and economic problems.

To sum up what I have said—a substantial decrease in the tax rate—which is not only desirable, but imperative if we are to keep our place as a big metropolitan city—can be brought about by two means.

TO MEET SITUATION.

A severe, drastic curtailment of city services reaching into every vital activity of the city; or,

A new source of income, similar to that open to other large cities. Only by legislative action can such new income be obtained.

A committee of public-spirited citizens, appointed by me, is now making intensive studies with relation to Boston's finances. When this committee concludes its studies, I am going to ask all our citizens to support its recommendations, whatever they may be.

Boston has come to the turning point in its long history. We either ignore the facts and let nature take its course, or we face the facts as they are and, in that way, face forward. I submit, it is time to face the facts—be they pleasant or unpleasant. Time is no longer on our side.

Thank you for listening to me tonight. Once each month, through the cooperation and generosity of WBZ-TV, I shall frankly discuss with the citizens of my native city those problems which have an effect on the lives, the fortunes and the happiness of every man, woman, and child in our city. Those problems are not insurmountable. They can be mastered. But only if all those who love and have confidence in Boston are willing to help in their solution.

Goodnight all!

MAYOR HYNES APPEALS TO ALL MASSACHUSETTS CONGRESSMEN FOR AID.

(Continued from page 193.)

At the same time he called on all Massachusetts members of the Lower House to support Speaker Joe Martin's efforts to "kill" the Senate Saint Lawrence Seaway bill when it reaches the floor of the House this coming week.

"All of these proposals have an important bearing on the future economy of Boston," he stated, "and I sincerely hope that our Massachusetts Congressmen will all study them with a view toward protecting both the city's and state's interests.

"I am much impressed with the efforts the new Port Commission is making in advocating and working for more work at the Navy Yard, the preservation of the Army Base, the defeat of the St. Lawrence Seaway bill and the promotion of increased use of the port by both private and government interests.

"It would be a serious mistake and a blow at our national defense program if the navy does not make full use of the efficient facilities at the Boston Navy Yard and its annex at South Boston. With a plant equipment second to none and a technical working force superior to any naval facility in the United States, not to mention the largest dry dock in America, it would be a sad reflection on our Massachusetts lawmakers if Boston does not get its 'fair share' of the work.

"It is inconceivable that the government will abandon the Army Base at South Boston in the name of economy and on the lame excuse that 'it has no present military value.' Come a national emergency and Boston would again become, as it was in the last war at times, one of the most, if not the most, important embarkation center in the United States.

"The army will be using good judgment if it will, following the recommendations of the Port Commission, spend whatever money needed to repair the base, lease it to private interests for the best commercial use of the port, and have it available for overnight military use in the event of an international emergency. We may not have other nations to hold back the foe if there is another world conflict.

"Furthermore, in good condition, the Army Base would be of untold value to the commercial interests of the port. With shipside rail facilities, the largest cranes available, enormous storage space, and a channel deep enough to accommodate the largest vessels it would add materially to Boston's shipping facilities.

"I congratulate the new Port Commission on the vigorous and intelligent manner with which it is striving to cure the ills of the port. The vigorous efforts of its delegation to Washington last week to brief Massachusetts Congressional leaders on the present-day needs of the port and its problems and its efforts to induce the British, Japanese, and German shipping interests, as well as the General Services Administration and the Commodity Credit Corporation, to make more use of the port is most laudable.

"It will probably take a long time before the damage done to the port over the years by labor unrest is undone but, with the signing last week of the two-

year agreement between labor and management, the stability of the port seems to be assured.

"I congratulate both labor and management for their wisdom in coming to an amicable understanding. Obviously, it is only through continuing industrial peace at the water front that we are going to again make Boston a prosperous port. Needless to say, shippers in the international trade will not use the port if there is uncertainty about peaceful labor conditions here and likelihood of delay in loading or unloading their cargoes.

"As a further means of helping the commission to promote more shipping through the port, I am going to invite the Japanese Government to establish a general consulate at Boston as soon as it becomes practical."

CHANGES IN PROPOSAL FOR PURCHASE AND REMOVAL OF GARBAGE.

(Continued from page 193)

in Dorchester, were opened in this office on November 19, 1953. Subsequently, the city entered into a contract with Kristoff Brothers, of Sterling Junction, for the purchase of garbage for the period beginning January 1, 1954, and ending March 31, 1957, for the lump sum of \$15,000.

The purchase price was based on the contractor removing daily from the Victory Road Receiving Station all garbage delivered to said station from District 6A, Dorchester (North), District 6B, Dorchester (South), and District 7A, Elm Hill, with occasional loads from South Boston and Roxbury. The city agreed, under the terms of this contract, to continue the above-described practices and system during the term of the contract unless prevented from doing so by law or by conditions or circumstances beyond its control, and further agreed to continue the present garbage collection and disposal practices in other sections of the city during the term of this contract.

We are preparing to invite proposals for garbage and refuse collection contracts under which, in District 4, Brighton, District 5A, West Roxbury, District 5B, Jamaica Plain, and District 11, Hyde Park, the respective collection contractor might, in the event he was compelled by public authorities or for other satisfactory reasons to change from his normal method of garbage disposal, deliver separately collected garbage to the Victory Road Receiving Station. I believe it advisable to make this provision in the proposed contracts as there is a possibility that some of the collection contractors may experience considerable difficulty in disposing of garbage at times, due to the provisions of chapter 655 of the Acts of 1953, which act, in substance, requires the cooking of garbage before feeding it to hogs.

The contractor has agreed to dispose of this additional garbage, if the occasion should arise, without change in the amount to be paid by him. It is my considered opinion that this arrangement is satisfactory to the city as we cannot at this time even approximately estimate the quantity or value of the additional garbage that the contractor may be required to handle. The cost to the contractor for providing additional cooking facilities may well be far more costly than the value of the additional garbage received by him.

It is imperative that, in the interest of public health, we take all possible measures necessary to insure the provision of a sanitary and a reliable means for garbage disposal.

Therefore, I respectfully request your approval to dispense with advertising and amend the contract for the purchase of garbage, between the City of Boston and the Kristoff Brothers, for the period January 1, 1954, to March 31, 1957, to provide that, during the period April 1, 1954, to March 31, 1957, the contractor shall, in addition to removing all the garbage hauled to the Victory Road Receiving Station from District 6A, Dorchester (North), District 6B, Dorchester (South), and District 7A, Elm Hill, with occasional loads from South Boston and Roxbury and, without change in the total sum to be paid by the contractor, remove as specified in said contract all garbage accumulating at the Victory Road Receiving Station in Dorchester, from District 4, Brighton, District 5A, West Roxbury, District 5B, Jamaica Plain, and District 11, Hyde Park, whenever the collection contractors in said districts or any of them are compelled, by public authority or for other satisfactory reasons, to change from their normal method of garbage disposal.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

To construct a 10-inch pipe sanitary sewer in Veterans of Foreign Wars Parkway (private land) opposite Hancock Village, between 600 feet east of Manthorne road and 130 feet easterly, in the West Roxbury district, at an estimated cost of \$1,400.

A 10-inch pipe sanitary sewer and 10-inch pipe surface drain in Rutledge street, between Bellevue street and 200 feet easterly, in the West Roxbury district, at an estimated cost of \$2,500.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of October 31, 1952, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Keane road, West Roxbury, be, and the same hereby is, amended, by adding to said order the amount \$50 as an award to Bessie Weinberg; that the amount \$50 be, and the same hereby is, awarded to Bessie Weinberg for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of January 21, 1953, determining damages caused by the making of the public improvement consisting of the laying out of Alberta street, West Roxbury, be, and the same hereby is, amended, by striking from said order the amount \$1 awarded to Jessie L. Malm in said order and inserting in place thereof the amount \$125; that the amount \$125 be, and the same hereby is, awarded to Jessie L. Malm for the damages so sustained.

DEPARTMENT CHANGES.

The Director of Administrative Services has approved the following changes in the number, rating and compensation of city employees:

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract dated April 3, 1952, with Rich Brothers Construction Company, for construction of an elementary school in the Elgin Greenwood District, from July 31, 1953, to December 1, 1953. This extension was requested because delivery of hoist motor was delayed and discolored tiles had to be replaced.

HOSPITAL DEPARTMENT.

Approval has been given for an extension of time from January 15, 1954, to February 15, 1954, on the contract of Domenick Puleo for furnishing and installing subway grating panels in corridor, near storeroom ramp, Boston City Hospital. This extension is requested due to the fact that the gratings have to be especially fabricated and there has been a delay in their delivery.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with Clarkson Engineering Company, Inc., for study and report on portion of route of John F. Fitzgerald Expressway, from January 30, 1954, to February 15, 1954. This extension was requested because the printing of the manuscript of the report on location of the expressway has been delayed.

Approval has been given for the extension of the time of completion of the contract dated December 31, 1953, with Brooks-Skinner Company, 662 Adams street, Quincy, Massachusetts, to furnish, erect, and insulate steel-framed metal-covered building on city paving yard, Ward 20, at 40 Moreland street, West Roxbury, from January 31, 1954, to February 10, 1954. This extension was requested because the contractor requires several additional days to complete the building.

CONTRACTS AMENDED.

INSTITUTIONS DEPARTMENT.

C-W Boiler Manufacturing and Repair Company, Inc., have been allowed to amend the contract for repairs to boiler, Long Island Hospital, as follows:

By substituting as the date of completion of the work "February 15, 1954," in place of January 15, 1954.

This extension is necessary due to lapse of time in straightening out details on specifications and dimensions for patch plate for boiler with insurance company inspector, and consequent delays for fabrication of patch plate, delivery of which has consequently been delayed.

All provisions of the aforesaid contract, except as specifically modified by this Agreement, shall continue in full force and effect.

PROCEEDINGS OF CITY COUNCIL.

Monday, February 8, 1954.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President WHITE in the chair. Absent, Councillor McCormack.

The Right Reverend William J. Daly, of St. Columbkille's Catholic Church, Brighton, was escorted to the rostrum.

INVOCATION BY THE RIGHT REV. WILLIAM J. DALY.

In the Name of the Father, and of the Son, and of the Holy Ghost. Amen.

O Lord, we beseech Thee that our every action may be carried on by Thy grace and holy inspiration so that every deed and work of ours may always begin from Thee and by Thee he happily ended. Through Christ our Lord. Amen.

Our Father, Who art in heaven, hallowed be Thy name. Thy Kingdom come, Thy will be done, on earth as it is in heaven. Give us this day our daily bread and forgive us our trespasses as we forgive those who trespass against us; and lead us not into temptation, but deliver us from evil. Amen.

The meeting was opened with the salute to the Flag.

ONE-WAY TRAFFIC ON ASHMONT STREET, DORCHESTER.

The following was received:

City of Boston,
Office of the Mayor, February 8, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of February 1, 1954, requesting the studying the advisability of making Ashmont street, Dorchester, one way to traffic.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
February 5, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

With reference to City Council order of February 1, 1954, ordering us to study the advisability of making Ashmont street one way to traffic, I wish to report that we recently completed a study of traffic conditions and have under consideration a recommendation of our engineers that parking be prohibited in the north side, from Neponset avenue to Adams street, and in the south side, from Adams street to Bushnell street, at any time.

In Ashmont street from Dorchester avenue to Washington street there are existing regulations prohibiting parking on one side for a distance of a few hundred feet. If an additional restriction is to be imposed it would be desirable to obtain an expression of view from the residents so that any new regulations would be at a minimum of inconvenience to those directly affected.

From the above it may be seen that a substantial number of parking regulations will be applied to this area and it is hoped that some benefits will be derived.

In view of these proposed regulations we are reluctant to make Ashmont street one way. In addition, we are faced with the fact that there is no parallel street which would be suitable to handle traffic in the opposite direction to whatever one-way route was established on Ashmont street.

This is the principal through-way street in the district and that fact accounts for the traffic problem which has arisen. Until an alternate street can be provided, the making of Ashmont street one way would result in substantial inconvenience to the public.

Accordingly, we are trying to meet the problem by the "No Parking" regulations outlined above. All of these regulations have not yet been voted, but they are in process of completion.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

Placed on file.

OPERATING HOURS OF BRANCH LIBRARIES.

Coun. PIEMONTE offered the following:

Whereas, It has been announced that the Boston Public Library will change the operating hours of the following neighborhood branch libraries: City Point, Faneuil, Jeffries Point, Lower Mills, Memorial, Mt. Pleasant, Neponset, North End, Orient Heights, Phillips Brooks, Tyler Street, and Francis Parkman School; and

Whereas, The proposed change would close the aforesaid branch libraries on Tuesday and Wednesday evenings and on certain mornings; and

Whereas, It appears that this policy was based on figures of the book circulation in the branches and did not take into consideration the use of the libraries for reference work nor the use of its facilities by students for home study work; and

Whereas, The closing of these branch libraries would be a great loss to the families whose living quarters do not provide adequate study space; and

Whereas, It has "always been a yearning on the part of teen-age adolescents for escape fiction" and since juveniles have less opportunity to seek escape fiction in the library, and no incentive to do so; and

Whereas, The library affords many opportunities to pass many wholesome hours in these troubled times, now therefore, be it

Resolved, That his Honor the Mayor request the Boston Public Library Trustees to re-appraise the study or report on which order closing the branch libraries was based to the end that these branch libraries may remain open during the evenings and also to study means whereby they might afford even greater opportunities for teen agers to enjoy their facilities and environment.

The resolution was adopted under suspension of the rules.

SALARIES OF CIVILIAN EMPLOYEES OF POLICE DEPARTMENT.

Coun. FOLEY offered the following:

Resolved, That the City Council of the City of Boston favors the passage of a bill now pending before the Legislative Committee of Cities and Towns relating to the salaries of the civilian employees of the City of Boston Police Department and referred to as Senate 198 (1954), provided that the bill as reported includes a referendum to the Mayor and City Council of said City of Boston.

The resolution was adopted under suspension of the rules.

RESCISSION OF ORDER RE LEASE OF SCHOOL BUILDING.

Coun. FOLEY offered the following:

Ordered, That the order passed by the City Council on February 1, 1954, and approved by the Mayor on February 2, 1954, authorizing the School Committee to lease to the Metropolitan Post No. 421, American Legion, the school building at 5 Glenway street, Dorchester, upon such terms and conditions as may be set forth by said committee; be, and hereby is, rescinded, pending further consideration of the matter at an open hearing.

The order was passed under suspension of the rules.

APRIL 15TH AS RED SOX DAY.

Coun. HAILER offered the following:

Whereas, Thursday, April 15th, is opening day for the American League Baseball team in Boston; be it

Resolved, That his Honor the Mayor be requested to declare Thursday, April 15th, as Red Sox Day in Boston; and also be it

Resolved, That the City Council, here in assembly, strongly supports the civic movement to fill Fenway Park on opening day.

The resolution was adopted under suspension of the rules.

PAYMENT OF SUM OF MONEY TO FEDERAL NATIONAL LINEN SERVICE COMPANY.

Coun. McLAUGHLIN offered the following:

Resolved, That the City Council of Boston hereby favors the consideration by the Legislature of the petition now held under Joint Rule 7B, authorizing the City of Boston to pay a sum of money to the Federal National Linen Service Company for the purpose of discharging a moral obligation for services rendered to said city by the said corporation, provided that any such legislation enacted includes a referendum to the Mayor and City Council.

The resolution was adopted under suspension of the rules.

LEGISLATION RE SAFETY OF PEDESTRIANS.

Coun. McLAUGHLIN offered the following:

Whereas, It is the desire of all members of the Boston City Council to encourage and maintain at all times the spirit and practice of fairness and equality in all human relations; and

Whereas, Heretofore, in almost every pedestrian-motorist incident resulting in accident, personal injury, or damage, a hidden prejudice seems to have prevailed against the motorist in favor of the pedestrian; and

Whereas, The operator of any motor vehicle is bound by all regulations of the Registry of Motor Vehicles of the Commonwealth and the traffic regulations of every city and town, while the pedestrian, in most localities, is permitted promiscuous use of the highways, without, or with very limited, regulation and penalty; therefore, be it

Resolved, That the members of the Boston City Council, in meeting assembled, favor the promotion of fairness and equality by the enactment of House Bill No. 175 entitled "An Act To Promote and Further the Safety of Pedestrians," commonly called the "Jaywalking bill"; and be it further

Resolved, That it is the consensus of opinion of the members of the Boston City Council that the passage of House Bill No. 175 will establish an equality of regulation, enforcement, and penalty, for pedestrian and motorist violators alike, and promptly accomplish the curtailment of fatal accidents to pedestrians, reduction in demerits to motorists, and a lowered insurance rate in communities in our Commonwealth now heavily burdened by a very high insurance rate.

Referred to the Executive Committee.

WEEKLY PAYROLL DEDUCTIONS OF BLUE CROSS-BLUE SHIELD PAYMENTS.

Coun. McLAUGHLIN offered the following:

Whereas, The present arrangement of deducting Blue Cross and Blue Shield payments from the salary of city, county, and school department employees, who are members of these organizations, in one lump sum the last week of each month, causes a financial hardship to approximately 22,000 employees; and

Whereas, It is the wish of the members of the Boston City Council to relieve this financial hardship, if possible; therefore, be it

Resolved, That the members of the City Council, in meeting assembled, desire to solicit the cooperation of his Honor the Mayor and request that he direct the Payroll Division to arrange, if possible, a program of weekly payroll deductions for those employees who are members of the Blue Cross or Blue Shield, or both.

The resolution was adopted under suspension of the rules.

LEGISLATION RE TEACHERS' RETIREMENT FUND.

Coun. WHITE offered the following:

Resolved, That the City Council of Boston hereby favors the consideration by the Legislature of a petition now held under Joint Rule 7B relative to increasing the amounts to be retained for the benefit of the teachers' retirement fund in the City of Boston from the salaries of members of said fund; provided

that any such legislation enacted includes a referendum to the Mayor and City Council.

The resolution was adopted under suspension of the rules.

PHOTOGRAPHS FOR MUNICIPAL REGISTER.

Coun. WHITE offered the following:

Ordered, That the City Messenger be, and he hereby is, authorized and directed to have a picture taken of each member of the City Council, 1954-1955, and be he further directed to have these pictures inserted in the 1954 edition of the Municipal Register; and be it further

Ordered, That the City Messenger be, and he hereby is, authorized and directed to have one group picture taken to be hung in the Council Chamber.

The order was passed under suspension of the rules.

Adjourned at 2:51 P.M., on motion of Councilor Piemonte, to meet on Monday, February 15, 1954, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

PROCEEDINGS OF SCHOOL COMMITTEE.

Dec. 28, 1953.

At the call of two members of the School Committee, Mr. Carr and Miss Fitzgerald, due notice having been given, a special meeting of the School Committee was held in the Administration Building, 15 Beacon Street, at 4:35 P. M., the Chairman presiding.

Present: Mr. Carr, Miss Fitzgerald, Dr. Foley, Mrs. Lyons, and Mr. Muchnick.

Chairman: I believe that we could recess the conference in view of the fact that this was called as a public meeting and that we will immediately go into public meeting.

Mr. Muchnick: Madam Chairman, do I take it that we are in a public meeting now?

Chairman: If that is perfectly proper, we are. Miss Reynolds, it isn't necessary to call a conference is it?

Secretary: You can call a conference, but there is no objection to your going into conference. It is not governed by the regulations in any way. You could have a conference, I believe.

Chairman: I noticed that it said just "meeting," so we will go into public meeting immediately.

Dr. Foley: Madam Chairman, are you anxious to get a vote of the Committee on whether we will go into conference or public meeting? I think that the members should at least be allowed to voice their opinions as to whether they want a conference or a public meeting. I would just as soon go into public meeting.

Mr. Carr: I was wondering, Madam Chairman: Is there any need for a conference? Is there any item on this agenda, Madam Secretary, that needs to be taken up in conference? Do you know of any, Mr. Superintendent?

Superintendent: No. The only thing, Madam Chairman and Mr.

Carr, that I have in mind is this—that it is a very, very long agenda. I think there are eighty-one items. Some of them have two or three parts. If the School Committee starts in public meeting and continues through in public meeting, it is going to be a tremendous expense because it will all become a part of the public record and will add a great deal to the cost of printing the minutes of the meeting.

Dr. Foley: Madam Chairman, I move we go into public meeting and dispense with the conference in order to make it official—whatever you have here today.

Chairman: On Dr. Foley's motion.

Mr. Carr: Madam Chairman, I am wondering if we could single out certain items?

Dr. Foley: I would say Yes to that. We can pass over most of it until the first of January.

Mr. Muchnick: Since this was called for a public meeting, it seems to me that we are in public meeting as soon as we convene; and later, if anybody wishes, he can move to go into conference. There are some items that should be—

Chairman: Then we are in public meeting.

RESIGNATION OF COMMISSIONER OF SCHOOL BUILDINGS

Chairman: The first item is the resignation of Richard V. Barry, Commissioner of School Buildings.

Dr. Foley: Madam Chairman, I move to accept the resignation.

Chairman: Do you want to read that, please, Miss Reynolds?

The following communication was read by the Secretary:

December 15, 1953

Mrs. Alice Lyons, Chairman
Boston School Committee
15 Beacon Street, Boston
Dear Mrs. Lyons:

My health is much better than it was but I have been advised to discontinue all activity so that I may continue to retain my present condition.

The past year, as Commissioner of School Buildings, has been very interesting even though I was at all times a minority. I do feel, however, that I must resign as a Commissioner now.

Please accept my resignation as Commissioner of School Buildings.

Wishing you and yours a Happy and Holy Christmas

I remain

Sincerely yours,

(Signed) Richard V. Barry

Mr. Carr: Madam Chairman, inasmuch as this resignation—this letter—was sent in as of December 15th and this would leave us without a Commissioner of School Buildings until the new School Committee is inducted, I move that we postpone the acceptance of this resignation and allow the new School Committee members to elect their own rep-

representative. Rather than leave the position vacant, I think this could be put over for a week. I think it is a courtesy we should extend to the incoming School Committee members that they be entitled to have their own representative on the Board of Commissioners of School Buildings. Mr. Barry, I think, is a man who has done a good job down there, and I think possibly he feels the same way that I do—that the new School Committee should have its own representative.

I move that we postpone this acceptance.

Chairman: We have not taken a vote on Dr. Foley's motion that we accept the resignation. Would you call the roll on that please, and then we will go on from there.

Miss Fitzgerald: Madam Chairman, would Dr. Foley allow an amendment to his motion to accept it as of the 4th of January or the 5th of January?

Dr. Foley: I think that, just as we have selected Mr. Barry, it is within our province now to appoint a new Commissioner. Mr. Barry resigned as of December 15th. I think it is important enough for this Committee to see to it that we have a Commissioner there. All we are doing now is accepting the resignation, which we have to do as soon as possible.

Mr. Muchnick: Madam Chairman, I am a little surprised at Mr. Carr's remarks. If it were Mr. Barry's choice, then obviously, if Mr. Barry wanted to wait until after the first of the year, he would not have sent it in on December 15th; so that if his views are to be considered, then it would seem that the only inference you can draw is that he wanted this Committee to elect his successor.

By the same token, if a meeting was called for action by this Committee on various items, and one of the persons calling the meeting was Mr. Carr, I assume that Mr. Carr would want this Committee to act on any business that is currently before this Committee and not wait until next year, so I go along with Dr. Foley's motion.

Chairman: Will you call the roll, please?

Secretary: This is on Dr. Foley's motion that the Committee accept the resignation of Mr. Barry as of December 15, 1953.

On roll call Dr. Foley's motion that the Committee accept the resignation of Mr. Barry as of Dec. 15, 1953, passed by the following vote:

YEAS—Dr. Foley, Mrs. Lyons, and Mr. Muchnick—3.

NAYS—Mr. Carr and Miss Fitzgerald—2.

APPOINTMENT OF COMMISSIONER OF SCHOOL BUILDINGS

Chairman: I think we can now proceed with the business of appointing a successor to Mr. Barry,

and nominations will be in order for the position of Commissioner of School Buildings.

Dr. Foley: Madam Chairman, I place in nomination John A. Breen, 22 Carruth Street, Dorchester, as the successor to Mr. Barry as Commissioner of School Buildings.

Mr. Muchnick: Is that for the unexpired term?

Dr. Foley: It would have to be for the unexpired term.

Chairman: Any other nominations?

Miss Fitzgerald: Madam Chairman, could I ask how much of Mr. Barry's term is unexpired? Is it a three-year term?

Chairman: He was appointed a year ago this time.

Dr. Foley: Two years, I think.

Mr. Carr: Madam Chairman, I would like to ask the member who placed his name in nomination: Has Mr. Breen indicated that he would accept this appointment?

Dr. Foley: Yes, he has.

Mr. Carr: Well, Madam Chairman, I think that, although he has indicated he would accept it, it is very presumptuous on the part of the candidate that he should wish to become the representative of a School Committee that does not appoint him. You know yourself, and everybody else knows, that you have about a week to go, and the three of you people will no longer be members of this School Committee. I think in fairness to the new members and to the members who remain on this Committee that you should allow them to elect their own representative. I hope that Mr. Breen, even if the members here don't have that consideration for this new Committee, will have it and will not accept this position.

Chairman: Are there any other nominations?

Mr. Muchnick: Madam Chairman, it has been my pleasure and my privilege to know John Breen for many years. I know of no more qualified person in this city nor of any person of greater integrity and honesty than Mr. Breen from all points of view. It would appear that Mr. Breen would be rendering a great service to this city if he is appointed to serve in this capacity.

He has served this city and this state well on many occasions, and if the outgoing members of this Committee do nothing else or have done nothing else, by the appointment of Mr. Breen as the representative of the School Committee on the Board of Commissioners of School Buildings they will have rendered a most valuable service to their fellow citizens. I am surprised that Mr. Carr would oppose the appointment of such an outstanding gentleman as Mr. Breen.

Mr. Carr: Madam Chairman, I am not opposing the appointment of Mr. Breen but I am opposed to three members who will only be members of this Committee for one week more imposing

on the new members and the remaining members a person on the Board of Commissioners of School Buildings who won't truly represent them.

And, Madam Chairman, may I say that I believe Mr. Barry's resignation was prompted by the fact that he was elected by three members of this Committee, the three members who subsequently were repudiated by the voters of Boston, and he does not feel that he would truly represent the School Committee. I say that Mr. Breen won't represent them, either, and I will be very much surprised if he will accept this position.

Chairman: I am surprised that you don't consider Mr. Breen qualified.

Mr. Carr: It isn't that Mr. Breen is not qualified, Madam Chairman, but I believe that the members of this Committee who have been repudiated by the voters are unqualified to appoint a representative of a new School Committee.

Secretary: This is Dr. Foley's motion that John A. Breen be appointed as Commissioner of School Buildings for the unexpired term of Mr. Richard V. Barry.

Chairman: John A. Breen, 22 Carruth Street, Dorchester.

Miss Fitzgerald: Madam Chairman, before we go on, may I ask the Secretary: I don't see anywhere in the papers here anything about a resignation, nor have I known before this meeting that there was a resignation that we were to be given for acceptance or non-acceptance.

I would like to ask Miss Reynolds whether she sent a copy of that December 15th letter to anyone?

Secretary: I did not have the letter of resignation. It was addressed to the Chairman.

Miss Fitzgerald: It was addressed to the Chairman. Madam Chairman, I wonder: Doesn't it seem to you or to any member that when a communication is addressed to the Chairman of a Committee and contains such important information as a resignation of a person and it is a responsibility of the School Committee to fill that vacancy—whether it be the present School Committee or the future one—as soon as possible after that resignation is in hand that information should come to all members of the School Committee?

It seems to me that it might have been deliberate that that information was not passed along to us, but it certainly is not fair either to Mr. Carr, myself, or to the members of the Committee who will be incoming on January 4th, and I am just asking the question: Why that information was not sent to Mr. Carr and to me on December 15th or 17th or 20th so that we would know that this item of business was to come up before us at this particular meeting.

Chairman: Would you call the roll, please?

Mr. Muchnick: Madam Chairman, on the question of calling the roll I think the proper procedure—and the procedure that was used when Mr. Barry was appointed—was that each member is called by name and that member votes for whomever he wishes.

Am I correct, Miss Reynolds?

Secretary: Yes, I think so. This is to fill the vacancy caused by the resignation of Richard V. Barry as a Commissioner of School Buildings.

Mr. Muchnick: Madam Chairman, I think that prior to the calling of the roll there must be a motion to proceed to fill the vacancy of the unexpired term.

Chairman: I asked for that motion. I understood that was Dr. Foley's motion when he nominated Mr. Breen.

Dr. Foley: That is right.

Chairman: Would you proceed with that?

Secretary: He nominated John A. Breen. Now, Mr. Carr?

Mr. Carr: No.

Secretary: For whom do you vote?

Mr. Carr: I vote to postpone the acceptance of Mr. Barry's resignation inasmuch as I have never received a copy of the letter that is purported to be before this Committee. I think it is highly irregular, and possibly the Corporation Counsel will rule against it. It has never been furnished to any member.

Chairman: It is on the agenda; and if you had the agenda in time, you would have had it.

Miss Fitzgerald: Madam Chairman, the agenda came to us five minutes before this meeting—with eighty-one items on it.

Chairman: I think that is peculiar myself.

Secretary: Wait, now, Wait a minute. That is not a bit peculiar. I am not going to sit here without answering that. I have not drawn my breath today. At quarter past ten you told me to send you the agenda, and I sent it. It has eighty-one items on it.

Chairman: Miss Reynolds—

Secretary: Wait a minute, please. There are eighty-one items on it. I sent it to you a month ago with not quite eighty-one. I assumed that you would send it back to me and I would have a normal agenda. I did not get the first one back. I got back at quarter past one the one I sent you this morning, and I am here now at quarter past four having had twenty-five copies of it made.

Now I don't think it should be thrown back at me. I am very sorry I have to make this statement.

Chairman: I was not going to have another meeting. It was at the request of two members of the Committee that this meeting was called. Therefore, I did not return the agenda. I called you. Why didn't you get the agenda ready, Miss Reynolds?

Secretary: There wasn't any conference called, Mrs. Lyons. You got a copy of the notice. As

far as I was concerned there wasn't to be any conference.

Chairman: Let's proceed and not have any more discussion about it. I would like that vote taken, please, without any more interruptions.

Secretary: I didn't interrupt you.

Mr. Carr: Madam Chairman—

Chairman: I want this roll called without any more interruptions.

Mr. Carr: Madam Chairman—

Secretary: Miss Fitzgerald?

Mr. Carr: Madam Secretary, I would like to ask: When you did send the agenda to the Chairman of this Committee, did she indicate to you that she wanted this item—namely, the acceptance of the resignation and the filling of the position—put on as the No. 1 item?

Secretary: Yes, sir, she did.

Mr. Carr: So, Madam Chairman—

Mr. Muchnick: Madam Chairman, a point of order.

Chairman: Mr. Muchnick.

Mr. Muchnick: I thought Mr. Carr's name had been called for a vote and he had voted. He has asked to have his name called again, which I understand to be out of order, but I think—

Mr. Carr: This whole procedure is out of order, Madam Chairman.

Chairman: Anything that doesn't go your way always is. Would you call the roll, please, and answer when your name is called.

Secretary: Miss Fitzgerald?

Miss Fitzgerald: Madam Chairman, I should like to say that it is unfair to ask me to vote on this item since No. 1, the first item on the agenda, is the resignation of Richard V. Barry, Commissioner of School Buildings and there is no Item (a) or (b) following Item No. 1, saying that the vacancy is to be filled.

I had this agenda five minutes before the meeting. It would not be humanly possible for me to give proper consideration to the qualifications or to persons who might be qualified to fill Mr. Barry's vacancy. I am afraid I cannot possibly vote intelligently on the matter.

I refrain from voting on the subject.

On roll call, Dr. Foley's motion that John A. Breen be appointed as Commissioner of School Buildings for the unexpired term of Richard V. Barry, ending Dec. 1, 1955, passed by the following vote:

MR. CARR: Votes to postpone the acceptance of Mr. Barry's resignation.

MISS FITZGERALD: Not voting.

DR. FOLEY: John A. Breen.
MR. MUCHNICK: John A. Breen.

CHAIRMAN: John A. Breen
The Chair declared Mr. John A. Breen duly appointed as Commissioner of School Buildings for the term ending Dec. 1, 1955.

Mr. Carr: Madam Chairman, a question of the Secretary. Madam Secretary, is there any provision in the regulations concerning lame duck appointments? In many bodies lame duck appointments—

Secretary: No, there isn't any.

Mr. Carr: There isn't any?

Secretary: Not that I know of.

Mr. Carr: I think if we have the Law Department look into it you will find it is illegal.

Chairman: The School Committee has power until the 31st of December.

Mr. Muchnick: Madam Chairman, I move that the Secretary be instructed to notify Mr. Breen and the City Clerk of Mr. Breen's appointment to the office of Commissioner of School Buildings, vice Mr. Barry, by letter sent out today.

Chairman: On Mr. Muchnick's motion will you call the roll.

Mr. Carr: Madam Secretary, what is the procedure after it is voted to appoint a Commissioner of School Buildings? Is he sworn in, or what is the procedure from there on?

Secretary: I don't know, but I should think he would have to be sworn in by either the City Clerk or the Mayor. I do notify him officially of the action of the School Committee.

Mr. Carr: That is providing these lame-duck appointments are legal.

Secretary: Yes.

Chairman. If the lame-duck appointment isn't legal, I don't know how the Superintendent can ask us to do anything else that is on this agenda.

Miss Fitzgerald: Madam Chairman—

Mr. Muchnick: Madam Chairman, may we have a vote on my motion?

On roll call, Mr. Muchnick's motion passed by the following vote:

YEAS—Dr. Foley, Mrs. Lyons, and Mr. Muchnick—3.

NAYS—Mr. Carr and Miss Fitzgerald—2.

TRANSFER OF APPROPRIATIONS

Chairman: The next item is the transfer of appropriations in the Budget from one item to another—requiring four votes and approval of the Mayor.

Superintendent: Madam Chairman, I believe you have received copies of these proposed orders for the transfer of funds.

The first order is as follows:

ORDERED, That the following transfers are hereby made in the Budget and Annual Appropriation Order for the fiscal year 1953:

	FROM	
Instruction, Elementary Salaries	Schools,	\$45,000
	TO	
Fixed Charges, Pensions to Veterans, Salaries		\$32,000
Fixed Charges, Workmen's Compensation, Salaries		\$3,000
Fixed Charges, Professional Services for Workmen's Compensation Cases, Supplies		\$10,000
		\$45,000

Superintendent (continuing):
The second order is as follows:

ORDERED, That the following transfer is hereby made in the Budget and Annual Appropriation Order for the fiscal year 1953:

FROM	
Instruction, special Education, Salaries	\$15,000.00
TO	
Auxiliary Services, Transportation of Pupils, Supplies	\$15,000.00

Superintendent (continuing):
The third order is as follows:

ORDERED, That the following transfers are hereby made in the Budget and Annual Appropriation Order for the fiscal year 1953:

FROM	
Instruction, Elementary Schools, Salaries	\$75,000
TO	
Instruction, Junior High Schools, Salaries	\$30,000
Instruction, Elementary Schools, Supplies	15,000
Instruction, High Schools, Supplies	30,000
	<u>\$75,000</u>

FROM	
Instruction, High Schools, Salaries	\$15,000
TO	
Instruction, High Schools, Supplies	15,000

FROM	
Auxiliary Services, School Physicians and Nurses, Salaries	\$1,500
TO	
Auxiliary Services, School Medical Aids, Salaries	1,500

FROM	
Administration, Business Administration, Salaries	\$ 5,000
TO	
Administration, Business Administration, Supplies	5,000

FROM	
Operation of Plant, Custodians, Salaries	\$25,000
TO	
Operation of Plant, Telephone, Supplies	\$ 5,000
Operation of Plant, Other Expenditures, Trucking, Supplies	20,000
	<u>\$25,000</u>

Chairman: Mr. Superintendent, there is one thing I can't understand—why there is a transfer from elementary salaries to junior high school salaries. It certainly seems to me that in the budget that was taken care of so that there would be a sufficient amount of money to take care of the junior high school salaries. In fact, there was a surplus.

Superintendent: Well, I think, Madam Chairman, that Mr. Burke will explain that. There was a reduction, was there not?

Mr. Burke: I believe the reduction made at that time was made, as I recall it, at the April meeting when the Chairman presented a letter of proposed cuts, which was approved. There was a cut of \$75,000 which was the horizontal type cut—across the board under instruction, junior high schools.

The task was then thrown on the Business Manager to apportion the cut across the board. He apportioned some of it as savings under junior high salaries. He apportioned some of that cut as a 20 per cent reduction in per capita supplies—the supplies that the school child gets to work with.

In other words, it was the Business Manager's job to take the

\$75,000 cut which was mandatory but which was not well-defined, to give it definition and apportion the cuts in the best manner he could. In so doing, in over-estimating the savings under junior high salaries, he was left without sufficient funds to cover the final payrolls for junior high school teachers.

Mr. Muchnick: Madam Chairman, I think we received copies of all of these orders some weeks ago but we did not receive explanations. This is the first explanation that we have on any of these. I am wondering if it wouldn't be a good idea to go through that portion of the agenda which would require little or no clarification and then adjourn this meeting and arrange to have another meeting on either the 30th or the 31st, during which time we would be able to get the explanation of and study any items that might require study in addition to these transfers.

Dr. Foley: Mr. Burke, what happens to these items if they are not approved today or before January 1st?

Mr. Burke: Madam Chairman, in answer to Mr. Muchnick, I would state that with the approval of the City Auditor, who stated that we have a going concern here and we must operate from day to day regardless of whether the School Committee holds a meeting or not, I took it upon myself to write up these nine transfers, and I called upon each and every member. Mr. Muchnick was the first one on whom I called, and he stated he would not approve any transfer except in public meeting.

Therefore, I went to the other four members in turn, and explained each and every one of these transfers. I got the signatures of four members on these transfers as I explained them.

Dr. Foley: And what happens to them if they are not approved by January 1st?

Mr. Burke: If they are not approved? There is sufficient money in the overall budget, and the next School Committee would be called upon to give effect to these transfers. However, I feel that these transfers are made on this year's budget. This year's budget is the budget of this School Committee. This School Committee should approve or disapprove these transfers.

Chairman: Mr. Burke, how could any other Committee approve the appropriations that were made for this year, 1953, when they were not public officials at all?

Mr. Burke: This is part and parcel of this year's budget.

Chairman: Why could anyone else coming in approve it?

Mr. Burke: That action would be forced upon us because we operate in the first few weeks in January.

Chairman: I disagree with you in some of the items that you mention like typewriters or something like that. It is merely a

way of buying something up this year with whatever surplus we may have in funds, and is something that does not need to be bought right now. It is not vital that many of these things that you have included for payment in the transfers be bought.

They are not vital to the running of the schools this year.

Mr. Burke: Well, Madam Chairman, I was taught, on the replacement on the machines such as typewriters and other commercial machines, that the best plan, as we have always seen it, is to adopt a method which replaces year after year a certain number of typewriters and a certain number of commercial machines. If you put it off a year, in the end the pupil suffers because he is working with an older piece of equipment that should have been replaced a year or two years previous.

Chairman: Have you seen some of the typewriters in the schools? Some of them are fifteen or twenty years old. So that argument doesn't really hold, Mr. Burke.

Mr. Burke: We had at one time a policy which would have replaced typewriters after seven years. You will find throughout the country that some officials recommend a policy of replacements after three years. That is followed closely by insurance companies, for instance.

Dr. Foley: Mr. Burke, you think it is a good business plan to take care of the year's budget within that year, do you not?

Mr. Burke: Certainly. I think that no year should go by without some replacement of machines.

Chairman: Why wait until the last few days before you replace them? Why can't they be replaced next year and let it be placed in the budget next year? You can get immediate delivery on these in a day or two.

Mr. Burke: I would say the amount of money—

Chairman: A few days doesn't make a bit of difference as far as the children are concerned.

Mr. Burke: The sums for next year would be the same as for this year, and in effect we would have lost one year's replacement.

Mr. Muchnick: I would like very much to study this further, because as you read down the list you find \$45,000, \$60,000, \$65,000—about \$90,000 on this one page alone of more supplies to be bought, and then \$13,000 more on the next page, and \$15,000 on the other page.

Now, we allotted money for supplies, and now at the very end of the year there is \$125,000 or \$135,000 worth of supplies asked for, which is probably 20 per cent of the total supply item that is provided for.

It is coming in every case, I think, out of money that was provided for salaries by the School Committee, and I am at a loss to understand taking money that was supposedly needed for sal-

aries and adding it at the last minute for the purchase of supplies. I would like very much to have a more detailed explanation of what these supplies are; and, therefore, even more especially after listening to Mr. Burke, it would seem to me, at any rate, that we ought to go through the sort of undisputed or clearcut items in this agenda and put over until a meeting on either Wednesday or Thursday items like these transfers and others.

Therefore, I move that the next public meeting of the School Committee be held on Wednesday, December 30th, at 11:30 in the morning.

Chairman: On Mr. Muchnick's motion.

Miss Fitzgerald: Madam Chairman, I just want to point out that this group of appropriations is dated November 27, 1953. I know Mr. Burke has explained in great detail to me personally some of these things. I don't feel that it is necessary to take any more time to go into the various items.

I think that Mr. Burke has already explained it, and, certainly, if Mr. Muchnick wanted to go into it further, he had adequate time from November 27th until December 27th.

Chairman: On Mr. Muchnick's motion that the next meeting be December 30th. Will you call the roll?

Secretary: At 11:30 a. m.

Dr. Foley: Madam Chairman, on Mr. Muchnick's motion, I am quite sure that the Business Manager at the end of every fiscal year must take up loose ends, and it has happened every year that as a bookkeeping item he has to straighten out his accounts. This does not seem to be out of order by any means.

Dr. Foley: Moved that the Committee accept the recommendations of the Acting Business Manager and take action at this time on the transfers of appropriations.

Mr. Carr: Madam Chairman, I second that motion. If that motion carries, it is obvious we won't need any meeting on December 30th. We have had this particular item before us since November 27th in writing with the explanation, and we would have had it weeks before if there had been a School Committee meeting called to dispose of it. I hope that you will take action tonight and let's get along with the school business.

Chairman: Mr. Carr, it has been explained but not to the satisfaction of some of the members of the Committee. Just to say somebody explains a thing and Mr. Fox is going ahead willy-nilly whether or not this Committee votes that that money will be so expended, seems to me to be pretty high-handed and to take the law unto themselves.

I think this Committee very, very carefully went over the budget, and at that time we were told by the Business Manager

that the amount that was allocated for salaries was insufficient. Why, they were frightened to death they were not going to have enough to pay the thing. Now we come to the end of the year and we find that there is over \$200,000 in elementary education in salaries that has not been used up.

Now, I don't think that was a very good explanation at that time, and I refuse to sit here and just swallow it because somebody says it has been explained. Well, it hasn't been explained to my satisfaction.

Mr. Carr: Madam Chairman, it has been indicated by the Business Manager that he has explained this to four members and has obtained their signatures.

Chairman: One of which is mine.

Mr. Carr: Yes, Madam Chairman. I am wondering if you sign things without understanding them.

Chairman: No. I signed that all right.

Mr. Carr: You say you don't understand them now, and the Business Manager says you signed the statement after an explanation.

Chairman: Well, I still think that \$200,000 left in the salary budget after we asked them to be sure and get that budget down —

Mr. Carr: I second Dr. Foley's motion that we accept the recommendations of the Business Manager, allow him to transfer these funds, and I hope the Secretary will call the roll.

Chairman: Mr. Muchnick's motion that there be another meeting of the School Committee comes first.

Mr. Burke: Madam Chairman?

Chairman: Just a moment.

Mr. Muchnick: I would like to point out that if there is a vote to have another meeting of the School Committee at the time I suggested, that still would not bar any action on the acceptance or rejection of these transfers, if other members of the Committee wanted to vote. The fact that we hold another meeting is for whatever business might come before that meeting.

Miss Fitzgerald: Madam Chairman, I don't like to carp about the date set for meetings and so forth, but I simply cannot attend a meeting on Wednesday morning at 11:30, and I certainly would like to be here at any meeting that is called by this Committee at a convenient time.

Mr. Muchnick: What time?

Miss Fitzgerald: Well, it could not be during the daytime hours.

Mr. Muchnick: Four o'clock?

Miss Fitzgerald: Four or five o'clock.

Mr. Muchnick: Make it four or five, as far as I am concerned.

Miss Fitzgerald: However, I don't think such a meeting is necessary.

Mr. Muchnick: I would just as soon amend that motion to make it 4:30 instead of 11:30.

Mr. Carr: This meeting today was called by two members—namely, Miss Fitzgerald and myself,—and it was called mainly to act upon this particular item. If we dispose of this at this meeting, I see no necessity for having a meeting on December 30th. We can go through many of these other items and dispose of those that are more or less of an emergency nature.

Mr. Muchnick: The notice which I received said something to the effect of transacting whatever business might be necessary to transact. It was not restricted to transfers or anything else.

Mr. Carr: Well, the members who called this meeting thought in their opinion that this was one of the matters that was more or less urgent, and I hope you dispose of it tonight. If that motion carries, I think there will be no necessity for a meeting on December 30th.

Secretary: Mr. Carr, there are three orders here. One has several items in it. The other two have single items in them. The ones that have the single items require four votes and must go to the Mayor. The long one requires only three votes.

Mr. Carr: Call the long one first.

Secretary: I have to call the roll on Mr. Muchnick's motion first.

Mr. Carr: What is that?

Secretary: Mr. Muchnick moved that the next public meeting be held on Wednesday, Dec. 30, 1953, at 4:30 p. m.

On roll call, Mr. Muchnick's motion that the next public meeting be held on Wednesday, Dec. 30, 1953, at 4:30 P. M., passed by the following vote:

YEAS—Dr. Foley, Mrs. Lyons, and Mr. Muchnick—3.

NAYS—0.

PASSED—Mr. Carr and Miss Fitzgerald—2.

Mr. Burke: Madam Chairman, I would like to state that, prior to my visit to each of the other four members, I offered to explain in detail to Mr. Muchnick the transfers that I had requested.

Chairman: I think that his answer was that he would like to have that at a public meeting.

Mr. Burke: At a public meeting. I think it is a little difficult to explain at a public meeting.

Chairman: I really understand it much better than the day you explained it to me, Mr. Burke.

Mr. Burke: When I explained it to you I said that the surplus under Instruction, Elementary Salaries, was \$150,000, not \$200,000.

Chairman: The thing I don't like about this whole thing is that when we got that budget together, when we worked so hard on it to keep the amounts very close to the amount that we would actually need for Instruction, to come up at the end of the year with \$200,000 more than we need seems to me to indicate that there

is finagling or something done there that I don't like, and I am not going to vote for it.

Mr. Burke: Well, I wouldn't agree there because you realize that, with the cuts that Mr. Smith had to make, there was a 20 per cent cut in per capita supplies; and if you could have sat as I did and listened to the complaints from the high school headmasters, the elementary school principals, the directors of the different departments, with the new classes opening in September and no money—all because a 20 per cent cut was made in per capita supplies.

Chairman: They had 80 per cent of what they had last year.

Mr. Burke: With the rise in prices, 80 per cent of what they used to get isn't much.

Chairman: Well, 20 per cent at that would not be very much of a cut either, basing it on the very same argument.

Mr. Burke: It is quite a bit on per capita supplies.

Secretary: This is on Dr. Foley's motion that the Committee accept the recommendations of the Acting Business Manager and take action at this time on the transfers.

On roll call, Dr. Foley's motion passed by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, and Dr. Foley—3

NAYS—Mrs. Lyons and Mr. Muchnick—2

Mr. Carr: I ask that we take action on the third order presented by the Superintendent pertaining to transfers of appropriations totalling \$121,500.

On roll call, the order passed by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, and Dr. Foley—3

NAYS—Mr. Muchnick—1

PRESENT—Mrs. Lyons—1

Mr. Burke: Madam Chairman, prior to your taking a vote on the others, I would state that one of the others refers to a fixed charge, pensions for veterans, salaries. That roll is going down within a day, and there is insufficient money at City Hall in that account to pay the veterans their pensions for the month of December.

Mr. Carr: Mr. Burke, if this fails of passage do you mean it puts the veterans' pensions in jeopardy?

Mr. Burke: It is within the power of the Auditor to hold that payroll.

Chairman: Didn't you just say that despite anything we did Mr. Fox would go ahead in the ordinary course of business and do whatever he liked? He seems to do it in just about everything we do.

Mr. Burke: I hesitate to say that he would pay that payroll. He doesn't have to.

Chairman: Why wasn't provision made for that? We added extra money. When that came up, as I recall, when we were making up that budget just for

that reason we included extra money to take care of the veterans' pension. What happened to all that money?

Mr. Muchnick: And we added more than was asked for, Madam Chairman.

Chairman: Yes.

Mr. Burke: Your action was \$248,600, and the reserve was \$20,000, making a total of \$268,600. We are now spending at the rate of \$30,000 or \$31,000 a month because, I presume, of legislation that came up this year, and large numbers of veterans are leaving the service rather than face the new law.

Chairman: What is the total? We appropriated how much and how much has been paid out?

Mr. Burke: \$268,600 was the total appropriated, and I would say there is left about one or two thousand dollars.

Chairman: And when do they have to be paid?

Mr. Burke: The roll will go down within a few days.

Chairman: What does that include—from the first of the year?

Mr. Burke: That is for this month.

Chairman: They don't get paid until the end of the month?

Mr. Burke: That is right.

Chairman: How much is that?

Mr. Burke: The \$32,000 requested would cover that.

Chairman: How much would it actually cost?

Mr. Burke: Between \$30,000 and \$32,000.

Chairman: That is the payroll for a month for the veterans?

Mr. Burke: A month. Certainly next year this item will go up to \$360,000 with a reserve of \$20,000, and we pray that the reserve is sufficient.

Chairman: How do you reconcile the fact that we asked for a certain amount of money for elementary education and you come up with a figure that gives us a balance now of \$200,000? We asked you to make a particular provision for any increases in the number of veterans. We did it here and we did it in the Department of School Buildings, as I recall, and added more money than was necessary or that you people said was necessary at that time, and now you come up and tell us that you haven't got enough and you throw out this sob story on the veterans.

I can't understand that at all. Either I want you to tell me the truth in the beginning, or I want to know exactly what the figures are for this month and how much was paid out.

Mr. Burke: Madam Chairman, the item of pensions to veterans is such that on establishing this estimate you use past experience. You use the number of veterans you have on the roll at that period, and you try to arrive at a figure that would cover payment to those individuals.

The reserve then is set up to cover individuals who may be added to the roll during the year. The intangible item was the legis-

lation proposed which would directly affect veterans in the service so that rather than wait for approval of that legislation a great number of veterans retired this year.

There was no way of estimating that unless you put in a reserve of \$50,000 or \$60,000, and I am certain that in your deliberations, comparing that with other reserves, you would say that \$50,000 or \$60,000 was too much.

Chairman: Well, how much did we put in?

Mr. Burke: \$20,000.

Chairman: \$20,000 extra?

Mr. Burke: On top of the basic \$268,000.

Mr. Muchnick: Is this the type of pension, Mr. Burke, that is discontinued if the recipient is making a thousand dollars or more per year?

Mr. Burke: I don't think so.

Superintendent: The answer is No.

Mr. Burke: That is a Federal pension.

Mr. Muchnick: No, there are some pensions given by the City, as I understand it, that are discontinued if the person receiving the pension is earning a thousand dollars or more per year.

Mr. Burke: This is a non-contributory type of pension which pays, I believe, up to 65 per cent of your base pay so that you can retire with a pension of several thousand dollars.

Mr. Muchnick: What kind of a pension is it, if you know, that is discontinued if the recipient is making a thousand dollars or more?

Mr. Burke: I think that is a Federally-sponsored type of pension.

Mr. Muchnick: Oh, no, it is a City and State pension.

Secretary: The veterans' pension has a limitation on it. Mrs. Dorgan will go upstairs and get a copy of the blank.

Mr. Burke: This particular pension?

Secretary: Yes. The veterans' pension.

Mr. Burke: 65 per cent?

Secretary: No, it has a limitation on income.

Chairman: Mrs. Dorgan, before you go up, would you get the amount, too, that we appropriated and the amount that has already been paid out and we will get the real unexpended balance. Let Mr. Burke get it.

Secretary: Madam Chairman, we have nine veterans going out at this time. Ordinarily we have only one.

Chairman: How much is the transfer on that sheet for veterans' pensions?

Superintendent: The answer, Madam Chairman, is \$32,000—\$32,000 to pensions to veterans; \$3000 for Workmen's Compensation, Salaries, and \$10,000 for Workmen's Compensation services.

Madam Chairman, may I ask the Business Manager a question?

Chairman: Yes, surely.

Superintendent: Would you tell me, Mr. Business Manager, how low the item is under Workmen's Compensation for Medical Services, Hospitalization, and so forth?

Mr. Burke: I think that item and the salary item are overdrawn. That was brought about principally because no one could estimate, for example, that we would have a \$13,000 settlement there, as we did in the case of one of our teachers, and that was divided between the salary item and the supply item—part salary and part services, \$13,000.

Chairman: How is it you are so short on so many items in your calculations and you are so way over in others? I can't understand that.

Mr. Burke: I would say in Instruction, Elementary Schools, Salaries, that is your largest item in the budget. Your estimate on savings is too conservative, you have quite a surplus. Then, again, if your estimate is not conservative enough, the whole budget is in jeopardy on that one item.

Chairman: On one item where you have \$200,000—

Mr. Burke: \$150,000.

Chairman: It seems to me it is a simple problem of arithmetic. You have so many teachers at so much per year.

Mr. Burke: I agree. If I knew how many teachers were going to be out sick and when they were going to be out sick, it would be easy to figure.

Mr. Muchnick: Is this pension roll for December made up yet, Mr. Burke?

Mr. Burke: I would say it is made up and will come up for signature tomorrow or the next day at the latest. The next day is the last day we work.

Mr. Muchnick: And if it comes up for signature on Wednesday, when will it go to Mr. Fox?

Mr. Burke: We have processed the last roll.

Mr. Muchnick: When will that go to Mr. Fox?

Mr. Burke: It went down last week.

Mr. Muchnick: Oh, it's already down?

Mr. Burke: Yes, but it has not been paid yet.

Mr. Muchnick: How about the pensions to the ones on the other pension rolls—or is it all included?

Mr. Burke: It is just this one item. The other pension rolls call for specific pensions to individuals, and there is a sufficient sum of money for those individuals.

Chairman: Mr. Burke, you talk about the pensions to veterans and so many of them going out this year. Many of them had their full salary included in the budget for instruction. Therefore, if you are going to pay 65% of it, I can't see why you are running short.

Mr. Burke: That is why we requested a transfer from the items where we save money to the items where we lost. The net is a savings, I admit.

Miss Fitzgerald: Madam Chairman, I should like to move that we make this transfer from Instruction, Elementary Schools, Salaries, to Fixed Charges, Pensions to Veterans, Salaries, and other items which appear on Page 1 of the transfers, in order that we can take care of the veterans who are deserving of such pensions.

Mr. Carr: I second that motion, Madam Chairman.

Chairman: It will have to be voted on. Mr. Burke, do you have those figures?

Mr. Burke: On the eleven month expenditure for Pensions for Veterans, it was \$267,150. The last payroll that went down was \$30,600.

Mr. Muchnick: That is for December?

Mr. Burke: Yes.

Chairman: How much did we appropriate?

Mr. Burke: \$268,600.

Chairman: We need \$297,000?

Mr. Burke: That's right, \$297,000.

Chairman: How much was transferred there?

Secretary: \$32,000.

Chairman: Why do you need \$32,000?

Mr. Burke: I think \$32,000 was a good estimate back in September because I would hate to underestimate it and then have to come to you later and ask for more.

Dr. Foley: You really can't estimate a pension, can you?

Mr. Burke: I know of no way, because these individuals become eligible for pensions after a certain length of service, and you certainly cannot say to them pointblank: "When are you getting out?"

Dr. Foley: You get them every day?

Mr. Burke: This year has been a banner year.

Dr. Foley: Next year will be a corker!

Mr. Muchnick: It seems to me that this is a good time to ask that the Business Manager's office check on those people, veterans or non-veterans, who have incomes exceeding \$1,000 a year and who are on pension.

Chairman: They have the privilege of having 65% of their salary.

Mr. Muchnick: It all depends. If you have been in the service of the particular agency from which you are pensioned less than thirty years, then you don't have that privilege. I am thinking of one particular case in the School Department where a former member of the custodial staff is currently out on pension. I don't know whether it is the veteran or non-veteran system. I don't know how many years of service he has had, but it is my understanding that he is currently employed elsewhere and receiving a rather high salary for the work he is doing—even higher, if my information is correct, than the

salary he received while he worked in the School Department.

Now, it seems to me things like that ought to be checked because these pensions are given under certain conditions; and when the conditions are not met, it would seem that the city should not be paying out money by way of pension or otherwise to people who may not be entitled to it.

Mr. Burke: Madam Chairman, I believe the type of pension Mr. Muchnick is speaking of is a pension on a disability. The type of pension I am talking of is a pension awarded after 30 years or more, and the individual is entitled to 65 per cent of his pay and whatever else he can get outside.

Mr. Muchnick: I understand; and I say that the whole question of pensions and recipients of pensions ought to be looked into by the Business Manager's department to see if people in either class of recipient are living up to what the applications call for.

Mr. Burke: You can see that the signatures on the application indicate the amount of investigation that is made before it is approved.

Secretary: Mr. Muchnick, we haven't any authority to look into the 4 or the 5% system. You said veterans and others. All we have any right to look into is the veterans' because they are granted by the School Committee. The others are granted by the Retirement Board. We don't even know what pension they get, so the only ones we would be able to look into are the veterans who are disabled.

Chairman: I would move that we change that figure to \$29,000 from \$32,000 or whatever it is.

Miss Fitzgerald: On what basis are you changing that figure?

Chairman: Because that is what it is going to cost.

Secretary: In that way, reduce it \$3000?

Mr. Carr: Mr. Burke, do you think you will find yourself short with this reduction?

Mr. Burke: No. That is all right. I want you to understand, though, Madam Chairman and Mr. Carr, that that was an estimate made in November.

Mr. Carr: This won't leave any veteran without his pension?

Mr. Burke: No, I think it was a good estimate.

Chairman: All you have to do is add up the figures as he gave them to you, Mr. Carr, and you can be sure.

Mr. Burke: There is a difference between looking back over the period after it has passed and making an estimate.

Secretary: This is a transfer of \$42,000 instead of \$45,000.

Chairman: For what?

Secretary: From Instruction, Elementary Schools, to Pensions for Veterans, \$29,000.

Superintendent: Excuse me, Madam Chairman. Mr. Burke, will \$29,000 be sufficient? Add-

ing the \$30,600, which was the December payroll for veterans to the \$267,150, is \$297,750.

Mr. Burke: I think a little over \$29,000.

Superintendent: Is that a true figure, Mr. Burke—\$267,150 up to December 1st?

Mr. Burke: And \$297,761 for the year.

Superintendent: Well, now, if you add the \$29,000 to the \$268,600—is that what you had in mind?

Mr. Burke: Another \$200.

Superintendent: I just want to be sure not to be short even \$200.

Mr. Carr: Does anyone want to make a motion to add the \$200, Dr. Foley?

Chairman: \$29,200.

Mr. Burke: The year is over—

Superintendent: Madam Chairman, the \$100 or \$200 or \$300 becomes a part of an unexpended balance on December 31st, and it certainly is not going to do anyone any harm to give the Business Manager, trying to figure out within a few dollars here, some leeway.

Chairman: He should have done that a long time ago and we would not have this large balance.

Superintendent: Madam Chairman, we did it very well, and you expressed the reason why. You pointed out that when the salaries were put into the budget for personnel their entire salary was put into budget, and then when they retired they retired at 60% of that salary, so there was a 35% saving on the salary and a 65% increase in the pension. Certainly you pointed out very well the need for these transfers, and I think it is very picayune, Madam Chairman, to be tinkering with \$100 or \$200 one way or another.

Dr. Foley: Let's make it liquid enough.

Secretary: Is that all right?

Mr. Carr: Put in another couple of hundred dollars.

Chairman: \$29,200. Will you take a vote on that, please?

Miss Fitzgerald: I believe there was a motion which I made that we make the transfer—are you changing the figures in that motion? Is that it?

Chairman: That is the only one I am going to vote for—that one there—so you had better split it up into different figures.

Mr. Carr: Is this the fund that will pay the veterans, Mr. Burke?

Mr. Burke: Yes.

Superintendent: Madam Chairman, may I point out to the School Committee that the next two are very important also because we have to pay bills to hospitals and to doctors for medical service; and in order to do so, we have to have the \$3,000 and the \$10,000.

Mr. Carr: Call the roll.

Secretary: Miss Fitzgerald's motion was that we change the figures.

Miss Fitzgerald: I made the motion that we make the transfer as it is. However, other members seem to agree we should change the figures.

Chairman: That figure is to be \$29,200, and vote on the others separately.

Secretary: I will say no action taken on Miss Fitzgerald's motion. This is the transfer of appropriations—that the following transfers hereby made in the budget and annual appropriation order for the fiscal year 1953 from Instruction, Elementary Schools, Salaries, \$42,200, to Fixed Charges, Pensions to Veterans, Salaries, \$29,200. Fixed Charges, Workmen's Compensation, Salaries, \$3000 Fixed Charges, Professional Services for Workmen's Compensation cases, supplies, \$10,000—a total of \$42,200.

Chairman: You didn't get the idea, Miss Reynolds. I asked to have that broken down and have each one of those items voted on separately.

Miss Fitzgerald: Madam Chairman, there was a previous motion that had not been disposed of. I had made a motion that we make the transfer as it is.

Secretary: Miss Fitzgerald's motion that the figures be accepted as originally presented. Is that right?

Mr. Carr: Yes.

Secretary: That was \$45,000 and \$45,000.

Chairman: Will that take four votes?

Secretary: Yes.

Chairman: You can't vote on it that way.

Mr. Carr: Call the roll on Miss Fitzgerald's motion.

On roll call, Miss Fitzgerald's motion failed of passage by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, and Dr. Foley—3.

NAYS—0.

PRESENT—Mrs. Lyons and Mr. Muchnick—2.

Secretary: That failed of passage.

Mr. Carr: That is the one to pay the pension to the veterans. Is that right?

Secretary: Part of it is the pension to veterans. However, this transfer requires four votes for passage. It may not pass without four votes.

Superintendent: Madam Chairman, in answer to Mr. Carr, it is not only to pay pension to veterans but also to provide Workmen's Compensation, Salaries, and Workmen's Compensation, Professional Services.

Mr. Carr: What professional services?

Superintendent: To the doctors for veterans and others injured in the performance of duty.

Mr. Carr: Call the roll, Miss Reynolds.

Secretary: What shall I take a vote on first, please? I have to have a total from Instruction, Elementary Schools, Salaries. What do you want to vote on that? That is the first item.

Chairman: You don't have to lump them all together. You can say \$29,000 from Instruction, Elementary Schools, Salaries,

and the next item from Instruction, Elementary Schools, Salaries.

Secretary: I will write this: \$29,200 from Instruction, Elementary Schools, Salaries. The next is \$3000 from Instruction, Elementary Schools, Salaries; and \$10,000 from Instruction, Elementary Schools, Salaries.

Mr. Carr: Madam Secretary, what is the \$10,000 for—the medical services or professional services?

Secretary: Professional services.

Mr. Carr: And they are all for the veterans?

Secretary: No.

Superintendent: Veterans and persons injured in the performance of duty.

Mr. Carr: Workmen's Compensation?

Superintendent: That is right.

Secretary: The following is the order as finally agreed upon:

ORDERED, That the following transfer is hereby made in the Budget and Annual Appropriation Order for the fiscal year 1953:

FROM

Instruction, Elementary Schools, Salaries.....\$29,200

TO

Fixed Charges, Pensions to Veterans, Salaries.....\$29,200

On roll call, the order passed by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, Dr. Foley, and Mrs. Lyons—4.

NAYS—0.

PRESENT—Mr. Muchnick—1.

Mr. Muchnick: Madam Chairman, I still would like to study at least the rest of these, and if there is no objection I would like to have this meeting adjourned and we finish up Wednesday as was voted previously.

Miss Fitzgerald: Madam Chairman, could I ask one question of the member who just made that proposal? Mr. Muchnick, is it possible that you are setting a date because your objection to this meeting is that it was not called by the Chairman and the majority members of this present School Committee? Is that the reason you are asking to adjourn?

Mr. Muchnick: It is possible, but it isn't the reason. It was you who suggested at the start of the meeting that there was only five minutes for you to take a look at this agenda. Then you said with reference to transfers that you knew all about them. Well, I don't know enough about transfers or about what is on these other pages.

Miss Fitzgerald: These went to every member November 27th, and I am sure Mr. Burke gave you every opportunity to ask any questions you wanted concerning the transfers.

Mr. Muchnick: I believe that it is within my province to get such information and the kind of information on transfers that I need.

Miss Fitzgerald: When two members wished to have information concerning the resignation of Richard Barry, it was not within our province to get that information on a very important decision.

Mr. Muchnick: I would like to have the explanations which I asked for appear on the record, as I indicated to Mr. Burke when he called me about this some two or three weeks ago, and I still would like it that way.

Miss Fitzgerald: Mr. Burke is here. He can give you the information on these items. You have the figures before you, and Mr. Burke is at liberty to give you the information that you desire.

Mr. Muchnick: Madam Chairman, there was a motion made by me—

Chairman: On Mr. Muchnick's motion to adjourn, will you call the roll, please?

Mr. Carr: Madam Chairman?

Secretary: On Mr. Muchnick's motion to adjourn.

Mr. Carr: Well, Madam Chairman—

Chairman: Mr. Carr, a motion to adjourn is not debatable.

Mr. Carr: I am speaking on the motion. Miss Fitzgerald and I called this meeting for the purpose of transferring these funds. This information has been available to any member of this Committee since November 15th, and Mr. Burke was perfectly willing to explain the transfer of these funds. Now it is pointed out here tonight that it was urgent in order that the veterans be paid their pensions. Now you are adjourning this meeting without supplying funds for medical attention to these people who are so deserving. It was only on the initiative of Miss Fitzgerald and myself that this meeting was called, and you are promptly adjourning this meeting without taking care of the funds for medical attention to these veterans.

I think if the real motive for your appearance here today is known, it was solely to accept the resignation of a Commissioner of School Buildings and to put in a mutual friend in the person of Mr. Breen.

Chairman: Would you finish calling the roll, please?

Mr. Carr: It is easily seen, Madam Chairman, why the voters of Boston repudiated the three of you.

Secretary: On Mr. Muchnick's motion to adjourn.

On roll call, the motion passed by the following vote:

YEAS—Dr. Foley, Mrs. Lyons, and Mr. Muchnick—3.

NAYS—Mr. Carr and Miss Fitzgerald—2.

Chairman: The meeting is adjourned to 4:30 P. M. on Wednesday, Dec. 30, 1953.

Dec. 30, 1953

A special meeting of the School Committee was held in the Administration Building, 15 Beacon Street, at 5:20 P. M.

Present: Miss Fitzgerald.

ACTING CHAIRMAN

In the absence of the Chairman, the meeting was called to order by Miss Mary K. Fitzgerald.

Miss Fitzgerald: As you know, the official quorum for a School Committee meeting is the presence of three members of the Committee.

Madame Secretary, have you heard from the other members of the Committee regarding their presence or absence?

Secretary: The Chairman sent me a message that she was not able to come because she was sick. Dr. Foley was not able to come, and Mr. Carr is not able to come because he is sick. I did not hear from Mr. Muchnick.

Miss Fitzgerald: And this meeting, Madam Secretary, was called on the special motion of Mr. Muchnick. Isn't that true?

Secretary: That is right.

Miss Fitzgerald: I want to have that on the public record.

At this time, before adjourning, since obviously we cannot conduct the business of the schools in the presence of only one member, I just want to say a Happy New Year to all of those who were sufficiently interested to come to this meeting. I do wish that we had enough members to conduct some of the business now pending before the Committee. However, that is not possible so I ask you to excuse us.

The meeting is declared adjourned for lack of a quorum.

Attest:

PUBLIC WORKS DEPARTMENT.

Proposals for Installation of New Tide Gates, Frames, and Spigots in Existing Tide-Gate Chambers in Various Locations Adjacent to the West Side Interceptor, Boston, Mass.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for installation of new tide gates, etc., in various locations. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Installation of New Tide Gates, etc., in Various Locations," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of THURSDAY, MARCH 11, 1954, with a certified check for FIVE HUNDRED (500) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

BOARD OF ELECTION COMMISSIONERS.

PROPOSALS FOR TRANSPORTATION OF VOTING MACHINES WITHIN THE CITY OF BOSTON.

The Board of Election Commissioners of the City of Boston, Room 111, City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest, to the extent of at least one half thereof, is owned by a citizen or citizens of the United States, for the transportation of voting machines within the City of Boston. A bond will be required for doing the work by a surety company approved by the Board in the sum of \$1,000, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 111, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Transportation of Voting Machines," and left at Room 111, first floor, City Hall Annex, before 12 M. on Friday, March 5, 1954, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal, after acceptance, is not carried out. The proposals will then be publicly opened and read in Room 111, City Hall Annex.

The proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor, previous to the time named for opening the bids.

The Contractor must prove to the satisfaction of the Board that he has complied with all the rules and regulations of the Department of Public Utilities relating to the carrying on of the work under the contract. Before commencing the performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as it deems best.

Proposals for Renewing and Repairing Navigation lights.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for renewing and repairing navigation lights. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Renewing and Repairing Navigation Lights," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of THURSDAY, MARCH 4, 1954, with a certified check for ONE HUNDRED AND FIFTY (150) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

INVITATION FOR PROPOSALS FOR THE CONSTRUCTION OF AN OPEN-AIR SUBURBAN OFF-STREET PARKING FACILITY ON THE EAST-ERLY SIDE OF MARKET STREET, BETWEEN WASHINGTON STREET AND HENSHAW STREET, BRIGHTON CENTRE, BOSTON, MASS.

The Board of Real Estate Commissioners of the City of Boston, hereinafter called the Board, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for construction of an open-air off-street parking facility on the easterly side of Market street, between Washington street and Henshaw street, Brighton Centre, Boston, Mass. A bond will be required for doing the work of a surety company approved by the Board in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals and the form of contract, together with the plans and specifications therein referred to, may be had daily (except Saturdays, Sundays, and holidays) between 9 A.M. and 5 P.M. at the office of the Board, Room 809, City Hall Annex, Court street, Boston. Copies of the plans and specifications may be taken out upon deposit of twenty-five dollars (\$25) for each set, refundable only to persons returning the same in good condition within ten days (Saturdays, Sundays, and holidays excluded) after the opening of bids.

Proposals shall be submitted in duplicate on forms obtained as aforesaid. Each copy of the proposal shall be properly filled out, signed, enclosed in an envelope, sealed, and marked "Proposal for the Construction of an Open-Air Off-Street Parking Facility on the Easterly side of Market Street, Between Washington Street and Henshaw Street, Brighton Centre, Boston, Mass." One copy of the proposal, accompanied by a bid deposit in the form of a cashier's check on, or a certified check on, a responsible bank or trust company in the sum of one thousand dollars (\$1,000), payable to and to become the property of the City of Boston if the proposal after acceptance is not carried out, shall be filed with the Board at its said office on or before 11 A.M., Monday, March 1, 1954, at which time and place all proposals will be publicly opened and read. The other copy of the proposal shall be filed by the bidder at the office of the City Auditor, City Hall, School street, Boston, prior to the opening of bids.

If the price of any item appears to the Board to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price.

No proposal shall be withdrawn after the day and hour hereinbefore set for the opening of the proposals.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Board of Real Estate Commissioners. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract.

The Board reserves the right to reject any or all proposals or any part of a proposal and to award the contract as the Board deems for the best interest of the city.

PUBLIC WORKS DEPARTMENT.

Invitation for Proposals for Collecting and Removing Garbage and Refuse in South Boston, East Boston, Brighton, West Roxbury, Jamaica Plain, Dorchester North, Dorchester South, Elm Hill, Mission Hill, Stuart, South End, and Hyde Park Districts.

The City of Boston, acting through its Commissioner of Public Works (hereinafter called the Commissioner), hereby invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for collecting and removing garbage and refuse in South Boston, East Boston, Brighton, West Roxbury, Jamaica Plain, Dorchester North, Dorchester South, Elm Hill, Mission Hill, Stuart, South End, and Hyde Park districts. Proposal forms, together with the form of contract, may be had daily, between 9 A.M. and 5 P.M., at the Commissioner's office, 508 City Hall Annex (Contract Office), Boston.

Proposals shall be submitted in duplicate on forms obtained as aforesaid. A proposal may be submitted for a one (1) year period on any or all districts and/or for a two (2) year period on some districts. Each copy of the proposal shall be properly filled out, signed, enclosed in an envelope, sealed and marked "Proposal for Collecting and Removing Garbage and Refuse, etc." One copy of the proposal accompanied by a bid deposit in the form of a certified check for FIVE THOUSAND (5,000) DOLLARS FOR EACH DISTRICT BID, payable to and to become the property of the City of Boston if, after acceptance, the proposal is not carried out, shall be filed with the Commissioner at his said office on or before 2 P.M., TUESDAY, MARCH 9, 1954, at which time all proposals will be publicly opened and read in the Street Commissioner's Hearing Room, 401 City Hall Annex. The other copy of the proposal, without a bid deposit, shall be filed by the bidder before said day and hour at the office of the City Auditor, City Hall, School street, Boston. No proposal shall be withdrawn after the time hereinbefore set for the opening of proposals. There will be a minimum charge of two dollars (\$2) for each set of proposal forms.

The Commissioner reserves the right to reject any and all proposals.

The successful bidder will be required (a) to furnish a faithful performance bond, executed by a surety company authorized to do business in the Commonwealth of Massachusetts, in the sum of one hundred per cent (100%) of the amount of the contract for the entire term, and (b) to maintain in a company authorized to do business in the Commonwealth of Massachusetts, and keep on file with the city policies, binders or certificates evidencing the maintenance of, Workmen's Compensation insurance.

In each proposal the bidder will list the location and ownership of the dumps he proposes to use, and furnish satisfactory proof to the Commissioner as to his legal right to use them.

MAYOR HYNES APPEALS TO SOUTH END AND OTHER CITIZENS TO AID IN KEEPING SECTIONS CLEAN BY NOT LITTERING STREETS AND ALLEYS OR VACANT LOTS WITH REFUSE AND GARBAGE—DRIVE BEGUN TO TIDY UP DISTRICTS TO ENFORCE HEALTH AND SANITATION LAWS.

Mayor John B. Hynes took time off from a busy Washington's Birthday round of official visits to appeal to the residents of sections of the South End to cooperate with the city housekeeping services by refraining from littering the streets, alleyways, and vacant lots with garbage and refuse.

At the same time he announced that beginning this week there will be a concerted drive by Public Works, Health, Building, and Police Departments to tidy up the entire South End area and to rigorously enforce the health and sanitation laws.

Plans for the drive were formulated Friday at a meeting at the Mayor's office of representatives of all city services

REPORT OF AGNES K. BRENNAN, DIRECTOR OF DISTRIBUTIVE EDUCATION, ON ATTENDANCE AT CONVENTION OF NATIONAL RETAIL DRY GOODS ASSOCIATION AND VISITATION OF SCHOOLS, IN NEW YORK AND NEW JERSEY, JANUARY 10 TO 15.

The following is the report of Agnes K. Brennan, Director of Distributive Education, on attendance at the National Retail Dry Goods Association Annual Convention, Hotel Statler, New York City, January 11 to 14, 1954:

I attended the Personnel and Distributive Education sessions of the convention. On Monday, several personnel representatives spoke of the difficulty which faces management in its attempt to maintain a group of second line supervisors who will be sufficiently trained so that they will be ready to accept the responsibilities of top management positions as they open up. William H. Kushnick, of the American Management Association; Paul Pigers, of Massachusetts Institute of Technology, and G. P.

MAYOR JOHN B. HYNES DISCUSSES "HOME RULE" BILL BEFORE COMMITTEE ON CONSTITUTIONAL LAW OF LEGISLATURE—TELLS SOLONS HE FAVORS BILL IN PRINCIPLE AS GOOD, BUT WANTS LEGISLATION AFFECTING FINANCES OF CITY OR TOWN FIRST APPROVED BY RESPONSIBLE OFFICERS OF GOVERNMENT TO BE AFFECTED TO CHECK POSSIBLE ACTION FAVORABLE TO CERTAIN GROUPS OF EMPLOYEES—CITES BOSTON'S PRESENT AND PROSPECTIVE FINANCIAL PROBLEMS.

The following is the statement of Mayor John B. Hynes before Committee on Constitutional Law, on House Bill 1849, re "Home Rule," on February 24:

In principle, I favor House Bill 1849, for in principle this is a good bill. I am somewhat hesitant, however, to favor that provision of the bill which would make it necessary for a petitioner seeking a change in the basic form of municipal government to first get approval of the petition from the officials of the city government who might be affected by such a basic change.

Otherwise, I believe the bill is a good one.

I am strongly, if not vehemently, in favor of a law which provided that any petition which would result in legislation affecting, in any way, the finances of a city or town should first receive the approval of the responsible officers of that city or town.

For example, I oppose those petitions which liberalize pension laws for individuals or groups, or which favor certain groups of city employees; or which regulate the working conditions of any group of employees, unless given prior approval by the proper officials.

Forced to Disagree.

To be sure, the Legislature when it has adopted this type of bill has usually provided for a referendum to the Mayor and the City Council. On some occasions during the past four years I have been forced to disagree with the wisdom of the Legislature and veto such legislation.

It appears to me that the Legislature, which is compelled to give considerable time each year to this type of special legislation, would be happy to be relieved of this kind of petition so that matters of more general importance to all the people of the Commonwealth could be given more time and study.

I need not call your attention to Boston's basic problems. We are losing valuations much faster than we gain new valuations. We are now facing the loss of another \$20,000,000 in valuations between the Central Artery and the State Office Building, if it is built in the rear of the State House. Our income base is shrinking at an alarming rate. At this moment, one third of our properties are in the nontaxable category.

We are endeavoring to make economies by internal means and methods to keep our tax rate from going higher. This is a difficult task. It is made more difficult if legislation is passed adding to our financial burdens,

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean;
May thy future be bright, thy skies beam with light all serene,
Ensured by the sons' and thy daughters' unselfish devotion."
